FIFTY-SIXTH PORTABLE
SURGICAL HOSPITAL

27 Jan 45

Dearest Mamma,

We have quite settled into the routine of our work here, and our hospital is set up with swell lights, adjustable operating tables, stainless steel sterilizers, X-ray apparatus, and a huge Red Cross flag, all manufactured in Germany and captured from the Japs. They surely have good equipment for medicine from what we have seen.

I am doing surgery here I never dreamed I'd ever do, or at least until I'd been at it for 20 years. I have one doing fine on whom I sowed the diaphragm, sowed the liver, removed a kidney, and explored the abdomen all in one sitting. I reckon in private

practice one wouldn't get three cases like that in a life time. I have now practically no obstruction to my professional function. The commanding officer now doesn't operate without my consultation and help both, and has me do all the tough cases. So you see, though I am still only a Captain, your youngest son is not doing so punk in his father's profession. Now I wish I could tell Papa about the work I have the privilege of doing here, and the results I'm getting. I believe I told you I was commended a week ago. I was again commended yesterday.

I can't get over how pleasant life is here. Our neighbors are half farmers, sort of. This is their leisure time. Rice is harvested in November

They have planted their garden truck and corn, so they have nothing to do. The ground is very fertile, and they apparently don't have to cultivate or otherwise tend the crops.

We have become very good friends with them. The Japs left them little food, so we may not buy food from them, but they bring us stuff anyway. Soon a chicken dinner is coming. The family's kids, 8 in all, run up to 15. The two oldest are now doing our laundry. They are very anxious to earn Filipino money, as they have only Japanese paper money left. The oldest is very lovely indeed. She has a pig which she purchased for an investment. Now she is so fond of it as a pet she is very concerned about what to do. She bought it as a week old for 400 pesos (\$200.)

in soap paper. Now the piggy is of
marketable age, lonely, has a tremendous
appetite, is worth only 15 pesos in
Filipino money, and is the apple of
her eye. She has the same trouble
with pigs a certain other member of
our family has.

The folks are as interested
in us as we are in them, so I show
them my pictures and tell them all
about home. Ice and snow is a hard
concept for them. They are acquainted
with refrigerator ice. I can't conceive
our whole lake covered with it. and
then finely chopped ice on the ground
is still farther beyond them. The
houses are especially interesting to the
women, and everyone marvels that Margie
and I have been married over three years
and do not have three kids!

More soon. Now my assurances
that every thing is just dandy here.
Love to all.
Darius

DEPARTMENT OF MEDICINE
DIVISION OF INTERNAL MEDICINE

April 2, 1945.

Dr. Marguerite Schwyzer,
The Medical Center,
University of California,
San Francisco 22, California.

Dear Doctor Schwyzer:

I am sorry to have been unable to reply to your letter of February 22 long before this. It is not certain yet whether there will be a vacancy in the fellowship group as of April 1, 1946. It is probable that there will be one then, or at least by July 1, 1946. I am keeping your application on file, and will be glad to consider it with the others when the time comes to make this appointment.

Sincerely yours,

C. J. Watson

Dr. Marguerite Schwyzer
University of California
Medical School
San Francisco, California

Dear Dr. Schwyzer:

I am interested in your letter of April 7th because your training seems to be extremely good. You would be entirely eligible to apply for the internship in medicine here, but I am afraid you haven't had good enough experience in Internal Medicine for the assistant residency as yet. Furthermore, the situation about assistant residencies is very confused. We have been sharply limited by P&A, and when we are allowed any expansion, shall have to favor our returning alumni.

I don't know whether you know about the Boston system of intern examinations. A group of hospitals, now six in number, have a joint arrangement by which candidates can apply for particular hospitals and turn in a preference sheet to the Interhospital Committee giving their first, second and subsequent choices. Then they have to take the examination offered by each of the hospitals that they wish to include in their choices, the dates of which are staggered so that there is no conflict. You have to file an individual application with each hospital to which you wish to apply. I am enclosing one for this hospital. A preference sheet will be sent you later. If you want any further information I would suggest that you write to Dr. Reginald Fitz, Chairman of the Interhospital Committee, 319 Longwood Avenue, Boston 15, Massachusetts.

Sincerely yours,

J. H. Means

Dear Dr. Schwyzer:

Your letter of April 7 is before me. We will have no openings on our medical staff in January, 1946, but there will be several openings for interns in medicine when the internship period begins on April 1, 1946.

Will you please fill out and return the enclosed application. Since the Massachusetts Memorial Hospitals are now a member of the Boston Inter-Hospital Intern Committee, it is necessary for you to fill out the enclosed Preference Sheet and return it to the Committee, even if you are applying at only one Boston Hospital.

Sincerely yours

BOSTON INTER-HOSPITAL INTERN COMMITTEE

ANNOUNCEMENT OF EXAMINATIONS FOR INTERN APPOINTMENTS APRIL 1, 1946 TO JANUARY 1, 1947

The Beth Israel Hospital, Boston City Hospital, Massachusetts General Hospital, Massachusetts Memorial Hospitals, and Peter Bent Brigham Hospital arrange their intern examinations on the basis of an inter-hospital agreement. This agreement is for the mutual benefit of the applicants and the institutions. Each hospital conducts its own examinations. The examinations will be held from September 10 to September 13, 1945 (for exact date and time of each examination, see below).

BETH ISRAEL HOSPITAL

MEDICINE — 5 Internships

Examination — Sept. 13, 1945, 9 A.M.

SURGERY — 6 Internships

Examination — Sept. 13, 1945, 9 A.M.

BOSTON CITY HOSPITAL

MEDICINE — 42 Internships

14 on Boston University Medical Services

14 on Harvard Medical Services

14 on Tufts Medical Services

Examination — Sept. 11, 1945, 9 A.M.

