Janet says Peter Grilles is working on PUC. Xcel has not asked for any of the original bids. Black Hills & Navitas not fulfilling original '99. The '99 bid Navitas was 350, now only 50.

We don't want to be involved in controversy, it smacks of divide-&-conquer. Just have TCFM steer away from taking sides.

What's TCFM interest in the Hydro issue? Moral issue

As Mn. electricity consumer, what's my interest? Don't want to destroy enviro thru electric purchases. Generate & profit our own.

Dear CorpWatch:

A fellow Quaker told me to contact your organization for possible help. I am a shareholder in a large American utility company, Xcel Energy, headquartered in Minnesota. This company operates in eleven states and has subsidiaries in Great Britain and in Australia. In the U.S., Xcel has been charged by activists like me for environmental racism against American Indian people. In 1994, it sited high-level radioactive waste from its Prairie Island nuclear plant on the Mississippi River next to a Minnesota Indian reservation--three blocks from that community's daycare building. It has been trying to ship nuclear waste to other Indian reservations in New Mexico and Utah. It was involved in an environmental racism scandal in Homer, Louisiana, a few years ago when it tried to site a uranium processing plant in Homer's African American neighborhood.

Currently, Xcel Energy is importing electricity from Manitoba Hydro, a Canadian company in violation of a 1977 treaty with Cree Indians of northern Manitoba. Last year, we activists submitted a shareholder resolution concerning the need to avoid adverse impacts on Pimicikamak Cree Nation and it was put to a proxy vote. We achieved 9.42% of the vote, rather high for a first-time, socially responsible shareholder resolution. This year, we are hoping that the federal regulators will compel the company to put the same shareholder resolution on the proxy for the April 18, 2002, annual shareholder meeting vote.

Would your agency be interested in helping us to publicize this shareholder action on your website, or help in some other way? I am reprinting the shareholder resolution below for your review.

You may contact me at the address below.

Subject: Re: Socially responsible shareholder resolution

Hello Diane,

Thanks for all the material. I have contacted several groups, asking them to (a) help demonstrate, (b) find local shareholder names, (c) write an organizational letter, and (d) meet with you and Linda. Here's what has been happening so far

1. I talked with Rich Andrews of Boulder Meeting's Peace and Social Justice committee. He is particularly interested in the Native American aspect, but doesn't relate to the nuclear part. He would probably be willing to write a letter from the committee but needs more info. I will be happy to share anything you sent me as appropriate, but I think it would be best for you to talk with him first and email stuff directly from you. 303-499-3031, rdajws@zeo.ox.com.

2. Good activist Meetings here:

Mountain View, 303-777-3799

Ft. Collins: 970-225-0154 (Jonathon or Suzanne Taylor)

3. Rocky Mountain Peace and Justice Center - one of your group has been talking with them, and they are talking about how to support this. They have a particular interest in the nuclear dumping issue. A sample letter would be appropriate - no longer than 2-3 paragraphs. They would be pleased to meet with you both when you are here.

Betty Ball, Tom Marshall, or Judith Mohling - 303-444-6981.

Coord. for nuke issues

4. The Wind group won't be available for a couple of days.

5. Denver AFSC is quite interested and plans to call you - probably has already. This is exactly the kind of thing they want to be involved in, and they will be delighted to meet with you.

Larry Leahman-Miller, 303-623-3464.

Sample letters will definitely help, since they usually don't have time to research it and write letters themselves. I think you already gave me at least one, right, but it would be best if you send sample directly to them - through email. There should be a different letter to each group, so Xcel gets a variety of styles, etc. And they should be short. No one will read more than a couple of paragraphs.

Hope this helps!

Arden

MWEJ AGENDA

March 26, 2002 7:30 - 9:00, Twin Cities Friends Meetinghouse

1- Chief Miswagon's April 4 and 5 visit to Minneapolis. MWEJ tabling.

4:00 - 5:00 reception for well-wishing to the chief. Advertise, turn folks out.

5:30- 7:30 Chief M. is 1 of 4 speakers on pros and cons of dams.

7:30 Post-program reception for all 4 speakers.

Table-top display system possible. \$950 Sierra Club \$\$ at SPI Printing, spend by 4-6.

2- Sending Linda and Diane to Denver April 16-18 and sending other MWEJers to the Xcel shareholder meeting.

Flying out on the 16th at 4:45; returning the 18th at 9:13.

3- Hear about the PR campaign Just Energy is launching on WCCO radio March 26 and coordinating with it.

Ken Bradley, 651-726-7568, bradley@me3.org

4- Have an MWEJ presence at the free public talk given at the Science Museum by Xcel's Chief Financial Officer on April 10.

