-- This Old House --

(as we have found it)

LAND

The land upon which our red brick house stands was homesteaded by Andrew Anderson, Sr. on July 1st, 1871. He had filed a pre-emption declaration on Oct. 29, 1856 and became a U.S. citizen on May 18, 1871. He and his wife Sara, and two children, Elias and Mary, had inhabited Lots 4 & 5, Section 18 and Lot 1 of Section 19 in Township 105 of Range 27 since December 13, 1864. The patent obtained was for 155 acres.

1ST HOUSE

Andrew ploughed and fenced about 40 acres, built a frame barn (30' \times 22'), set out some fruit trees, dug two wells and built a log house (24' \times 30', 1 1/2 stories with shingle roof, 5 doors and 9 windows). This log home was occupied from 1864 until a few years later when a frame house was constructed.

2ND HOUSE (FRAME) This white frame dwelling was occupied until 1888. On May 20, 1881 Andrew deeded this land to his son, Elias for \$2000.00.

3RD HOUSE (BRICK) In 1888, Elias Anderson and his wife Martha (they were married in 1877) began construction of the red brick home that we now occupy. We have been told that Elias built the home (possibly with help from his father Andrew) out of locally made soft-red brick. It is possible that for a time there were three houses on this farm. The frame house foundation was just north of the brick house. This frame home was eventually moved (part of which is now Orin Pederson's wood shop), leaving the crumbling log house and the new brick home. An interesting side note here indicates that Benny was delivered by Dr. Gerhard Dahl from Mankato and it was Dr. Dahl's parents (Rev. and Mrs. Torger Dahl) who had lived in the log home for a time after the newer homes were built. Rev. Dahl was the first resident pastor of Jackson Lake Church, serving from 1867 to 1876.

EARLY DAYS
AROUND
THE RED
BRICK
HOUSE

After Elias Anderson's death in 1889 (from an injury while butchering a pig), Martha Anderson continued to live with her three children in this house. At that time Jackson Lake was flourishing as a recreation site. There was camping on the edge of the lake. Business people would come across the lake in boats to be with their families. Duck hunters would use Martha's barn to put up their horses while hunting on Jackson Lake. In 1913, dredging of Jackson Lake began and there was much conflict between people who had different views on this. Eventually it was possible all this activity and the fact that Martha was alone with her children caused her to decide to move to Amboy in 1917 and rent out her farm. Her unmarried brother, Simon, lived with her in town as well as the last few years on the farm. The three children eventually became the heirs and owners of the Anderson farm which had grown in size during the 1920's with the 1917 draining of Jackson Lake. Son Elmer went into education and became the Superintendent of Schools in Mankato. Son Edwin developed his own farm just south of where he grew up. That farm is now the Chet Haroldson farm just across Highway 30. Daughter Selma married Oscar Pederson and they farmed just two miles north where Orin and Elta Pederson live today. Oscar and Selma had four children, Bennett, Mildred, Orla and Orin. Orla died as a young girl of leukemia.

NEW FAMILIES As Martha moved from the farm, a series of rental arrangements brought different families to the red brick house. From what can be determined, the Halvor Olson family lived here from 1918 to 1933. They were followed by the Albert Fullers for 1-2 years. In 1935, John and Mickey Smith moved their young family to this farm home. The initials of the Smith children were scratched in the soft bricks right under the present kitchen window. (Nona can find her first cousin's initials as she turns on the water for lawn sprinkling.) During 1923-24, a new barn was built. The horse and carriage stepping stone was no longer being used in the front of the house. It was discarded with the onset of automobiles driving up the lane. Today the old stepping stone sits next to the front step as a conversation piece. Trees were also planted around the home site. Many were planted by Edwin Anderson. He was proud of them and one of his red cedar trees still stands by our home.

PEDERSON RESIDENCE In 1936, Bennett Pederson (son of Oscar and Selma Anderson Pederson) began to work the Jackson Lake farm. He moved his belongings and his newly acquired bride (Emma Boesch Pederson) to the red brick house and together they made it their home for the next 43 years. They rented for a number of years from his two uncles and his mother Selma.

