January 30, 1987

Dear Councilmembers:

As you can see from the enclosed information, Tuesday night's meeting could be short. None of the items seem controversial and as you can see, there are only a few. The Council meeting should go somewhat as follows:

Consent Agenda

ITEM

SUPPORTING DATA

1. Set public hearing to consider a request for a variance in the rear yard setback to build a 14' x 12' deck at 5209 Xenia Avenue North.
2. Review request for a gambling license to the State of Minnesota from the Minnesota Therapeutic Camp, Incorporated at Rostamo's.

None

Copy of application and lease agreement.

As you can see, Item #1 is merely setting a public hearing. Item #2 is review of a renewal gambling license at Rostamo's. It is my understanding that construction started on Item #1 but was stopped pending action by the Planning Commission and City Council. A public hearing by the Council can be held February 17, 1987.

The regular meeting should go as follows and, as always, if something comes up that cannot wait we will add it between now and Tuesday but until that time it should go the way it appears here.

1. Consideration of a building permit request from Stuart Corporation to build a 65' x 195' office retail building at 3640 Winnetka Avenue North.

Planning Commission minutes of 1-12-87, Item 4; memo from City Engineer dated 1-7-87 with a 1-27-87 update.

I call your attention to the Planning Commission minutes of January 12, 1987, Item #4, and specifically to the memo prepared by Bill Monk. It is my understanding that they will be in for approval subject to receipt of bond and signed agreement but will not be back in the normal 14 days, so when they are prepared finally, they will appear again before the Council.

2. Appearance by members of the firm of Rosenthal, Rondoni and MacMillan, Ltd. to give a report on their legal activities.

Letter from Paul Rosenthal dated 1-26-87 with report.

Some time ago Paul asked for some time on the agenda to make an annual report to the Council. Since that time he has sent me the letter that I have enclosed. He will be here to make whatever report he feels necessary and answer any questions you may have.

3. Review of the Bassett Creek Water Management Plan. None

At Tuesday night's meeting Bill Monk will distribute a draft of the remaining management plan for Bassett Creek Water Management proposal. With that he will submit some comments from himself. He intends for you to review the management plan and make any comments, if you have any, to him at a later meeting so that he can report that back to the Commission for the final draft. He will be prepared to answer any questions you may have regarding this Tuesday evening or make a brief overview if that is what you would like.

4. Consideration of the 1987 vehicle and equipment purchases from the Street Department. Memo from City Engineer dated 1-20-87.

You may recall at budget time I requested that because both Bill Monk and Sante Davidson were new employees you would budget a lump sum amount of capital provisions in the Street Department budget and allow both of them some time to make recommendations to you regarding that appropriation. They have met and the results of those meetings are in Bill Monk's memo dated January 20, 1987. In reviewing it I tend to agree and had this information been available at budget time I would have recommended appropriations for these kinds of expenditures to you at that time.

5. Consideration of a list of names to be submitted to District Court Judge for the Charter Commission. List of names.

I have enclosed a copy of the list of names you have submitted to date. It would seem to me if any decisions are going to be made on Tuesday evening those of you who have further names to submit will do so at that time or call them in to us between now and then and we will have that for the Council's reviewal Tuesday night. The rest of the information regarding Charter Commission has been submitted to you and you should have that in your possession.

6. Appearance by Ms. William Antoski, Jr., 5555 Welcome Avenue North regarding smoke from a wood-burning furnace next door to her home. None

Ms. Antoski called early in the week and talked to Delores. I have been unable to reach her but will continue my attempt. Should she still want to come in Tuesday evening this item will remain on the agenda. If this cannot be arranged or she should want to come to another meeting we will scratch this item and put it on at a later time. The Building Department (Bill Barber) has reviewed, from the outside of the home next door, the installation of the wood burning furnace and from outward appearances he indicates that everything is in order. He has not however, since this request, been inside the house. It is likely Don has in the past but he is in the hospital for surgery at the present time and will not be available for comment Tuesday evening. If my memory serves me right this same complaint was received a couple of years ago by the City and I almost believe the Council discussed it.

January 30, 1987

7. Appearance by Phil Herman of Harold Herman Furniture regarding truck routes on 32nd Avenue. None

Due to some complaints in the area, stronger enforcement of the prohibition of trucks on 32nd Avenue has been instituted by the Police Department and has resulted in some tickets being issued to semi-truck drivers using 32nd Avenue to make deliveries to Harold Herman Furniture. Mr. Herman asked to be on the agenda so that he can request some accommodations for reasonable delivering to his establishment. I have asked him to put his request in writing so that you would have an opportunity to review it before Tuesday. He indicated to me that he would get that letter to me sometime today. If so, we will enclose it.

