Memorandum

DATE: September ²⁷13, 1991
TO: Mayor and Council
FROM: Nancy Gohman, Assistant Manager *Nancy*
SUBJECT: Preliminary Agenda for the October 1, 1991 Council Meeting

Jerry's at the ICMA Meeting in Boston and asked me to put together the Preliminary Agenda for your meeting of October 1. The Agenda is as follows:

Consent Agenda:

Item 1: Consideration of the designation of election judges and polling locations for the November 5, 1991 General Municipal Election as submitted in a list by the City Clerk. This is a standard procedure. We need you to formally designate our election judges and polling locations for our upcoming election.

Item 2: Consideration of approval for the Fire Department to use donated gambling funds for purchase of resuscitators, generators and firefighting flashlights. As you can see from the attached information, the Fire Department has listed out the equipment to be purchased from the gambling funds which were donated by the Fire Department Relief Association. It seems logical to me that the Council approves such a request for this needed equipment.

Public Hearing:

It's that time of year for the Council to consider the public hearing assessment. This is the standard public hearing to consider the sealcoat, alley reconstruction, diseased tree removal, weed cutting, debris removal and delinquent sewer, water, street lighting and recycling charges. Bill Monk, Director of Public Works, will be available to discuss with you any concerns you have about the assessment hearing.

Regular Agenda:

Item 1: Consideration of waiver of fee for the meeting rooms at the Crystal Community Center for a committee that will be organized to create an awareness of the disabled. I would like the Council to remember that Dave Kennedy, City Attorney, is working on a resolution and a first reading of an ordinance regarding the waiver of fees policy. This resolution and ordinance was not ready for this meeting but should be in the minds of all Councilmembers when discussing this item. Also, remember that the City of Crystal has the community room available for use by the public at no fee. Since we did not waive the fee for another Crystal organization, I am recommending that we deny waiver of fee for this group.

Item 4: Consideration of the First Reading of an Ordinance Amendment to Section 2005 (Misdemeanors) of the Crystal City Code Relating to Trespassing. This is the continuation from your last Council meeting of the First Reading of an Ordinance Relating to Trespassing. Jim Mossey, Chief of Police, will be available for questions, if you have any.

Item 5: The City Council of both New Hope and Crystal need to appoint committee members so that we start to study the feasibility of consolidation of New Hope and Crystal Fire Departments. At this time the Council should recommend to appoint the six members from Crystal to work on the committee. Appointment should consist of the Mayor, a City Councilmember, the Fire Chief, the City Manager, a member of our Fire Department, and a citizen. This committee will be a very active committee since a final report is to be submitted back to the Councils within six months.

Item 7: Anne Norris, Director of Community Development, is recommending that the Council, if possible, schedule a work session with the Planning Commission for November 12 at 6:30 to review the Comprehensive Plan.

Have a good weekend. See you on Tuesday. If you have any questions, please call.

Memorandum

DATE: September 20, 1991
TO: Jerry Dulgar, City Manager
FROM: Kevin McGinty, Fire Chief 
SUBJECT: Donation to Fire Department

We have recently received a donation of \$7,380 from the Crystal Fire Department Relief Association. This brings a yearly total of \$8,380 which we have received from the Crystal Fire Department Relief Association for use by the Fire Department.

Could you please arrange to have this donation recognized at the next City Council Meeting?

Thank you in advance for your assistance in this matter.

City of Crystal

Memorandum

DATE: September 20, 1991
TO: Jerry Dulgar, City Manager
FROM: Kevin McGinty, Fire Chief (KM)
SUBJECT: Authorization of Use of Charitable Gambling Donation Funds

The Crystal Fire Department Relief Association recently donated \$7,380 to the City for use by the Fire Department. I am asking permission to purchase the following items:

-- 8 Resuscitator units at \$560.00 ea.	\$4,480
-- 2 Honda generators at \$950.00 ea. for new fire engines	\$1,900
-- Rechargeable flashlights and flashlight chargers for fire vehicles	\$1,000 =====
TOTAL	\$7,380

These items come from a large needs list developed over the last couple of years by the officers and have been used in determining needs during the budget process; however, as you know, our capital purchase funds have been non-existing for the last couple of years. We will continue to attempt to provide some of our capital needs through this funding source.

