Liebe PEGGY!!

Vielen herzlichen Dank ~~für~~ für Deinelieben Wünsche zu Weihnachten und Neujahr und vor allem für die sehr hübschen Noten die Du^{ich} Mary mir geschenkt hast. Ich habe mich sehr darüber gefreut, dass Ihr so lieb an mich gedacht habt. Hoffentlich hast Du das neue Jahr gut angefangen und waren Deine Ferien schön. Ich glaube Mary wollte sie bei Dir^{ich} verbringen!? Wir sprechen sehr viel von der Zeit die Ihr bei uns wart und es wäre so nett, wenn Ihr wieder einmal kommen würdet, denke nur, wie sich schon allein die Reginalba freuen würde, Dich wieder zu sehen!!

Ich war neulich für eine Woche in den Bergen, in Tirol beim Skilaufen. Es war eine unbeschreiblich herrliche Zeit, die nur viel zu schnell vergangen ist. Aber das ist ja immer so bei allem Schönen. Ich habe sehr viel zu meinem früheren Können dazu gelernt und fühle mich sehr wohl und sicher auf den Brettern. Hoffentlich komme ich noch manchmal über das weekend hinaus. Es gibt ja für mich kaum etwas Schöneres als Berge und Schnee. Habt Ihr auch kalt und kannst Du etwas Sport treiben, oder erlaubt das die viele Arbeit in Vassar nicht? Wir haben jetzt leider nur eine Pensionarin, was für uns eine grosse Sorge ist. Ich komme auch an Dich mit der grossen Bitte, dass wenn Du jemanden weisst, der nach München will, dass Du ihm unsere Adresse sagst, das wäre sehr lieb von Dir. Meine arme Mutter hat sich vor Weihnachten den Fuss gebrochen, was sehr arg war und immer noch sehr langweilig ist für die lebhafteste Frau. Sie hat Gipsverband, kann aber damit und mit zwei Stöcken gehen. Sie grüsst Dich sehr herzlich und Fräulein Maier

natürlich auch. Ich wünsche Dir alles Gute und bin mit tausend Grüßen

How I wish we could get together in Washington this spring! If you're to be there during your Easter vacation, I don't see how it will be possible. You see the D. A. R. Congress isn't until April 18. I can't be away from home more than two weeks, because by that time I'll have a new job and so can't afford to be gone long. If we divide (as we expect to), most of our two weeks will be spent going and coming.

About the new job, you'd never guess what I'm going to do now. I'm going to start selling and

writing ~~writing~~ insurance. Did you
ever hear anything funnier? I can't
imagine me selling any thing. The
point is that when my grand-
father gave up active control of
the bank he still retained his
insurance business. His eyesight
is failing quite rapidly so I'm go-
ing to take over three or four of
his companies. I'm to have an
office all to myself which thrills
me to pieces. It is a darling
room. The corner of the bank
building roundest, and I'm to
have the corner room upstairs.
It has three huge windows and
a fireplace -- a real one that
burns. Of course it is the fireplace
that thrills me. As soon as Dad
has the place cleaned and papered
I'll move in. Doesn't it sound
like a lot of fun?

Mother seems to be having
a grand time in California --
going places and seeing old
friends who have moved out
there.

We have been practically snow-
bound since Christmas. Saturday
we had about six inches and then
it rained all last night and this
morning. Imagine how horrible
every thing is outside! It is so
foggy you can just see across the
street. It is a lovely day -- yes, to
stay home and write letters.

I'd give any thing in the world
if I were going to Washington about
two weeks sooner or you were
going two weeks later.