8. Consideration of changing the date of the March meeting. None

As you know, some of the councilmembers will be in Washington at the Congressional City Conference on the day of the first meeting in March. We are suggesting by this item that you may wish to change the date of that meeting to accommodate all of you.

As of now that appears to be the agenda for Tuesday evening. I have however enclosed some informational items for your reviewal.

1. Letter dated 1-15-87 from Felinda and Larry MacDonald regarding conditional use permit in Lamplighter Square.
2. Human Relations Commission minutes of 1-26-87.
3. New Code Book page.
4. Hennepin County Department of Transportation's Five-Year Capital Improvement Program.
5. Park & Recreation Advisory Commission agenda for February 4, 1987 meeting.

That should take care of everything at this writing. Have a nice weekend. See you Tuesday!

J A C K

P.S. I am not certain that all of you know that Betty Herbes is in the hospital having some surgery done to the channels in her nose. It is my understanding that she will not be able to be at Tuesday night's meeting but I am not certain of that. We did, in the City's name, send flowers.

The City Council considered a resolution waiving subdivision requirements for closing the Glen Haven Memorial Gardens land purchase.

Moved by Councilmember Smothers and seconded by Councilmember Leppa to adopt the following resolution, the reading of which was dispensed with by unanimous consent:

RESOLUTION NO. 87-4

RESOLUTION WAIVING SUBDIVISION REQUIREMENT

WHEREAS, an application has been received requesting a waiver from the subdivision regulations of the City so as to allow the division of an existing lot of record into two separate parcels described by metes and bounds, and

WHEREAS, the legal description of the existing parcel is described in attached Exhibit A, and

WHEREAS, the legal description of the parcels created by such division are described in attached Exhibit B, and

WHEREAS, the applicant is desirous of conveying the separate parcel described in Exhibit B as Tract 1 to a third party but cannot do so without complying with the requirements of the City's subdivision regulations unless a waiver to such requirements is granted, and

WHEREAS, the City Council, sitting as the Board of Adjustments and Appeals, finds that compliance with the requirements of the subdivision regulations involves an unusual hardship on the land and that failure to comply does not, in this case, interfere with the purposes of the subdivision regulations,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Crystal, Minnesota that pursuant to the City's subdivision regulations and the provisions of Minnesota Statutes Section 462.358 (1984) a waiver is hereby granted to the City's subdivision regulations so as to allow the division of the lands described in Exhibit A into the two separate parcels described in Exhibit B without the need to plat such divided parcels.

This Agreement, made and entered this 13 day of FEBRUARY, 1987  
 by and between ROSTAMCIS  
R. ROSTAMCIS (Owner) doing business at the address  
 of 6014 LAKE LAND (Bar and Address) in the City/County of  
CRYSTAL, HENN, hereinafter called FIRST PARTY, and  
MYN THERAPEUTIC CAMP (Organization), EAST OAK ST.  
 (Street & Box Number), BRAINERD (City), Minnesota, hereinafter  
 called SECOND PARTY,

WITNESSETH:

1. First Party, being the owner of operator of business premises, for  
 and in consideration of the sum of \$ 200<sup>00</sup> per month and other con-  
 sideration hereinafter recited, the receipt of which is hereby acknowledged  
 does hereby grant to Second Party for the period of 2-15-87  
 through 2-14-88 the right to locate on the business premises  
 games of chance devices consisting of those legal in the state of Minnesota  
 such devices to be located on the business premises where designated by  
 First Party. First Party shall have no interest in the outcome of such  
 games of chance.
2. Second Party shall pay First Party a monthly rental fee, which shall  
 be a sum sufficient to provide for adequate rental of space. Either  
 party may notify the other if said party wishes to renegotiate the ex-  
 isting rental fee. Negotiation of rental fees shall in no way reflect upon  
 the variance of monthly gross proceeds of the games of chance but shall  
 be contingent upon actual space usage incurred by the games of chance  
 and the patrons thereof. Any amendments to this lease must be furnished  
 to the Charitable Gambling Control Board at least 10 days prior to the  
 effective date of the change. If said amendment would cause loss of  
 license, it shall be negated.

3. Both parties will comply with all Federal, State, and Local Laws pertaining to the conduct of games of chance.

4. First Party agrees that only one eligible organization at a time may operate on the above stated premises and that this premises shall be subject to rules adopted by the Charitable Gambling Control Board of Minnesota.

5. This agreement may be terminated upon the giving of thirty (30) days notice by either party, said notice to be in writing.

