SECTION 1. Copayment Schedule

Legislative and Federal Poverty Guideline Changes

The 2007 Legislature revised the copayment schedule for families participating in the Child Care Assistance Program by reducing the amount of the copayment for those families with incomes beginning at 100% of the federal poverty guideline. The State Fiscal Year 2008 (SFY 2008) Copayment Schedules have been updated to reflect this legislative change. The federal poverty guidelines, as published in the Federal Register on February 24, 2007, were also used to develop these schedules. The new copayment schedule is effective July 1, 2007 and must be implemented at or before the participant's next eligibility redetermination, no later than December 31, 2007. Eligibility must be redetermined at least every six months. The copayment schedule published in the Department of Human Services (DHS) bulletin #06-68-06 will remain in effect until the new schedule in this bulletin is fully implemented.

All Cases

The new Child Care Assistance Program (CCAP) monthly copayment schedule is included as Attachment A. The new biweekly copayment schedule is included as Attachment B. These schedules apply to both MFIP and non-MFIP families and are based upon the 2007 legislative changes and the 2007 federal poverty guidelines.

Annual income must be calculated using the definition of income in Minnesota Statutes, section 119B.011, subdivision 15 and Minnesota Rules, part 3400.0170. When application of the new copayment schedule results in an adverse action, counties must follow the notice period requirements in Minnesota Rules, part 3400.0185 to provide notice to parents and providers and to avoid overpayments. These requirements are included in Chapter 12 of the CCAP Policy Manual, which can be found by copying and pasting or typing the following address: http://www.dhs.state.mn.us/dhs16_138068 into your internet browser window.

NOTE: The biweekly copayment amounts do not convert exactly to the monthly copayment amounts. The differences are due to the use of rounding in the formulas to establish copayment amounts in whole dollars.

For cases not converted to the Minnesota Electronic Child Care Information System (MEC²) Counties with cases that have not been converted to MEC² are allowed to continue using monthly copayment schedules (Attachment A), or can choose to use biweekly "service period" copayment schedules (Attachment B). If a county chooses to use the biweekly copayment schedule, their current Child Care Fund Plan must reflect this policy and the biweekly "service period" copayment schedule must be used for all families in the county. Counties shall apply the appropriate copayment fee schedule to new child care assistance applications received on or after July 1, 2007 that are not entered into MEC² and to existing non-MEC² cases at the time of redetermination or reported change on or after July 1, 2007.

Bulletin #07-68-07 June 27, 2007 Page 3

For cases converted to MEC²

MEC² will apply the biweekly copayment schedule (Attachment B) to determine the family copayment at the time of redetermination or reported change on or after July 1, 2007 and for all new cases entered into MEC² beginning July 1, 2007. Additional details about system implementation of the new copayment schedules will be communicated directly from DHS staff to system users.

Counties with cases existing in Child Care Management Application (CCMA)

DHS will send information about CCMA implementation of the new copayment schedules directly to counties that use CCMA.
