STATE OF MINNESOTA.

Department of Public Instruction.

St. Paul, Apr. 30. 1884.

Prof. Geo. Anthony.

Mrs. Haven, Conn.

My dear Sir: Allow me to express my personal gratification in what our people believe to be a most fortunate filling of the presidency of our State University. I think I may congratulate you upon the auspicious outlook, in the cordial support of the citizens of the state and the wealth of material with which to do.

Anticipating your coming, may I speak of an interest which will need caring for in the mean time. By arrangement at the meeting of the Super. and Principals of high schools last winter a committee was appointed to consider the interests of the schools under the State high school law. This committee is to report at a meeting of the principals to be called by myself as Secy of the board. At this same time there is to be reported by the faculty a syllabus of study in each of the branches to be taught in the high schools. In calling this meeting I desire to consult you. I am sure that if possible you may be present. As a member of the high school board, ex officio, you will find this the best opportunity to make the acquaintance of principals over the state, and to get some

Department of Public Instruction

in understanding of the situation. You may have noticed that we are just in the midst of the problem viz - How may high schools do supplementary work for the State University? I think our present advantage is great.

I need hardly say that the announcement of your intention to be present at the meeting will do much to secure a full attendance. Will you then kindly say whether in the latter part of Aug. you can be with us -

With assurance of my best sympathy in your dispendable work I am

Very sincerely

Ed. H. Hille.

If not called for within Ten days, return to No. 2 Ann Street,
