1896
Sept & Oct. Blakeslie Lawience
Lawrence works in the sewing class in the afternoon, what he does is very good but he is too slow to accomplish very much, since school commenced in Sept. he has made two towels and two handkerchiefs, He has improved in his department

Nov. Lawrence works well while he is at work, but I think there are times that he can no more help going to sleep than he can stop breathing, he works very slowly, and from the fact that he he does work so slowly, his work is never free from soil, His department is never the very best but in that he is improving

Dec. Lawrence does just about the same work as last month, he has made two handkerchiefs, His department is usually very good,.

1897
Jan. Lawrence works when he feels he must the sewing he does is very good the only fault is that he is so very slow, he hems the Towels and Handkerchiefs. His department is very good

Feb. Lawrence has very much the same report from month to month sews well but very slowly hems one or two handkerchiefs and towels in a month, His department is very good,

1897
Mar. Blakeslee Lawrence
Lawrence works in my industrial class can sew well, but lacks energy will hem one towel, and one handkerchief in a month. his deportment is much improved,

1897.
April Lawrence has worked well in the industrial class this month can make a towel in two days. His deportment has been very good

May. Lawrence has never done so well for me since he has been in my sewing class. This month he has made ten towels and done the work beautifully his deportment has been very good

June Lawrence has worked well this month, in the industrial class he sews beautifully and has been quite interested in his work, has had only a few drowsy afternoons, I am sure he can not help those sleepy spells coming over him. for he will almost sleep standing on the floor. this month he has made quite a number of towels. his deportment has been good.

1896

Burkshier Belle

Sept & Oct. Bell I think will work well in school she seems to be quite a little interested. This is the first year I have had her in the morning work she builds her lesson from the letters and does it intelligently. She has learned from dictation two songs so that she can say them with very little help. She is doing better work in the sewing class, than last year, her deportment is very good.

Nov. Bell is improving a little every day, she reads in the First Reader class and is doing as good work as can be expected of her, she is very easily disconcerted, does her best work when left to herself. She builds her lesson from the letters and knows many of the words in script. can keep her place while the class is reading in turns She combines any number with one if the objects are before her but can not do it from memory, knows all the colors. Makes a good errand girl. Sews better this month, but does not do good work at any time. She is a great talker, will in time be able to overcome that habit in school.

Dec. Belle is working very well places the forms in the boards assorts the colors red, yellow, orange, green, purple, and names them. Sorts the Seed animals together and names them. Reads in the First Reader. has read with the class sixteen lessons, knows some of the words in script. builds her lesson very nicely, names only a few of the letters a. o. t, b, i, j. k. writes this copy. I am a good girl, counts ten and can combine 2+2, 2+3. 2+1., makes 1. 2 3 4 + 9. Her work in the sewing class is not as good as I want it to be. She makes a good errand girl in school. Deportment is usually good

1897

Aldrich Frank

Jan. Frank has been sent back from Miss McLeans room, He reads in the First Reader writes well spells his lesson from dictation. counts ten. His deportment is very good.

Feb. Frank does good work in school he is in every way trustworthy. Reads to page 35. in the First Reader knows all the words in Script and spells all the words without the book. Writes nicely counts ten. will never accomplish much in number, he is industrious makes a good errand boy. This month he has worked at the hammock work made one mash bag.

Mar. Frank is working well in school reads in the First Reader, reads all the lessons and spells and writes all the words up to page 44. will never do much with numbers, Works well in the sewing class Makes good laundy bags. made two laundy bags this month

1897

April

Aldrich Frank

Frank has worked well in school this month I feel sure he has done the very best he could, he is, of course very slow, but that he can not over come, he reads on page 68 in the First Reader, writes all his lesson on paper and can write his spelling on the board from dictation, works well in the industrial class, this month he has made several laundry bags, he is never inclined to neglect his work, his deportment is always good.

May. Frank has done good work in school, he has read in the First Reader to page 89 writes all the lessons and spells his spelling from dictation and writes it on the board. does good work in the industrial class this month he has made two large laundry bags and hemed several towels, his deportment is always good.

June Frank is a good boy and has worked well all the year has finished the 1st Primer, can write all the lessons without any help and writes his spling on the board from dictation. he knows form and color, he has never cared any thing for numbers in fact he shows a decided dislike for the work, he knows all the characters and the value of them, can count ten. Makes a good errand

boy, can be trusted always, his work in the sewing class is very good. Frank seems to be loosing his health, has been excused from school many day this month to go to his room and rest, and because he has been sick he has lost much of his ambition to work although he has made the effort.

Buck Kattie

1896

Sept. & Oct. Kattie is doing good work so far this year, reads in the Primer can read and spell all the words in the three first stories and builds her lesson with the letters, she is always busy in school and enjoys her work. In the sewing class she does very nice work, has hemmed several Towels and Handkerchiefs can turn the hems and works independently of her teacher Her department in school is always good.

Nov. Kattie is very industrious child and is improving a little every day, she builds her lesson very nicely and likes to be busy. She reads in the First Reader, knows nearly all the letters in the lessons she has had and spells many of the words from dictation. She counts ten and any number with one if she has the objects before her, she will never know very much about numbers I give it to her for the drill. She names the colors Red, Yellow, Blue, Orange, Green, Purple She works well in the sewing class Her deportment is very good.

Dec. Kattie works well in school, Places the forms in the boards, puts the sliced Animals together, assorts the colors Red, Yellow, Blue, Orange Green & Purple Reads with the class in the First Reader sixteen lessons, spells many of the words from dictation knows the letters and knows many of the words in script, builds her lesson with the letters nicely, counts ten, can not

combine numbers. She works very well in the sewing class hem the Towel & Handkerchief very nicely makes a good errand girl in school, her deportment is always good.

1897 Jan. Arrell James
James has been sent back from miss McLean's room. He reads in the First Reader, has read as far as page 13. but is not sure of many of the words counts ten write a very little make a to. in. He's not at all inclined to work hard. his deportment is very good.

Feb. James builds his lesson with the letters, Reads in the First Reader, learns very slowly. Writes a few words after a copy this deportment is good in school

1897

Johnson Frank Albert

Mar. Frank knows nothing at all about school work, seems like a bright boy has only been in school a few days

April Frank has not been in school this month, has been in the hospital

May Frank has been sent to the epileptic grade.

1896 Andresiek Julia.

Nov. Julia seems never to have had any training in school work does not count, read or write. knows nothing about form or color. She seems rather bright, and may learn when she becomes accustom, to the ways of school and knows the language better.

Dec. Julia puts very simple forms in the boards and the of the sliced Animals she puts the rat, cow, dog, together and names them, she does not understand the language well enough to learn many words she works a little in the sewing class can thread her needle and baste a very little. count two. is not very ambitious, likes to be the errand girl in school, her deportment is quite good.

1897

Greek Levie

Jan. Levie has been in school only a few days, has had no school training at all. Know the colors white & black and that is all.

Feb. Levie seems to be inclined to learn has learned to read four lessons on the chart, puts the forms in the very simplist boards, Has learned to thread the needle and baste and hem the Towel very well. counts fine. His deportment is very good.

Mar. Levie improves a little every day reads 4 lessons on the chart, spells many of the words and knows many of the letters writes the word "cat" very nicely reads his lesson in the script with a little help, learns number very slowly In the industrial he works very nicely can baste the hem in the towel very nicely. builds his lesson with the letters and seems to be a child who will in time learn quite a little. His deportment is very good.