If you have any questions or comments, please don't hesitate to contact me.

Thank you in advance for your consideration in this matter.

DATE: September 23, 1991
TO: Jerry Dulgar, City Manager
FROM: William Monk, City Engineer
SUBJECT: Assessment Hearing for 1991 Projects

Costs associated with a number of recently completed municipal projects have been tabulated and assessments calculated based on benefit derived by abutting or serviced property. A description of each project is listed below while the approving resolution and relevant background materials are included in the attached packet. It is recommended a separate motion be made for each of the project resolutions.

A. 1991 Seal Coat Program - Project 91-2

Streets were seal coated in District 5 which covers the central section of Crystal both north and south of 36th Avenue. Street maintenance personnel sealed cracks while patching and leveling the existing blacktop surface in preparation for the aggregate cover which is handled by contract. The street crew made an exceptional effort to correct existing street and drainage problems during this preparatory phase.

Upon tabulation of all costs associated with the seal coat program, an assessment rate of \$2.725 per front foot was calculated. This rate compares to the \$2.75 estimated in the feasibility study prepared last spring but is higher than the rate of previous programs.. The higher costs are directly attributable to the additional preparatory work required due to the poor clay sub-base. The poor soils and overland drainage conditions in the seal coat districts south of 42nd Avenue will continue to cause a significant increase in preparatory work as the City attempts to deal with the unlevel surfaces and accelerated breakup of the streets. It should be noted that Crystal is covering 10% of all labor and equipment costs and 100% of all material costs as a maintenance expenditure within the Infrastructure Fund.

For the past several years, the Council opted to utilize a unit or average frontage assessment approach for single family lots. This change resulted from a staff recommendation that benefit is a factor of usage and not frontage. However, assessment of multi-family residential, commercial, industrial and park property continues to be based on frontage due to lack of a more defined indicator of benefit. This year's program divided residential properties into two categories based on whether the property was serviced by an alley. The assessment breakdown is as follows:

Jerry Dular
September 23, 1991
Page 2

\$ 2.725 Per Foot Assessment Rate
(\$157,188.98 ÷ 57,682.53 LF)
\$ 224.56 Unit Assessment for Single Family
Residential Lot without Alley
(82.41 LF Average)
\$ 143.85 Unit Assessment for Single Family
Residential Lot with Alley
(52.79 LF Average)

It is important to note in regards to the above breakdown that some lots are on the edge of two districts and are proposed to be assessed half a unit over two years. No one assessed a full unit in 1990 is proposed to be assessed this year.

If assessments for seal coat are not paid by November 15, the costs are assessed over a two-year period at a 7-1/2% interest rate.

B. 1991 Alley Reconstruction -Project 91-4

Surfacing Improvements to the Alley between Welcome and Vera Cruz Avenues from Crystal Boundary to 43rd Avenue. This improvement project was initiated by the City of Robbinsdale to pave the entire alley.

Total costs for this project were \$7,984.60 which breaks down to a proposed assessment rate of \$16.60. The feasibility study estimate was \$17.75 per front foot.

A map and individual assessment roll are attached to the approving resolution. If not prepaid, alley assessments are levied over a 5-year period at an interest rate of 7-1/2%.

C. 1991 Diseased Tree Removal, Weed Cutting and Debris Removal

Property owners are afforded the opportunity to perform the work on their own. If the work is not completed by the property owner, the City handles the work by contract and assesses 100% of the cost. Costs are performed and charged on a per job basis based on a unit bid. Assessments are levied over a one-year term for weed cutting and a five-year term for diseased tree and debris removal at a 7-1/2% interest rate.

D. Delinquent Sewer, Water, Street Light and Recycling Charges

Unpaid utility bills are certified for collection with the following year's taxes at a 7-1/2% interest rate.

