J. M. SWORDS, Proprietor.

VICKSBURG, MISS. THURSDAY, JULY 2, 1863.

Mrs. Cisco was instantly killed on Monday, on Jackson road. Mrs. Cisco's husband is now in Virginia, a member of Moody's artillery, and the death of such a loving, affectionate and dutiful wife will be a loss to him irreparable.

We are indebted to Major Gillespie for a steak of Confederate beef alias meat. We have tried it, and can assure our friends that if it is rendered necessary, they need have no scruples at eating the meat. It is sweet, savory and tender, and so long as we have a mule left we are satisfied our soldiers will be content to subsist on it.

Jerre Askew, one of our most esteemed merchant-citizens, was wounded at the works in the rear of our city a few days since, and breathed his last on Monday. Mr. Askew was a young man of strict integrity, great industry, and an honor to his family and friends. He was a member of Cowan's artillery, and by the strict discharge of his duties and his obliging disposition, won the confidence and the esteem of his entire command. May the blow his family have sustained be mitigated by Him who doeth all things well.

Grant's forces did a little firing on Tuesday afternoon, but the balance of that Jay was comparatively quiet. Yesterday morning they were very still, and continued so until early in the afternoon, when they sprung a mine on the left of our centre, and opened fire along the line for some distance. We have not been able to ascertain anything definitely as to our loss, but as our officers were on the lookout for this move of the enemy, the expectations of the Yankees were not realized by a great deal.

Among many good deeds we here spoken of with pride by our citizens, we cannot Terror reigns in their halls. Lee is to the refrain from mentioning the case of Mr. F. left of them, to the right of them, in Kiser. This gentleman, having more corn front of them, and all around them, than he thought was necessary to last him and daily do we expect to hear of his during the siege of this place, portioned off what would do him for the brief interval and Algela more put out by the mobile raids that will ensue before the arrival of succor of Ab Del Kader than are the Federals of to our garrison, and since that time has Maryland, Washington City, Pennsylvania relieved the wants of many families free of and Ohio by the mercureal movements of charge! May he live long and prosper, and Lee's cavalry. Like Paddy's flea are they his name be handed down to posterity when to the Federals—now they have got them the siege of Vicksburg is written, as one in whose breast "milk of human kindness" had of our troops, and they; throwing dust in

Porter is enjoying a season of rest, and his men are doubtless obliged to him for his kind consideration for their welfare. On Tuesday he fired a few shells from his parrots, and kept his men tolerbly busy sharpshooting across the river, with no other result than might be expected. The mortars have not been used for nearly forty eight hours. Poor fool, he might as well give up the vain aspiration he entertains of eapturing our city or extermination of our people, and return to his master to receive his reward such a reward as a gasconading dolt will meet at the hands of the unapreciating government at Washington.

DEATH OF LIEUT.-COL. GRIFFIN. —General Smith's impetuous division seems singularly unfortunate. He has lost many gallant men whose valor and worth the siege has fully developed, and whose deathis a sad calamity. Lieut.-Col. Griffin, commanding the 31st Louisiana regiment, was killed on Saturday. He was a popular and efficient officer. Gifted by nature with undaunted courage, indomitable resolution and energy he was also possessed of quick determination keen glance and coolness in darger, which are the most essential qualities of an officer while by his mingled firmness and elemency of his conduct, he won the confidence and

present necessity of our citizens would do so. It is needless to attempt to disguise from the enemy or our own people that our wants are great, but still we can conscientiously assert our belief that there is plenty within our lines, by an exercise of prudence to last until long after succor reaches us. We are satisfied there are numerous persons within our city who have breadstuffs secreted, and are doling it out, at the most exorbitant figures, to those who had not the foresight or means at their command to provide for the exigency now upon us. A rumor has reached us that parties in our city have been, and are now, selling flour at five dollars per pound! molasses at ten dollars per gallon! and corn at ten dollars per bushel! We have not as yet proved the fact upon the parties accused, but this allusion to the subject may induce some of our citizens to ascertain whether such prices have been paid, and to whom; and if so, let a brand not only be placed on their brow, but let it be seered into their very brain, that humanity may scorn and shun them as they would the portals of hell itself.

Good News.—In devoting a large portion of space this morning to Federal inteligence, copied from the Memphis Bulletin of the 26th, it should be remembered that the news in the original truth, is whitewashed by the Federal Provost Marshal, who desires to hood-wink the poor Northern white slaves. The former editors of the Bulletin being rather pro-southern men, were arrested for speaking the truth when truth was unwelcome to Yankeedom, and placed in the chain-gaing working at Warrenton, where they now are. This paper at present is in duress, and edited by a pink-nosed, slab-sided, toad-eating Yankee, who is a linial descendant of Judas Iscariot, and a brother germain of the greatest Puritanical sycophantic, howling scoundrel unhung-Parson Brownlow. Yet, with such a character, this paper cannot cloak the fact that Gen. Rob't E. Lee has given Hooker, Milroy & Co., one of the best and soundest whippings on record, and that the "galorous Union" is now so exceedingly weak in the

Gen'l Robt. E. Lee Again.

