1986 } Do. all to whom these presents shall come greeting
 } Whereas Ole Knudson of Houston Minnesota has deposited in
 the General Land Office of the United States a certificate of the
 Register of the Land Office at Brownsville whereby it appears that full
 payment has been made by the said Ole Knudson according to the
 provisions of the Act of Congress of the 24th of April 1820 entitled
 "An act making further provisions for the sale of the public Lands"
 for the North East quarter of the South East quarter of Section
 fifteen in Township one hundred and one of Range Six in the
 district of lands formerly subject to sale at Brownsville now
 Chalfield Minnesota containing forty acres according to the
 Official Plat of the Survey of the said lands returned to the
 General Land Office by the Surveyor General which said tract
 has been purchased by the said Ole Knudson

Now Know Ye that the United States of America in consideration
 of the promise and in conformity with the several acts of Congress
 in such case made and provided Have Given and Granted
 and by these presents Do Give and Grant unto the said Ole
 Knudson and to his heirs the said tract above described to
 have and to hold the same together with all the rights privileges
 immunities and appurtenances of whatsoever nature thereunto
 belonging unto the said Ole Knudson and to his heirs and

ADDITIONAL INFORMATION

Any information you can add to this form will be most valuable to future historians. The questions below are only a guide. Feel free to add other data, especially family or pioneer stories concerning the farm and the area around it. This is not a requirement for Sesquicentennial Farm certification.

From whom was the farm purchased: **James Boulger purchased the NW corner of our farm on section 28 (160 acres) November 29, 1861 from Charles S. Osborne who located the farm in 1856. James located himself and registered the NW ¼ of NE ¼ of section 8 (40 acres) on July 21, 1863. James also purchased the West ½ of the NE ¼ of the farm at section 28 (80 acres) and the SW ¼ of the SE ¼ of section 20 (20 acres) on December 8, 1867 from George and Isabel Law. James purchased the E ½ of the NE ¼ of the farm (80 acres) on September 27, 1883 from Archibald and Martha Law.**

How many acres were in the original parcel: **380 (see above for exact transaction years)**

What was the cost of the land per acre: **The first 160 acre parcel was sold to James Boulger for \$375. There is no record of the purchase price listed on the additional acreages.**

Where was the first family owner born: **Ireland**

Did he/she engage in any trades or occupations other than farming: **No**

If so, please list: **N/A**

Was this a homestead: **Yes**

Is the original home, any portion of it, or any other original buildings still standing: **Home built in 1882 still standing. Barn built in 1910 still standing and was restored in 2013 by John and his son JB.**

When was the present home built: **1882**

What were the farm's major crops or products: **Field Corn, Sweet Corn, Soybeans, Wheat, Flax, Peas, Hay, Dairy, Poultry**

Additional comments:

The parcel of land from section 20 encompasses the site of the old Iron Bridge in Waterford – a state historical landmark – that was built in 1909. Chris Boulger donated the land which the bridge is built upon from our farm. Chris was also on the township board at the time and is listed on the sign above the bridge as a supervisor.

The new bridge over the Cannon River in Waterford (located just south and west of the old bridge) borders our property and is named after my father, John Dudley, who was instrumental in facilitating both the building of the new bridge and the preservation of the old bridge. Like his great uncle Chris, John served the community of Waterford as a member of the township board. John served as Chairman for an unprecedented 46 years, from 1970 to 2016.

One additional note: In order for the home on the original farmstead built in 1882 to be saved - it will need much work. If you can refer me to any programs that may be of financial assistance with this project we would be grateful.

ADDITIONAL INFORMATION

Any information you can add to this form will be most valuable to future historians. The questions below are only a guide. Feel free to add other data, especially family or pioneer stories concerning the farm and the area around it. This is not a requirement for Sesquicentennial Farm certification.

From whom was the farm purchased Hannah Austin, widow of War of 1812 acquired for compensation from U.S. Govt.

How many acres were in the original parcel 120

What was the cost of the land per acre John Lambert paid Hannah Austin \$3.00/acre in 1860

Where was the first family owner born County Cork, Ireland

Did he/she engage in any trades or occupations other than farming No

If so, please list _____

Was this a homestead No, although John Lambert was the first settler to build a cabin on this property and began farming it in 1855. He built his house in 1862 after he had clear title to the property.