Love,
Charlotte

Dear Marguerite, Fine, I am quite thrilled that you were offered a position as teacher, but you are right; come home + "sponge" on the old man to your heart's content. I could not see you spending your evenings correcting sloppy girls' papers. You are going to have a good time, now that you finish in a very commendable manner. It is fine, just that much finer that you see you have accomplished something. But like uncle

Justus who is an amateur farmer. If he gets a first price for the best milch cow, that does not mean he is spending the rest of his days milking cows. Nevertheless the acknowledgment by the people that he accomplished something makes him feel grand. I feel a little now like my father did when I came home with a bunch of "sheep" in my doctor exam. He took my hand & said: "Now you can go on & what is in my power I will do for you. Stay well & be happy."

Yours for good Pa.

HARVARD UNIVERSITY

Feb. 19, 1932

Dear ^{my} Marguerite:

Thanks a lot for the letter you sent me some time back and also for the valentine which sent Hanns & me. Last night we had the Academy reunion with Mr. Briggs. He is in Cambridge for his annual trip to see how the graduates of the Academy are making out and also to go to the Headmasters' meeting. We had a big crowd together, and sure had a nice meeting.

Around here they sure keep you busy. However I am still in good standing. At last I got through with the course in comparative anatomy. But in its place I got another chemistry course and with the other one I have, I sure have my hands full. I spend everyday in the laboratory and also most of Saturday.

Next year Bill Stout is coming to Harvard to do some post-graduate work in history. That sure will make it nice, as we have already quite a St. Paul crowd together in Cambridge.

From home I have heard that Peter Hunziker is coming to Harvard next fall and that he is also going into medicine. Mother also says that the Hunzikers are going to visit us next summer. That would be great. If you know anything about it let me know. Do you see the Hunzikers occasionally?

Best wishes,

Arnold

Chm/caf Outkd Huskar Saturday Feb. 27. 32.
11. 5. 32. we shall have a little dinner
party for him

Dear Marguerite.

A week ago Papa wrote to you
and I considered this letter such a lovely
Sunday greeting. That one from me
would have been entirely unprofitable.
The busy week passed and here I am
only on Saturday afternoon ready
to write my letter which will be
too late for Sunday.

Well just of all I have to pay you
my compliment for having been
asked to become English teacher in a
school for 'snooty girls'. I am proud
of you. I am convinced that it needed
good recommendation from College
- and you were the chosen one! I am just
as happy, that you did not accept.

You are young and have to enjoy life
outside ^{the} school campus ground. Which
does not mean do nothing, but it means
once again to come back home and
take your place in your home town as an

active citizenship" and your place in society,
not talking of our happiness to have you home
again. But I want to mention it specially
here. This factor never has to be the deciding
factor. I want you to be happy in what you
consider happiness and a satisfactory life.
You will always find the way back to the
Teacher's pulpit, if you like to do so. I am
happy you decided to come home on your
own account. I do not know what she
wrote. But I do know that he is a very
proud father & talked quite a bit about
the "chasten daughter".

His medical meeting will be in
New Haven at the medical school of Yale
middle of May.

When is your Easter Vacation?
Is the invitation of that girl from Washington
still good? If so, I will get the address of
Gertrud Panchoff. When can you get the
cloth you need, what do you need?

first of all, take a nice suit and I thought
you have to replace the little silk dress you
used up last summer. Can you still
use the most becoming blue hat with a
white bow some where, which, you ^{had} last
summer. Hats and dresses are so cute this year
that you must be well fitted. In ~~going~~
to Washington you must keep in mind
that it might already be new warm &
new advanced spring there and a half hand
quite different from the Easter week we
spent at the farm in snow ice when
every body had the mumps.

I had a very busy week. G. W.'s
birthday I spent with old Mrs. Breckmann
Mrs. Freeman & Langherky & Miss Alness
in the old Breckmann home, very warm &
very animated. Anne had a little dance
party at her new home and had to rush
home to get a few little things she
did not have. Roberta Gallaway helped her
& was her guest later.

I purchase some change on Sunday.
Go with it what you please. I want
one of two but not more than
needed.