Again we have reliable news from the gallant corps of Gen. Lee in Virginia. Elated with success, encouraged by a series of brilliant victories, marching to and crossing the Rappahannock, defeating Hooker's right wing and thence through the Shenandoah Valley, driving Milroy from Winchester and capturing 6000 of his men and a large amount of valuable stores of all descriptions, re-entering Maryland, holding Hagenstown, threatening Washington City, and within a few miles of Baltimore onward and upward their war cry-our brave men under Lee are striking terror to the heart of all Yankeedom. Like the Scottish chieftain's braves, Lee's men are springing up from moor and brake, crag and dale, with flashing steel and sturdy arm, ready to do or die in the great cause of national independence, right and honor. To-day the Mongrel administration of Lincoln, like Japhet, are in search of a father, for their old Abe has departed for parts unknown. being down on them. Never were the French and now they haven't. The omnipresence the eyes, are rather on the heels of the panic-stricken Federals in Maryland and Penn. sylvania, clearly prove that Lee just now is the right man in the right place.

We lay before our readers in this issue an account of Lee's brilliant and successful onslaught upon the abolition hordes, and shows e'en from their record, how our gallant boys of the cavalry fleshed their swords to the hilt with their vaunting foe, and how each musket of our infantry has told its fatal leaden tale.

To-day Maryland is ours, tomorrow Pennsylvania will be, and the next day Ohionow midway, like Mahommed's coffin-will

Success and glory to our arms! God and right are with us.

We have heretofore refrained from alluding to a matter which has been a source of extreme annoyance and loss to our citizens. We refer to the lax discipline of some of our Com. officers in allowing their men to prowl around, day and night, and purloin fruit, vegetables, chickens, etc., from our denizens, and in the majority of cases from those whose chief subsistence is derived therefrom, this charge is not confined solely to those at the works, but it is equally, if not mainly, attributable to the wagoners good will of his men. May the soft south winus murmur sweet requiems o'er his manes, and the twilight dews fall gently like an angel's teardrop and moisten his turfy bed.

All and others have come to our knowledge wherein the offenders have, in open'daylight, entered premises, seized cattle and other things, and defied the owners to their teeth. We are pained to learn that an esteemed citizen of our Vicksburg, Wm. Potterfield, was under the necessity, in protecting his property, to wound one soldier and deprive another of his life. We fully appreciate the fatigue, hardships and privations to which our men and others in charge of animals. Several of his life. We fully appreciate the fatigue, hardships and privations to which our men are subjected, but upon inquiry it may be ascertained that our city is second to none to contributing to the welfare of those gallant spirits who risk their life and limb for the achievement of an end which will make us one of the most honored people of the earth, and such conduct of which we complain is but base ingratitude. A soldier has his honor as much at stake as when a civilian; then let him preserve his good name and reputation with the same jenlous care as before he entered his country's ranks. and reputation with the same jealous care as before he entered his country's ranks. But so long as this end is lost sight of, so long may we expect to chronicle scenes of bloodshed among those of our people. We make this public exposure, mortifying as it is to us, with a hope that a salutary improvement in matters will be made by our military authorities.

On Dir.—That the great Ulysses—the Yankee Generalissimo, surnamed Grant-has expresed his intention of dining in Vicksburg on Sunday next, and celebrating the fourth of July by a grand dinner and so fourth. When asked if he would invite Gen. Jo. Johnson to join he said "No! for fear there would be a row at the table." Ulysses must get into the city before he dines in it. The way to cook a rabit is "first catch the rabit." &c.

Yankee News from all Points.

Philadelphia, June 21, 2:30 a.m.—The following is all the news of interest in the Washington Star:

Major Bazell. of the United States volun-Major Bazell. of the United States volunteers, received inteligence from Fayette Co. Penn., that the rebels in heavy force were advancing on Pittsburg via the National road leading from Cumberland across the Alleghany Mountains. Their pickets have reached Grantsville, Md., thirty-eight miles from Uniontown, Fayette county, Penn., on Wednesday evening last.

It is reported in Washington to-day that two members of Hooker's staff were gobbled up by guerrillas last night in the vicinity of Fairfax.