NEUROLOGY — 3 Internships

Examination — Sept. 11, 1945, 9 A.M.

SURGERY — 30 Internships

Examination — Sept. 12, 1945, 9 A.M.

GYNECOLOGY & OBSTETRICS — 6 Internships

(Occasionally adjustments can be made
in date of coming on service)

Examination — Sept. 12, 1945, 9 A.M.

Applications for appointments to the following special services — Neurosurgery, Ophthalmology, Otolaryngology, Pathology, Pediatrics, and Roentgenology — should be addressed directly to the Chief of each service.

MASSACHUSETTS GENERAL HOSPITAL

MEDICINE — 12 Internships

Examination — Sept. 12, 1945, 9 A.M.

SURGERY — 13 Internships

Examination — Sept. 10, 1945, 9 A.M.

There are 3 Internships in Pediatrics. Applications for appointment to this service should be addressed directly to the Chief of the service.

MASSACHUSETTS MEMORIAL HOSPITALS

MEDICINE — 8 Internships

Examination — Sept. 13, 1945, 9 A.M.

SURGERY — 4 Internships

Examination — Sept. 13, 1945, 9 A.M.

Applications for appointments to the following services — Orthopedic Surgery, Otolaryngology, Pathology, and Urology — should be addressed directly to the Chief of each service.

PETER BENT BRIGHAM HOSPITAL

MEDICINE — 9 Internships

Examination — Sept. 10, 1945, 9 A.M.

SURGERY — 8 Internships

Examination — Sept. 11, 1945, 9 A.M.

ELIGIBILITY OF APPLICANTS FOR INTERNSHIPS: Only applicants from approved medical schools will be considered for these appointments. Applicants subject to military duty, to be eligible, must graduate between February 1 and April 1, 1946. Applicants not subject to military duty by reason of rejection of application for commission or honorable discharge by Army or Navy will be eligible.

Applicants for internships may apply at any one of these institutions, or simultaneously at all of them. Application forms may be obtained by writing directly to each hospital at which an internship is sought, and upon completion should be returned directly to the respective hospitals.

LETTERS OF RECOMMENDATION: Applicants are asked not to request letters of recommendation from their deans or their teachers until after the completion of their third year of Medical School. This is believed to be for the mutual benefit of the applicant and the institution, as until the applicant has had some contact with clinical work he is not in a good position to decide on the place and character of the internship desired, nor can the hospital judge effectively as to his clinical ability.

Applications must be filed prior to the dates indicated by the individual hospitals.

EXAMINATIONS: Applicants from outside Boston may receive appointments at the

Beth Israel Hospital on the basis of scholastic records and other credentials;
Boston City Hospital on the basis of scholastic records and other credentials;
Massachusetts General Hospital only by presenting themselves for all examinations at the appointed time;
Massachusetts Memorial Hospitals on the basis of scholastic records and other credentials;
Peter Bent Brigham Hospital only by interview beforehand or by presenting themselves for all examinations at the appointed time.

All Boston applicants must present themselves for examination to each of the hospitals to which they apply.

GUIDE TO PREFERENCE SHEET: In order to co-ordinate the preference of the applicants with the preference of the hospitals, a so-called "Preference Sheet" has been designed (see attached). Only ONE Preference Sheet is filed by each applicant. However, in order to receive an appointment, a Preference Sheet must be filed even by those applying for only a single service at a single institution. The Preference Sheet is returned directly to the Chairman of the Inter-Hospital Intern Committee, who holds no active staff position in any of the institutions concerned in the agreement.

The Preference Sheet is a confidential document and its contents are not disclosed to the hospitals or their examining committees. After the examinations are completed and after each institution has listed in order of preference the applicants it is willing to accept, the Preference Sheets are opened by the Inter-Hospital Intern Committee and appointments assigned by an automatic matching of Preference Sheets and hospital listings.

Under the terms of this agreement it is obvious that an applicant is free to express his real choice as to hospital without in any way injuring his chances of receiving an appointment at another hospital on the list. Conversely, expressing a preference for a hospital can in no way increase an applicant's chances of being placed on the list of that institution or influence the sequence in which his name may appear on that list. It is a violation of a system set up for his own protection if an applicant discloses the contents of his Preference Sheet.

It is a violation of the inter-hospital agreement for any member of the staff of a hospital to inquire of an applicant regarding his Preference Sheet. It is also a violation of the agreement for a hospital to indicate either directly or indirectly that an applicant will be placed on the list of that institution.

ORIGINAL—To be returned to the Committee

PREFERENCE SHEET

INTERN APPOINTMENTS—APRIL 1, 1946 TO JANUARY 1, 1947

INSTRUCTIONS: Place a number on the dotted line after each service which you would accept to indicate the order of your preference. Do not use the same number more than once. If no number appears opposite a service it is assumed that you do not care for such service under any circumstances. In making assignments, when a candidate's name is reached he receives his preference of the existing vacancies.

Return only ONE Preference Sheet to the Chairman, Boston Inter-Hospital Intern Committee, 25 Shattuck Street, Boston 15, Massachusetts (envelope enclosed). DO NOT ENCLOSE IT WITH YOUR APPLICATION TO ANY HOSPITAL. Retain the duplicate Preference Sheet.

Preference Sheets must be filed before September 8, 1945.

BE SURE TO SIGN YOUR NAME.

Dear Dr. Schwyzer:

It is quite possible that we will have vacancies on the Assistant Resident staff for positions which I should think your training would prepare you for by January or April 1946, but since you mention the subject of internship, I may say that interns will be appointed from the 1st of April 1946 and I would be glad to have you send an application for internship at that date. I am therefore asking my secretary to forward you an application and will be glad to consider your application for one of these positions. They are, as you know, rather limited by the order of Procurement and Assignment, but it may be that next year we will be able to increase the number of our interns and Assistant Residents so that more places will be available for applicants.