Monday. Mrs. Long out of
Tuesday I gave a party dinner with the Williams
at the N. Paul Hotel & Thursday I had a luncheon
Miss Alice O'Brien, Dr. Foley, Dr. Langhans, Dr.
Livingston, Miss Alness, Mrs. Benton.

Furthermore I started house cleaning
washed out your closet, put cleaned paper in
your drawers & will have the clean curtains up
for Easter. Then you take charge of your
room & fix it up as you like it & will in
it as agreeable.

Eppa is out at Antel & Gustav's. It
is an ideal springtime day. They were on the
low land and now play & eat. Tomorrow
they come to our house for dinner, Antel,
Werner, & Schuyler, & then they will play
over at Samson's.

Sarah Canmore was East & had tea
with the president and Mrs. Hower and
Briggs was East for and had coffee
and sandwiches with Bess & the Schuyler's.
—
Days

Sunday, March 5, 1933.

My dear Peg,

Suppose you must be in
Switzerland by now, so I shall
send this there, as you wrote, before
you left the good old U. S. A., that
you planned to go there in March.

And March has come around so
rapidly, I can hardly believe it's
here. Although I haven't been doing
a lot, the time has gone by, and

now it's time to consider school once again. I don't think I shall return until next fall, however, so that's quite a relief.

Remember Margaret Price? She is in Denver now, working, & lives with a friend of mine. I went to see her recently, & she showed me last year's "Vacation". It was great to see your picture & all the others, too, which recalled such happy days. And by the way, when I

mentioned your name, she said you were going to get married. Is it true? or just one of those rumors which people circulate?

I went to Tony Sargo's Marionettes yesterday, & honestly, Peg, they were wonderful. I never believed that dolls could be so life-like. I quite forgot they weren't people until the end when the operator stepped down into the stage with them, and then her apparently gigantic size (by contrast)

made me realize I had been in the world of make believe. "Sinbad the Sailor" was given, a tale which lends itself admirably, of course, to such a production. The costumes were elaborate & gay, & the animals (camels, asses, sheep, horses, dogs, elephants) were perfect. It was a gala day.

The banks are all closed now, so it's rather depressing. Don't forget your pals in the old country.

Love,
Molly.

Hanns P. Schwyzer regrets most
dolefully that he is unable to
think up a good excuse for not
going to the Vassar Senior Prom
on April 16, nineteen thirty two.

Dear Marguerite,

Thanks a lot for wanting
to have me come up and hay-foot, straw-foot
it around your hang out, but I can't say
that I like the idea. Since your very sister,
I don't care to go; if you were somebody else,
we'd have exams or a game or such.

I'll lay my cards on the table, they're
mostly deuces & treys. I don't know
what the hell I'd do at a place like that.

Here are a few arguments why. I don't know anybody. I don't care to - male & female. my tuxedo doesn't fit. I don't like that kind of skin dips. You wouldn't let me chew gum. I feel all out of place in such a joint. And, between you and me, it's not good stuff to go with your father for you.

Leaving out my likes and dislikes about the whole works, at least be honest enough to admit that you'd rather have somebody else to step on your toes than me, if only because I weigh about 185 lbs. Even if that weren't the case, which I doubt, you gotta admit that sporting the brother at such a skin dip isn't so good. There are plenty of guys you could ask, and with out embarrassment because I ain't saying a word that

you asked me. I needn't go through a big list of names, because you know more guys than I do. There's one I know would like it, honest, that's Mac at Princeton, 217 Henry Hall. The poor guy is so lonely and out of place there that he'd honestly enjoy coming up. And you gotta admit that you'd have a good time with him. You might ask Ben, but I don't think he'd like to go right after Mary's visit here. (Our vacation is April 2-9). And there are other guys.

I frankly don't want to go - at all. But of course I will if you can't get anybody else. But, goddam, you've got to try! You'd have more fun going with another guy and I'd have more fun not going at all. I don't care for that bunch of white-shoe boys. Some are full 8 in. across the

chest, and have hands calloused from shifting gear, but most are big sturdy. They can hold more gin than a camel drinks water, but even thinking plant wears 'em out. I don't like to mingle with 'em because I might get herded into the society page as a member of that goddam "younger set."