COMFORTS ADDED In 1936, a porch was added to the south side of the house that enclosed the previously open-pillared area. Electricity came in 1940 and in 1947 a new basement was dug out under the bricks. This brought a cement floor and running water. (The outdoor two-holer and its spiders, wren nests and catalogs were a thing of the past.)

HOME GOES THROUGH SERIES OF OVERHAULS Bennett and Emma soon were itching to acquire the farm. In 1952, the 338 acres and the red brick home were purchased. As the four Pederson children (Benny, Becky, Beth and Brenda) were growing up, the house was remodeled a number of times. In 1957, a major change brought new windows to the kitchen and downstairs bedroom (now our T.V. room). The attached garage was added in 1967.

NEW KIDS ON THE BLOCK In 1979, Bennett and Emma retired from farming and built their new home in the oaks. August of 1979 saw Nona and Benny Pederson with their three children move to the proud red (with white windows) brick house. Kristin was in college but had a room to call her own and Joel and Jay claimed the big bedroom upstairs. As we moved in we also changed the house. The kitchen and entry rooms were made one large "great" room with a fireplace and wood heating unit added to the room.

Our family has lived the last nine years here with comfort, solitude, and protection provided by our century-old house. It's now all-red with new windows upstairs and an aging basketball goal on the garage roof. We're proud of our house with its roots, tradition, strength, and future. May it last another century!

Families leaving memories to the Red Brick House

Note: Andrew Anderson would be the great, great, great, grandfather of Kristin, Joel and Jay.

Thanks for sharing our house birthday with us --Sunday, August 28, 1988 Ben and Nona Pederson

FROM WHOM WAS THE FARM PURCHASED? John P. and Emma Humes
HOW MANY ACRES WERE IN THE ORIGINAL PARCEL? 80
WHAT WAS THE COST OF LAND PER ACRE?\$5.00
WHERE WAS THE FIRST FAMILY OWNER BORN? Wallern "Bohm" Austria
DID HE/SHE ENGAGE IN ANY TRADES OR OCCUPATIONS OTHER THAN FARMING? Yes IF SO, PLEASE LIST Logging and Carpentry
WAS THIS A HOMESTEAD? No in 1900 Yes in 1910
IS THE ORIGINAL HOME, OR ANY PORTION OF IT, OR OTHER ORIGINAL BUILDING STILL STANDING OR IN USE? Yes The home, part of the original barn, the machine shed and the grainary.
WHEN WAS THE PRESENT HOME BUILT?Started in 1908 and finished in 1910
WHAT WERE THE FARM'S MAJOR CROPS OR PRODUCTS? Dairy, small grains and eggs.
ADDITIONAL COMMENTS: The land had been logged by the railroad and they took the best
of the white pines. It was wild land when Leopold bought it. He and his wife lived in
New Duluth. They traveled to Barnum by horse and carriage. They built a shack to stay
in while they cleared the land of trees and brush. Then the first shack burned down. So
they built another one to stay in while they built the house and barn. They started the
house in 1908 and finished it in 1910. Then they moved to Barnum. They built other out
buildings which most of them are being used now. They raised dairy cattle, chickens and
hogs. They had a good team of horses and made hay. They sold milk, cream and eggs.
The main road (County Rd. 6) was suspose to go in front of the farm, But because there
was a small lake between the farm and Barnum. The road was moved over to the north one mile, where there was a steep hill that was easier to fill in with horses. The old Military
Road runs thru the present farm.
A tornado went thru the farm in June 1946. They had just put a new roof on the barn, that
was 40 feet high, the day the tornado came. It took off the top part of the barn. They were
milking cows at the time and ran for the house during the eye of the tornado. The barn
was reroofed the way the tornado left it, now a one story barn. It was theonly building
that was touched.

ADDITIONAL COMMENTS: Sven and Johanna Kroon (Kron) took that last name from
their home district in Kronobergs Ian, Sweden because there were so many
Carlssons (Sven's birth name) already here. Their immagration saga parallels
that of the fictitious Karl Oskar and Kristina made famous in the novel writte
by Wilhelm Moberg, "The Immagrants". They homesteaded on the property that
borders the lake in Chisago Co. that now bears their adopted name, Kroon
Lake. Sven died when struck by lightening on their property in 1868 and
Johanna went on to raise their 6 children, two boys and 4 girls. She died
in 1927 two years after the present owner of the property was born.

