 Account Book
 1830-1834

Pl. 46
 v. 17

The Accounts in this Book. Commenced with the
 1st day of January 1830. and end with the close
 of the Year 1833 - September 30th

The first 7 Pages contain all the forms of the Accounts
 necessary to be rendered - such as Age Currents - Receipts Duplicate
 Abstracts Duplicate &c. &c. furnished by Genl. William Clark

But which have since 1829 been superseded by others of a
 less complex nature - tho equally if not more full & satisfactory
 in the execution of a strict Accountability.

Frauds for some time might be carried on in the small
 way in the Indian Department by immoral Agents - but
 ultimately the cloven foot of the Wagabond must be exposed -
 It however takes too to make a bargain - for the purpose of
 defrauding either the Government, or the Indians to any
 extent - which may be effected between the Merchant, and
 the Agent - when both are Rascals - which is some times the case

The Agent can say to the Merchant - as follows -
 Agt. Mr. A - I have to purchase \$18,000 - worth of Indian goods
 yearly for my Agency - would you like to furnish this Amt -
 Mr. Yes Sir - indeed I should, and would be truly gratefull
 to you for the favor - which I will reciprocate in any
 way or do any thing which you say is right or which
 you may rely - as also on my faith on the Contract -
 Agt. - very well we will manage the matter I hope to the satisf-
 action of all parties - you will be satisfied to receive
 20 per cent on cost & commage for your goods -

Mer. - Yes Sir - this will pay me well -
 Agt. - very well I will give this amt to you - but as I am
 at great expense & trouble in handling so much money
 you must charge 3 3/4 per cent in all your Accounts
 against me - as you will receive all cash by a check
 on the Bank attended with no expense on your part -
 Mer. - I will do as you desire in every respect

There ought to be with the Suprt at St Louis - a visiting Agent
 of energy, and decisiveness of Character - such an one as he
 might select for the purpose - whose duty it should be to attend
 all the Emigrating Indians, under his orders - & to visit the several
 Agencies within his Superintendency - for the purpose of enquiring
 into, & correcting abuses - and to let that the several sums charged

Services of hired men has been actually paid to them in full. -
as well also to see that the persons charged for are actually
employed by the Agents respectively. - Some few other charges
might be looked into occasionally - such as charges for Buildings
of various descriptions, Expay, hire, Stationary, fuel &c &c -

The foregoing hints have been recorded - as an admonition
to myself as I pass along in my official duties - and may
be of service in attracting the attention of others at some
period or other - When it is hoped they may be beneficially
applied -

My Uniform Conduct towards Traders

The numerous Gentlemen engaged in the fur trade, are
generally respectable, & consequently - my private attentions
are & have been more marked.

Officially - There all alike, & give no cause of offence
or complaints on the score of their official papers - prompt
attention to these should always be observed.

A constant & watchful eye over the conduct & actions
of what are termed Imported Traders (Foreigners)
from Canada - Scotland or England, as there are
mostly destitute of all moral principles, and stop at
nothing in their course of fraud upon the Indians.

An Agents life is not safe in the hands of such
people - 14 years experience has developed more than
it would be prudent here to notice.

A matter of fact

I heard a naturalized Canadian say these words -
for which I severely rebuked him, & which caused
much him my eternal enemy.

For a 3ft Blanket, I could make the Winnebagos
cut up Nicholas Baidies, & make a pot pie of him.

To cause the various intercourse laws to be even
partially observed - is sufficient to bring down the
malice & hatred of all its violators. - Had I have
been subservient to the views of the Canadian Traders
I should have been unworthy of the confidence of my
Government - I have passed through the fiery ordeal
of Indian Trade & Indian intercourse for 14 long years
and I firmly believe that my integrity has been
preserved - So say the good people of the West

Note by the Agent

So frequent are the changes among Indians from Village to Village, or rather from Chief to Chief - that the mode of payment on Rolls & by Heads of families is rendered extremely perplexing and as the Sioux from their dispersed condition can never be brought all together at any fixed periods for payment - I have proposed to the Dept to discontinue payments to be made in future to the Chiefs of Bands & make said Chiefs responsible to their people for the application of their funds -

However honest & faithful the Agent may be - Indians are disposed to be paid just as they may be induced by the capacity of their Traders - & the the Curious of their Traders - countenanced unhappily by some military persons of later caught in Society - may at times find a coloring to the well directed views of the Agent in counseling & protecting his Indians from a vile imposition

The most villainous lies have at times been fabricated by some of the Traders a certain William Brown particularly, & others of his Stamp -

Be the chiefs, warriors, heads of families, and individuals without families of the Wahpa Rosta tribe of Fina Indians in the N. West Territory do hereby acknowledge to have received of Lawrence Taliaferro Indian Agent at St. Peter the sum of money to our names respectively in specie - the same being in full for our respective proportions of the annuities due to the said tribe for the year 1838 - for which we have signed duplicate receipts -
