Miss Laura Denman has been Supervisor of our Kindergarten the past two years and the results of her leadership demonstrate her ability in this line of work. The splendid success in our Kindergartens has been largely due to Miss Denman's thorough knowledge of the duties required for the successful working in this branch of education. I heartily recommend her to any one desiring the services of a thorough leader in Kindergarten work.)))---John Heath, Chairman.

Miss L. A. Denman has been in charge of our Kindergarten system for the past two years and it gives me pleasure to recommend her to anyone in need of a competent supervisor of Kindergarten work. She has been very successful here.----H. R. Potter.

The character of Miss Denman's work in the Norway schools is excellent, her knowledge of what is necessary in successful Kindergarten work seems to be exceptionaland I feel quite assured that she is able to satisfy the most critical.---R. C. Flannigan.