ADDITIONAL COMMENTS: Peter Wicklund came to Brainerd from Kerkhoven, MN as a NP Railroad
laborer, in 1890. Anna Olson came to Brainerd with her brother in the 1890's, and was a coo
at the Windsor Hotel, where she met Peter. They married in 1899. They moved to Long Lake
Township, built living quarters in half of the grainery, built a large barn, and finally th
house. The original house is being lived in today by Russell & Kassandra Wicklund. We have
the original land deed, pictures, and Peter Wicklund's obituary; which cited the farm as
"one of the best farms in the county where all modern farming machinery is used", in 1929.
Today, the farm is a hobby farm. However, the original silo and the homestead have been
featured in The Brainerd Daily Dispatch.

Dear Mr. Brennan,

Thank you for submitting a Century Farm application. Unfortunately, your application was received too late to be included in this year's program. The deadline for this year's program was July 1.

Your application will be processed and included in the next year's program. Sometime in March, you will be receiving further information about the year 2000 program.

Once again, thank you for your application and for your interest in the Century Farm program. If you have any questions, please do not hesitate to contact me at (651) 642-2253.

Sincerely,

Ken Giannini Marketing Support Supervisor

More Kin Arrive and Settle In Spruce Hill

Summer 1887, brought newcomers to Spruce Hill who were relatives of the Andersons. Carl August Carlson sponsored his parents: Carl August Anderson(Step-father), his Mother, Clara Mathilda Olafson (oldest sister of Sophia Anderson), his brother Axel Herman, and a half-brother, 18-month old, Oscar Algot.

All four lived with Carl August Carlson. (Sometime before coming to Spruce Hill, Carl August Anderson changed his name to read Carl August Danielson -- a name kept by future generations.

Early 1888, the Danielsons bought (NW% of NE %), 80 acres of of Railroad Land in Section 15, adjacent the Carlson land, and one-quarter mile from the Andersons. Carl Danielson, himself a carpenter, neighbors and relatives, helped to raise the house in time to

occupy by winter in 1888. Axel Herman Carlson bought 80 acres: NE¼ of SE¼ and SE¼ of SE¼ in Section 15. Gust and Arthur Danielson, brothers of Carl arrived later. Both bought land in Section 15: Gust--the NW¼ of the SE¼ SW¼ of the SE¼; and Arthur the S½ of SW ¼. Later, Arthur and family moved to Canada, Gust and his wife divorced. He stayed till his death in 1935. (Carlson, unpaged [2-3].

In 1892, the second son of Clara Danielson arrived to settle in Spruce Hill.

Johan Emil bought 40 acres: SE% of NW% in Section 15.

Both Axel and Johan got "Quick Consumption" (T. B.), near epidemic stage at that time, and died. Axel willed his 80 acres to Clara Danielson. Johan willed his 40 acres to Carl A. Carlson.