Apr. Levie is improving but slowly he can not be hurried, keeps up with the class has read, since the first of Feb. 17 stories on the chart learned most of the letter so that with a little help can spell the lessons on the chart. can build his lesson with the letters, writes. the words cat and dog very nicely. in number he does not learn as well counts ten and can make the numbers up to ten but not very well yet. can

1897 assort the colors, but is very easily confused in naming them, He works well in the industrial class can baste an hem a Towel very nicely his department is always good in school.

May Levie improves a little each day keeps up with his class, will learn to read a story on the chart in three days and knows nearly all the letters he has had, writes only a few words, makes a few of the numbers counts ten assorts the colors easily, puts the sliced animals together and can do all the busy work in school. In the industrial class he does quite good work. His deportment is good.

June Levie since coming in school has learned to read twenty three lessons on the Chart and know nearly all the letters in those stories, writes quite well from a copy, counts ten and can make all the character to ten. he can assort the colors red, yellow, blue, orange green & purple and name them but is not always sure he is right, can put the forms in the boards, puts the Sliced Animals together & names those he is most familiar with, In the industrial class he has learned to thread the needle and baste and hem the towel. works well in the garden, makes a good errand boy, does his work quickly. His deportment is always good

1896 Christopherson Kerr

Sept. & Oct. Kerr is only in the sewing class she works well and can hem the towel and handkerchief turn the hemm and all without any help from her teacher, her work is well done and she works very fast. Her deportment is always very good.

Nov. Kerr Works well in the sewing class she is industrious, and works quite fast. She is quiet and obedient

Dec. Kerr is very industrious her work in the sewing class is very good. keeps her work neatly and never complains She has hemed several handkerchiefs and towels. her deportment is always good

1897 Hallstrom Adolph

Jan. Adolph has been sent from Miss McLeans room, I hardly know what to report for him he is quite new in school, does not seem to know any thing, nor how to try to learn he may do better after a while.

Feb. Adolph reads a little on the Chart knows the words, boy. the. bat. makes the letter A in script, puts the sliced animals together and names the domestic animals. he is very quiet in school and never gives any trouble unless another boy troubles him.

Mar. Adolph reads quite a little on the chart and is more interested in his work than at any time since he came in school, can write the word cat very well, in the industrial class he does very good work, threads the needle, bastes the hem, and hems the towel very well he is not inclined to be industrious but will work if the work is put in his hands. his deportment is very good

April. Adolph is one of those children who know more than he seems to know, he never seems to give much attention yet he learns from hearing other children recite will often help another child who is slow about saying the word even though the boy is in another class he reads 5 lessons on the chart in his class, counts seven does not

1897 learn numbers very easily. in writing he writes the words cat and dog, assorts the colors, works well in the sewing class can baste and hem the towel very well. he will never ask for work but if he has it he will be busy his deportment is very good.

May Adolph is working very well and is doing better than I had thought he would. he reads in the chart class. writes from a copy "I see the cat and dog. he works well in the industrial class, can baste the hem in the towel and hem it very nicely, will always be busy if the work is given him to do. His deportment is good.

June Adolph has done much better work than I had expected he could. he has learned to read many lessons on the chart he may not be able of the twenty lessons he has had but will master many. writes well from a copy can make nearly all the letters assorts the colors, does not do very much in number, puts the sliced Animals together fits the forms in the boards, will busy all the time if I am careful to see that he has the work to do. in the industrial class he has done good work bastes the hem and hems the towel nicely, his deportment is always good.

Carons Joseph

1896
Sept. Oct — Joe really does not have the very slightest idea of what is meant by application, he will string beads and try to sroot the colored sticks but does nothing well, his deportment is as good as can be expected from such a child.

Nov — Joe does not improve very much will not apply himself does not seem to know any thing. This department is very good.

Dec. — Joe does not improve very much he places the very simple forms in the boards. and puts the dog and cow together and names them seems to have very little idea of what is ment by application. does not even make a good errant boy in school. department is not very good.

1897
Jan. — Joe learns so slowly that there is not much that one can report for him, he seems to be almost entirely incapable of the power to fix his mind on any one thing long enough to learn any thing about it. this deportment in school is usually very good

Feb. — Joe can string beads and put the forms in some of the boards with a little help does not work well unless some one stands beside him. this month he has learned to select the letters. c. a. t. comes to the chart class, but his work is not at all

1897 satisfactory. In the sewing class he very little work. His deportment is usually very good in school.

April. Joseph has been sent to Dummy Dicke

1897 Homberg Frank.

Jan. Frank has been sent from Miss McLean He does very little school work does better in the industrial class. His deportment is not as good as I would wish.

Feb. Frank does not improve very much will put the forms in some of the simplest boards, reads in the chart class knows the words boy. bat. and the, when he wants to know them his school work will never amount to very much. His deportment is not very good.

Mar. Frank does not seem to learn much in school, it seems almost impossible for him to give his attention long enough to ever do much school work his deportment is usually quite good

April Frank thinks he would like to learn if there was no work about it, he recites in the first Chart class some days he will do very good work then again does not seem to know any thing, in number he counts ten but is not sure that he is right, he does not come to school in the afternoon, he is improving in his deportment and it may be that when he learns english better he may learn more,

1897 Holmberg Frank

May Frank has done better work in school this month, he is inclined not to like work of any kind, and it requires quite a little patients to get him to take any interest in his work, he is restless and always finding fault with some other boy occasionly he comes in the sewing class but not enough to learn nicely he assorts colors and does other kinds of busy work. counts ten some times but is not to be depended upon. his deportment cannot be reported as good.

June Frank has not improved as much as I had hoped he would. he assorts the colors readily and names red. and green builds the little pen has good use of his hands, put some of the sliced animals together and names the one he is most used to has not learned any words on the chart so that he is sure of them counts ten, does not write, will, trace a letter, he has not worked enoughed in the industrial class to have had a chance to improve very much, can thread the needle and baste a very little his deportment is not very good,

1896
Sept. Oct.

Cohen Pinny

Pinny has learned to build his lesson with the letters and does it alone all for which he is very proud he reads in the Chart class I think he understands much better than last year, but his articulation is so poor that he finds it very difficult to make himself understood. He reads two stories on the chart. His work in the sewing class is much improved he turns the hems and darts the Towel & Handkerchief very nicely and keeps his work nicely. He is improving in his department.

Nov. Pinny enjoys his word building he distinguishes all the letters but can not name them he reads a few short lessons on the chart. can assort the colors but does not always name them, counts ten objects. his work in the sewing class is much better. Works well as an errand boy in school his deportment is quite good

Dec. Pinny Puts all the forms in the boards. assorts the colors and names them some times. then if he is bothered he will not name any of them. assorts the colored beads and put all of the same form a color together, Recites in the Chart class knows the word boy and ball. Counts twelve, builds his lesson from the letters beautiful does good work in the sewing class could accomplish quite a little work if he could have just a little

1897 help. His department is usually very good.

