

LANDMARK CENTER

ANTICIPATED PROGRAMMING FOR 2019

In its agreement with Minnesota Landmarks, the managing arm of Landmark Center, Ramsey County requests that its nonprofit tenants provide public programming, as programming-in-lieu-of-rent, free or low cost events (defined by the Minnesota Landmarks Board as under \$10 per person) for the enjoyment of Ramsey County residents. The nonprofit tenant organizations, along with Minnesota Landmarks, contribute low-cost programs and services.

*Events that are considered "public programming" must be advertised and promoted to the general public. Please remember that the following are **not** considered public programming by the Board of Minnesota Landmarks and do not fulfill lease programming requirements:*

- *Fundraisers, Conferences, or private workshops*
- *Private events or lessons*
- *Auditions*
- *Events not taking place within Landmark Center*

Please list programs you plan to complete during 2019 and the anticipated date for the event (*add additional sheets as necessary*):

<u>Event</u>	<u>Description of Event / Date of Event</u>
1. <u>Voices of Angels: Music, Manuscripts, Monasteries, and Archives</u>	<u>April 2</u>

Join Artistic Director Jordan Sramek on a journey to locate musical manuscripts from ancient Italian, Benedictine monasteries. Who were the men and women who composed this music? What do the manuscripts look like and how in the world do you read them? What stories do they reveal? And how do we move from ancient manuscripts to performances that tell a story for today? Free and open to the public.

Would you like to collaborate with Minnesota Landmarks on one of these or another program?

No thank you
(Please note which programs, and our staff will contact you to discuss opportunities.)

Key Programming Contact for Organization: Holly Hearon