Very truly yours,

Winford H. Smith

THE JOHNS HOPKINS HOSPITAL

APPLICATION FOR INTERNSHIP

The hospital services are as follows: Medicine, Surgery, with some experience in Urology; Urology, with some experience in General Surgery; Gynecology and Obstetrics as separate services, the term of service to be divided equally between these two departments: Orthopedics, Otolaryngology; Ophthalmology; Psychiatry; Pediatrics; Private Ward Medical Service; Roentgenology and Dentistry. The intern service is not a rotating service except in Surgery, Urology, Gynecology and Obstetrics.

The term of appointment is for nine months beginning..... At the end of this period approximately one-third of the house officers will be selected for a second period of nine months to serve as Assistant Residents, and at the end of that period approximately one-half of the Assistant Residents will be retained for a third period of nine months as Residents or Senior Assistant Residents. The nine month appointment is in accordance with the decision reached by the Procurement and Assignment Service of the government in collaboration with the Surgeons General of the Army, the Navy and the United States Public Health Service, and applies to all hospitals.

Dear Dr. Schwyzer:

Thank you for your letter of May 2 inquiring about Medical Internships in the Barnes Hospital. We will be very glad to have your application and I am enclosing an application blank. Will you please fill this out and ask Drs. Palmer, Dragstedt, and Kerr each to write us letters of recommendation concerning your qualifications. Also, I would like to have a transcript of your medical school record which I believe you can have sent to me through the Dean of the Yale Medical School. Since appointments will be made on about the first of June, I would like to have this material on hand as soon as possible.

Very truly yours,

W. Barry Wood, Jr., M.D.,
Professor of Medicine.

enclosures (2)

Medical Internships at the Barnes Hospital, St. Louis

The plan for training internes in internal medicine at the Barnes Hospital has been altered because of the special situation created by the war and by the ruling of the National Procurement and Assignment Service. Internes will be appointed to the medical service for a period of 9 months. Those who have completed the 9 months' internship may apply for assistant residencies for an additional 9 months. Assistant residents will be eligible to apply for a third 9 months' period of training as residents. All internships and residencies are open to women as well as men.

Two types of internships, designed to meet the requirements of military medicine, are offered in internal medicine.

(1) Ward Medical Service: Six men are appointed as internes on the medical wards of the Barnes Hospital. Their services include work on the general medical wards of the Barnes Hospital, and on the wards of the St. Louis Isolation Hospital. In addition, the internes are assigned to the neurological service, the admitting and emergency service, the metabolism ward, the laboratory service, and the venereal disease clinic. This medical internship is designed primarily for men wishing to obtain training in internal medicine, and has been modified to meet the special requirements of the army medical corps.

(2) Private Medical Service: Seven men are appointed to internships on the private medical service of the Barnes Hospital. The interne service on the private wards has been reorganized to simulate that on the ward medical service. The internship includes training in the St. Louis Isolation Hospital, in the outpatient department, and in the diagnostic laboratories of the Barnes Hospital. The private internes take part in ward rounds held 5 days a week on the private medical service and, in addition, attend the staff rounds and conferences of the ward medical service. Special instruction is given in neurology and cardiology.

There is no salary connected with internships, but small salaries are paid to the assistant residents and to the resident. All the resident house staff, however, including the internes, the assistant residents and residents are provided with living quarters, board, laundry and white suits free of charge. Barnes Hospital provides, without charge, to each interne a membership in Group Hospital Service. Dependents may be enrolled at small additional cost. The family of any interne who joins the army or navy may retain the membership.

All applications for internships must be submitted at least 9 months before the date of appointment. Applicants from schools other than Washington University School of Medicine must send three letters of recommendation with the internship application.

Also to: Dr. Walter L. Palmer,
same address.

17 May 1945

Dr. Lester Dragstedt
University of Chicago Clinics
950 East 59th Street
Chicago 37, Illinois

Dear Doctor Dragstedt:

Since leaving Chicago I have spent a very profitable and pleasant time working in Dr. Kerr's department at the University of California Medical School. The first six months I am spending in Pathology and the next half year I shall be in the Clinical Laboratories. I have also been enjoying San Francisco which is a beautiful and interesting city, especially just now during the United Nations' Conference.

The time has come to make plans for next year. Since I am anxious to go East to continue my work in clinical medicine, I am applying for a house staff position at the hospitals on the enclosed list. I would be very grateful if you would send some word of recommendation to the Professor of Medicine at those institutions.

On my way East I plan to stop in Chicago and would like very much to see you then.

I hope my request will not give you too much trouble. And thank you very much for your help.

Sincerely,

MS:EH

Marguerite Schwyzer, M.D.

Encl.: 1.

17 June 85

Dearest Mamma,

This has been an interesting time since the last letter. I made a very intriguing inspection trip with some staff officers. The ride, the food, and the sights were enjoyable. Frankly, what I was supposed to inspect except sanitation I don't know, but I did it anyway, frequently nodded, and looked wise as a work bull. I must be getting to be an excellent officer. The only thing I forgot was to bathe somebody out. As I remember it, that is also part of an inspection.

But the worm turns. Tomorrow A.M. the Hospital is being inspected by some guy. I don't know whom. Will see.

We have adopted a crest for the organization. This time it is a maroon shield on white with

white figures! The Southern Cross
symbolizes service below the Equator.
The carabao or water buffalo,
service in the orient. The narrow and
white are the Medical Corps colors.

We have a swell large sign with it
hung in front of the hospital, with a
light on it for nights! I suppose
the American Medical Association
calls it advertising. Shame!

Its late and I am tired,
so a kiss & goodnight.

Love,
Hanna

My dear Dr. Schwyzer:

I have just received your letter and Dr. Smith has already written to Dr. W. Barry Wood and Dr. Warfield T. Longcope as you requested.