6. Brief description of the general area leased by the Second Party:

January 12, 1987

The meeting of the Crystal Planning Commission convened at 7:30 p.m. with the following present: Anderson, Barden, Christopher, Elsen, Feyereisen, Halpaus, Magnuson and Timmerman; also present were Building Inspector Peterson, City Engineer Monk and Recording Secretary Scofield.

Moved by Commissioner Magnuson and seconded by Commissioner Elsen to approve the minutes of the December 8, 1986, meeting.  
Motion carried.

1. Chairperson Feyereisen declared that nominations were open for officers to the Planning Commission consisting of Chairperson, Vice-Chairperson and Secretary for the year ending December 31, 1987.

Commissioner Magnuson nominated and Commissioner Elsen seconded the nomination of Francis Feyereisen as Chairperson of the Planning Commission for the year ending December 31, 1987.

Moved by Commissioner Anderson and seconded by Commissioner Magnuson to re-elect Francis Feyereisen as Chairperson of the Planning Commission for the year ending December 31, 1987, by unanimous ballot.

Motion carried.

Commissioner Elsen nominated and Commissioner Christopher seconded the nomination of Paulette Magnuson as Vice-Chairperson of the Planning Commission for the year ending December 31, 1987.

Moved by Commissioner Elsen and seconded by Commissioner Christopher to re-elect Paulette Magnuson as Vice-Chairperson of the Planning Commission for the year ending December 31, 1987, by unanimous ballot.

Motion carried.

Commissioner Magnuson nominated and Commissioner Anderson seconded the nomination of Paul Christopher as Secretary of the Planning Commission for the year ending December 31, 1987.

Moved by Commissioner Magnuson and seconded by Commissioner Timmerman to elect Paul Christopher as Secretary of the Planning Commission for the year ending December 31, 1987, by unanimous ballot.

Motion carried.

2. Chairperson Feyereisen declared this was a continuation of the public hearing to consider Application #86-35 as submitted by John Aarestad of Crystal Rentals for rezoning property from B-4 District (Community Commercial) to B-3 District (Auto-Oriented Commercial) and Application #86-36 for a conditional use permit to allow rental service at 5264 West Broadway. The proponents, Attorney Medard Kaisershot and Owner John Aarestad, presented the following: There are only two used car lots in Crystal exclusively for that purpose, will be purchasing used cars for sale, wants to apply for dealer's license with the State, no large rental equipment and most equipment will be inside the building.

- A. Moved by Commissioner Timmerman to recommend to the City Council to approve Application #86-35, as submitted by John Aarestad of Crystal Rentals, to rezone from B-4 District (Community Commercial) to B-3 District (Auto-Oriented Commercial) property at 5264 West Broadway, P.I.D. #09-118-21-22-0034, Lot 16, Block 2, Hanson's Addition.

Motion failed for lack of a second.

Moved by Commissioner Elsen and seconded by Commissioner Magnuson to recommend to the City Council to deny Application #86-35, as submitted by John Aarestad of Crystal Rentals, to rezone from B-4 District (Community Commercial) to B-3 District (Auto-Oriented Commercial) at 5264 West Broadway, as described above.

The findings of fact are: Rezoning goes to the land so could have undesirable auto usage in the future.

The following voted aye: Anderson, Barden, Christopher, Elsen, Feyereisen, Halpaus, Magnuson. The following voted no: Timmerman.

Motion carried 7-1.

- B. Moved by Commissioner Christopher and seconded by Commissioner Magnuson to recommend to the City Council to deny Application #86-36, as submitted by John Aarestad, for a conditional use to allow rental service at Crystal Rentals, 5264 West Broadway, as described above.

The findings of fact are: Does change status of current business, no way to approve application with the present zoning.

The following voted aye: Anderson, Barden, Christopher, Elsen, Feyereisen, Halpaus, Magnuson. The following voted no: Timmerman.

Motion carried 7-1.

3. Chairperson Feyereisen declared this was the time and the place as advertised for a public hearing to consider Application #86-37 as submitted by Charles R. Knaeble VFW #494 for rezoning property from R-4 District (High Density Residential) to B-3 District (Auto-Oriented Commercial) at 5222 - 56th Avenue North. The proponents, Wally Johnson, Architect; Milt Oliver, Past Commander; and Don Gagnon, Treasurer, presented the following: Propose building a 3,000 ft. one-story, full basement addition to existing VFW building which is not properly zoned; VFW has been in Crystal since 1953 and is not planning to leave.