HARRISBURGH, June 20.—Operations were commenced on our side to-day by a portion of a New York cavalry regiment, capturing twenty rebel prisoners at McConnelsburgh, in Fulton county.

Col. Lawrence, with a portion of the 127th Pennsylvania regiment, (mounted) captured a squad of rebels who were maurading on this side of the river.

We hold Chambersburg and the citizens are arming and fortifying the city. Gen. Couch had ordered that the place be held. The Fortifications opposite this city are finished and are considered impregnable.

The rebels are known to be 8000 strong at Hagerstown and Williamsport.

The rebels hold the north bank of the Potomac river, from Cumberland to Harper's Ferry. Gen. Kelly drove them out of Cumberland, and when they left they threatened to return and furnish themselves with horses and forage. The rebels have done an immense amount of damage.

It is thought Gen. Rhodes is opposite Williamsport; with 20,000 men. The rebel Gen. Imboden is reported as advancing, but this is considered doubtful.

Frederick, Md., June 20.—The enemy's savalry left Boonsboro last evening, after apturing a number of horses, and returned to Hagerstown yesterday.

Six thousand infantry are reported to have crossed at Williamsport. It is not believed that they will visit Frederick.

The enemy has nearly 6,000 infantry this side of the Potomac, under Gen. Rhodes. Two regiments of infantry and a squad of cavalry are at Sharpsburg, and the remainder are encamped between Williamsport and Hagerstown. No artillery has been sent over, nor have any troops crossed since yesterday morning.

Gen. Ewell has left Williamsport and gone Gen. Ewell has left Williamsport and gone to the main body of his command, stationed at Charlestown. Lee's army is not known to be within supporting distance of Ewell, and it is very probable that the force now in Maryland will not penetrate further north. The cavalry force numbers about tweve hundred under Jenkins.

The party which first advanced upon Greencastle and Chambersburgh numbered only six hundred and fifty.

only six hundred and fifty.

Washington, June 22—The Richmond Dispatch of the 21st contains the following: "Dispatches received yesterday from Savannah announce the capture by the enemy of the Confederate ironclad steamer Fingal, commanded by Capt. Webb, of Atlanta. Another steamer outside the harbor was attacked and captured after an action of thirty minutes, by the two Federal ironclads.

Richmond papers of the 20th say that the city of Darien, Georgia, was burned by the Federals on the 11th inst., and is now one plain of ashes and blackened chimneys. Seven Federal ironclabs were at Brunswick, Georgia, and large forces had landed from transports. Vallandigham has run the blockade from Wilmington. He is going to Nassau and thence to Canada.

Washington, June 21.—A Harrisburg, Penn. dispatch to the Herald states that Jenkins passed through Greencastle last evening with 700 mounted infantry, in the direction of Waynesboro. The rebels are reported to have sixteen pieces of artillery with their large force. They occupy the south bank of the Potomac, between Cumberland and Harper's Ferry. Rhodes has 20,000 men at Williamsport.

The opinion in official circles at Harrisburg is that the rebels have serious designs on Baltimore. Their movements indicate this, and fears are entertained for the safety of that city. Three hundred rebel cavalry fired Mercersberg in several places.

A Chambersberg dispatch says the rebels A Chambersberg dispatch says the rebels are scouring the country for horses, and have got about 2000 head of cattle and 2000 horses. They are reported near Waynesboro and Gettysburg. Jenkins left Greencastle to night with eight days rations on a foraging expidition. on a foraging expidition.

HARRISBURG, June 21-A dispatch received here last evening, states that a rebel cavalry force is within eight miles of Gettysburgh, and had crossed South Mountain, evidently advancing to the Northern Central Railroad. An ample force is prepared to resist the attack. to resist the attack.

New York, June 21.—A Harrisburg dispatch to-night contains the following patch to-night contains the following: The rebels are reported 40,000 strong at Hagerstown and fortifying. Milroy's head quarters are still at Bloody Run. Troops here are expecting marching orders immediately. It is feared Ewell is in Williamsport, but opinion here is that he is not at that point unless Lee is about to cross below. Heavy rains may have raised the Potomac and hurried him off.

Gov. Cortin to-night received a dispatch from Chambersburg, stating that Jenkins had arrived at Waynesboro and had thrown out pickets five miles this side, but withdrew them this morning. There is no information at Waynesboro of rebel infantry a Hagerstown. Jenkins has been plundering horses in the mountains. General Couch received a dispatch to-night confirming the report of rebel cavalry at Gettysburg.

Baltimore, June 21, 8 p. m.—Latest advices from Plain No. 4, say that heavy firing has been heard there at intervals during the day.