Jan. Pinney has very much the same report at last month, he is doing as well as he can, builds his lesson beautifully with the letters sews very well in the sewing class makes a good Errand boy. His department is very good in school

Feb. Penney works better in school than he has ever done, yet he learns very slowly indeed can read three lessons on the chart if he is let take his own time for it counts ten, assorts the colors and puts any of the form together. This month he succeeded in basting and hemming his first towel. this department is very good in school

Mar. Penny works well in school this month he has learned to build his lesson nicely, has learned several new words, all the busy work he does well in the industrial class he basts the hem in the towel and hem quite well, his department is very good.

April Pinny has done good work in school this month for him he builds his less on with the letters and in that way has learned many words, he is not lagy in school and I think does just as much as he is capable of doing, in the sewing

1897 Class he works well can turn, baste, and hem a towel without any help. His department in school is always very good

May Penny is doing good work for him, he builds his lessons with the letters beautifully and in that way has learned many word some lesson he will read with just a little help, it makes him very happy to know that he can do so much and he likes his work he works well at any kind of busy work 2nd the industrial class he does very good work, turns the hem and bastes it and hems it, in the the towel. never makes any trouble in school.

June Penny has not been in school much this month and is now in the hospital during the year he has done very good work, reads a few short stories on the chart and in his book, builds his lesson nicely with the letters, does it all alone, assorts the colors, names them, put all the sliced animals together and names those he sees every day, in the industrial class he works very well, turns and bastes and hems the towel. he likes to be the errand boy can be trusted to do any little errant in the school. his department is usually very good.

Hoge Alie

1896
Sept. Oct. Alie really does not do any school work, he has learned to speak english and understands every thing that is said to him, he is in the chart class and can read two stories, but has them committed to memory, He can not use the needle from the fact that he is so very nervous, His deportment is as good as can be expected of him

Nov. Alie has much the same report is last month he does not improve very much, lacks the power to apply himself

Dec. Alie has been sent to Tunny Dale

1897 Johnson Johnie

Feb. Johnie Works on the mark bag has made three this month. this is all the work he does in school. his deportment is very good in school.

Mar. Johnie Works well does no school work has made several laundry bags this month his work is always the very best, he is very industrious. In school his deportment is good.

April Johnie works well in the industrial class, this month he has made several laundry bags does his work beautifully, but does not like for any one to make any suggestion to him about his work, this month he showed his temper for Miss Baker by smashing up two chairs, but usually he is very good in school.

May Johnie only works in the industrial class, but in that he works well, is never idle this month. he has been working on laundry bags has made four works independently. This month his deportment has been very good

June Johnie has worked well in the industrial class never makes very much trouble except when he has no work, any thing he does he does well. His deportment is usually good.

Johnson William

1896

Sept. Oct. Willie is more interested in school this year than he has ever been, in the Chart class he does very good work for a boy of his makeup, he has more life about him, in the sewing class he tries and I think may succeed after a long time. His department is usually very good

Nov. William will never learn much in school it is not possile with the little time the teacher has to elevate to him individually, he takes a little interest in the chart class, His department is very good

Dec William will never do much school work. he put the Slicl animals together and the forms in the boards. writes in the Chart class knows only one or two words counts six does nothing in the sewing class. his department is usually very good

1897

Jan. William has about the same report as last month comes to the Chart class and seems to be taking quite a little interest in learning to read. His department is very good in school.

Feb. William has learned a few words on the chart. boy, a bat the, ball counts five, assorts the colors, strings the beads, some days he is brighter than others. His department is very good.

1897

May. Soffert Peter

Peter has only been in school a short time I have not found that he can do any thing at all does not know, found color or numbers in fact he really seems to have know thought about any thing, knows his own desk and that is all, never will try to do any thing unless I sit by him and put the work in his hand, and as soon as I leave him he quits work sits perfectly quiet and only moves when he must.

June Petter does not learn very fast has learned to assort the colors with a little help, can fit the very a few of the very simplest forms in the boards, does not count or read, takes very little interest in any kind of work, would never ask for any thing to do, but sit quietly all the while, knows his place in school likes to be noticed by his teacher, never enters in to any of the childrens sports voluntarily. His deportment in school is always good.

1897

May Samuel

Jan. Sam comes to me from Miss McLean's room. Reads in the Third Reader and reads well i.e. he understands what he reads. He is quite hard of hearing which makes it quite difficult to work in the class. His deportment is very good

Feb. Samie writes his own letters home independently. Add numbers well knows the colour, and form. Sews well. Works a little on the laundry bags. Make a good errant boy is in school every day. His deportment is always very good.

Mar. Samie Works well and intelligently and improves, his work in number is good, reads well and understands what he reads, can tell the story after he has read it, Works well in the industrial class hems towels nicely his deportment is always good.

April Samie Has gone home to stay

Jenny, Sophia

1896

Sept. Oct. This is Sophia's first year in school and she has every thing to learn does not know any of the colors, knows nothing about form, cannot read or write can not count. but, she has the appearance of rather a bright child and I am in hopes she may develop quite a little when she has become acquainted with the children and knows what is expected of her in school, she is very timid and easily confused, Her deportment is good, she will be a very easy child to manage

Nov. Sophia is improving a little she has learned to distinguish the letters and can form a few words with the letters if I cen stand by an give her some assistance, She reads in the chart class know a few word. such as. boy, ball. bat. a, the, &c. counts ten. can assort the colors but names only, yellow and orange. She makes a good errand girl in school. She learns quite well from dictation She works a very little in the sewing class. I think she will improve in that branch of her school work. her deportment is very good

Dec. Sophia puts some of the simple forms in the boards, in the sliced animals she will put the most familiar ones together and name them, reads in the chart class knows the word boy, ball, bat, and, the, cat counts 11. she assorts the colors does not name them, she is learning to hold

the pencil and use it just a little
in the sewing class has not
accomplished very much but is learn
ing and I am sure will learn in
time, she is not as energetic as she
might be. her deportment is very
good

1897 Oaks James

Jan. James comes from Miss McLeans
room. Reads in the First Reade, but
not well, some days will reade much
better than other's counts ten, I am
sure he learns very slowly. His deportment
is good

Feb. James has read to page 36 in the
First Reader, is very easily disconcerted
so that one never can be sure that he
will do his best. In writing he copies
well, can not write independently. Learns
numbers very slowly. Combines one with
any number, Makes a good errant boy
His deportment is always good.

Mar. James does his very best in school
but is very slow, will never do much
school work, has read to page 44. in
the first reader, some days he will
read very nicely then again he seem
to have forgotten all, which make it
very discouraging for the teacher,
he is a very trusty boy never gives any
trouble in school.

April. James seems to have reached his
limit he has fallen behind in
his class, but not because he would
not learn but simply can not
it seems almost impossible for
him to remember a lesson a week
he writes well and will copy
his lesson from the book and
does it nicely. Does not work in
the sewing class. His deportment
in school is very good.

1897 Oaks James.

May James has very much the same report as last month he is not lazy but just seems to have gone as far as he can he tries and some days does very good work, he can write his lesson on the board, and when he works in the sewing class he does very good work. his deportment is always good.

June James has done the best he could this year he is not lazy, but really does try I am sure what he learns in school will never do him very much good any more than it makes him happy to be in school, he can take his book and copy his lesson on the board independently, writes his name, counts ten and make the numbers to ten does all the busy work of school in the sewing class he hems the towel. he makes a good errand boy can be trusted to go any place in the house. his deportment is always very good.