RESOLUTION NO. 91-

RESOLUTION ADOPTING ASSESSMENT

WHEREAS, pursuant to proper notice duly given as required by law, the Council has met and heard and passed upon all objections to the proposed assessment for the 1991 Seal Coat Program, Project 91-2.

BE IT RESOLVED by the City Council of the City of Crystal, Minnesota, as follows:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.
2. Such assessment shall be payable in equal annual installments extending over a period of 2 years, the first of the installments to be payable on or before the first Monday in January, 1992, and shall bear interest at the rate of 7-1/2 per cent per annum from the date of the adoption of this assessment resolution until December 31, 1992. To each subsequent installment when due shall be added interest for one year on all unpaid installments.
3. The owner of any property so assessed may, at any time prior to certification of the assessment to the County Auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the City Treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution; and he may, at any time thereafter, pay to the City Treasurer the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.
4. The Clerk shall forthwith transmit a certified duplicate of this assessment to the County Auditor to be extended on the property tax lists of the County. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

Adopted by the Council this 1st day of October, 1991.

PROPOSED
1991
SEALCOAT
PROJECT

SCALE
1" = 1000'

Sept 23, 1991

CITY OF CRYSTAL
4141 DOUGLAS DRIVE
CRYSTAL, MN 55422

We (my wife and I) received an assessment of \$143.85 for the seal coat (improvement?) project No. 91-2. I also attended the public hearing on May 7, 1991. At this meeting I objected to the per unit basis of \$209.00 because of the in-equity of the proposed assessment on per unit basis.

We purchased and moved into our home at 3528 Lee Avenue in December 1959. The street and alley was gravel then, we also did not have water except from our own well. Since that time the street and the alley have been black-topped, city water has been put in and we have been assessed for and paid for these improvements based on a front foot basis. This has set a precedent and this precedent should be followed out of fairness to Crystal residents affected. If this per unit basis is followed, this is how the inequity will be: a 40 ft frontage - \$3.60 a front foot, a 60 ft frontage - \$2.40 a front foot, a 80 ft frontage - \$1.80 a front foot, a 100 ft frontage - \$1.44 per front foot and a 120 ft frontage - 1.20 a front foot. This assessment will cover the streets. Now this question - when the alley needs repair, will all the property affected by seal coat improvement No. 91-2 be assessed on a per unit basis for the repair of the alleys? Out of equity they should be required to help pay for the alley assessment if and when.

I am a retired accountant and the method you propose to spread the expense of the Seal Coat project is the most inequitable method I have ever seen! To me the correct method of spreading cost would be: \$157,188.98 divided by front footage of properties benefited and this answer times the front footage of property to be assessed.

Memorandum

DATE: September 24, 1991
TO: Jerry Dulgar, City Manager
FROM: Joan Schmidt, Administrative Secretary
SUBJECT: Human Rights Award

At the September 23, 1991 regular Human Relations Commission meeting, the commission unanimously agreed that Barbara Johnston should be this year's Human Rights Award recipient and receive a plaque at the Human Rights Day celebration on October 19, 1991. The commission also wished the other two nominees, Patrick Mooney and James Longie, be presented with framed certificates of Special Recognition.

I recommend that the City Council approve these recommendations from the Human Relations Commission.

DATE: September 27, 1991

TO: Anne Norris, Community Development Director

FROM: Julie Jones, Community Development
Coordinator

SUBJECT: 1991 Business Environmental Awareness Award

DEPARTMENT HEAD REVIEW: *alu 9/27/91*

BACKGROUND:

While planning their second Environmental Awareness Day, the Crystal Environmental Quality Commission decided to search for possible candidates for an Individual and a Business Environmental Awareness Award. Due to time constraints, they decided to only select a Business Environmental Awareness Award winner for 1991 and consider nominations for both an Individual and Business Environmental Awareness Award winner in 1992.

NOMINATION:

The Crystal business recommended for recognition at the Environmental Awareness Day, which will be held at the Crystal Community Center on October 19, 1991, is Crib Diaper Service, 5273 Hanson Court. The Environmental Quality Commission feels that Crib Diaper Service should be recognized for its outstanding achievements in innovative recycling and waste reduction efforts. An attached letter explains Crib Diaper Service's recycling efforts in more detail.