Tomorrow: March 27

"Enviro Consequences of Current Energy Production, & Clean Energy Alternatives"

Presenter: J. Drake Hamilton, Science Policy Director, (ME3)

*****April 10 noon to 1:00 p.m.*****

"What Does the Future Hold? New Technology and Visions for Tomorrow"

Presenters/panelists: Jim McIntyre, chief financial officer, Xcel Energy; Michael Noble, executive director, ME3; Erik Pratt, Director, Minnesota Environmental Initiative's "Energy Alley;" Anders Rydaker, president, District Energy St. Paul.

Panelists from Minnesota's major electric utility, from an initiative to support cleaner energy resources, from an advocacy organization focused on energy policy, and from St. Paul's nationally-known district energy utility.

In the Laser Auditorium at the Science Museum of Minnesota, 120 W. Kellogg Boulevard, St. Paul. Enter the auditorium on Level Two. Free. Open to public.

6- Updating MWEJ phone line outgoing message and following up on incoming messages.

7- Update on Contacts in Colorado for shareholder campaign. Mennonite, Quaker, etc.

Arden Buck, Quaker, abuck@igc.org, contacted several groups, asking them to (a) help demonstrate, (b) find local shareholder names, (c) write an organizational letter, and (d) meet with you and Linda.

Rocky Mountain Peace and Justice Center - one of your group has been talking with them, and they are talking about how to support this. They have a particular interest in the nuclear dumping issue. A sample letter would be appropriate - no longer than 2-3 paragraphs. Sample letters will definitely help, since they usually don't have time to research it and write letters themselves.

They would be pleased to meet with you both when you are here.

protyinformation.com has financial
arguments
enviro, ethical, financial/investor,

shareholder press release jointly w. S. Club

Q Why pick on Xcel? Other companies buy from MH.

A ✓ Biggest + best customer w. major power to influence MH

✓ I expect my company to conduct business in an environmentally + socially responsible way.

✓ Not good investment strategy to invest in companies which are very likely to face litigation + liabilities, such as \$100 million lawsuit by PCN.

✓ Also not good investment because MH refused to disclose its business to Mn PUC

✓ ~~is~~ MH isn't reliable... based on rainfall.

✓ Clean + green companies return more to investors.

Q Why are you here?

✓ Moved by story of PCN

Q Why not leave it up to Canada, or, to the sovereign nations?

A ✓ I can't trust Canada to abide by it's 1977 legal agreement, so I say, stop doing business w. a lawbreaker.

✓ Stop destroying the lungs of N. America

Buy American

MH competes w. U.S. renewable energy.

Q Hydro is renewable?

- ✓ You can't make another wild river & 85% of Canada's are dammed.
- ✓ MH pollutes the water, Should wind power be considered renewable if it polluted the air
- ✓ Thousands of square miles of forest & shoreline are destroyed.

Subject: Update/Thanks Cc: blackspruce@tcinternet.net, willbrau@mts.net

Dear Diane:

Thank you for the invaluable updates, etc. Although I am unable to attend your next meeting, I did want you and others to know that I follow your e-mails with interest and concern.

FYI, I have been in contact with Will Braun and we will be meeting in Winnipeg, I hope in the near future.

What I am beginning to organize at the moment is interest in having Chief Miswagone speak at the institutions I teach at, or, am associated with. I gave an Earth Day talk at Vermillion Community College here in Ely on Monday, and showed some of my slides of Cross Lake and environs circa 1977-79 and was able to provide additional background of the situation, in large part thanks to all the e-mails I receive from you, Janet, and Will. I was asked to teach at VCC after the talk, and confirmed that appt. yesterday. So, now I have a base to inform here in Ely, and I will speak to Will about inviting Chief Miswagone in the fall to speak at the College as part of my course offerings.

As you know, I also teach at Lakehead U. in Thunder Bay and hold a fellowship, Dept. Native Studies at U. Manitoba and feel I will be able to create interest in both institutions as well. Like most folks, I am overloaded, but intend to do as much as I can for our friends in Cross Lake. Fortunately, there are individuals like yourselves who, along with the Pimicikamak Nation, are carrying the load.

I continue to show the videos I received in classes and pass them to friends/contacts. I could use an informational handout if something is available, and new videos as they are made. Please feel free to look me up should you be in Ely - my address and other particulars are below. I also need to get up to Cross Lake as well...

My best wishes to all...