I am sure you are wise to have this special training in medicine, and I hope you will receive an appointment at one of these two hospitals. Both are excellent. You received a good report on your work in medicine here and this fact has been included in the recommendations that have been forwarded today.

I heard from Sophie Trent, and learned from her that you were on the west coast. I hope you have had a valuable experience during the past year. If you should come east and if you should visit New Haven, we shall all be glad to see you.

With kind personal regards,

Sincerely yours,

Medical School,
San Francisco 22,
California.

Dear Dr. Schwyzer:

I received your letter of May 17th last and am happy to learn that you had such a good time working with Dr. Kerr at the University of California. He is indeed a fine man and I am sure that you have had a profitable year.

I am happy to write letters of recommendation for you to the men whose names you enclosed.

With all good wishes and kindest personal regards,
I am,

Yours very sincerely,

Lester R. Dragstedt, M.D.
Professor of Surgery

LRD:lvw

25 June 95

Dearest Mamma,

During five days of extremely
much work and a very spectacular
event or two, I finally got a moment
to assure you again that everything is fine
here and that I am in high hopes that
the one month mail drought comes to
an end soon.

Professionally I have had a lot
of varied work, including several severe
fractures, depressed skull fracture, perforated
intestine, chest, etc. The extra work
comes because the assignment of everyone
here was doubled, but no further help.

This must be a gloriously lonely time
at home. I am happily imagining how you all

must be planning to go to the beloved
farm soon. I promise myself a long,
long time there when the war is over. In
fact I don't exactly see my self working
so practice with very much enthusiasm
while the lake, woods, horses and all the
other glories of Papa's wisdom, saving,
forethought, and sublime artistry. He could
not have left us the better heritage than
the two beloved homes he provided. His
spirit & presence surely live with us. I
feel it so often over his. The tougher the
situation, the closer he seems.

More news soon, leading love and,
yours,
James

HARVARD MEDICAL SCHOOL — MASSACHUSETTS GENERAL HOSPITAL

J. H. MEANS, M.D.
Jackson Professor of Clinical Medicine

MEDICAL DEPARTMENT
Massachusetts General Hospital
Fruit Street, Boston 14

May 25, 1945.

Dr. Marguerite Schwyzer
University of California Hospital
San Francisco, California

Dear Dr. Schwyzer:

Having written you on April 11th that I could not offer you an assistant residency, you may wonder why I changed around and sent you my telegram. Well, of course, the reason is that the Army stole one of the men I expected to have, so I had to fill the vacancy quickly. I wired to Dr. Kerr and Dr. Palmer and got very good recommendations from them, therefore I was very happy to offer the job to you, and I am glad you can accept it.

There will be the formality of going through the Board of Trustees, but there will be no difficulty about that I am sure, and you will receive official notice in due course, but you may consider yourself appointed, and we shall look for you to begin the first of July.

With kind regards,

Sincerely yours,

J. H. Means

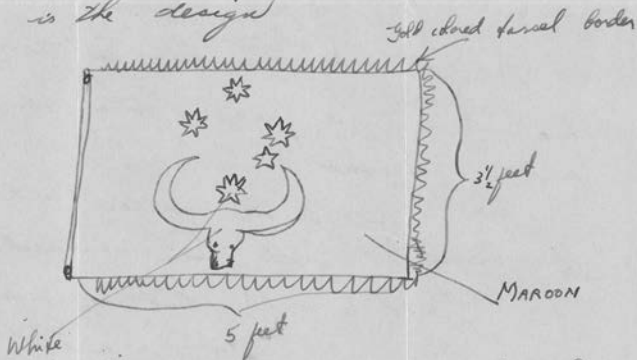

JHM/F

26 June [1945]

Dearest Mamma,

I have just written Marger
a note about it, and I'd mentioned it
to you too. Do you remember the flags
for the fraternity Mrs. Dambelmad made?
Could she make one for the Hospital?
I have enclosed here the pattern.

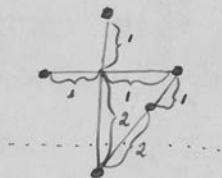

Here is the design

Both sides the same design. If the total
maroon cloth is not three and a half feet wide, make it

proportionately shorter, so the proportion is about. $3\frac{1}{2}$ wide and 5 long. Latin would be swell. He will pay for it of course.

The Southern cross is in these proportions

The carabao (water buffalo) head is so set the horns come up around the cross about so the tips come to the dotted line. Enclosed are some patterns for the stars and the carabao.

Well to the swellest outfit in the Pacific with this standard! all is well, but no mail yet. Love to all.

Stamand

$3\frac{1}{2} \times 5$
 or $3 \times 4\frac{1}{2}$
 or $3\frac{3}{4} \times 4$

Ratios
 length & breadth.

Dr. Marguerite Schwyzer,
University of California Hospital,
San Francisco 22, California.

Dear Dr. Schwyzer:

We have received letters of recommendation from Drs. Smith, Palmer and Kerr in support of your application for a Medical Internship in the Barnes Hospital. Our final appointments for Medical Internships will not be made until June 23 because of the fact that we can't make the appointments until our third year students have completed their Junior year. On the basis of your scholastic record and the recommendations both from Chicago and California, I can, however, tell you that you will be given an appointment on either the Ward or Private Medical Service. Which of the two services you will be assigned to I cannot state until the final internship appointments can be made. I will notify you on or shortly after June 23 as to your exact appointment.

In the meantime, I would appreciate it if you will drop me a line indicating your willingness to accept a position on either of the two Medical Services of the Barnes Hospital.

I am looking forward to having you as a member of the house staff.