The following were heard:

Jim Pahos, 5625 Vera Cruz  
James Berg, 5221 - 56th Ave. N.  
Mrs. Darrel Atkinson, 5550 Toledo Ave. N.  
Mrs. James Berg, 5221 - 56th Ave. N.  
Darrel Atkinson, 5550 Toledo Ave. N.

Moved by Commissioner Magnuson and seconded by Commissioner Anderson to recommend to the City Council to deny Application #86-37 as submitted by Charles R. Knaeble VFW #494 to rezone property from R-4 District (High Density Residential) to B-3 District (Auto-Oriented Commercial) at 5222 - 56th Avenue North, P.I.D. #04-118-21-43-0010, C. R. Knaeble Post 494 Addition.

The finding of fact are: Rezoning would not be good idea because of residential and if property sold in the future could get undesirable auto-oriented business.

The following voted aye: Anderson, Christopher, Elsen, Feyereisen, Halpaus, Magnuson, Elsen and Timmerman. The following voted no: Barden.

Motion carried 7-1.

Moved by Commissioner Magnuson and seconded by Commissioner Elsen to set a public hearing before the Planning Commission at 7:30 p.m., or as soon thereafter as the matter may be heard, February 9, 1987, to consider an amendment to the Zoning Ordinance to allow lodges and fraternal organizations with food and beverage service as a conditional use in the R-4 District (High Density Residential).

Motion carried.

4. John Sagat of Korsunsky, Krank and Erickson Architects appeared regarding a building permit for construction of an office/retail building at 3640 Winnetka Ave. N.

Moved by Commissioner Christopher and seconded by Commissioner Barden to recommend to the City Council to approve authorization to issue building permit #8036 for

construction of a 65' x 195' office/retail building at 3640 Winnetka Ave. N., P.I.D. #17-118-21-33-0005, subject to standard procedure and in accordance with the following conditions:

- A. Occupancy be restricted to a 50% maximum for retail so parking needs established by the zoning ordinance will not exceed the 73 spaces available. This will be enforced by restrictions on occupancy permits issued through the Building Department.
- B. Approval of the grading and drainage plan by the Bassett Creek Water Management Commission and adherence with their approval conditions is required.
- C. The property be platted consistent with provisions of Section VI of the City's Code regarding unplatted land  
Motion carried.

5. Consideration of lot combination to reform Lot 7, Block 3, Twin Lake Park 2nd Addition.

Moved by Commissioner Magnuson and seconded by Commissioner Christopher to recommend to the City Council to grant the combination of N 1/2 Lot 7, Block 3, Twin Lake Park 2nd Addition, P.I.D. #04-118-21-41-0064 and the S 1/2 Lot 7, Block 3, Twin Lake Park 2nd Addition, P.I.D. #04-118-21-41-0065.

Motion carried.

6. Consideration of final approval of Crystal Northwest Properties Addition located at 5200 Douglas Drive.

Moved by Commissioner Christopher and seconded by Commissioner Elsen to recommend to the City Council to grant final approval of Crystal Northwest Properties Addition (P.I.D. #09-118-21-22-0012, 0011, -0005).

Motion carried.

7. Alan Brixius of Northwest Associated Consultants appeared regarding tentative plat approval of Sunnybrook located in the vicinity of 30th & Brunswick Avenue.

Moved by Commissioner Elsen and seconded by Commissioner Christopher to recommend to the City Council to grant tentative plat approval of Sunnybrook (P.I.D. #21-118-21-32-0002, -0003, -0006, -0004, -0018, -0007, -0009, -0012, -0013, -0010, 21-118-21-33-0001, -0002, -0003).

RE: Building Permit for Office/Retail Complex at  
3640 Winnetka Ave.

Plans have been submitted for a building permit to construct for an office/retail complex at 3640 Winnetka Avenue. The property, approximately 1.2 acres in size, is presently zoned B-4 which allows for a wide range of office and retail uses. Occupancy projections noted on the plans anticipate a 50% office and 50% retail split.

The plan as submitted meets all ordinance requirements for structure, setbacks, parking and utilities in terms of the noted occupancy. Staff will be prepared to review the detailed plans with the Commission on Monday night. Following that review, should the Commission act to approve the building permit, inclusion of the following conditions is recommended:

1. Occupancy be restricted to a 50% maximum for retail so parking needs established by the zoning ordinance will not exceed the 73 spaces available. This will be enforced by restrictions on occupancy permits issued through the Building Department.
2. Approval of the grading and drainage plan by the Bassett Creek Water Management Commission and adherence with their approval conditions is required.
3. The property be platted consistent with provisions of Section VI of the City's Code regarding unplatted land.