BALTIMORE, June 21,—The rebels made their appearance at Frederick yesterday evening, and about 7 o'clock a body of cavalry reached Monocacy bridge, four miles this side of Frederick. The rebels paroled all the sick in the hospital and every Government employee. They searched the stables for horses, seizing all marked U.S. A very large force of rebel infantry, cavalry and artillery, crossed at Antietam during yesterday. from 40,000 to 50,000, but pickets report them at 25,800. Earthworks are being erected around the west and north sides of Baltimore, thus completing the chain of fortifications. Barricades are being erected within the city, extending from the high ground on the east to the south-western extremity of the city. These will be defended by Union League men, and being armed by Gen. Shenck. The Union men are confident that the rebels will not be so rash as to attempt a raid in that direction. The disloyal among us are evidently uneasy, and begin to realize that any hostile mouement against Baltimore might result disastrously among themselves.

to realize that any hostile mouement against Baltimore might result disastrously among themselves.

A Herald's special from Monocacy Station Md., the 21st, says: About 4 o'clock P. M., Major Cole, of the 1st Maryland cavalry, made a gallant dash into Frederick, with forty men driving out the enemy, killing two and capturing one. No loss on our side. Our cavalry passed through the city, and immediately after about 1,500 rebel cavalry re-occupied the town.

Rebel cavalry entered Frederick yesterday P. M., about 6 o'clock, and dashed furiously through the city, capturing nine of our men on duty at the signal station, and paroled the invalid soldiers, numbering about sixty in the hospital. A number of horses were seized. Secession flags were displayed at the Central Hotel, and some citizens collected there to welcome the rebels. A majority of the population evinced no pleasure at the visit. The ladies were exceedingly expressive in their demonstration of disgust, and showered words of sympathy upon our prisoners as they passed through the town. The party which entered the city did not aumber over twenty, and many of these seemed to be intoxicated, as they reeled in their saddles. Pickets were stationed on the outside of town. No one was allowed to leave until about midnight, when the cavalry all left, going toward Middletown. This morning they entered the city again, and established pickets in the outskirts. The telegraph poles were cut down and the wires destroyed. There was supposed to be about thirty rebels in the city this P. M. The enemy nas no force between Frederick and Boonesboro except a small cavalry camp at Middletown. No attempt has been made to destroy the bridges over Monocacy river, although the enemy came down last night within a few rods of the junction.

The rebels are reported to be fortifying to Williamsport about 6,000 infantry, A squadron of cavalry could undoubtedly capture the entire force this side of South Mountain.

Mid the din and clash of arms the screech of shells and whistle of bullets, which are a continual feature in the status of our beleaguered city, incidents of happiness often arise to vary in a cheery way the Phases of so stern a scene. On the evening of the 20th ult., with gaity, and good feeling, at a prominent Hospital of this city, through the ministerial offices of a chaplain of a gallant regiment, Charles Royal, Prince Imperial of Ethiopia, of the Berberego family, espoused the lovely and accomplished Rosa Glass. VICTIMIZED.—We learned of an instance herein a "night of the quill" and a "disciple of the black art," with malice in their hearts and vengence in their eyes, ruthlessly put a period to the existence of a venerable feline that has for time, not within the recollection of the "oldest inhabitant," faithfully discharged the duties to be expected of him to the terror of sundry vermin in this neighborhood. Poor defunct Thomas was the prepared. prepared, not for the grave, but the pot, and several friends invited to partake of a nice rabbit. The "sold" assure us that the meat was delicious, and that pussy must look out for her safety.

The Federal General McClernand until recently outside the rear of our city has been superseded. He and Grant could not run in the same harness.—He was for splurging and Grant for gassing, both got the loggerheads. So poor Mac. had to leave. Grant has all his own way.

The Yanks outside our city are consiberably on the sick list. Fever, dysentry and disgust are their companions, and Grant is their master. The boys are deserting daily and are crosing the river in the region of Warrenton, cussing Grant and abolitionists generally. The boys are down upon the earth delving, the burrowing, the bad water and the hot weather.

GONE OUT.—The National Intelengencer of Washington has closed its long career in a suspension and a sale of its effects at auction.—It has been highly respectable and very mischievous in its day and generation. An old union prop falls with it. If we had the writing of its epitaph we should say, "Old Grimes is dead."

NOTE.

JULY 4th, 1863. Two days bring about great changes. The banner of the Union floats over Vicksburg. Gen. Grant has "eaught the rabit;" he has dined in Vicksburg, and he did bring his dinner with him. The "Citizen" lives to see it. For the last time it appears on "Wall Paper." No more will it eulogise the luxury of mule meat and fricassed kitten-urge Southern warriors to such diet never more: This is the last wall-paper citizen, and is, excepting this note, from the types as we found them.
