## DHS Distributes Suggested Social Services Fee Schedule

**TOPIC**

Suggested social services fee schedule based on state median income adjusted for family size.

**PURPOSE**

Inform county social service agencies about a suggested community social services fee schedule for 2007. The suggested schedule is based on the estimated 2007 state median income for a family of four published in the *Federal Register*, February 28, 2006, Volume 71, Number 39, pp. 10037-10039. Adopting this schedule does not prohibit a county from using other fee schedules based on ability to pay for specified social services or programs, establishing property limitations or limiting the liability of third party contributors.

The suggested schedule is not to be used to establish income eligibility or fees for those social services with provisions specified in law or rule such as the Consolidated Chemical Dependency Treatment Fund; clients of the Child Care Assistance Program; the cost of services for certain children who are in 24-hour care outside the home, or who are determined eligible for Medical Assistance without consideration of parental income or assets; and children from birth through age 2 who receive case management services at no cost to the parents.