1/27/87 UPDATE

On January 12 the Planning Commission acted to recommend approval of the building permit with the three conditions listed above. With Conditions 2 and 3 included in the attached site plan agreement, it is recommended the Council incorporate Condition No. 1 along with a requirement to execute the attached agreement in their motion concerning building permit issuance.

EXHIBIT "A"

A G R E E M E N T

THIS AGREEMENT made by and between the City of Crystal, a municipal corporation in the State of Minnesota, hereinafter called the City, the first party, and \_\_\_\_\_, hereinafter called the second party,

WHEREAS, second party has requested that the City Council approves the issuance of a building permit.

WHEREAS, as a prerequisite to the approval of said permit, the City Council requires the construction of certain improvements for the orderly development of property known as Office/Retail Building, 3640 Winnetka Avenue North.

NOW THEREFORE, in consideration of the granting of said permit, said second party agrees and covenants as follows:

- Prepare and record plat of property.
- Construct concrete driveway apron across boulevard.
- Construct curb opening at driveway and repair street adjacent.
- Construct V6 (minimum section) cast-in-place concrete barrier curb.
- Construct parking area, access aisles and drives with a minimum of 6" Class 5 base and 2" bituminous surface.
- Stripe parking stalls with white paint.
- Erect 2 handicap parking stall signs.
- Construct storm sewer and appurtenances to collect and dispose of all surface water on the site consistent with the conditions of the Bassett Creek Water Management Commission.
- Provide screening from adjacent property in accordance with Section 515.07, Subd. 9, of the Crystal City Code.
- Erect stop signs at exits from parking area.
- Prepare and submit "as built" utility plans.
- Designate and sign fire lanes.
- Note how area lighting if proposed will conform to Section 515.07, Subd. 10, of the Crystal City Code.
- Landscape all open and disturbed areas (to include overall site grading and retaining wall construction as per approved grading plan).
- Provide all lot irons in place and to grade at the time of final acceptance.

That the second party warrants and guarantees all work done under the agreement against any defect in workmanship, materials, or otherwise that may occur within one year from the date of final acceptance by the City of all said work and other requirements.

That construction work be completed prior to issuance of the occupancy permit but not later than one year following building permit issuance.

To hold the City harmless from any and all claims which may arise from third parties for any loss or damage sustained resulting from pursuance of the above-described work.

That all just claims incurred in the completion of  
aforementioned work requirements shall be paid in full by said  
second party to all persons doing work or furnishing skill, tools,  
machinery, services, materials, equipment, supplies or insurance.

All work pursuant hereto shall be in compliance with existing  
laws, ordinances, pertinent regulations, standards, specifications  
of the City of Crystal, and subject to approval of the City  
Engineer.

In the event that said second party has not completed any or  
all of the aforementioned work and requirements on the completion  
date as set forth herein, then in that event said second party  
shall be considered in default. Should said second party be in  
default, then said second party authorizes said City, its  
officers, its employees or its authorized agents to enter upon said  
second party's property and to complete any or all such uncompleted  
or improperly performed work or other requirements in conformity  
with this agreement.

That surety be deposited with the City in the amount of  
\$83,000 to insure the faithful performance of the above  
construction work and requirements, said surety to be in the form  
and manner as prescribed by law.

IN WITNESS WHEREOF we have hereunto set our hands this \_\_\_\_  
day of \_\_\_\_\_.

Dear Paul:

Below are the final court revenue figures for the community of Crystal for 1986. The figures that were provided previously were only for the first 11 months of 1986.

REVENUE - CRYSTAL - 1986

<u>TOTAL FINES AND COURT COSTS COLLECTED</u>	<u>LESS COSTS TAXED</u>	<u>DISBURSED TO CRYSTAL</u>
\$ 242,433.39	\$ 18,141.00	\$ 224,292.39

Please note that the above revenue figures do include any Court Costs ordered paid by a defendant to Crystal. The data below are the Crystal gross misdemeanor and driving under the influence statistics for 1986.

<u>ALL GM CHARGES</u>	<u>AGG DWI CHARGES</u>	<u>GM DWI CHARGES</u>	<u>DWI MIS CHARGES</u>
228	53	162	340

In your letter of January 21, 1987 you asked if the above figure represent charges or convictions. They represent charges. You also inquired if the GM DWI and DWI MIS figures include GM BAC and BAC MIS. I have checked with the individual that collects the data and he indicates that the figures do include those individuals charged with a BAC violation.

In answer to your inquiry regarding the workhouse cost for Crystal, I checked with the workhouse and they indicated that \$76,987.77 was charged against Crystal for 1986.

Please do not hesitate to call if we can provide any further clarification.