RECOMMENDATION:

The Crystal Environmental Quality Commission members recommend that the Crystal City Council allow them to recognize Crib Diaper Service on behalf of the City of Crystal at 2:45 P.M., on Saturday, October 19, 1991, with a Business Environmental Awareness Award. The Commission is proposing to present Crib Diaper Service with a plaque, which will be paid for out of their funding allotment for the Environmental Awareness event.

RE: Waste reduction and management

Dear Ms. Hanauska:

Thank you very much for expressing an interest in our company's recycling efforts. Here is the information that you requested. I hope that it is adequate. If not, please feel free to contact me and I will try and provide you with whatever else you may need.

At Crib Diaper Service, our company philosophy has always been inspired by the environment. We feel that simply by offering the public an environmentally friendly product, such as natural cotton reusable diapers, we are helping to stem the flow of waste into our landfills. Beyond that, however, over the past couple of years we have redoubled our efforts with regard to recycling and we are now very proud to announce that we recycle approximately 90% of our waste. The list of items that we recycle includes:

Office paper - Cardboard - Newspaper - Pop cans and bottles - All scraps from maintenance projects - Lint from our diapers - All plastic products including plastic bags - Truck tires

We also help to create a market for recycled goods by using as many recycled items as possible. All of the paper products that we use comes from recycled stock as do the plastic bags that we ship and receive our product in. We also use recapped tires on our company fleet.

We are very proud of what we have been able to accomplish in the area of recycling and we feel that a further reduction of solid waste is possible. Also, we are currently looking into the possibility of recycling waste water. We think that a 50% reduction in our use of fresh water is a very real possibility without cutting production or sacrificing quality.

Again, thank you very much for your interest in Crib Diaper Service. If I can be of any further assistance to you, please do not hesitate to call.

Sincerely,

Michael Cunningham

ORDINANCE NO. 91-_____

**AN ORDINANCE RELATING TO MISDEMEANORS:
AMENDING CRYSTAL CITY CODE SECTION 2005
BY ADDING A SUBSECTION**

THE CITY OF CRYSTAL ORDAINS:

Section 1. Crystal City Code, Section 2005 is amended by adding a subsection to read:

2005.19 Trespass: Notice. Subdivision 1. On premises privately owned but open to the use of the general public, it is unlawful for a person to remain on the premises after having been requested to leave by the owner of the premises, an authorized representative of the owner, or any other person or entity entitled to possession of the premises.

Subd. 2. On any property privately owned ^{but} opened to the use of the general public, it is unlawful for a person to return to the property after receipt of a written notice of trespass from the owner, an authorized representative of the owner, or any other person or entity entitled to possession of the property, or law enforcement official, which notice prohibits the person from returning to the property. This prohibition is effective for two years from the date the written notice was served.

Subd. 3. The written notice under Subdivision 2 must be personally served upon the party prohibited from entering the property. An affidavit of service must be executed at the time of service. A prosecution may not be maintained under Subdivision 2 unless the property owner or other complaining party can produce a copy of the notice of trespass and a signed affidavit of its service.

Sec. 2. This ordinance is effective in accordance with Crystal City Code, Subsection 110.11.

SUBJECT: Second Reading of Ordinance Extending
Moratorium on Variances to Sign Ordinance

Background:

At its last meeting, the City Council adopted a resolution and approved the first reading of an ordinance extending for another six months a moratorium on variances to the sign ordinance.

Attached for Council's second reading is the ordinance extending this moratorium.

Recommendation:

Approve the second reading of the ordinance extending the moratorium on variances to the sign ordinance.

ORDINANCE NO. 91 _____

AN ORDINANCE RELATING TO SIGNS: EXTENDING
THE MORATORIUM ON SIGN VARIANCES

THE CITY OF CRYSTAL ORDAINS:

Section 1. Background; Findings.

1.01. By Resolution No. 91-13 (Resolution) and Ordinance No. 91-7 (Ordinance), the City imposed a moratorium until September 30, 1991 on the granting of variances under subsection 406.30 of the City sign ordinance (Sign Ordinance) all pursuant to Minnesota Statutes, Section 462.355, subdivision 4 (Act).