Very truly yours,

W. Barry Wood, Jr.

Dear Dr. Schwyzer:

I am rather glad that you have altered your plans and are arranging to take an internship at the Massachusetts General Hospital, for we are in much greater need of Assistant Residents than of interns and I will be glad to consider your application for an Assistant Residency for next April. We will not, however, be able to consider these appointments until sometime next October, but I will be glad to keep all your records until that time, and perhaps while you are at the Massachusetts General Hospital it might be possible for you to come down some day next autumn to see us in Baltimore.

Very truly yours,

Warfield T. Longscope

NATHANIEL W. FAXON, M.D.

DIRECTOR

June 4, 1945.

Dr. Marguerite Schwyzer
University of California Medical School
San Francisco, California

Dear Dr. Schwyzer:

At a meeting of the Board of Trustees of the Massachusetts General Hospital, held on June 1, 1945, it was voted to appoint you as Assistant Resident Physician, beginning July 1, 1945, at a salary of \$500 per annum.

No physician appointed to the Staff of the Hospital will be allowed to begin his service, nor will he be furnished maintenance, until he or she has shown to the Director a license to practice in the State of Massachusetts, either a full registration or a limited registration certificate. For your convenience I am enclosing application for limited registration certificate.

A reply stating your acceptance of this appointment will be expected within a reasonable time.

When you report for duty would you be good enough to register at the office of Dr. Houser, Assistant Director.

Very truly yours,

N.W. Faxon

N. W. Faxon, M.D.,
Director.

October 28, 1945

Dr. Marguerite Schwyzer,
Massachusetts General Hospital
Boston 14, Mass.

Dear Doctor Schwyzer:

Thanks for your interesting and enthusiastic letter
and your kind remarks.

I know you are having a fine experience and that you will
be a credit to yourself wherever you go. You will also be
a credit to us if you continue the fine work you did here.
My interest in each one who has been a member of our family
continues throughout life and I hope you will help me to
continue our friendship indefinitely.

All of those you mention at the Massachusetts General Hospital
are old friends of mine. Whenever I can I see them in Boston
or at the meetings which have been given up, unfortunately,
during the war.

We are stumbling along as well as we can with shortages and
the problems of reconversion. We hope we have started on the
upswing. A few of our men are returning to duty.

In Boston you should get acquainted with Ellen Brown, one of
my girls who is with Doctor Eugene Landis in Physiology and
Doctor Manson Meads with Max Finland at the Boston City Hospital.
They are both "tops."

Our very best wishes to you.

Sincerely yours,

Wm. J. Kerr, M.D.
Professor of Medicine.

[Oct 19, 1946]

SPECIAL AGREEMENT WITH
RESPECT TO TERMINATION OF LEASE
CONTRACT AND VACATION OF PREMISES.

- (a) Two-thirds of all such dairy cows in excess of said thirty two.
(b) One-third of all the green heifers on the farm.

THIS AGREEMENT MADE THIS 19th day of October, 1946, by and
of age, plus one-third of all such heifers in
between FIRST TRUST COMPANY of SAINT PAUL and MARGUERITE MUELLER SCHWYZER,
Executors of the Estate of ARNOLD SCHWYZER, deceased, and ARNOLD G. SCHWYZER,
First Parties, and CLIFFORD WATIN of Pine County, Minnesota, Second Party.

WHEREAS, First Parties and Second Party have heretofore entered into
a Lease Contract whereby Second Party as Lessee is renting from First
Parties as Lessor the following described premises situated in Pine County,
Minnesota, namely:

- (a) Section 16 and $\frac{1}{2}$ SW $\frac{1}{4}$ and S $\frac{1}{2}$ NW $\frac{1}{4}$
Section 15, Township 42, Range 21,
and the N $\frac{1}{2}$ NE $\frac{1}{4}$ and part of the N $\frac{1}{2}$
NW $\frac{1}{4}$ Section 21, Township 42, Range the right
21, containing 600 acres more or less, and

WHEREAS, both Parties desire to work out a suitable procedure for
the operation of the premises and the division and allocation of certain
property rights of each party at the termination of said lease;

NOW, THEREFORE, in consideration of the sum of One Dollar, and for
other good and valuable consideration, the receipt of which is hereby
mutually acknowledged by both Parties, it is hereby agreed as follows:

(1) Both Parties agree that the present term of the said Lease
Contract terminates on March 1, 1947; and Second Party agrees that he
and all members of his family will vacate from the premises themselves and
all property justly belonging to them not later than March 1, 1947.

(2) Second Party, by signing this Agreement, hereby waives any and
all notice that might otherwise be required on the part of First Parties,
or any of them, to inform Second Party to vacate the premises not later than
March 1, 1947.

(3) At the time when such vacation occurs, First Parties shall retain
the following livestock, hay, silage, grain, and feed:

- (a) Two-thirds of all the calves under six months old
(b) Two-thirds of all the pigs in excess of the above
(c) A one-half interest in the herd bull now on the
farm.

SPECIAL AGREEMENT WITH
RESPECT TO TERMINATION OF LEASE
CONTRACT AND VACATION OF PREMISES.

THIS AGREEMENT MADE THIS 19th day of October, 1946, by and between FIRST TRUST COMPANY of SAINT PAUL and MARGUERITE MUELLER SCHWYZER, Executors of the Estate of ARNOLD SCHWYZER, deceased, and ARNOLD G. SCHWYZER, First Parties, and CLIFFORD WATRIN of Pine County, Minnesota, Second Party.