Sincerely,

Re: Prosecution Report

Dear Jack:

As you know, we are scheduled to appear before the council on Tuesday evening, February 3, 1987. Our primary purpose in appearing before the Council is to address any questions and concerns that the staff and the Council may have.

You may have read the enclosed article which appeared in the Minneapolis Star and Tribune on Saturday, December 20, 1986. The writer of that article painted the suburban prosecutors with one broad brush after insufficient research. After that article appeared, I asked our prosecution secretary to prepare a list of the Gross DWI, Gross BAC, Aggravated DWI and Aggravated BAC cases for September, October, November and December, 1986. Enclosed is a list of those cases, and they represent the types of cases referred to in the newspaper article. The author seemed proud of the Minneapolis average of 2 1/2 weeks, and in the article suggests the suburbs adopt the Minneapolis procedure. The Minneapolis procedure on its face calls for 21 days, and we routinely do better than that. Our average is 11.7 days.

With regard to the comment about getting gross misdemeanor complaints out within 36 hours of the arrest, the same procedure is followed by the Crystal Police and our Office when the arresting officer makes a judgment that the Defendant might leave the jurisdiction or, for one reason or another, be difficult or impossible to locate. In those cases the complaint goes out the same day or the next day unless a holiday or weekend intervenes.

Mr. John Irving

into court, a judge can establish reasonable conditions of release to protect the public, such as setting bail, impounding license plates or ordering chemical dependency evaluations.

Ray Lewis, research consultant for the task force, said in a sample of the three suburban court divisions — Brookdale, Southdale and Ridgedale — that he found 590 outstanding gross misdemeanor DWI bench warrants. He estimated that there were several hundred more. In 141 of the cases, there were delays of more than one month between the date of arrest and issuance of the complaint.

The average charging period in Minneapolis is 2½ weeks, but the average period in Hennepin County's suburbs is more than two months, Simon said.

Roger Fellows, an assistant city attorney in Brooklyn Park, said he did not think that 141 cases or 590 bench warrants was excessive. "While I'm not happy with the number," he said, "when you consider the population in the suburbs, I am not overly impressed that it is a large number."

Simon said some suburban municipalities "are very good about initiating charges in a speedy fashion." He said in suburban Ramsey County, part-time Prosecutor Martin Costello gets gross misdemeanor DWI offenders charged in 36 hours.

Such cases "should not sit around for days or weeks without being charged, except in extraordinary circumstances," said Costello, author of a book called "Minnesota Misdemeanors and Moving Traffic Violations."

He said that in the communities he represents — Roseville, Maplewood, Vadnais Heights, White Bear Lake and Lauderdale — second DWI offenders are jailed and not released without charge. "We file the gross misdemeanor complaint within 36 hours of the arrest, while the defendant is still in custody. That person appears in front of a judge to have bail set."

Hennepin County District Judge Kevin Burke, who introduced yesterday's motion, said the problem of getting repeat offenders into court is serious but it "can be readily fixed and requires no structural change in the court system." He recommended that police charge repeat offenders at the time of arrest and give them a court date.

Robert Forsythe, chief judge of the Hennepin County District Court,

said, "It's a problem of the prosecutors and the police. It's not the judges' problem. If there is no case in front of us, the judges can't do anything."

Asked why some repeat drunken drivers aren't showing up for court dates, Judge Burke said that sometimes the address on their driver's license is outdated and the court date information goes to the wrong address. "Some of it is probably the nature of the population — the multiple DWI offender," he said. "If you're irresponsible to be driving drunk on occasions, it shouldn't be a surprise to find out you would be irresponsible and not show up in court."

In Minneapolis, repeat DWI offenders receive a specific court date at the time of their arrest, while in Hennepin County suburbs, they get the date and time in the mail.

In a drunken-driving arrest, the license is revoked immediately and police take it away.

Fellows of Brooklyn Park said Burke and Simon raised some good points. "But prosecutors also have a responsibility to charge cases responsibly and that requires some investigation and some time," he said. "If you could magically eliminate the requirement of a formal complaint on a gross misdemeanor and just 'tab-charge' people, that would speed up the process, but as I read the rules, you need a formal complaint for a first appearance." A tab charge is like a ticket. It is an order to appear in court, issued by arresting officers.

Fellows said that Burke's proposal for police to charge at the time of arrest and give a person a court date is "a terrific idea, but I think it would mean a change in the rules of criminal procedure."

But Simon said police can issue a citation for a gross misdemeanor to require a person to appear in court in a short time period. "Or, the Minneapolis procedure could be used, where they are tab-charged with a misdemeanor and given a court date within seven days of arrest. When they appear in the court, the prosecutor requests a two-week continuance to prepare a formal complaint on the possible gross misdemeanor."