1.02. The City has not completed the necessary studies to make appropriate revisions to the Sign Ordinance.

1.03. The City staff has recommended that the moratorium be extended for a period of six months as permitted by the Act.

Section 2. Moratorium; Extension

2.01. The moratorium established by the Ordinance is extended until March 30, 1992.

2.02. This Ordinance is effective in accordance with Crystal City Code, subsection 110.11, and applies to applications for variances submitted after September 30, 1991.

2.03. The Ordinance is re-enacted as originally enacted but with an expiration date of March 30, 1992.

SUBJECT: Scheduling a Work Session with Planning
Commission

Background:

Fred Hoisington is drafting the text of the Comprehensive Plan and would like to begin to review the document with both the City Council and the Planning Commission.

The Planning Commission has suggested a work session be scheduled for 6:30-8:00 P.M., Tuesday, November 12, 1991, in the Council Chambers.

In order to comply with open meeting laws, the Council should schedule this work session.

Recommendation:

Schedule a work session of the City Council and Planning Commission for 6:30 P.M., November 12, 1991, to review the Comprehensive Plan.

Approved

HUMAN RELATIONS COMMISSION
August 26, 1991

The Human Relations Commission meeting was called to order at 7:04 p.m. by Chair Bob Techam. Members present were: Kathryn Huston, James Brown, Bob Techam, Tony Kamp, and Renee Werner. Also present were Council Liaison Elmer Carlson and Joan Schmidt, Staff Liaison.

Absent were Arlene West (unexcused), and John Luzaich (excused).

1. Moved by Commission member Brown and seconded by Commission member Huston to approve the minutes of the July 22, 1991 Regular Human Relations Commission meeting.

Motion Carried.

2. The Commission reviewed plans for Human Rights Day. Renee gave a report of the meeting with Kerry Mildon at Courage Center on August 29. They discussed what was lined up for that day. The wheelchair obstacle course has been confirmed as well as two teams (tennis and basketball). Food will be in the front half of the gym with Courage Center activities in the back half of the gym. Theme will be "SUCCESS DESPITE DISABILITIES". Courage Center will accept a donation but it is not mandatory. The sporting teams are separate from the Courage Center and would appreciate anything we wish to give them. The Commission is in charge of the wheelchair obstacle course and will need some training to make sure equipment is not misused.

Moved by Commission member Werner and seconded by Commission member Huston to give the same donation that we are giving to Pacers and NuAge Dance Group to the teams that are participating (a total of \$200).

Motion Carried.

Discussion followed whether signers would be necessary. It was decided that Bob would call NuAge Dance Group to see if they have signers with their group or if they felt it was necessary to have signers.

Moved by Commission member Huston and seconded by Commission member Werner to have an interpreter at the Human Rights Day for Pacers Puppeteers and a demonstration afterwards if at all feasible.

Motion Carried.

We need to check to see if we need two sound systems.

The Commission then reviewed the flyer that Pam Brooks and Bob had worked on. It was decided that the time of activities needed to be listed as well as a short description of the performing groups. Kathy will work on these changes.

Publicity possibilities: to appear in the audience on Good Company, with Paul Douglas in the backyard, local cable and on

Channel 37. Other possibilities are to advertise in Parent and Family Times magazines. Renee will do a rough draft and check deadline dates.

The Commission decided to have a special meeting on Saturday, September 7 at 10 a.m. for 1 hour to be held in the Park Conference Room of City Hall. Need to talk with John Luzaich about finalizing all school agenda information in regards to posters.

Any business or individual donors will receive a thank you letter, certificate, and name in brochure.