"Oscar often told of a neighbor lady saying to him the day of the funeral of the 2nd one that died 'You sure don't look very good today Oscar, you probably will be the next one.' This sure didn't make my Dad feel very good, but 40-50 years later when he had a chest x-ray, there were scars on his lungs which indicated he may have had TB also. Anyhow, he survived." WHAT WERE THE FARM'S MAJOR CROPS OR PRODUCTS? Corn, Oats, Soybeans ADDITIONAL COMMENTS:
Wilhelm Schroder was born on February 9 th 1858 in Hanover, Germany. Wilhelm came to Fillmore County in Minnesota because of relatives of his mother (Kohlmeyers). Wilhelm purchased the first 80 acres of the present farm from C.W. Lovell for \$1000.00 in August of 1887. Wilhelm married Lena Stender on April 9 th , 1889. Wilhelm and Lena had 5 children Nellie, Freeman, Rose, Molly, and Fanny. Freeman Schroder was born April 10 th 1894.
 Freeman Schroder served in WWI and married Ruth Anderson on December 3rd, 1919 in Portland, Oregon. Freeman and Ruth lived and worked on the family farm and eventually bought the farm from Wilhelm Schroder. Freeman and Ruth Schroder had two sons. Freeman Jr. was born November 27th, 1920 and James W. was born July 27th, 1930.
Freeman Schroder died on April 4 th , 1931. After Freeman's death Ruth Schroder rented out the farm. Ruth Schroder and her two sons lived in Spring Valley, MN and then moved to St. Paul, MN so Freeman Jr. could attend college. Ruth Schroder worked hard to raise her two sons and keep the family farm during the depression.
James Schroder served in the Navy. While on leave he met Avis Sunde of Kenneth, MN and they were married on August 14 th , 1951. James and Avis Schroder purchased the farm from his mother Ruth Schroder Ullman in 1954. James and Avis Schroder raised corn, oats, soybeans, milked cows, sold eggs, and fed and finished holstien steers. James and Avis Schroder had five children Sandra, Vicki, Shirl, Judy and William.
James and Avis Schroder retired from farming in 1992 and began renting the farm where they still live to their daughter Shirl and her husband Tom Boelter. Tom and Shirl raise corn, soybeans, oats, and beef on the family farm. Tom and Shirl live on a farm in Chatfield Township in Fillmore County. They have four children: Michael, Joseph, Katherine and Elizabeth.

Michael Boelter is now farming with Tom and Shirl Boelter. Michael is very interested in improving the beef cow/calf operation. The Boelter's currently have registered Angus, Shorthorn, Maine Anjou, and Charolais 5:

cattle. Michael Boelter is the fifth generation to work the farm Wilhelm Schroder bought in 1887.

Any information you can add to this form will be most valuable to future historians. The questions below are only a guide. Feel free to add other data, especially family or pioneer stories concerning the farm and the area around it. This is not a requirement for Century Farm certification.

FROM WHOM WAS THE FARM PURCHASED? United States
HOW MANY ACRES WERE IN THE ORIGINAL PARCEL?160 Acres
WHAT WAS THE COST OF LAND PER ACRE?
WHERE WAS THE FIRST FAMILY OWNER BORN?
DID HE/SHE ENGAGE IN ANY TRADES OR OCCUPATIONS OTHER THAN FARMING? IF SO, PLEASE LIST
WAS THIS A HOMESTEAD?1962
IS THE ORIGINAL HOME, OR ANY PORTION OF IT, OR OTHER ORIGINAL BUILDING STILL STANDING OR IN USE? No
WHEN WAS THE PRESENT HOME BUILT? 1962
WHAT WERE THE FARM'S MAJOR CROPS OR PRODUCTS? Corn, soybeans, hay, cattle and hogs.
ADDITIONAL COMMENTS: Edward Giblin was given the farm from his Father, John Giblin. The 80 acres consist of workable land with a little woodland on each end. Many years
ago his dad use to winter his horses on the land, with only ponds for drinking water.
After Edward's Mother passed away in 1949, he started to build buildings on the land.
The first thing he built was a small corn crib and a grain bin.
Edward also worked at Trane Company in LaCrosse, WI for 40 years. As a worker there, he was able to purchase Quonset buildings, that Trane Company was planning to destroy.
Edward had a grain truck, which he sold to purchase oats, corn, twine, fertilizer and
seed corn. Edward put up one of the Quonset buildings and sold other parts to
neighboring farmers. He also moved in a hog house, put up a silo and built a pole
shed for feeder cattle and storing hay. In 1962 we built a three bedroom house,
drilled a well and purchased electricity on the farm. We raised four children on the
farm, but with prices as they are, none of the children want to farm at this time.
We also raised hay corn, soybeans, feeder cattle and pigs. Edward put up another
grain bin in 1999, for storing soybeans. We stored most of our corn crop from the
last two years, waiting for better price. This winter Edward is planning on cutting
a few logs from the woodland.

Dear Mr. Petersen,

Thank you for your Century Farm application. Before it can be processed, however, I need a couple of items on the application(s) clarified.