We went down to Yale (Winthrop swimming team) and got bopped for 28-33. But we had a swell time, and drove home Monday morning through the snow storm from 1:15 - 6:30. Were we sleepy? I ask!

Well, good luck,

Suey 

P.S. Masague is a good bet. You like him don't you? and he'd like to come.

'Older mountains' is in the system of every old
 European be at any one who could afford a
 great deal. Had Mrs. Breckinridge is alone Mrs.
 is south on Jersey Island with the Egge
 Breckinridge family, so I gave a Luncheon in
 her honour on Easter Monday and had as
 guests Anne Freeman, Mrs. Freeman & Miss Adams
 & Mrs. Langhorne. It was a glorious day and
 our house was nice & festive. Your flowers,
 half of them, I used as centre piece. Anne Freeman
 was most graciously as a young matron
 among us old girls, naturally had to leave
 before me ended the easy session which seemed
 to be enjoyed by every body.

Friday 11. I had another Luncheon.
 In spite of the name, was! - but I did not want
 the Summers to be strangers in N. when you
 will come home - and besides I enjoy
 immensely some social life. But I just
 see I must stop Tuesday 12. 29. The day Mrs.
 Summers left for Cambridge. In afternoon
 at her I had a typical afternoon tea with
 Kaffee & mince. Berg was in the hall for
 morning tea & afternoon. Mrs. Blake was
 also summer, & George Sipe, & of course
 any other that. & Hans & all manner
 of things. The same day a dark
 winter & which came for a cold & rainy
 we had quite a nice visit to & other. At
 seven they left to go to Ritchie's & in the

3. at the mayor of Minneapolis, it was forbidden to reproduce "Crazy Quilt", where upon the Metropolitan Theatre at St. Paul opened its doors and made a great financial success. The only one of the season, originally the four women of Wab and they intended to go to see crazy quilt. - but ended in a educational movie after the mayor of St. Paul spoiled the reputation of the show (or made it).

Now I come to my Friday Luncheon. Guests: Miss Condore Mrs. Les Jones Mrs. Williams Mrs. Foley Mrs. C. D. O'Sullivan. "Dinner" is good & excellent.

Now while I write Jesse out-else Mr. Eschmperle play Skat. Werner is with Finch. She will bring our guests.

I would not write in the morning as intended. I had to help Jesse mix some ingredients for drinks and write the recipes and the caramay seeds. Hence the less - here you have the Chronicle of the last two weeks from Crown Hill N.Y.

Now all the special things which concern you.

First! Charming Mrs. L. Jones 683 Summit wants you to help her with the Christ mas Bazaar. This is an important position with much work and she wants three girls who put in the work enthusiastic me & energy. Sally Davidson accepted. The third one she has not yet decided on, she has different ones in mind and not mention names. She should like to hear from you very soon. She has to finish all preliminary work before enrolling. She will spend the whole summer in Ames. It will not be half before to her just.

I think you will get much pleasure out of what
done with her. She is most charming & more
important yet it was enough to be commented
on this Christmas Bureau as a most efficient
organization. That will in no way interfere
with the Junior League if you will be elected.
Second. Please let me know what you
paid at von Malsens. Bunkers are anxious
to know it.

Child April 15th will be the celebration
of Mrs. Breckmann's birthday 80 years old.
She was always nice to you, remembered you
with gifts on your graduation, wedding
and party etc. etc. that it would be
nice if you would send her a note
for the day. She appreciated your visit
Christmas. Mrs. Huber will come either
as a surprise for this day or later which
all is still a secret.

What do you think Mrs. Keller will do?
They must have had my letter with the
invitation.

How was it at Linnaeus?

