of the
CITY OF ST. PAUL, MINNESOTA

By:

C. C. BEETH and EARL V. DOLAN

as of

September 3, 1955

CERTIFICATE:

Based upon the above appraisal, it is our opinion that the market value of the property noted, and legally described as:

The North Sixty and Twenty-five Hundredths (60.25) feet of Lot seven (7), and the North Sixty and Twenty-five Hundredths (60.25) feet of the East Twenty (20) feet of Lot eight(8), Elfelt, Bernheimer and Arnold's Addition

as of the date hereof, is in the amount of:

Five Thousand Dollars

\$5,000.00

of which amount Seven Hundred Fifty (\$750.00) Dollars is ascribed to the land and Four Thousand Two Hundred Fifty (\$4,250.00) Dollars to the building. Following herewith is a present description of the property and pictures thereof.

SIGNED:

. C. Beeth, M.A.I., S.R.A.

Earl V. Dolan, M.A.I., S.R.A.

9/3/55

401-405 Farrington Avenue

This is a two story multiple dwelling; 4 - 3/4" siding is loose and pulling away on the wall. The gutters and downspouts are completely rusted through; one-half screens on the windows. Stone foundation. The siding needs paint badly on all sides of the building. On the two lean-to's the siding is badly rotted in places and the sill is rotted through. The siding on all sides is in about the same shape. It has a rolled roof which appears fair, but the two chimneys above the roof are in very poor condition. The lean-to roof is badly sagged and the siding on the West side and the sills are rotted.

401 Farrington:

The kitchen has a roll rim, two facet sink, celotex sidewall, nu-wood tile ceiling, wainscoting on the sidewall. The kitchen floor is badly sagged toward the West and North. No sash weights in the windows, linoleum on the floor.

The dining room has maple floor, pine painted trim, plastered walls badly in need of paint. The 9' ceiling is unpainted, nu-wood tile. Off the dining room is a small inside bedroom 6 feet wide by 11½ feet long in the same condition as the dining room. Only ceiling electric outlet in the dining room and bedroom. Stove heat.

Tenant pays \$25.00 per month.

Off the dining room is a small entry to the basement which is also the space the old style toilet bowl is located. There is very little room to get down the basement stairway.

The front entry has maple floor with stairway to the second floor.

Second floor:

There is a hallway, The South apartment has 3 moms, a front living room, rear is a kitchen with flat rim sink and a small bedroom. Off the hall partitioned with ceiling board is a leg tub and an old type toilet bowl, no ventilation; exposed soil pipe. This is the owner's apartment and is fairly clean. The floor is covered with linoleum but it appears that under the linoleum the floor is maple.

Center Apartment Front:

The room arrangement is about the same except the kitchen has an automatic hot water heater. In the hallway is the same type of bathroom facilities. The floors in this apartment are all pine, partly covered with congoleum. There is one closet off the front room. The settlement is very apparent in the doorways of the apartment. The plaster is loose on the sidewall in places.

405

The first floor tenant Cory Thomas pays \$25.00 per month. The hallway partition off the living room has a beaded board partition. 3 rooms, stove heat, maple floor in center room, pine floor in front room.

Only a toilet bowl off the center room with no ventilation. The rear kitchen has a roll rim sink, only cold water faucet. The plaster is off on the ceiling of the kitchen. The floor is poor.

2nd floor of the apartment above was locked with a padlock.

The basement has stone foundation, dirt floor, 2×12 joist $8\frac{1}{2}$ ceiling, a poured concrete wall in between the apartments. The joists under the rear porch are 20" on center.
