Federal Poverty Guidelines (FPG)

This bulletin provides information counties need in order to comply with Minnesota Statutes, section 256M.60, subdivision 6. This statute specifies that county boards must not charge social services fees to persons or families whose adjusted gross household income is below the poverty level established by Federal Poverty Guidelines. The statute is cited below:

Subd. 6. FEES FOR SERVICES. "The county board may establish a schedule of fees based upon clients' ability to pay to be charged to recipients of children and community services. Payment, in whole or in part, for services may be accepted from any person except that no fee may be charged to persons or families whose adjusted gross household income is below the federal poverty level. When services are provided to any person, including a recipient of aids administered by the federal, state, or county government, payment of any charges due may be billed to and accepted from a public assistance agency or from any public or private corporation." [Minn. Stat., section 256M.60, subd.6]

State Median Income

Each year, the federal Department of Health and Human Services (DHHS), Administration for Children and Families, Office of Community Services, publishes a notice in the *Federal Register* of estimated state median income for use under the Low Income Home Energy Assistance Program (LIHEAP).

Minnesota's estimated state median income for federal fiscal year 2009 (Oct. 1, 2008-Sept. 30, 2009) for a family of four is \$81,477 (*Federal Register*, Mar. 5, 2008, Volume 73, Number 44, pp. 11924-11926). Using this estimate, the department updates its annual suggested fee schedule for county social services agencies.

Social Services Fee Schedule

Adopting this schedule does not prohibit a county from using other fee schedules based on ability to pay for specified social services or programs, establishing property limitations, or limiting the liability of third party contributors.

The suggested schedule is not to be used to establish income eligibility or fees for those social services with provisions specified in law or rule, such as the Consolidated Chemical Dependency Treatment Fund; clients of the Child Care Assistance Program; the cost of services for certain children who are in 24-hour care outside the home, or who are determined eligible for Medical Assistance without consideration of parental income or assets; and children from birth through age 2 who receive case management services at no cost to the parents.

Prior to the Children and Community Services Act (CCSA) of 2003, county social services agencies submitted their biennial Community Social Services Act plans, including social service fee schedules and policies, for approval by the commissioner. County biennial CCSA plans, as part of the MFIP/CCSA Biennial Service Agreements, are submitted for the commissioner's approval, but no longer include fee schedules and policies for review. County agencies have discretion on their fee policies within the law.