3. The Human Relations Commission received three nominees for the Human Rights Award: Barbara Johnston, Patrick Mooney, and James Longley. Bob will put together a list of questions and criteria with the final decision being made by the Commission at the September regular meeting.
4. Old business. 500 buttons left over from the parade (Bob has); next year we should consider a sound system.
5. New business.
 - Ask history teacher for names of interested students to become Commission member or a press release to be given over the P.A system.
 - The League meeting was held on August 25 at New Ulm.
 - National Conference of Assoc. of Human Rights Workers meeting at St. Paul Radisson October 18.
 - Annual Meeting September 14 -- groups will have tables to display as a commission. Do we want to display and advertise for October 19?
 - Mentors for new people coming in?

Moved by Commissioner Brown and seconded by Commissioner Kamp to adjourn.

Motion Carried.

Meeting adjourned at 9:12 p.m.

ADMINISTRATIVE OFFICE

September 24, 1991

Dear Crystal Property Owner:

As noted in the attached notice, MnDOT is holding an informational meeting on October 10 to present updated plans for the TH100 upgrade project. Of special interest to Crystal residents/property owners is a proposal to shift the six lane alternative between 29th and 39th Avenues (Segment 2) to the west in order to meet standards for lane separation, ramp metering and HOV bypass lanes. This realignment has a major impact on properties abutting the west side of the highway which may now be needed to provide right-of-way for the project.

The City of Crystal is sending a copy of the meeting notice to area property owners to make sure you are aware of this important meeting and invite you to attend.

Sincerely,

William Monk

NEWS RELEASE

September 18, 1991

CIRCULATED ON BEHALF OF MINNESOTA DEPARTMENT OF TRANSPORTATION

For Immediate Release

INFORMATION MEETING FOR TRUNK HIGHWAY 100 EIS

Minnesota Department of Transportation (MnDOT) has updated plans for the proposed reconstruction of Trunk Highway 100 (TH 100) from Glenwood Avenue in the City of Golden Valley to 50th Avenue North in Brooklyn Center, a distance of about 5.2 miles. Prior to finalizing the Scoping Decision Document, MnDOT would like to review these plans with the public.

Persons interested in the scope and content of the EIS are invited to attend an informational meeting. To facilitate citizen understanding of project alternatives, the meeting will be preceded by an open house to give the public an opportunity to review the preliminary engineering layouts. Representatives of MnDOT will be available to discuss the project and answer questions. The open house will be followed by a formal presentation and comment period. The public informational meeting will be held October 10, 1991 at:

Location: Cafeteria,
Robbinsdale Community Center
42nd Avenue and TH 100
Open House: 5:00 P.M. - 7:00 P.M.
Meeting 7:00 P.M. - 9:00 P.M.

The proposed project includes reconstruction of TH 100 to freeway standards with three through lanes in each direction from Glenwood Avenue to CSAH 81, and two lanes in each direction from CSAH 81 to France Avenue. All at-grade intersections and access points would be removed. Interchanges would be built or reconstructed at TH 55, Duluth Street (CSAH 66), 36th Avenue North, 42nd Avenue North, CSAH 81, and France Avenue. Alternatives are being considered for mainline design, interchanges and local access. The EIS will also address a No-Build or Do-Nothing alternative.

The draft EIS is tentatively scheduled to be completed in Spring 1992. For further information regarding the scoping document or the meetings, please contact:

Memorandum

DATE: September 23, 1991
TO: Jerry Dulgar, City Manager
FROM: Darlene George, City Clerk
SUBJECT: Update - Maintenance Agreement
Optech III-P Vote Tabulators

Upon receiving figures from Business Records Corporation for renewal of our two-year maintenance agreement to cover the Optech III-P vote tabulators, I was prompted to research the possibility of hiring a technician jointly with other cities in an effort to reduce costs. My first thought was to incorporate with the City of Minneapolis who has had its own technician since purchasing the equipment, which I believe, was in 1985.

A meeting was coordinated to include city managers and city clerks from Crystal, New Hope, Brooklyn Park, Brooklyn Center, and Robbinsdale, facilitated by election officials from the City of Minneapolis. Advantages cited were:

- lower cost for maintenance
- technician could be full-time with benefits rather than part-time with no benefits as he presently is
- technician will train city personnel
- close access to technician year round; BRC's principal place of business is in Texas with offices in St. Cloud
- access to 18 backup units in the event of machine failure on election day (Crystal has 1 backup machine)
- Minneapolis will store machines and parts.