We got the announcement of the wedding
of Henry & Mrs. Prons & Peter. That you saw

THE HOWARD PLAYERS' DRAMATIC SERVICE

PLAYS FOR THE NEGRO THEATRE

THE HOWARD PLAYERS
HOWARD UNIVERSITY
WASHINGTON, D. C.

April 7, 1932.

Miss Marguerite Schwyzer
401 Main Hall, Vassar College
Poughkeepsie, New York.

My dear Miss Schwyzer:

This is to announce the beginning of a service to those interested in Negro drama. We collect plays suited to the Negro stage and edit them in single copies for your players. You can get as many copies as you need for a cost designed only to cover the expense of the service. A list of the plays that we now have on hand will be furnished you upon request. Write to us if you wish to secure rare skits of Negro life for your evening of one-acts.

We also extend an invitation to all persons experimenting with the Negro theme to send us their manuscripts with a view to having them edited and placed on our list of plays for the Negro theatre, without the loss of author's rights and with reservation of withdrawal of the play when that is desired.

Feel free to write the HOWARD PLAYERS DRAMATIC SERVICE for general information and help concerning the Negro theatre.

Sehr geehrter Herr Doktor !

Mit verbindlichem Dank bestätige ich Ihnen den Empfang Ihres Checks im Betrage von Frs. 100.--. Sie haben damit statutengemäss die Dauermitgliedschaft unseres Vereins erworben, Ebenso danke ich Ihnen aufs herzlichste für Ihren liebenswürdigen Brief, in dem Sie Ihre treue Anhänglichkeit an Ihre ehemaligen Zürcher Lehrer und unser altes, liebes Gymnasium bezeugen. Nach den Frühlingsferien werde ich nicht verfehlen, Ihren Brief durch Anschlag im Lehrerszimmer der gegenwärtigen Lehrerschaft bekanntzugeben. Solche Bezeugung dankbarer Gesinnung von seiten ehemaliger Schüler ist für die jetzige Lehrer- generation ein Ansporn, ihrerseits ihr Bestes zu leisten.

Die im Herbst erscheinenden "Mitteilungen" werden die Entwicklung des Gymnasiums in den letzten 30 Jahren schildern. Wenn auch die Menschen naturgemäss vollständig gewechselt haben, so werden Sie doch vieles finden, was Sie interessieren wird.

Es war uns zufällig zu Ohren gekommen, dass Ihre ehemaligen Klassenkameraden am letzten Donnerstag ihre 100. Zusammenkunft abhielten. Wir ergriffen freudig die Gelegenheit, den Angehörigen des Abiturientenjahrganges 1882 einen Gruss unseres Vereines und des Gymnasiums zu senden.

Im Namen des Vereines Ehemaliger Gymnasiasten und des Rektorates grüsst Sie hochachtungsvoll

Dear Peg:

What did you do for vacation? We had a pretty good time, at least I did. The Summers came down a week ago Thursday and so did Mary. Well, that's the last I saw of Ben except for a few glimpses here and there. I had lunch with the Summers on Friday and then grabbed the boat for New York.

On Saturday we played the New York rugby club and were skunked 7-11. That night I slept some - from 10:30 to 10. On Sunday we played

a French club and beat them 10-4.

That night I went out to relatives of Ben's out in Brooklyn. I had met Gene, aged 20 and a model at a clothes store when she was up to see Ben. I spent several hours reducing their gut stakes to mushrooms, because I don't like them. Then I spent a few hours convincing Gene not to let her brother drive a motorcycle to San Francisco this summer. The bone head wants to ride out there with another guy hanging on behind. Science teaches us a complete vacuum is impossible, but he taught me better. Besides that

he's a good guy. I came back Monday morning.

Thursday Hank and I drove down to Yale and Princeton in Hank's ~~roommate's~~ borrowed car. (I think the original owner is Polly Permaine, but I don't know) and now we're back here with the snood on the wheel. Heck!!!