On the application you sent last fall, it lists three different owners since 1899. On the application you sent last month, it only lists two. Were there two or three owners since 1899?

Also, you list for your years of ownership April 28, 1944 to Oct. 5, 1999 on one application; and April 1944 to February 1, 2000 on the other. Do you still own the farm? If you no longer own the farm, it does not qualify for recognition.

Your original applications are enclosed, along with a blank application. Please fill out the application with the correct information and return to me at the address below.

If you have any questions, please call me at (651) 642-2253. Thank you for your interest in the Century Farm program.

Sincerely,

Ken Giannini

ADDITIONAL COMMENTS:
In 1889 at the age of 21 J. Johnson (name changed later to Nels J. Rue) emigrated to Amerika settling in Grant County, MN. near Elbow Lake. He worked on farms in that
area for six years until he moved to Kittson County, homesteading in Norway Township,
3 miles east of Halma in Section 24. He was the first to homestead east of the Halma
swamp. In 1896 he married a former neighbor girl from Norway, Ingeborg Ligaard. From
1950 to 1995 his daughter, Emma Rue Martinson and her husband, Edward, farmed the land.
It is currently owned by his granddaughter, Janis Johnson, and her husband, Don, and
is in the Conservation Reserve Program.

The state of the s

The Northwest Quarter of Section 7 in Township 110 North range 45 W. - the 5th Principal meredian in Lincoln County - state of Minnesota. The farm consists of 168 acres.

In the early days much of the land was owned by the railroad as was the Chester Fuller and Alice Lenander Charter's homestead, now owned and resided on by Ed and Darla Stricklin. The state of Minnesota sold this land to the Winona and St. Peter railroad on September 3, 1884, and the railroad sold it to the Eastern Investment Company December 16, 1891 for \$856.

We recall that the town of Lake Benton, Minnesota was organized in 1876.

The Investment Company then sold the farm to B. H. Hemingsen in 1892 for \$1572.66. In 1893 N. H. Schocker bought the land for \$2394. Hansine and Nick Treumer invested in the farm in 1894 for \$2500. 1897 found N. P. Jensen, J. P. Pedersen and Trucker as owners. They sold the farm to J. E. Tucker and wife in 1898 for (Money was let out at 7% interest that year) \$3860.

J. E. Tucker and wife sold the farm to Maren and Lillian Charter Bolta for \$3000 May 26, 1900. Chester Fuller Charter and wife, Alice Lenander Charter then bought the farm from his sister and brother-in-law October 12, 1901 for \$5,040.

At Chester Charter's death his will left the farm to Alice Charter in Life Estate. In 1979 Alice Charter passed away and the Home Farm became the property of his son, Irvin Charter. In March of 1966 Edward and Darla Stricklin moved to the Charter farm when Irvin and family decided to reside in Ocala, Florida. Alice Charter then lived winters in Ocala, Florida with her sons, Irvin and Leslie Charter and families and spent the summers with Harry and Fran

Hanson in the Lake Benton area. In March 11, 1974 Edward and Darla Stricklin were issued a Contract for Deed as joint tenants from Irvin and Bertha Charter. It was filed December 24, 1981 for \$42,000 before a Notary Public in Ocala, Florida. The deed was filed May 10, 1982 in Lincoln County, Minnesota.

The Queen of the Charter Farm -The Big House

1926 was the year of years in the Charter family. The big new house was built and Joyce Alice Charter was born May 17. The house and basement cost \$5,000.

I can't remember the actual moving of the old house down where the mobile home is located. But Grandpa Mitchell was the mason who built the new basement. He brought me a stick of gum every day. I would hoard my gum in those days by sticking it on the metal bed wires. Then it was handy to chew again the next day. I believe Grandpa Mitchell made the cistern also which is by Darla's north door. No danger of running out of soft water. It even had a dividing half wall in the center for overflow.

Alfred Andersen, a wonderful Danish carpenter, built the house. He did a good job as one can see by the structure today. (Our house, finished by Mother's Day 1952, was the last house he built before he retired. He put his heart into the building of our house. It cost \$15,000.) As the Charter frame went up, I had a wonderful time climbing and sitting on the upstairs floor - no walls - and dangling my legs over the edge. No fear, and everyone so busy they didn't know about my climbing episodes.