Is the original home, any portion of it, or any other original buildings still standing The original home for the property was destroyed in the 1998 tornado. Robert Lambert now owns the 30 acres where the original house was built and rebuilt a home, barn and out buildings on that property. The remaining 90 acres was acquired by William and Peggy Lambert who continue to farm that property and the adjacent farm that they own.

When was the present home built See above answer.

What were the farm's major crops or products corn and soy beans

Additional comments: The Lambert family is the only family that has ever resided on this property, or farmed this land since 1855. Robert Lambert lives on the original building site and raises horses and alfalfa, although most of the farmland is designated for future CRP beginning in 2018. William has farmed this land since his father, James retired in the late 1960's.

Additional comments: _____

Peter and Anna (Bell) Rausch left Germany for America with their three young children and traveled to
America to escape overpopulation, crop failure, and famine. One son died on the ship and the remaining
family settled on a farm near Jacobs Prairie in 1857. After returning from fighting in the Civil War in 1867,
Peter sold this farm and moved west. He homesteaded 160 acres near St. Martin and purchased 160
adjoining acres along the Sauk River. The family was one of the first German families to settle in the area and
helped to organize the area school district as well as the St. Martin parish.

Additional comments: Our present farm was originally 2,800 acres parcel. In 1909
The farm was part of what the Indians called the Big Lake Area.
Ferdinand & his wife worked hard to clear the land & make this
a working dairy farm. It remained a dairy farm until 2002 -
Greg & April Tesch bought 30 Acres of the 130+ acres that
was the dairy farm & the building in 1999, intending to continue
the dairy farm until Greg was struck with M.S. & he could
no longer rent ^{and} the work the land. The bare land has
since been rented to a neighboring dairy farm
One of Greg's sons has hopes of continuing the farm
when he grows up.

Additional comments:

I am immensely proud to be a 4th Generation Therres on this farm. My Great-Grandparents, Grandparents, and Parents all worked hard to farm this land and maintain its beauty. I hope to continue protecting the land and wildlife that are a part of Meadowbrook Farm. Johann and his first wife, Maria, did a fantastic job finding a beautiful place to build a family heritage!

Additional comments: When this was filed for Centennial farm Status in 1990, It was mistakenly referred to as a non-homestead application. I just checked this at the YMC Courthouse in Granite Falls where they confirmed that it was a homestead. In fact, this was the first entry in that part of Sioux Agency Township. She said it was very easy to find once I give her section 13, township 114, and range 38.

ZAVORAL FAMILY
SETTLES IN COUNTY
IN YEAR 1867

James Zavoral, Sr., born June 7, 1848 in Czechoslovakia, came to America with his folks in July, 1867. They settled on a homestead in Massan Valley township, section 2, which land is still in the Zavoral name.

Fred Zavoral, Jr., is now farming this farm, being the fourth generation. Patent to this land was signed by Ulysses S. Grant, president of the United States, May 16, 1873.

James Zavoral, Sr., was married to Nettie Urban April 13, 1874. The Urbans came to America in 1857. They sailed on a sail boat which took 3 months to cross the Atlantic ocean.

They settled on a homestead in Hale township about 7 miles east of Hutchinson. During the Indian out-break in 1862, they moved to Watertown with a pair of oxen, taking along what belongings they could. The rest they buried in the woods. They heard them shoot and saw the smoke when they burned the school at Hutchinson.

Seven children were born to them: Mary, Mrs. Frank Plihal; Anna, Mrs. Joe Burich, who died in 1949; Nettie, Mrs. Frank Stodola of Minneapolis; James E. and Joe A., living in Hutchinson; Fred, who died in 1944; Henry, University of Minnesota professor; and Frank, who died in infancy.

The mother died Jan. 31, 1883, in the midst of a hard winter with lots of snow, and it was a great hardship to get to the grave at the Bear Creek cemetery for the burial. Her husband died in 1890.

In 1886 the Great Northern railway built to Hutchinson and paid \$150 for the right-of-way through their land. That same year Zavoral threshed 787 bushels of wheat and 323 bushels of oats with a horse power machine. In 1887 he built the house. It cost \$600, Paul Chernauek being the carpenter.

Mr. Zavoral served in the Farmers Cooperative creamery board also on the Farmers Elevator. He served on the township board as supervisor, served on school district 11 as treasurer for many years, also an active member of the Bohemian reading society and one of the organizers and served as its president for many years. He was also on the Z.C.B.J. lodge as an active member. Father died August 2, 1916 at the age of 68 years. Mother died on Jan. 6, 1924.