WHEREAS, First Parties and Second Party have heretofore entered into a Lease Contract whereby Second Party as Lessee is renting from First Parties as Lessor the following described premises situated in Pine County, Minnesota, namely:

Section 16 and $N\frac{1}{2}$ SW $\frac{1}{4}$ and S $\frac{1}{2}$ NW $\frac{1}{4}$
Section 15, Township 42, Range 21,
and the $N\frac{1}{2}$ NE $\frac{1}{4}$ and part of the $N\frac{1}{2}$
NW $\frac{1}{4}$ Section 21, Township 42, Range
21, containing 600 acres more or less, and

WHEREAS, both Parties desire to work out a suitable procedure for the operation of the premises and the division and allocation of certain property rights of each party at the termination of said lease,

NOW, THEREFORE, in consideration of the sum of One Dollar, and for other good and valuable consideration, the receipt of which is hereby mutually acknowledged by both Parties, it is hereby agreed as follows:

(1) Both Parties agree that the present term of the said Lease Contract terminates on March 1, 1947; and Second Party agrees that he and all members of his family will vacate from the premises themselves and all property justly belonging to them not later than March 1, 1947.

(2) Second Party, by signing this Agreement, hereby waives any and all notice that might otherwise be required on the part of First Parties, or any of them, to inform Second Party to vacate the premises not later than March 1, 1947.

(3) At the time when such vacation occurs, First Parties shall retain the following livestock, hay, silage, grain, and feed:

- (a) Thirty-two dairy cows of various ages, plus one third of all such dairy cows in excess of said thirty-two.
- (b) One third of all the grown heifers on the farm.
- (c) Fourteen heifers from six months to two years of age, plus one-third of all such heifers in excess of said fourteen.
- (d) Twenty calves under six months old, plus one-third of all such calves in excess of said twenty.
- (e) Two sows weighing two hundred pounds or more, plus one-third of all such sows in excess of said two.
- (f) Seven pigs, plus one-third of all such pigs in excess of said seven.
- (g) A one-half interest in the herd bull now on the farm.
- (h) One third of all the hay, silage, grain feed and commercial fertilizer then on the farm. It is agreed that Second Party shall have the right to retain two thirds of all such hay, silage, grain, feed and commercial fertilizer except as follows: Second Party agrees to give First Parties a ten day option from February 25, 1947, to purchase at the then market price the other two thirds portion of such hay, silage, grain, feed and commercial fertilizer. If First Parties do not exercise the above mentioned option within the time hereinabove specified, Second Party is to have until March 15, 1947, to remove such other two thirds' portion of such hay, silage, grain, feed and commercial fertilizer.
- (i) Six work horses of all ages.
- (j) Thirty chickens.

(4) At the time when such vacation occurs, Second Party shall retain the following livestock.

- (a) Two-thirds of all dairy cows of various ages in excess of the above-mentioned thirty-two.
- (b) Two-thirds of all the grown heifers on the farm.
- (c) Two-thirds of all the heifers from six months to two years of age in excess of the above-mentioned fourteen.
- (d) Two-thirds of all the calves under six months old in excess of the above-mentioned twenty.
- (e) Two thirds of all sows weighing two hundred pounds or more in excess of the above-mentioned two.
- (f) Two-thirds of all pigs in excess of the above-mentioned seven.
- (g) A one-half interest in the herd bull now on the farm.

(5) In the division and selection of cattle, hogs, and horses, and chickens, the following procedure shall be used:

- (a) In the division and selection of the dairy cows of various ages, First Parties or their agent shall divide the herd into four groups as nearly equal as convenient for the purpose of selection and division. Second Party shall then select from each group one-fourth of the total number of such cows due him according to the terms of this Agreement. The herd shall be so divided that Second Party shall be able to select a whole number of dairy cows from each of three groups; the odd fraction of a cow, if any, to come from the fourth group, and settlement thereon made as provided in Section (5) (a) below.
- (b) In the division and selection of all other cattle (exclusive of the grown heifers) and of the hogs, such animals shall be grouped ~~into~~ according to their classification as classified in Sections (3) and (4) above. Second Party shall then select one animal from a group, and then First Parties or their agent shall select two animals from that group; then Second Party shall select one animal from that group; then First Parties or their agent shall select ~~two~~ animals from that group, and so on until the proper allocation from that group has been entirely made. Then the next group shall be selected the same way and so on until the proper allocation from all the groups has been made. In the selection of calves under six months old, the parties shall be entitled to select as their respective share only that number of bull and heifer calves as bear the same proportion as such class of such animals bear to the whole group.
- (c) In the division and selection of the chickens and the grown heifers, First Parties or their agent shall select one animal from a group and then Second Party shall select two such animals from that group; then First Parties or their agent shall select one animal from that group; then Second Party shall select two animals from that group, and so on until the proper allocation from that group has been entirely made.
- (d) In the division and selection of work horses, Second Party shall select whatever such work horses he desires from all the work horses now on the premises, but six work horses shall be left for First Parties. The selection of the work horses to be retained by Second Party shall be made at a time when First Parties or their agent so designates. First Parties or their agent may receive possession of the six work horses or any of them allocated to them at any time between the date of this Agreement and March 1, 1947. When First Parties receive any such work horse, First Parties shall at that time give Second Party a receipt for the same, and upon termination of the lease or vacation of the premises, Second Party shall then be required to leave only that number of work horses which, together with the receipts for work horses already allocated to First Parties, shall total six.

After division of horses and in case of death of any of First Parties' horses from sickness or accident, First Parties are to receive all salvage price thereof and are to give Second Party a receipt for any such horses.

- (e) It is agreed that the division of the cattle shall be made sometime between February 21, 1947, and February 26, 1947, inclusive; and that Second Party shall have the right to remove from the premises any of the cattle allocated to him whenever he desires after such allocation has been made, provided, however, that all the animals of every classification allocated to Second Party are removed by March 1, 1947, and, further provided, that no producing dairy cows are removed until all the other animals have been removed.
- (f) In case a division results in either Party receiving a fraction of a whole animal, settlement shall be made by Second Party then selecting any one of the remaining animals in the group and placing a fair price thereon. First Parties of their agent shall then have the option of either retaining the animal and paying Second Party his proportionate share of the fair price for the same or releasing the animal to Second Party and receiving from him First Parties' proportionate share of the fair price for the same.
- (g) It is further agreed that Second Party shall receive two thirds and First Parties one-third of the sale price of any cattle or hogs (exclusive of the herd bull) that may be sold subsequent to January 31, 1947. No such sale, however, shall be made without consent of both Parties.