1897

Salsburg George.

Jan. George comes from Miss McLeans room Reads in the First Reade. counts twenty Will take his book and copy his lesson on his slate or the board, but can not read it, after he has written it. He writes well. He learns very slowly. His deportment is always good.

Feb. George reads in the First Reader, can spell mamma, boy, dog, cat, rat. names the days counts twenty. George works hard but he can not retain what he learns. Writes well from a copy. His deportment is good.

April George has gone in another school

1897 Ronning Louis

Mar. Louis is a very strange child he does no kind of school work, places the peg in the boards does not know the colors, does not take any interest in any thing knows his own seat, is rather quiet

Apr. Louis has learned his own desk and will do what he is asked to do if he can, he understands what is said to him but does not talk any does not say one word, He can place some of the forms in the most simple form boards, does not know the colors yet, he is so very nervous that it will be very difficult to teach him any thing, his deportment is good in school,

May Louis, Strings beads put the pegs in the boards and places the forms in one of the boards he understands what is said to him and if he drops his work on the floor will pick it up himself, he knows when the bell rings that he must march out I don't know whether he will ever learn very much or not I do not see how he can, he has so little use of his hands. His department is good

1897 Ronning Louis.

Louis will never be able to do much school work he will string beads put the pegs in the boards, and fit a few of the forms in the boards does not like to work at any kind of work, he knows his own desk and when the bell rings he will stand and pass out does not talk but seems to understand what is said to him, His deportment is as good as could be expected of him.

1896

King Carrie

Sept. Oct. Carrie has not forgotten what she learned last year, counts twenty, has learned all the words in three lessons in the Primer, but cannot learn the letters. she knows the colors. Red. Yellow. Blue and Green is not sure of Violet and Orange. has learned three sonds from dictation so that she can say them with very little help builds her lesson beautifully from the letters and does her work very neatly on the sewing class she works independently of her teacher and does very good work this year she has hemed seven towels and six handkerchiefs. her deportment in school is always very good.

Nov. Carry is improving she is more industrious she reads in the First Reader and spell many of the words on the book know the script words and can follow the reading when the class reads in turn and reads much better than many in the class. She has learned to write this copy very well. I am a good girl, which is very much to her credit. she has always made herself believe she could not write. She is industrious and I think over all she can. she builds her lesson with the letters nicely, counts ten, distinguishes the colors readily. she works well in the sewing class. her deportment is very commendable

Carry King. Puts all the forms in the boards and puts the sliced birds and Annuals together and names many of them, Reads in the First Reader. with the class she has learned to read eighteen lessons and can keep the place when the class read in turn, sometimes she will know every word in the lesson then another day will not seem to know anything, but usually she is very attentive in class, builds her lesson beautifully knows many of the words in script she is learning to write has improved quite a little this month. does not accomplish very much in number counts ten and combines very simple numbers, she has improved very much in her sewing as an errant girl she is good, her deportment is always good.

1897 Wilkinson Eddie

Jan. Eddie has been sent back from Miss McBeans room, he reads in the First Reader, he is a very strange child, I think he may do some school work His deportment is not good yet he does not seem to be mean because he would rather than do right, he restless, and wants to be moving around all the time.

Feb. Eddie reads seven lessons on the Chart and spells all the words he has had, Write a few words after a copy, not very well, but in writing I think he will improve knows very little about numbers. In the sewing class he can hast the hem in a towel but not very well. he builds his lesson with the letters, puts the forms in the very simplest boards. his deportment is not the best.

Mar. Eddie reads fourteen lessons on the Chart, builds the lesson with the letters, names many of the letters, and knows some of the letters in the script. writes very well from a copy, he is rather inclined to be lazy, In the industrial class he works quite well can hast the hem in the towel and hem just a little, he is restless and finds it hard to sit still, I do not have much trouble with him in school.

1897 Wilkinson Eddie

Apr. Eddie is doing very well in school he has learned to rebd 17. lessons on the chart since January can read the script, knows many of the letters and can spell the lesson on the chart with a little help, he can build his lesson with the letters and writes his name and lesson very well counts ten can make the numbers up to ten, he is the most distructive child on school mateeod in my school and can't not be trusted very low with any thing in the sewing class he can hast the hem in the towel and hem quite well. his deportment is not always the best.

May Eddie has worked very well in school keeps up with his class in the Chart, can learn to read one story in three days and know nearly all the letters he has had writes very well from a copy makes all the number to ten assorts the colors and some time can name them all his work in the industrial class has been much better this month, has kept it much cleaner, and has take more interest in the work. His deportment is as good as I can expect of a child that has a restless dispostion

1897 Eddie Wilkinson

June Eddie has kept up with his class has read twenty four lesson on the chart knows nearly all the letters he has had, reads many of the lessons in script spells a very few words from dictation, writes his full name independently and can write any copy makes all the numbers counts nineteen builds his lessons with the letters assorts the colors and names them, put the sliced animals together and works quite well in the sewing class hastes the hem in the towel and hems quite well. he makes a good errand boy in school and usually works very good, his deportment is usually good.

1896

Keene Cecelia.

Sept. Oct. This is Cecelia's first year in this school she has been in school a little before coming here, can count 20. names the days in the week, names the first six months. names the colors Red, Blue, Green Yellow, learns from dictation very readily has learned all the words in three songs and repeats them with out any help sometimes other times she needs only a word to help her, she is learning to write, she reads in the Primer spells all the words in the three first lessons and knows the letters she has had in the three lessons she is learning to build her lesson with the letters, can write a few words. In the sewing class she can thread her needle and knot the Towel and handkerchief. Her deportment is very good

Nov. Cecelia is doing very good work in school, reads well in the First Reader can spell all the words in the lesson she has had knows all the letters and reads the script. counts twenty and can combine one with any number. knows the colors. Red Yellow, Blue. Orange. Green Purple builds her lesson from the letters. Her work in the sewing class is very good for one just learning, she threads the needle and basts the hem in the Towel and handkerchief. She learns very readily from dictation, she has learned four songs. her deportment is not the best yet she is easily managed.

Cecelia Keene is improving she places the forms in the hoods puts the Sliced Animals and Birds together and names the most common ones, strings the colored beads placing those of the same form and color together, she reads in the First Reader, has learned to read eighteen lessons knows the letter i.e. all she has had and spells nearly all the words she has had from dictation, can keep her place when the class is reading in turn, Writes after a copy, makes nearly all the numbers she does not do much in the sewing class, but is improving, Makes a good errand girl in school her deportment is not always the very best, yet she is easily manage

1897 Erickson Alpha.

Jan. Alphia works in afternoon on the laundry bags does good work. Deportment good.

Feb. Alphia had the misfortune to burn his fingers so has not worked very much this month.

Mar. Alphia works on the laundry bags, in the industrial class does good work. His deportment is very good.

April Alphia does good work in the industrial class this month he has made the laundry bags. his deportment is always good in school.

May Alphia has worked well in the industrial class this month has worked on the laundry bags works independently he has a very kind disposition and is always ready to help others,

June Alphia has worked well in the industrial class has made several laundry bags and hemmed a few towels, he writes his letters in my room, writes a good letter spells quite well and composes very nicely his deportment is always good.

Enger Albert

1897 Feb. Albert is a new child he has only been in school a few days, he can talk, can assort the colors but does not name them. Has never had any school training.

