## HUNTING MAPS

Department of Natural Resources Fire Plan maps, originally conceived to prevent and control forest fires, are now available on plastic coated paper to sportsmen who hunt in Minnesota. Not all of Minnesota has been mapped in this fashion, but where this work has been done, each map covers 36 square miles (except in border areas). The scale is 2" equals 1 mile and detail shows rivers, lakes, railroad tracks, etc. *Township and Range numbers are absolutely necessary when ordering. Contact Documents Center for free index to all Fire Plan Maps giving range, township, and ordering instructions.*

**\$1.50 each map, tax included**