This will not be set up as a joint powers agreement, but an individual contract between each city and the City of Minneapolis. City Attorney David Kennedy has examined the contract for legality and found it sound.

The quote from Business Records Corporation for a two-year contract went from \$2,340 for 1989-90 to \$6,360 for 1991-92, an increase of nearly 300 percent. The City of Minneapolis has quoted \$5,782 for a two-year contract.

Based on cost, convenience, and improved cooperation and coordination, I recommend the City of Crystal contract with the City of Minneapolis for maintenance of the Optech III-P vote tabulators. We need to move quickly so we have a

contract in place for our pre-maintenance check for the November 5, 1991 election. Crystal is the only one of the five cities that will have a November election.

If you have any questions or need any further information, please contact me.

Re: Kenneth Konkol v. City of Crystal
GAB File No. 56527-20369
Date of Claim: 06/19/90

Dear Doug:

I am writing to give you an update in the above case. On July 31, 1991, we had a pretrial conference in front of Judge Lebodoff. The pretrial conference was of remarkably little help in settling the case. Mr. Konkol is still representing himself, and during the pretrial conference he informed the Judge that he intended to raise his claim from the approximately \$3,500 he had asked for in conciliation court to \$3,000,000 or \$4,000,000. Mr. Konkol informed the court that the reason for his change in the amount was because as a result of this incident his family had left him and he thought he was entitled to more damages. It is clear to me that Mr. Konkol is mentally disturbed, and not looking at this matter in a rational manner.

I had hoped that at the pretrial conference we could lay some ground rules for further discovery; however, Judge Lebodoff as you may be aware, is leaving the District Court bench to become the United States Magistrate in St. Paul, and was not interested in having any more than a cursory discussion. After the Judge heard Mr. Konkol's position, he declined to hear any more or to take any more action on the matter. At the pretrial, I did ask Judge Lebodoff to appoint an agent to receive service for Mr. Konkol as Mr. Konkol states, "he is moving around" and has no permanent address. Judge Lebodoff declined to do so. I have scheduled a deposition for October 15, 1991. It is my hope that Mr. Konkol will appear and that at the deposition I will be able to obtain enough evidence to have the matter dismissed. At the present time I have not received any acknowledgement from Mr. Konkol that he has received the notice of deposition, and frankly I do not know where he is in order to serve him. Mr. Konkol did state at the pretrial that he does receive messages from a phone number which he provided. I have called that number, left a message about the deposition, and hope to hear back from him soon. If I do not hear from Mr. Konkol, I will have to serve him with a notice of the deposition by publication which may require setting a new date.

Doug Gronli
September 22, 1991
Page Two

At the present time and lacking any new information from Mr. Konkol, I am not concerned about his statements that he intends to amend his complaint. I do not believe there is any more claim for \$3,000,000 than there is for \$3,000, and I expect that we will be successful on the merits if it ever gets to that point.

My plan at this point is to hopefully hold the deposition on October 15, and after that prepare a motion for summary judgment based upon the facts as obtained in Mr. Konkol's deposition and affidavits which I will obtain from the police officers involved.

I have also received a notice from the District Court that the case has now been assigned to Judge Gary Larson. I regard this as a favorable turn of events. I know Judge Larson quite well and I believe he is perfectly capable of seeing Mr. Konkol's claim for exactly what it is, a simple attempt at harrassment.

If you have any questions, please give me a call.

Sincerely,

Steven M. Tallen

Dear Jerry:

Thank you for sharing with me your letter to Senator Frank Lautenberg expressing your support for legislation to clarify states' and cities responsibilities under the Superfund law.

I have heard from a number of Minnesota cities and towns on this issue, so I am aware of the importance of this issue and the implications if we do not address recent corporate lawsuits on cleanup costs. The bill the city council supports, the Toxic Cleanup Equity and Acceleration Act, is pending in the Energy and Commerce Committee. Should this legislation come before the full House of Representatives, please be assured I will review it with the council's concerns in mind.

Thank you again for contacting me.