1897 Mar. Albert assorts the colors names some of them will build his lesson with a little help I think he knows more than he seems to know can put the forms in the boards put some of the sliced animals together On the sewing class, he has learned to thread the needle and to hem the hem in the towel, his deportment is good.

April Albert fits the forms in the boards put the sliced animals together and assorts the colors builds the pig pen and works at any kind of busy work. will build his lesson with very little help, but will not do it unless someone sits beside him, he is a very restless and likes to move about the school room and bother the other boys, but is easily controlled. does not know any thing about numbers.

1897 Enger Albert

May Albert improves a little each month he will work well if I sit beside him will try to write from a copy and can build his lesson from the letters if he will, is very quick about assorting the colors, such work as putting the sliced animals together and placing the forms in the boards, and stringing the beads he does well. reads in the chart class and if I can get his attention long enough he will say some words, but does not care for reading and it is an effort to get him to try. His deport ment is never very good. yet he is not mean.

June Albert is a child who has very little power of concentration he will work very well if some one sits by him and keeps his mind on the work before him, he will build his lesson from the letters nicely if I sit beside him. counts two, assorts the colors readily manners red, builds the little pen beautifully has good use of his hands put some of the sliced animals togethe names the cow, horse, dog rat, does not know any word on the chart well enough to be sure of it. in the industrial class he works much better has learned to thread the needle and bade and hem the towel very nicely his department is not always good.

Mundt, Willie

1896

Sept. Oct. Willie will say any word I ask him to say will not put two words together, he will not be interested in any thing seems to lack the power of concentration, he will string beads and assort colors just as he wishes, sometimes he will build his lesson from the letters, but does not know the words does not know the colors, can count four, His deportment in school is very good

Nov. Willie Mundt works well with building his lesson with the letters and does it well, and is doing good work in the chart class, knows the words in the two first lessons, he counts five, he is learning to talk will say almost any word, but does not make sentences, he works quite well in the sewing class, Makes a good errant boy in school, His deportment is not the best

Dec. Willie can put the forms in the boards and many of the placed animals and birds he puts together very nicely strings the beads assorts the colored sticks, Reads in the Chart class, knows the word, boy ball, bat, the, cat, builds his lesson with the letter and does it well, he talks much better than at the beginning of the year, does not know much about numbers In the sewing class he basts the hems in the handkerchief and towel very well and is learning to

1897

hem. He likes to be the errand boy in school and that kind of work is just what he can do best. his deportment is never very good

Jan. Willie reads in the chart class builds his lesson with the letters. knows the words. a. A. boy. bat. the. cat. and. he always recites better when some other child is stumbling along with its lesson In the sewing class he basts the hems in the towels and handkerchiefs. His deportment is usually quite good. he is so restless that he never knows whether he is sitting down or standing

Feb. Willie I think works as well as he can in school. he reads on the Chart knows the words. boy. bat. ball. the. girl and doll. know very little about numbers, any kind of busy work he can do nicely. In the sewing class he can hem a very little. He likes to be the errand boy, knows as quickly what is to be done. His deportment is as good as usual

Mar. Willie has worked very well this month builds his lesson nicely with the letters knows many words on the chart writes the word cat + a, he does not like to apply himself long enough at one thing to be able to ever do very much real good school work, in the industrial class he works much better basts the hem and can hem the towel quite well. His deportment is usually very good for a child of his disposition

1897 Mundt Willie

Apr. Willie works as well as he can I think he will never do much school work. he can build his lesson with the letter works well if it is something to copy. but just will not think. he talks quite well can say almost any word in the chart class some times he will read quite well then again it seems almost impossible to get him to even look at the chart, in the sewing class he does quite good work can baste the hem and hem the towel very well he is not a mean boy in school, but has that restless roving disposition which makes it very hard for him to sit still very long at a time.

May. Willie I think does as well as he can he will build any lesson in his book but can not always read them, in fact he will not try to read, and in talking he will say almost any word but will not say two words together, he does better work in the industrial class makes a good errand boy understands all that is said to him and can be depended upon. any kind of busy work in school he does well. His deportment is as good as I can expect of him

June Willie builds his lesson with the letters, knows a few words on the Chart, he has not the will power to ever learn very much in school can say almost any word but will not under any persuasion say three words together; he will

1897 do almost any kind of busy work in school, assort the colors string the beads, put the forms together, bastes the hem in the towel and hems it very well makes a good errand boy. His deportment is as good as one can expect of a child with such a restless disposition as he.

1896

Mundt Eddie

Sept. Oct. Eddie is learning to talk a little will try to say any word I ask him, he is in the chart class, but will not give enough attention enough to learn, if he could learn, he knows one color from another and will assort them, but does not name them. In the sewing class he does very good work and does that work better than any other work in school. This year his deportment is much better than last year.

Nov. Eddie I think articulates a little better but many words he does not even try to say, assorts the colors but does not name them. Has been trying to build his lesson with the letters I am in hopes he will learn after a while. He has improved in the sewing class. Works well as errand boy, is improving in his deportment

Dec. Eddie improves a little but sometimes I wonder if he will ever learn enough to amount to anything. he has been working at building his lesson with the letters but does not succeed well enough I sit by him and help him he does all such work as assorting the putting the forms in the boards stringing the beads. Sews quite well, bastes the hems in the Towels and Handkerchiefs. makes a good errand boy in school, in his deportment he is improving

1897 Mundt Eddie

Jan. Eddie improves so little that there is not much to say for him that was not said last month. He is in the chart class and some times seems quite interested. In the sewing class he hasts nicely. He is improving in his deportment.

Feb. Eddie is learning to talk does not speak very plainly but makes quite an effort, and will put two words together, I am more encouraged about him than at any time. He works in the chart class and really seems interested. He does very good work in the sewing class. his deportment is not the best.

Mar. Eddie has learned to build the word cat from the letters, works in the chart class, will try to say any word in the lesson and likes to be in the class, articulates much better and I am in hopes he will learn to talk His work in the industrial class is much improved, he hasts the hem in the towel and can hem very well his deportment is as good as one can expect of a child with his stubborn disposition,

1897 Mundt Eddie.

Eddie has learned to build these words this month (cat and dog) and can do it independently when he know he must, he likes to be in the chart class and will say many words after me, and will try to put two words together, will not try to write except when I stand by and help him I can not counts, he works well at any kind of busy work, in the sewing class he is doing very well can hast the hem and hem the towel nicely. His deportment sometimes is not very good.