The weather is just lovely, and the sun is bright. at least I think it's bright, because that's what it was when I last saw it Wednesday. This is the place where land and water meet. The scenery comes up to sock the H₂O. It's so nice out now it's more like K₉ P.

That makes me happy, because in
about 30 minutes I have to go out
for rugby if I want to keep my
place on the first string. We're going
to play Princeton up here next Saturday.
I've got a darn good chance of playing too.
I sure hope I will, because that'll
just about clinch my place for the rest
of the season unless I'm injured. Well,
I've got to work now, for a physics
exam on Saturday, and so I need a
good mark! I ask.

Dear Dr. Schwyzer:-

[Dr. Arnold Schwyzer, St. Paul]

Thank you so much for your good letter which came a short time ago. I do quite appreciate your taking time out of your busy life to write to me. Your kind words of appreciation for the work I'm doing please me very much, but do you know, Dr. Schwyzer, that your kindness and help in the old days at St. Joseph's when I was struggling through Training School and Medical College have made it possible for me to do these things out here.

I have worked hard. When I came here in 1915 I had only a small dispensary and in these years the work has grown until we have a hospital of nearly two hundred beds and that isn't large enough. This is the only hospital in India run by a woman where men are taken care of, and we have a general hospital, where one must be a specialist(?) in every line from cataracts to club feet. I've had many, many hard roads to travel, difficulties that seemed unsurmountable, but I think there is no joy in life equal to doing for those that need it so much, and accomplishing the impossible. These have been busy years but they have been happy years.

A letter from Sister Blendina not long ago telling me of Dr. O'Brien's death and of Sister John and Dr. Ohage's severe illness. The old friends have finished their labors and gone home, and I'm sure there was a rich reward waiting for each one.

I hope Mrs. Schwyzer and the children, though I suppose they are young men and women now, are well and happy and that you'll be having a pleasant summer vacation somewhere on the lake or in the mountains, or perhaps it will be in Switzerland. Wherever you are I hope the Lord will bless you richly.

Very sincerely yours,

Adelaide Woodard

Dear Marguerite.

It is the end of a sad week. I am most of the time with Mrs. D. There is so much to be done & every thing is much more complicated because there are no family members here. Mrs. D. is not well at all & I am happy that I can help her.

The funeral was very dignified & he had beautiful flowers.

Tape takes it very hard. Sam & I. received the letters you three wrote him really as an expression of your kindness to him, with affection.

I got your letter of Nov. 19
Many thanks.

I hope I can write
in peace this coming
week.

Here Mrs. Williams
came to tell me that her
son John is engaged to
a Minneapolis girl. I do not
know. The family is very
happy about the event.

The Summers are home
very happy about the whole

The Crasleys are not yet
back. Mary & Ben are very
happy. The special engagement

Write how much money you need? Answer this question immediately? —

Papa came back very contented

with his Eastern trip.

Boston, New Haven, your visit,
every thing made him happy.

Mrs. Ritchie came to see me &
was more than enthusiastic about
the time she had with you.

Well that is all — soon,
soon I shall be with you.

How do you get every thing
home?

When do you want to return
out here. I should like to
see Fran & Mrs. Lee for a day
if she is back.

Maynente I hope you are
not disappointed if Medd
now presents a great gift now
to you. Any kind of jewelry
you can have, I have no more

diamonds for you. Just let me know
what you should like to get. Assume
as you travel again you can have
what ever you want - I did not get
any thing now because you must
select it to your special wish and
a trip to Europe is always in store
for you as a late graduation ap-
present. I do wish that you ~~do~~
not feel disappointed and enjoy
the day any how. We can get by
as we did up to now - yet careful
consideration of the expenses is
very much appropriate.