(6) Second Party agrees that he will leave twenty-seven acres of corn stubble fall plowed, and that at the time of vacating he will leave the premises and all structures, fixtures, fences, and improvements thereon in good condition and repair, and that all livestock and personal property of First Parties will also be left in good condition. Second Party further agrees that all buildings on the premises will be left in a clean and orderly condition, particularly with regard to refuse in and about the buildings and with regard to the storage of screens and storm windows not fastened to the buildings.

(7) It is agreed between the parties that First Parties shall retain the water system in the house now occupied by Second Party and the wall coverings in the house now occupied by ALFRED WATRIN, and that First Parties shall pay Second Party therefor as provided in Section 9 below. Second Party shall take with him the kitchen cabinet in the house now occupied by him and shall also take with him the two brooder houses on

skids. It is further agreed that Second Party may remove prior to March 1, 1947, ~~ten~~^{twenty} sled loads of fresh cut poplar logs suitable for stove wood, no log however, to exceed twelve inches at the butt in diameter. Second Party may also remove not to exceed ~~ten~~^{five} wagon loads of dry stove wood now on the premises cut by Second Party in 1945 and 1946.

(8) First Parties and/or their agents or representatives shall have the right to enter upon the premises at any time for the purpose of fall plowing certain designated areas, namely, the McKay Field, the Scoogan forty, and such other fields as Second Party and First Parties or their agents or representatives may agree upon. First Parties and/or their agents or representatives may enter upon the premises at any time for the purpose of logging operations, and the storage on the premises of any logs cut by virtue thereof in a manner not to interrupt the farming activities of Second Party.

(9) First Parties agree to pay Second Party at the time when Second Party vacates the premises the sum of Two Hundred Eighty-seven and 08/100 Dollars (\$287.08) for the cost of additions and improvements heretofore expended by Second Party on the houses, barns, and other structures on the premises. An itemized list of such articles and the cost thereof is attached hereto, made a part hereof, and marked Exhibit "A". It is agreed that all of such articles shall belong to First Parties.

(10) The parties agree that any money received by Second Party from the government under the Government Soil Control Program for the period up to March 1, 1947, shall be divided equally between First Parties and Second Party, and that even though such moneys may not be actually received by the Second Party until several months after March 1, 1947, First Parties will receive their just share at the time payment thereof is made by the government to Second Party.

(11) Except as this Agreement specifically alters the terms of the Lease Contract heretofore mentioned under which Second Party and his family now occupy and farm the premises, the terms and conditions and covenants of that Lease Contract remain effective and binding on the Parties hereto.

Sanctus Sanctus Sanctus

Association of Perpetual Adoration of the Most Blessed Sacrament

at the
Benedictine Convent of Perpetual Adoration
Clyde Missouri and Its Branch Houses.

This Certifies that

Marguerite Muller Schwyzer

has been enrolled as a privileged member in perpetuity, and participates in the following spiritual works: —

1. The unceasing Adoration of the Most Blessed Sacrament, exposed in the chapel of the motherhouse at Clyde, Missouri and those of its branch-houses.
2. The holy Sacrifice of the Mass, daily celebrated in each of the Adoration chapels, which, with the exception of about once a week, is offered up by all the Sisters for the members.
3. A daily remembrance at Holy Communion by the Sisters (over 250 in number), who present to the Heavenly Father His Divine Son in behalf of all the members, and, closely united with the Divine Mediator, plead for their intentions.
4. One or more special Holy Masses said daily.
5. Benediction of the Most Blessed Sacrament, given twice daily in each of the Adoration chapels.
6. The Canonical Hours of the Divine Office, the official and powerful prayer of Holy Church, daily recited or sung by the Sisters in each of the Adoration chapels.
7. Numerous other daily prayers and good works of the Benedictine Sisters of Perpetual Adoration.

As an added privilege, the name of the above member is inscribed in the GOLDEN BOOK which is constantly kept by the altar of Exposition at the motherhouse at Clyde, Missouri.

Congregation of the Benedictine Sisters
of Perpetual Adoration

Date *October 14, 1946*

Perpetual Adoration of the Most Blessed Sacrament

HE Holy Eucharist is not intended exclusively for one's personal piety. It is intended to give life to society, life to the whole world. It is the whole of the infinite love, the whole of the boundless power, the whole of the goodness of God. In this Divine Sacrament, **Jesus Himself acts as our Mediator with the Heavenly Father.** He prays, He intercedes, He pleads for us with Divine Justice, that it may be appeased; with Divine Mercy, that it may be lenient; with Divine Liberality, that it may shed its gifts abundantly. **United with the prayer of Jesus, offered in His Name and by His merits, how powerful and efficacious must be the prayer of perpetual adoration offered before His Eucharistic Throne!**

The privilege of participating in such unceasing prayer is a source of untold consolation to devout persons. For, what could be more consoling, amid the trials and temptations of life, than to know that we and our loved ones are remembered constantly before the most powerful throne of grace on earth — the Most Blessed Sacrament exposed — a remembrance which will continue after we shall have passed the portals of eternity? No less consoling is the thought that uninterrupted prayer rises to the throne of God for deceased parents or children, relatives or friends, to hasten their release from purgatory and to bring them alleviation in their pains.

This privilege, besides the many other spiritual benefits enumerated on the reverse side of this certificate, is granted to the departed souls and living persons who are enrolled as privileged members in the Association of Perpetual Adoration.