May Eddie is improving a little each month in fact he never has taken as much interest in school as he has in the last two or three months in the chart class he is always very anxious to read when his turn comes to be sure I must say all the words but he will try to say them after me and many of them he says quite plain he can build his lesson with the letter letters very nicely, makes a good errand boy, has done very well in the sewing class keeps his work nicely and really tries to do his work better, he of course finds it hard to keep his mind on his work very long at a time. His deportment is not always the best

1897.
June

Mundt Eddie

Eddie has done better school work this year than he has ever done, can build his lesson with the letters, and has learned to say a few words but not very distinctly, assorts the colors readily put all the forms together knows the dog, cat, cow, and those animals and birds he see every day, works well in the sewing class, hems the towel very nicely makes a good errand boy in school, he has a stuborn disposition and sometimes is a little hard to govern, but usually he is quite good in school,

1896

Sept. Oct. Miss Lin Theador

Theador writes well, will copy his lesson from the book, and when he is feeling fell, likes to be busy. builds his lesson from the letters and likes to help the other boys. In the sewing class he does good work, this year he has sewed on towels and handkerchiefs. He is a very good boy in school

Nov. Theadore does much the same work and works well, learns a few new words and if the teacher could have more time to devote to him he could learn much more, he enjoys being the errant boy, his work in the sewing class is very good. Deportment good

Dec. Theadore works well in school writes all the words he knows and is interested in learning new words, in the sewing class he does very nice work. Makes a good errand boy in school. His deportment is always very good

1897

Jan. Theadore has about the same report as last month. His work in the sewing class is very good. He is very industrious. always good in school

1897 Miss Lin Theadore.

Feb. Theador is continually hunting out new words and asking me the meaning of them, he is a very interesting boy works well in school, makes a good Errand boy. His work in the sewing class is very good and he works fast too, his deportment is very good.

Mar. Theador works well in school will help the new children to get their lesson and when they get their work in disorder he will fix it up for them he writes well and has a good memory for names. His work in the industrial class is very good, he never gives any trouble in school.

April Theadore Works well in school will help the new children to place the forms in the boards and to assort the colors and help them in building their lessons with the letters he writes well and learns some new words every month. in the industrial class he works well will make a towel in two days his deportment is always good in school.

May. Theadore works well in school and is always busy writes well and and more than makes an effort to learn, asks many questions, makes a good errand boy. His work in the sewing class is very good, will make a towel in two days, his deportment is good.

1897 Miss Lin Theadore.

June Theadore in many ways is a quite a bright boy ask many interesting questions about his lessons showing that he knows something about it will write all his lesson on the board, writes a beautiful hand does all kinds of busy work in school and will help the new children many times in learning to assort the colors and oting the beads, sews well, and makes the laundry bags. his deportment is good in school

Medicke Carl

1896
Sept, Oct. Carl read three lessons in the Primer and some times can spell all the words but is not sure of any of them counts twenty, knows the colors Red, Yellow, Blue, can build his lesson from the letters, reads script. Does not work well in in the sewing class, can baste the hem in the Handkerchief. His deportment is usually very good

Nov. Carl reads in the Primer spells all the words on the book and nearly all without the book, keeps the place while the class is reading in turn, names the colors counts thirteen. builds his lesson with the letters, reads the script. He will never succeed in the sewing class, he works every day but does not accomplish much. his deportment in school is very good.

Dec. Carl works manally very well but he does not learn very quickly, but what he does learn he does not forget, keeps up with the class in reading, assorts the colors, strings the colored beads, puts the sliced animals & birds together knows all the letters in the lessons he has had and knows the script. counts twelve, writes this. I am a good boy. cat, does mat sew very well makes a good errand boy in school, his deportment is good,

1897 Medicke Carl

Jan. Carl keeps up with his class, reads in the First Reader, and really does try, reads to page 25, knows, and spells many of the words without the book writes from a copy, counts 15, and can combine one and any number but it is hard for him. In the sewing class he will never accomplish very much His deportment in school is very good

Feb. Carl still keeps up with his class reads to page 35, know all the letters and words in the lessons he has had and is quite interested in keeping up with the class, write from a copy, dictates his letters and is pleased to do it, in numbers he can count twenty combines numbers better than any of the boys in his class. In the sewing class he has done better work than last month. His deportment has been very good.

Mar. Carl keeps up with his class reads in the First Reader, writes very well from a copy, he is brighter in numbers than any of the class, yet he does not do much in numbers. He does all kinds of busy work well and makes a good errand boy in the industrial class he has worked much better this month basts the hem in the towel and has hemmed a handkerchief his deportment is very good.

1897 Medicke Carl.

April Carl has worked well this month has learned to read a new story in the first Reader every two days and with a little help will write his lesson on his slate or the board knows all the letters and builds his lesson with the letters counts ten and can make all the numbers to ten, and can name them, can do all the busy work that is given him, in the industrial class he has worked much better than at any time yet he will never do very well at sewing, he has learned to hem the towel and can hem very well his deportment in school has been good.

May Carl works well in school and does his best. has a new lesson almost every day in the First Reade know all the letters and can write his lesson from the book on the board or on his slate and is becoming very much interested in his work. Dictates his own letters. counts ten and can make all the numbes and name them, names the colors. makes a good errand boy. likes to work in the garden and knows what I want him to do better than any of my boys. his work in the industrial class is quite good, yet he will never do much in that line, His deportment in school is very good.

1897.
June

Medicke Carl

Carl has worked well in school has read to page 72 in the First Reader spells all the words on the book, will copy his lesson all on the board, builds it nicely with the letters spells a few words from dictation, baby, mamma, can, book, and others, makes all the numbers and counts nineteen but is not always sure of 12 and 13. Assorts the colors and names them, puts all the forms together knows all the animals and birds, he see every day and many others likes to be the errand boy sews quite well in the industrial class but will never make a success of that kind of work his deportment is very good in school

1896 Hopkins Arthur

Nov. Arthur has been in school only a very short time he seems much brighter than many of the children in this room, he works in the chart class and has learned, the first 4 lessons counts fine, builds a few words with the letters. will never learn to sew his hands are deformed and very nervous his deportment is good

Dec Arthur reads three lessons on the chart knows the letters in the lessons he has had. can assort the colors names red, blue, green, violet, counts eight in writing he makes quite a good many letters his deportment is very good

1897

Jan Arthur improves a little each month he is industrious and I hope will learn to read after a while, his report is very much like the last month, his deportment is very good

Feb. Arthur reads five lessons on the chart and knows many of the letters and all the words, builds his lesson nicely with the letters, writes the words. Cat and dog from a copy assorts the colors. Put the pegs in the pegboards, he is always pleasant and kind, never gives any trouble in school,

1897 Hopkins Arthur

Mar. Arthur is improving a little every day he reads fourteen lessons on the chart and learns intelligently know almost all the letters in the lessons he has had, will build his lesson with the letters from the script and writes a few words, he will learn quite a little in time I am sure he is always busy, does not work in the industrial class because of his deformed hands. his deportment is always good.

April Arthur is improving every day he keeps up with his class in fact I think works more intelligently than any other boy in the class if he knows a word he will say so but if he does not he will not guess at it, he knows many of the letters and spells from the chart, he is learning to speak his words more distinctly, could learn to write if he had good use of his hands but he is very nervous and his hands are quite deformed, yet he will try and may in time be able to do some work in the way of writing counts ten, assorts the colors names some of them. does no work in the sewing class, His deportment is always good

1897 Hopkins Arthur

May. Arthur works well and intelligently he builds his lesson either from the print or script, sometimes there will be a letter in the script he does not know but not in the print, if he could hold the pencil he would learn to write, but his hands are so stiff and uncertain that he will never do much with a pencil I am afraid. he keeps up with his class, will learn to read the lesson before any other boy in the class. can read quite a long story on the chart, never does any thing in the sewing class. His deportment is always good.

