Red Cross Lists of Personnel.

As explained by Mrs. Fridley, formerly Assistant Manager of the Northern Division, American Red Cross.

All applications for service overseas were handled thru the personnel department. All names marked "Withdrawn" "Incomplete", "Cancelled", never were taken into service, their applications being treated as indicated.

Names marked "Accepted" indicate that their applications were passed by the Northern Division, National Headquarters at Washington, and by the War Department and were subject to call but in most cases the signing of the armistice cut off further calls. Apparently, unless followed by such notice as "and Sailed" such persons were never in the service.

The "Reserve File" appears to be the same as the above, applications being accepted and the persons subject to call but never actually in service.

Those names marked "Sailed", "Accepted and Sailed" and "Called to France, etc" were all in the service overseas. Unless the note indicates actual sailing or service overseas the person cannot be considered in the Red Cross service.