Cheers,
Don Johnson

MWEJ AGENDA JUNE 11, 2002

1. Old business: Janet (MWEJ) got the PUC to correct the environmental disclosure brochure so that hydro is no longer incorrectly listed as having no air emissions.
2. June 2002 National Geographic
 - A. We can e-mail comments to the readers' online forum. Go to <http://magma.nationalgeographic.com/ngm/0206/forums.html> and click on the "Great Northern Forest" link. Here's a sample comment:
"Name: Erik
E-mail: Norskie2000@AOL.com
Date/Time: May 23, 2002 8:15 PM
If more countries tap into the renewable energy resource area (especially the U.S.), we can significantly reduce the adverse environmental consequences of oil drilling. With less reliance on a polluting and hazardous resource such as oil, the forests can better sustain themselves against the threat of global warming and deforestation."
 - B. Who will snail mail a letter to the editor? Suggest withdrawal of investment (shareholder) support of Xcel & Mn. Power. What other points should be made?
3. Tim R.'s update on his visit with the elders and leaders of PCN.
 - A. He has written documents of Pimicikamak Campaign Goals on disk.
 - B. He has copies for us of the booklet Let Justice Flow. [Interchurch Inquiry]
4. Review/approve artist sketches for exhibit panel, due Fri. JustEnergy may pay the remaining \$50. Caption: "Manitoba Hydro squeezes rivers for electricity, and covers up the ugly consequences."
5. The Department of Commerce will conduct a forum to set the criteria of electricity standards for utilities doing a competitive bidding process (Xcel). It is due at the Legislature by January 15, 2003. Ken Wolf (651-282-5012) is the Department's "Reliability Administrator" in charge. MWEJ can participate--volunteers?
6. Volunteers for articles? Volunteers for tabling?
 - A. Mia Simpson of JustEnergy is tabling this summer; coordinate with her?
 - B. Who will attend SOUL's Citizens' Energy Forum, Sept. 13 and 14?
7. Support Steve Birchler's Cross Lake trip June 28, returning July 2.
 - A. Gifts to send with him for our PCN friends.
 - B. Expressions of personal support for Steve as our MWEJ ambassador.

Janet

Sent CityPages to Ann Stewart.

McCollum went to visit Indians opposing ANWAR + gave photos + eyewitness report; hook PCV to that.

PUC's Thurs. agenda item
Inquiry into Financial Xcel's + NRG

8-6

Patricia^{MSG}: Can't come to MWEJ tomorrow? Will attend SPACC? Gone Aug. 21?

Linda says Mia can't go to Arboretum on Thurs.

8-7

Steve says Patricia got letter online CityPages; talked to Tim R. last night + today about Aug. 21. Maybe 10 people from PCN will be there. Steve will write Harmful Hydro letter. Tim will try to get media. Steve mentions ^{tension between} Tim + JustEnergy.

1. INFO
More in City Pages! Congratulations to MWEJers Patricia and Sister Zoa.

2. INFO
No Chief Miswagon visit tomorrow and Friday.

3. ACTION *Triple bottom line: enviro, social, financial. Steve went to sustainable development conference*
Minnesota Women's Press editorial, July 31 edition, expresses a desire to change *where this was mentioned.* corporations to more humane goals. We could possibly get word in about Xcel's wrongdoing through a follow-up letter to the editor. Volunteers to write letters? *May tie it in to Press editorial.*

4. INFO
Report from Steve and Mia about Saturday's Mendota pow wow. Mia: Further update on JustEnergy. *15 to 25 sign ups at pow wow. Terne coming Aug. 20. Ken to speak @ colleges.*

5. INFO
Janet Anderson will attend the PUC meeting tomorrow to watch Xcel squirm under financial scrutiny and get info on peak/off peak electricity pricing program.

6. INFO
Diane and Linda will attend the Minnesota energy-related groups conference tomorrow at the Arboretum.

7. ACTION
Tim Rudnicki wants MWEJ help to organize and attend an August 21 event for a PCN delegation. Steve will work on it; are there others? Tim's phone numbers are 952-915-1505, 612-801-3266. Letter of support needed from MWEJ to PCN.

- JustEnergy could reaffirm the article in ME3 quarterly mag. JEnergy needs to avoid offending PCN. Primrose sent JEnergy a letter of inquiry 11:30-1:00 Advisory Board of JEnergy on Aug. 21*

8. INFO
An Xcel/Manitoba Hydro contract requires a minimum of 40 days of examination at the PUC before a ratifying decision is made at a PUC meeting. It is more likely that 70 days, or even longer, will occur.

9. ACTION
Register for Sep. 13-14 SOUL event.

10. Other items?

Ken

Mosedale told him the right-wing, Rupert Murdoch, owns the Winnipeg Free Press.
 Ken is e-mailing Meersman asking him why the MH/Xcel contract is reported in Manitoba but not here.

Janet Gonzales @ PUC 296-1336 got a voicemail today from Xcel announcing contract signed.

8-12

It'll take maybe a week for Xel to excise trade secrets & make enough copies for everyone.

J Trout Lowen @ ~~7~~ Press 646-3968
Who wrote the bottom line editorial? Publication deadline?

Mike Mosedale @ CityPages Thanks for story. Will you do a follow-up?