June Arthur has worked well since he has been in school, reads 25 lessons on the chart know nearly all the letters he has had spells many words on the chart, writes well and simple copy I give him, which is much to his credit for his hands are very shakey and deformed, makes all the numbers counts ten assorts the colors names red, blue, green, and lemon, puts the forms together knows the domestic animals and birds and a few of the others, his deportment is always good. he enjoys a good story he is quite intelligent for my class of boys talks much plainer than when a came in school.

Nerhiem Isabelle

1896

Sept, Oct. Reads in the second reader knows all the letters and spells her lesson off the book, writes a little counts twenty, builds her lesson from the letters, and in that way learns to spell and to distinguish one letter from the other, she likes to be busy she works very slowly at any thing she does Her work in the sewing class is very nicely done, this term so far she has made Towels and Handkerchiefs. Her deportment is always good,

Nov. Isabell works well in school reads 17 lessons, spells the words in the lesson from dictation, counts to twenty and writes the copy. I am a good girl she likes to be busy, she work very slowly at any thing she undertakes, she does good work in the sewing class, her deportment is very good

Dec. Isabelle assorts the colors but is not sure about the colors put the fourst together strings the beads and any kind of busy work I may give her. reads in the third reader knows all the letters in her lesson spells her lesson without the book, writes a few words after the copy counts twenty five. in the Sewing class she does very good work her deportment is very good

1897
Feb

Turner Julius
Julius had just entered school, has been in school before coming to the institution. He makes the numbers and some of the letters but does not name any of them. Know form but not color, so far in school he has been very quiet.

Mar. Julius does not learn as fast as I had hoped he would, he can arrange the alphabet from the capital letters and pick out the letters himself, is learning the small letters and to build his lesson with them he works with the chart class but it seems almost impossible for him to fix his mind on any thing and keep it there for the shortest time he is one of those dreamy children. his deportment is very good never gives the least trouble in school.

April Julius I think has improved a little this month, he seems to give more attention and in that showing that he is becoming more interested. he can build this (A cat and a dog) with the letters + do it independently, he can write many words and make all the numbers up to ten can name all the numbers but does not always know their value. Assorts the colors and builds the pig pen keeping his work very exact. put the forms in the boards and can

1897 put many of the sliced animals together and names the one he is the most familiar with, he is a very nice child and likes to be busy never has given any trouble in school.

May. Julius works well and is learning know many letter, builds his lesson beautifully and reads quite well on the chart, he writes from a copy well, makes all the numbers and names them readily counts twenty does not combine numbers very well. in the sewing class he works quite well. he is quite an interesting boy and if one could spen quite a little time with him I think he would learn much faster he is a good child in school and never makes any trouble.

June Julius has done very good work this year. reads 24 lessons on the chart will not know all the words but nearly all knows many of the letter and spells his lesson on the chart. writes very nicely any simple copy, makes all the numbers and counts 29. knows all the numbers and will name them readily. I think in time he may learn quite a little. his work in the sewing class is not verry good. he threads the needle and can baste the hem in the towel. his deportment is very good in school.

Ristow Clara

1896

Sept. Octo Clara has learned all the words so that she can spell them off the book and reads well the three first lessons in the Primer, builds her lesson from the letters, can write this copy. Ann likes her doll, in number work she counts to 20 and can combine 1 with any number up to 9. She does not work as well in the sewing class as I would like to have her, she basts the hems in the towels and handkerchief. Department is good.

Nov. Clara is improving every day reads in the First Reader and know all the words in both script and print and spells many of them, she builds her lesson nicely, counts ten and writes the copy "I am a good girl." has improved in her sewing, her department is very good

Dec. Clara assorts the colors names red blue, green, purple, puts all the points together, reads in the first Reader, knows the letters in the lessons she has had and knows all the words, reads the script very well, writes from a copy counts twelve, is doing better work in the sewing class, makes a good errand girl in school, her department is good.

Jan. Sent to Mrs. Baleys Room

1896

Rosencrans Belle

Sept. Oct. Bell works well in school and I think she does her best, she reads in the Primer knows all the words in the three first lesson and spells all the words, but finds it hard to remember them very long unless she has had the lesson over and over again, she can copy anything that is written on the board but can not always read what she has written, She works well in the sewing class she can turn the hems and baste them and hem the Towel and Handkerchief, her work is usually very nicely done, Deportment is always good

Nov Bell improves a every day but very slowly, She keeps up with her lessons in the First Reader builds her lessons from the letters, she counts 10, and can write after a copy beautifully but does not always know what she is writing, puts all the sliced animals together, works well in the sewing class, makes a good errand girl, her deportment is always good.

Dec. Belle assorts the colors names, red blue, orange, green, purple, put all the forms together names all the domestic animals & birds and a few of the others, reads in the First Reader knows nearly all the letters in the lessons she has had, reads the script very well, writes beautifully but does not always know what she

she is writing. counts twelve. she works well in the sewing class hems the towels and handkerchieves makes a good errand girl in school her deportment is always good

Jan.

Bell has been sent to Mrs. Baleys Room

Stapleton Walter

1896
Sept. Oct. Walter does not improve as fast as I wish he would he does not care to read or even try as much as he should or could if he wanted to, he builds his lesson nicely with the letters and never makes a mistake, he works well with his hands and is very accurate His work in the sewing class is beautifully done, Deportment is not always the best, yet he can be easily governed

Nov. Walter is a strange boy he seems bright enough but at times he will not take any interest in his school work, he does not improve as much as he did last year yet he does learn something and I like to have him in school, he reads in the chart class and know the words in the two first lessons, and can spell the words on the chart if he wishes. His work in the sewing class is very good, his deportment in school is very good for such a nervous child.

Dec. Walter has been transfered to Sunny Side

Steiner Susan B.

1896.
Sept, Oct. Susie has only been in school this year, she may be able to do quite a little work she seems bright enough but will never be able to articulate so as talk and make herself understood she may learn after she has been in school some time, she has never been taught any thing knows nothing about color or form she is easily manage and is a very nice girl.

Nov Susie is becoming interested in her school work and I am in hopes she learn, her articulation is so very defective that one must be quite used to her before she can make herself understood, she distinguishes colors but not readily, puts the very simplest sliced animals together, she is in the chart class, in the sewing class she can take a few stitches, her deportment is very good,

Dec. Susie likes to be busy, she put the forms together, she is learning to assort the colors does not name any of them strings the beads, reads in the chart class knows the word, boy, bat, and ball, is learning to hold the pencil and makes the letter a ij I help her does not know any thing about numbers, in the sewing class she can thread the needle and take a few stitches, likes to be the errand girl in school, her deportment is very good.

Jan. Sent to Mrs Baleys Room

1896

Stevens Anna

Sept. Oct. Anna has never been in school before and knows nothing at all about school work. She is a very diffident girl and may not do as well as she knows she makes a good errant girl she knows nothing about sewing can not thread the needle, but likes to have a work box and sewing and will try. and of course may learn. She never gives the least trouble in school.