Conditions for Enrollment

To participate in these benefits, the name of the person (living or deceased) must be entered in the register of the Association of the Perpetual Adoration at the motherhouse at Clyde, Missouri. As no dowry is required from members who join the Congregation, and the Sisters support themselves by their own labors, they must depend upon the charity of kind benefactors to assist them in maintaining the service of Perpetual Adoration. Persons, therefore, who desire to participate in all the spiritual benefits of the Association are kindly asked to make a minimum offering of ten dollars.

Family enrollment: Families consisting of more than five members may be enrolled as privileged participants by having the names of the members registered and making an offering of fifty dollars.

The Golden Book: THE GOLDEN BOOK is a beautiful volume, specially prepared, in which the names of special benefactors and privileged members are inscribed. It rests near the monstrance on the altar of Exposition in our sanctuary of Perpetual Adoration.

The Perpetual Adoration was established in the Benedictine Convent at Clyde, Missouri in 1875, and the Association has had the approbation of the Most Reverend Bishops of St. Joseph since 1879.

With approbation of
Most Rev. Charles Hubert LeBlond, D.D.
Bishop of St. Joseph

CONSULTATIONS BY APPOINTMENT
TELEPHONE, CAPITOL 4300

July 8, 1947.

Dr. Marguerite Schwyzer,
Bellevue Hospital,
27th St. and First Ave.,
New York 16, N. Y.

Dear Dr. Schwyzer:

It was fun hearing from you. I know just how you feel about Bellevue because of course I worked there one year myself. It is all right as a Resident, when one is more self reliant. It is probably less good for an Internship, I think.

You ask whether you can use my name with Dr. Amberson. Of course I shall be delighted to write to him. I get the impression that you do not want me to write until he asks me, because, as you put it, "one to whom he may write for information about me". Under the circumstances, I will not write until I hear from him or from you. You can be sure of an enthusiastic recommendation from me.

Good luck to you and don't spend too much time doing Residency work.

Yours,

Joseph C. Aub
Joseph C. Aub, M.D.

Bellevue Hospital - Chest Service
27th Street and First Avenue
New York 16, New York

Dear Marguerite:

Thanks for your newsy letter. Our lives have been enriched by your stay with us, and we hope you will come again.

I am sending a note to Doctor Amberson, which I hope will bring results.

Please keep me posted on your doings, and with very best wishes, I am

Sincerely yours,

Wm. J. Kerr, M. D.
Professor of Medicine

WJK/hw

123 ARMORY STREET
NEW HAVEN, CONNECTICUT

Aug 5/1947

Dear Dr. Schwyzer.

Just a note to tell
you how very much I appreciate
your thoughtfulness in
coming in to see me and
in making a contribution
to the museum and teaching
file of the department.

A teacher can receive no
greater compliment than a
return visit from a former
student. I am deeply
touched and very happy to
have received such a nice
compliment from you.

My very best wishes for your
continued success.

Sincerely yours.

Hugh Wilson.

5 November 47

Dear Magnifico, [Zurich]

Just a note on my progress.

as I have just become by common consent the greatest chest surgeon in the world, I have now been relegated to the terrestrial extremity of the alimentary canal, there to blossom 'mid the well nourished skin tags. I haven't yet had occasion to look up your acquaintances at the General, as we have two evenings of meetings, one at the City, & house hunting as well. But I'll stop over when I get a chance.

I had a Smith graduate as a patient recently, who lived in Zurich for a year to study & just returned. There she learned a damn good Swiss & also became engaged to a medical student.

I got more homesick hearing her tell of the things she did & saw than Ma. Perhaps it is because medical students enamoured of "rieche Amerikanerine" have more diverting past times than Aunt Clara.

However, that risk meant as a
disparagement to her, or any relatives
there, all of whom I most urgently
request you to greet warmly for me.

While you are there I want you
to buy something for me, a glass
ball watch to pin on a dress,
for me to give Margee on your return.
Dina didn't get it because they
didn't have any as expensive as I
wanted to pay. Well, I can
readjust myself to such a new
concept, & suggest a watch between
Fr 150 & Fr 750. I think they
are about Fr 200. I'll pay you when
you return, if you like (1). If you
can send it air mail, do so so
it gets here for Xmas. I'll stand
duty & postage & insurance, if not
over an additional \$7.50.

also Fränlein Be sure to greet everyone for me,
7 ^{Krieg} ~~Spalinger~~, Schweizer, Kengzellers, Brandli,
Yost, etc. etc. Can you get Heidi an
edelweiss necklace for me too? Love
[D.R. Harris Schweitzer, Boston] Harris

12 Dec 47

Dear Marguerite, [DR. Marguerite Schwyzger]
[% Dr. Paul Spalinger, Zurich]

Merry Christmas! Hope this

reaches you in time, and I assume you'll
stop by Spalinger's on your way out.

I have a present for you
too. I won't send it though, as you would
need it at Bellevue as far as I can
guess, but if you want it then, let
me know & I'll send it down at once.

The gift is a 10 volume set of
Dice's medicine. I got it in school
but find I use it less & less as I
do more & more surgery, only. Please
accept it as not too romantic, but
something which I believe you can use
to much better advantage than I, and
will look swell in your library.

I sure had a good time with
Fred de Winter here. Everybody liked him,

too. Unfortunately he left the day of the
formal banquet of the Military Surgeons,
or he'd have been made an honorary
member & presented a medal & certificate
thereof. Hope he comes to St. Paul Xmas.

We have a nice house 1/2 hour
drive from the clinic, out in the very classy
& lovely suburb of South Lincoln. Come
to see us some time.

Marge is coming back with me
on New Years. We have rented our house to
a bachelor who rented the one next door
last spring & summer, a very nice guy.
This one is complete with library & dishes
& fire place wood.

Again give my very best to everyone
in Xmas greetings & general, "hello".
And Holiday Good Wishes to you!

Love
Hans

[Hannel Schwyger, M.D.
South Lincoln, Mass.]
