TER

SOTA

RISON

Useful Memoranda.

Prior to April 24, 1889, the following was the diminution allowed by law for Good Conduct.

1st Month 2 Days; 2d Month 4 Days; 3d Month & thereafter 6 Days.

On and after April 24, 1889, the present law governing Good Time allowance went into effect.

Commencement of Sentences.

All prisoners who arrived here prior to February 1, 1891, (date of Warden Gavin's administration), are entitled to the benefits of the custom that was in vogue up to that date, i. e., Sentence to commence from date of sentence. The sentences of prisoners received on and after that date will commence from date of arrival at the prison. (Ruling of Warden Wolfer).

(Re opinion of the Attorney General, dated November 4, 1891.)

Two or more separate Convictions.

In the case of persons sentenced upon two or more separate convictions it is the intention "to treat the entire term which the sentences cover as an entirety." (Attorney Generals opinion August 29, 1889.)

United States Prisoners.

Sentences of prisoners from the U. S. Civil District Courts commence from date specified in the Commitment. If no date is specified then from date of arrival at prison.

In the matter of U. S. Military prisoners it is decided by the Judge Advocate General of the Army "that the term of confinement by sentence of General Court Martial commences at the date of the order publishing the sentence".

Addenda.

Good time to be computed at the outset for the entire period of sentence - not as earned from month to month. (Attorney General June 21, 1889).

Good Conduct Earnings, or per diem compensation, to begin on date of arrival.

Persons sentenced by the U. S. District Courts to a term of imprisonment and to pay a fine: Should not be released at the expiration of the period of the term for which he was sentenced, but should be retained in custody until he shall have paid the fine so imposed, or availed himself of the provisions of the federal law in such cases provided. (Attorney General's opinion Jany. 19, '93)