Nov. Anna is a very quiet girl speaks very low and indistinct. She seems interested in her work, learns a little every day reads two lessons on the chart and one in the Primer counts four puts the simplest forms togeth assorts the colors strings beads, in the sewing class she does very simple work. Her deportment is good

Dec. Anna is learning to assort the colors does not name any of them puts some of the forms together strings the beads. reads in the chart class knows the words. bat. ball, boy. a. & the. is learning to hold the pencil and makes the letter a quite well counts six. in the sewing class she threads the needle and baster a very little. likes to be the errand girl in school. her deportment is very good

Jan Annie has been sent to Mrs. Baleys Room

1896

Slayton Thressie

Sept. Oct. Thressa did not forget what she learned last year, she reads on the chart and writes the words bat + Dog, assorts the colors and string the beeds grouping them in fives of the same color and form, she is always busy, does not work well in the sewing class, she behaves well in school

Nov. Thressie does very much the same work from day to day she is learning to build her lesson with the letters knows many of the letters. Reads in the chart class she will work with any thing & gives her. likes to write and can write a few words from a copy. her work in the sewing class is much better this month

Dec. Thressie is always busy at something assorts all the colors and names them strings the beads, put the forms together reads in the first reader. three lessons, can build her lesson with the letters, knows the letters in her lesson, writes several words very nicely, counts ten does not do much in the sewing class, makes a good errand girl in school her deportment is good

Jan. Thressie is in Mrs. Bailey's Room

Stewart Harry

1896
Sept. Ad. Harry has learned to build his lessons with the letters and does it because he enjoys it. His work in the sewing class is much improved, both in work and neatness. his deportment is much better

Nov. Harry does well in building his lessons with the letter many time he will do it without a single mistake, His work in the sewing class is much improved, He is a good errant boy in the school room and like the work. his deportment is much improved.

Dec. Harry Stewart is working much better in school than at any time, assorts the colors, strings the beads and all kinds of busy work. reads in the chart class. builds his lesson beautifully with the letters. writes two or three words does not know much about numbers, he has improved in his work in the sewing class. makes a good errand boy in school his deportment is quite good

1897
Jan. Harry works so slowly that it is hard to mark the improvement in a month, what he learns he does not forget. he does quite good work in the sewing class. makes a good errand boy, know what is expected of him. His deportment is usually very good

1897

Stewart Harry

Feb. Harry reads in the chart class seems quite interested with point to the words, hat, girl, bat, boy, he will never learn much in school writes a and cat, His work in the sewing class was very good this month I think he never did as well, his deportment is very good

Mar. Harry still keeps up his work in the chart class but will never be able to do much work of that kind he really seems to want to learn but just does not have the memory he builds his lesson nicely with the letters and is happy to think he can do it, in the Industrial class he works quite well basts the hem in the towel and can hem a little He does not give any trouble in school.

April Harry Works quite well for him but improves so little that it is hard to find any thing new to say of him, he likes to be busy and can build his lesson nicely with the letter never leaving out a letter, they different kinds of busy work in school he does well, he is not lazy and if he does not learn it is because he has not the ability, in the industrial class he has done very well and better than he has ever done, his deportment is usually good

1897

Stewart Harry

May Harry Will build his lesson nicely and works well, likes to have work of some kind knows some of the letters and a few words his work in the chart class is not very satisfactory does not remember words very well, all the busy work in school he does well, makes a good errand boy know all that is said to him, his work in the sewing class is not very good but it is not because he does not try, His deportment is usually very good

June Harry is a child who works well likes to be busy, takes his book and builds any lesson I give him without any help and does it nearly always without any mistakes, he writes a few words and makes all the numbers does not read very well, assorts the colors strings beads puts all the forms together likes to be the errand boy in school sews a little but will never do much in that line, his deportment is quite good

Wrabek Dophia

1896
Sept. Oct. This is Dophias first year in school she has hardly become acquainted with either the school work or the children she is a very diffident child does not seem to know any thing about what is expected of her in school, I think she has never been in school before coming here, I think in time she will learn she is very good in school and will try to do any thing I give her to do.

Nov. Dophia is improving very much she is overcoming her timidity so much and is becoming quite interested in her lessons on the chart. counts four strings beads puts the simplest forms together when acting as errant girl does the work well, her deportment is very good.

Dec Dophia is much improved in many ways in school, she is learning what is expected of her in the schoolroom and is overcoming her timidity and is much more interested in her work she. assorts the colors, put the forms together, and knows the words hat, boy, ball, the, in her lesson on the chart, she is learning to hold the pencil and to form the letter a. sew a little. likes to be the errand girl in school, her deportment is good

Jan. Dophia has been sent to Mrs Baley's Room.

Winther Lewis

1896
Sept. Oct. Lewis reads in the Primer, can read the first three lessons and spell all the words in the lessons learns very readily any thing I teach the class from dictation builds his lesson from the letters. His work in the sewing class is very good but of the very simplest kind his deportment is usually very good.

Nov. Lewis is improving reads in the Primer, and is quite interested in his work builds his lesson with the letters and spells all the words both in script and print. counts ten. distinguishes colors, learns easily from dictation. Sews quite well in the class, this deportment is very good

Dec. Lewis works well in school and seems to enjoy his work assorts the colors, puts all the forms together names all the most familiar animals & birds strings the beads putting all of the same kind and color together. reads in the First Reader. knows all the letter in the lessons he has had read the script builds his lesson with the letters counts ten combines the simple numbers. Sews very well. makes a good errand boy in school. he is improving in this deportment

1897 Winther Lewis

Jan. Lewis has been sick much of the time this month, (not all the time out of school but not well enough to work) he came to class but did not take much interest in the work. His department was good

Feb. Lewis has done much better this month keeps up with the class in the First Reading reader to page 35. knows all the words and letters writes from a copy, does not do much in numbers. In the sewing class he basts the hems in the towels and handkerchiefs and hems a little. His department is usually very good.

Mar. Lewis has been sent to Sunnyside

1897 Schroeder Charlie

Mar. Has only been in school a few days does not know any thing.

April Charlie has been in the hospital nealy all this month.

May Charley has been transfered

1897 Kline Ole

May Ole has only been in school a short time, he does not know much about school work, yet he seems interested in anny thing I want him to do. does not know color or form. can not count or read in the sewing class he handles the needle well can thread the needle and bast a little he is not at all awkward in learning to sew I am in hopes this boy will learn when he has become accustom to the ways of school.

June Ole does not know the language well enough to learn very fast he assorts the colors does not name them

1896
Sept. 7 Oct.

Wall. John

John's school work is very limited he assorts colour string beads and is trying to learn to build a few words with the letters. His work in the sewing class is very simple can baste the hem in a towel, this department is good.

1

John has been transfered to Annie Dick

1896 Rundestvedt Rosa.

Nov. Rosa is a new girl and is very home sick, it is difficult to find out just how much she does know. she does not seem to have the least idea of school work and I think she her never been in a school before know nothing about form or color, in fact every thing in the school room is new to her

Dec. Rosa is becoming acquainted with the children and the ways of school and is quite contented now, likes the work. assorts the colors. put the simple forms together and names the most familiar objects, strings the beads. reads in the chart class. knows the words boy. bat. ball. the. and, & a, she is learning to hold the pencil and to form the letter a. does not know much about numbers. works well in the sewing class. likes to be the errand girl in school. her deportment is very good

Jan. Rosa has been sent to Mrs. Bailys Room

1896 Zemarr Rosa

Sept. Ros. Rosa work well in the sewing class but seems in the towels and handkerchief, her deportment is very good

Nov. Rosa works well in the sewing class I think is improving her deportment is very good.

Dec. Rosa works very well in the sewing class, she never make any trouble and likes to be busy.

Jan. Rosa has been sent to Mrs. Baily's room