I remember getting ready for threshers. The steam whistle sound, coming up the road, was sweet music to my ears. I would really be important because I would ready a box, out on the cistern cement, which would hold a hand-basin, water pail for hand wash water, soap and towels. Water would be dipped with an enamel dipper. Then to be greeted by all the neighbors as the men filed into Mother's dining room was uplifting for a kid. The table would be laden with food and pie for everyone.

After the dishes were done, the 4 o'clock lunch was prepared. Sandwiches with boughten lunch meat, a treat, were placed in the big dish pan which was lined with towels. In another dish pan the sweets, cake, donuts and cookies were nestled in another towel. No saran wrap or the like in that era. The big grey enamel coffee pot was filled and coffee cooked and about quarter to four we would transport the food, cold water, and coffee to a spot near the threshing machine. This would probably be in the cattle yard so the big straw stack would be handy for livestock bedding. I would reign as queen of the serving and also get to eat some of the sandwiches.

Supper was quite hard to serve as the men came in one at a time after their load of bundles was unloaded and threshed. Then they would go home. Supper consisted of gobs of fried potatoes, fried or canned meat, pickles, jams, garden vegetables, and lettuce, and sauce. More cookies and homemade bread were devoured. I don't remember for sure how many men were in the threshing crew but I think about a dozen. We'd hope it wouldn't rain so we'd have to feed them and not get any threshing done. That would prolong the days and make a lot of work for the women. We couldn't thresh first every year as the farmers took their turns in rotation.

We always had dogs on the farm. One hound dog had a fight with a badger. He almost got chewed up. "Touser" was the long time favorite. The boys buried him in the grove west of the barn. They made a cement tombstone and put Touser's name on it. There was an old wives tale, which I believed and shuddered over, that said if the dogs howled at night someone would die.

In the old days I can't remember how my father got the animals to Lake Benton when they were ready to be sold. The cattle and hogs were then loaded on the train to be shipped to the stock yards in St. Paul or Chicago. My Dad went with the animals and rode in the train's caboose which was at the rear of the freight train. He would watch the stock sold and would return home on a later train.

Some nights Mil and I would look out the window at the stars and recite the old saying "I wish I may I wish I might - Have the wish - that I wish tonight". As we looked at the man in the moon, we never dreamed that one day a man would walk on it.

How can one end the memories? They go on and on over all of the years, family gatherings, births, deaths, marriages, generations, and the good fellowships of the Stricklin era.

I will end with the wedding, June 10, 1939 of Harry Hanson and Fran Charter's marriage. It took place in the First Baptist Church of Lake Benton. Then all of the people came out to the big Charter house for dinner which was cooked by Hannah Krog and Hannah Kuhn. The road was mud and our hired man, Johnny Hansen, had to push the cars out of the mud. (I liked the previous rain because it ended the drouth years and from then on farming and prices improved).

Since I loved the Charter farm animals, my parents gave us one of each kind for a wedding present to be taken

J. B. Newcomb Succombs to the Sickness with Which He Has Been Long Affected.

James Bradford Newcomb passed to spirit life from his home near Lake Marion, January 1st, 1900, at the age of 67 years.

Mr. Newcomb had for some few years not been enjoying the best of health, but up to within ten days before his death was up and around, able to attend to his daily labors. He was one of the early settlers in these parts; having moved and settled on his Lake Marion farm in the year 1857. On January 30th, 1865, he enlisted in the war in Co. G. 42 Wis. Vol., and served to the end.

On January 22, 1865, he was married to Miss Kate Wannamaker. Seven children, three sons and four daughters, blessed their union, all of whom survive to mourn the loss of a father.

The funeral was held Wednesday afternoon at 20'clock from the Congregational church. Mr. Newcomb for many years had been a Spiritualist and the ceremony was delivered by Rev. Kates of Minneapolis, Spiritualist Minister. The members of Lake Addie iodge No. 78 I. O. O. F. of which Mr. Newcomb was a member attended the funeral in a body and had charge of the closing ceremony at the grave.
