I, PAUL G. January 7, 1972

"The secretary presented a draft of proposed Regulation No. 26 dealing with limitations on the number of times a candidate may take a board examination. The proposal reads as follows:

> "Re-Examinations; Any applicant who has failed to pass the examinations required by M.S. 151.06, 151.07, 151.10, or 151.12, may retake such examination within the next ensuing fourteen months, provided that no applicant who has failed in three examinations shall be permitted to take a further examination. The board reserves the right to request a full and complete application."

After a general discussion of the proposal Mr. Seifert moved and Mr. Olson seconded that it be resolved that Paul G. of Rules of Board of Pharmacy
Governing Re-Examination

STATEMENT OF NEED

The above caption rule is a new Rule.

The need to adopt these rules arises because of experiences of the board in finding that on certain occasions, candidates do not apply themselves in preparation for the taking of the examinations.

The rules place a limit on the number of examinations, which a candidate may take, requiring the candidate to prepare himself to be of early benefit to society and himself and without protracted administrative burden upon the board.

In the matter of the Proposed
Adoption of Rules of the State
Board of Pharmacy.

The above-entitled matter came on for hearing before the Minnesota State Board of Pharmacy on the 9th day of January, 1973, at 9:30 A.M. in the (Administration Building, St. Paul, Minnesota,) after proper notice required by M.S. 1971, Section 15.0412 was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon the records, files and proceedings herein, I find the following: that reciprocity examinations are given twice a year; that some of the candidates do not adequately prepare themselves for the examination on the laws of Minnesota; that it is an administrative hardship to keep the files of these people open indefinitely; and that allowing them three chances to successfully pass the examination is in line with the policy in other professions (i.e. the Bar Exam in law).