This is the answer to your
nice long letter of May 23
not much of a letter - but
I am in a hurry, I have to get a
few things ready for the
farm and me.
Love! And Mother's love!
Nannie.

verkennen. Wir können fünf gute Anhaltspunkte
nicht bei alten Wäldern nicht fünfzig Jahren
auf einen Tag bei Rips nicht sein, es hat 2 für
früher ist. Müssen fünf eine Anhaltspunkte
nicht kennen nicht ein ganz Wäldern für Anhaltspunkte
Faktoren. Aber das ist.

Wir alten Wäldern haben sich nicht verändert
verändert, aber schon einige Veränderungen.
Laut nicht bei. Einige Veränderungen sind nicht
mehr. Aber ist ziemlich befriedigend; aber bei
Rips nicht fünf fünf fünf, bei Rips befriedigend
nicht nicht machen kann, es ist ein ganz
mehr.

Es ist sehr viel für ein 8. Wäldern
Zeit, das ist ein Wäldern nicht bei der
sein kann, das Wäldern nicht es ist

Ich war; sonst finde ich es gut nicht so schnell
für ihn, daß er überhaupt immer so voll sein würde
Morgen, er kann noch gut seinen Fuß mit sich
finden; das haben wir K.B. ist der kein Lotus
für seine gesunden Menschen im jungen Alter.
Gott hat, daß er gesünder bleibt. Die Kinder war-
den von Jungi sehr vernünftig; für heute ich sage.
Kinder ganz unabhängig von Kindern sind.

Especially gut es können jüngere Kinder sein.
da ganz gut mit dem Magen sind und wir
die 2 neuen Kinder suchen. Kinder seiner
eigentlich noch trübselig sind von Krisen
noch für mich früher seinen Sinn sein. Die
mich ich sehr mich und sagen. Alles ist es
für die 3. Klasse, jetzt 33, aber Trübselig
mit 6. Jahr von 18. 18. 18.

Meine lieben.

Alle gute Sachen sind 3. Da dies Jahr
zwei 3 hat. möge es für Sie ein glückli-
ches sein + Ihnen allen. fernst, glücklich
frühen + Tagendlich behalten; wenn Sie
hierher endlich kommen so wäre das. schon
ein guter Teil im innern Glück. Ich kenne
nicht das Bewußt, der Saft über eine gewisse
Intelligenz + Wissenhaft verfügt, diese Lücke
in Ihrer Motivation lässt, wenn er einmal
im Himmel kommt + der liebe Gott ihm sagt
"Für dein pyramidalen Wissen kriegst + kammst
Sie haben, eine Krone mit 3 Zacken, wider
nicht einmal wenn was pyramidal bedeutet."

Also hierher mal leben, Dämmern erwarten Sie
+ unsere Hegen auch.

Hoffentlich ist die ganze Familie gesund
+ munter; am besten Lezliche frische + heilende
ten + zweijähriges Wirschen.

Hier, wie stehen vor dem Zeichen der Luftig-
keit; ich wage nicht mehr Dörren Kuren zu lassen
+ weiß nicht ob ich noch was mein eigen Knecht kann.

Trotte mich mit folge; ganz wild nach dem
Ball + haue fest + flachte, wenn ich einen Pöpel
gemacht habe dass sie Critis ist. rot. aber
der Wahn ist kein. Sonst alles in Ordnung, die Saft
schickt, Lydia sticht + flimm; aber bildet sehr mich
Ihren Reize, eine schlechti Eitelchaft, aber Sie ist
immer tapfer. Feiert glücklich in Ihrer Faun.

Wird wieder in Lich an Sie denken + dem lieben
Christkindli, sagen. Bitte als Osterfrüh die Scherzgei-
her. das war ein Oster! Also küß baldiger Bräutchen
gute Nacht thepid am Daky. / Th. Hey

Myria findet es unheimlich dass ich werde als Ein meine liebsten, sozelle, die haben
in ich schenke + sagt es ist etwas es ist nicht ein - Ein wird - bald die liegt ausser es wird
gilt aber ich so alle im Knecht

es wird zum Knecht so es war Knecht - Knecht 10 Jahre