The DWI task force is an independent body underwritten by federal highway traffic safety funds. It is made up of state judges, prosecutors and others in the criminal justice system.

## Delays in prosecution of repeat drunken-driving cases prompt criticism

By Randy Furst  
Staff Writer

Prosecutors in Hennepin County suburban court divisions are taking an "extreme length of time" to initiate criminal charges against repeat drunken-driving offenders, the head of a DWI task force charged Friday.

Steve Simon said bench warrants have been issued for hundreds of repeat offenders who have been arrested but have failed to appear in court. As a result, many are avoiding punishment and continuing to drive.

He said one reason for the problem is that there have been hundreds of cases where prosecutors in county suburbs took more than a month, and in many cases longer than five months, to initiate charges.

The task force adopted a recommendation yesterday that urges prosecu-

tors to get second-offense DWI gross-misdemeanor cases charged and into court as quickly as possible.

"The problem is that research conducted by the task force and other research organizations have clearly established first that repeat DWI offenders often continue to drive, even after their license is revoked, and second, 25 percent of all alcohol-related fatalities in Minnesota involve a repeat DWI offender," Simon said.

"By not charging them, the prosecutors are leaving large numbers of extremely high-risk drunk drivers on the street. . . . Until a charge is formally initiated by the prosecutor, the court has no jurisdiction or control over these repeat violators," he said.

Simon said that by getting offenders

RE: City Attorney - Prosecution

Dear Jack:

Enclosed are an original and copy of the 1987 Legal Services Agreement which has been signed by me. When you and Tom have signed them please return a fully executed copy to me.

Ours has been an excellent relationship involving mutual respect and cooperation. We feel we have given the City excellent professional service at a very reasonable cost and we hope to do so in the coming years.

We would appreciate the opportunity to give the Council a brief report and answer any questions the Council may have. Perhaps you could put us on the agenda in late January or in February. We promise to be brief.

Sincerely,

RE: 1987 Vehicle & Equipment Acquisitions

As the 1987 Budget was approved in September of last year, \$50,000 was allotted with the Street Department expenditures for capital vehicle and equipment acquisitions, although the specific purchases were not individually designated. Based on a review of the existing equipment and vehicle inventory of Street Department units, the Superintendent and I submit the following recommendations for 1987 purchases:

- Replacement of the dump box on the 1978 Ford Single Axle unit. The dump box in question has been transferred from several City trucks and is finally rusted out and structurally unstable. Estimated cost is \$4,000.
- Purchase a 1-ton dump w/plow as a general use but small scale street unit. The 1-ton unit presently in service is used extensively for a wide variety of summer and winter work duties. It also significantly reduces the demands on the larger single axle dumps. Estimated cost of the 1-ton unit is \$18,000.
- Purchase a V-box spreader as a wintertime sanding unit for a pick-up or 1-ton truck. The sanding capability in a smaller truck again will reduce the demand on the larger units for spot work and jobs with limited maneuverability. Estimated cost for the spreader is \$3,000.
- Purchase a skidsteer loader (Bobcat is a familiar brand). This multipurpose unit can be used to perform maintenance functions within all departments including streets, parks and utilities. Besides acting as a loader to offset the demand on the City's larger unit, this piece of equipment can be used for grading, landscaping and blacktopping operations. It can also supplement the MT3 sidewalk plow during times of heavy winter demand. Estimated cost of the skidsteer loader is \$20,000.
- Purchase a high-pressure washer. Keeping City vehicles and equipment (all departments) clean is not only useful from a public relations standpoint but has been proven very effective as a preventative maintenance tool in prolonging the useful life of departmental units. The present makeshift unit is not doing the job. Estimated cost of a heavy-duty replacement unit is \$2,500.

RE: 1987 Vehicle & Equipment Acquisitions  
Page 2

- Purchase automatic controllers for two overhead doors at street shop. Given the number of trips generated by maintenance vehicles to and from the garage, it is believed a considerable amount of employee time and energy costs can be saved by installation of door controllers within each truck (25 units) for automatic operation of the large overhead doors. Estimated cost of all required units is \$1,800.

Total cost on the units listed above is estimated at \$49,300. At this time, Council review and approval of the 1987 vehicle and equipment acquisition schedule are being sought before additional staff time is spent on further research and preparation of bid documents.

Dear Members of the City Council:

We wish to thank you for all your time & trouble with respect to the granting of the conditional use permit & parking variance for lamplighter Square.