Jessica  sent 60 copies to Canada, a business. Got letters: 5 or 6 a week, now it's less. Still, a lot for her paper.

Phoned Nat Geo Hillel Hoffmann 202-775-6511
Q: Publish in Oct?

MSG for Ray Tricomo 714-0288 on Aug. 21 ^{reception}

Sen. E Anderson MSG. that contract's signed, we can comment @ PUC. Did you send to CityPages?

Ray Tricomo will attend Aug. 21 & sign, maybe bring tobacco.

MSG.

1:24 PM June Mattiowitz of Anderson's office says letter was sent. Ellen found it well written.

MSG to Tim R. Please tell us PCN strategy on the contract.

Ken

Noble called Xcel & was told ^{that} Xcel refuses to allow ~~new~~ new development in 500 contract. Xcel probably signed on Sat.

Tim R. says MH is \$7 billion in the hole & it's curious they're claiming it will be a deal creating NEW dams.

Harvard professors Joe Fault

Warren Almand of NFA will be in Cross Lake
Minister of Indian Affairs

Back Fri. the 16th

Don Johnson will be in Cross Lake this week.

10:55 AM Steve flabbergasted, too, since he doesn't 8-13
even know where Aug. 21st is happening.

Just Energy Board doesn't want to take sides w.
or between Cree Nations.

Steve not expecting to pull off the event, does Tim expect this?

Ken doesn't know which utilities in Mn. are getting MH; he's going to ask FERC where Xcel & others wheel it.

JustEnergy refuting Brennan's letter. Will on vacation

June Mattiwitz in Sen Anderson's office: Wants to know when PUC comment period will be.

Elaine Klassen gone Aug. 15-20
Mary Stuckey may be interested in MH follow-up story. Get Pulse reporter, or Amanda Luker then editor, may know.

8-14

8 AM Tim R. Don't have any action steps for you. Aug 21 is extremely important to PCN. As many as 15 may be there. Call my cell. He'll try to reach me later today.

10:25 Reply to 8 AM MSG:

Received your 8 AM message. Please don't try to call back today. Steve agreed to be MWEJ contact w. you. Go through Steve. I can not ~~longer~~ function properly w. your communication style, so I'm making myself unavailable to you. Steve is quite willing to be your main MWEJ contact. You still are welcome to attend MWEJ meetings & of course you're on MWEJ e-list. I simply won't

be engaging in personal communications with you.
I'll be at reception.
My best wishes for you forging a closer working relationship w. Steve.

Betsy says Jack was positively affected at reception by being in the room w. Limicikamaks.

Betsy talked to Nelson Miller, Will, + Eugenia Mercury a social worker for mental health, ~~and~~ ~~she~~ ~~was~~ ~~going~~ ~~to~~ ~~school~~ ~~for~~ ~~it~~ ~~but~~ ~~her~~ ~~funding~~ ~~cut~~ ~~off~~. She told Mr. Miller she read NCV's MIA (red book) + that 30 feet fluctuation wasn't acceptable in red book
Steve

S. Club approved Steve's statement, Tues. night
Just Energy approved resolution

Reception: good intimate nature of room, liked what Nelson Miller presented in power

STEVE: Sep. 9 YES Sep. 5 No

Sister Zoa

Bored part of time during presentation of reception, 'tho' Virginia hadn't heard it.

Father Thomas Berry ^{PASSIONIST ORDER PRIEST} + Brian Swimme: get them on this issue. She felt obligated to stand + speak as a ♀.

Tim told her that "we" should get the whole archdiocese on issue, way back at meeting of shareholders.

Mia

Wonders if the trip was worth it for PCN. Tim stressed having a laid-back reception. She felt bad about introducing herself to tired strangers.

Ken was on "Native Voice" ^{KFAI} radio program 5" ~~Recorded~~ Recorded on Mon., aired @ Tue. 6AM

Tim asked Ken not to advertise the reception; Mia put up fliers @ Macalester, St. Thomas, & Dunn Bros. at Grand Ave.

Roger Moe's campaigner came, by invitation of Ken, to event. He spoke to Chief & Rudnicki.

Don Irish

Liked Nelson's time line talk

8-24

Betsy told me Sen. Anderson's letter got in CityPages

Elaine thinks Americans can't support PCN because they don't understand conflict between the Cree Nations

Talked to Helga Hamilton, Will, ^{started crying} Rudnicki seemed patronizing to her (she'd sent all she'd wrote) "I'm so glad you're interested in this." Slighted her?

Told Will she felt Tim insulted her writing & that's why she cried. Then spoke about Miller's history of Euro domination

Her intro to Cross Lake was thru Roland Robinson's declaration of self-~~declaration~~ determination. Lesley Kandaras