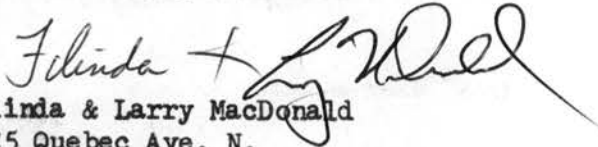

We have negotiated a more favorable lease at Central Plaza - 45th & Central Ave. N.E.

Hopefully we will soon be looking for our second location, possibly in Crystal.

Thank you again.

Sincerely,

Filinda & Larry MacDonald

MEMO TO: ALL HOLDERS OF CRYSTAL CITY CODE BOOKS

FROM: DELORES AHMANN, CITY CLERK

Attached you will find a copy of a new ordinance, or ordinances, as the case may be, which were recently passed by the City Council and are in effect.

Please remove the old page or pages from your Crystal Code Book and replace them with the new, as this is the only way you will keep your book up-to-date.

Thank you for your cooperation.

enc.

REPLACE OLD PAGE 910.25 WITH NEW PAGE 910.25 (REV. 1987).

910.25. Record of Purchases and Sales. Each kennel licensee under this Section shall keep such records as may be deemed necessary by the City.

910.27. Diseased Animals Prohibited. It is unlawful for any person to knowingly bring into the City, or have in his possession, an animal that is afflicted with infectious or contagious diseases. All such diseased animals must be destroyed in a humane manner unless the disease is curable and the animal is under the care of, and receiving treatment from, a licensed veterinarian.

910.29. Suspension and Revocation of Kennel License. A kennel license may be temporarily suspended by the Health Authority, with the approval of the City Manager, for violation by the holder or his agent of any of the terms of this Section which constitute a health hazard or creates a nuisance, or revoked after an opportunity for a hearing by the City Council upon a serious violation or repeated violations upon recommendation of the Health Authority.

910.31. Enforcement. The Police Department, Health Authority, and officially designated animal warden shall enforce the provisions of this Chapter and transport to the City Dog Pound, or kill or cause to be killed any animals kept within the City, or running at large therein, contrary to the provisions of this Section.

910.33. Interference with Officers. No unauthorized person shall break open the pound or attempt to do so, or take or let out any dogs therefrom, or take or attempt to take from any officer any dog taken up by him in compliance with this Section, or in any manner interfere with or hinder such officer or agent of the City in the discharge of his duties.

910.35. Zoning Regulations. No person shall keep or harbor any animal or fowl except dogs, cats and other similar household pets within any district of the City zoned residential as shown on the official map unless such activity was being carried on continuously within that residential district since March 3, 1959, in which case the activity shall not be expanded or enlarged after that date, nor transferred with title to property or with change in occupant.

910.37. Not Applicable to Bait Shops. The provisions of this Section shall not apply to persons or places selling only frogs, fish, worms or reptiles for use as live bait for fishing.

910.39. Special Rules. Subdivision 1. General. Notwithstanding the provisions of subsection 910.35, a person may keep not to exceed 24 rabbits in a private kennel. The licensing procedures, fees, and rules of this section applicable to animals and private kennels apply to a private kennel for any number of rabbits maintained pursuant to the subsection.

Subd. 2. Additional conditions. Rabbits kept in a private kennel pursuant to this subsection are to be kept solely for the private use and enjoyment of the licensee of the private kennel, and no sales of the rabbits, except occasional sales, are permitted. Slaughtering of rabbits on the premises where the private kennel is located or in the private kennel is prohibited. Rabbit cages or hutches within a private kennel must be housed in a screened enclosure. Violation of the provisions of this subdivision is grounds for revocation of the private kennel license. (added, Ord. No. 87-1, Sec. 1)

RE: Hennepin County Department of Transportation  
1987-1991 Five-Year Capital Improvement Program

Enclosed are the highway and bridge construction projects included in the recently approved Hennepin County 1987-1991 Five-Year Capital Improvement Program.

This tabulation also includes safety improvement projects, traffic and railroad signal projects, and other minor projects in 1987. For the years 1988-1991, these projects are generalized, such as 1988 Safety Improvements, etc. For your convenience, we have highlighted the construction projects for each project in your city.

This Capital Improvement Program assumes that considerable Federal Aid and County property tax funds will be available for financing these projects. Uncertainty of all funding sources, particularly the Federal Programs and County Property Tax Funds may alter or reduce this Transportation Capital Improvement Program.

If you have any comments or questions on these projects, please contact D. L. Hansen, Chief, Transportation Planning Division.

Very truly yours,

V. T. Genzlinger, P. E.
