SQUARE LAKE (82-46)
T31N, R20W, SEC 23&26
Washington County

STATE OF MINNESOTA)
)
COUNTY OF RAMSEY)

BEFORE ROBERT L. HERBST, COMMISSIONER, DEPARTMENT OF NATURAL RESOURCES STATE OF MINNESOTA

In the Matter of the Proposed Adoption of Rules of the Commissioner of Natural Resources Governing the Use of Watercraft on Square Lake (82-46), Washington County, Minnesota; Designating a Restricted Speed Zone; and Establishing Hours of Open Speed Operation, as provided by Minnesota Statutes 1971, Section 361.26, as Amended by Laws 1973, Chapter 702, Section 2.

FINDINGS OF FACT

CONCLUSIONS

In accordance with applicable statutes, a public hearing was held concerning the above matter in the Commissioner's Room at the Washington County Office Building, Stillwater, Minnesota, on Thursday, February 28, 1974, at approximately 4:00 pm. Mr. Michael Hambrock, a Senior Hydrologist of the Department of Natural Resources, was appointed by the Commissioner of Natural Resources as referee to conduct the hearing.

Mr. Steve Thorne, Special Assistant Attorney General, appeared as legal counsel on behalf of the State of Minnesota.

The matter having been duly heard and all evidence and arguments having been considered, the Commissioner of Natural Resources now makes the following:

FINDINGS OF FACT

1. Square Lake (82-46) has a total water surface area of about 193 acres, located wholly within May Township in portions of Section 23 and 26, T. 31 N., R. 20 W., Washington County, Minnesota.

2. During and prior to the summer of 1971, Square Lake experienced heavy use by motorized watercraft gaining access to the lake from private property and the Washington County Park.

3. In an effort to alleviate the heavy use of Square Lake by motorized watercraft launched from the Washington County Park, the Washington County Board of Commissioners imposed a 10 horsepower motor size restriction on their park access.

4. On July 1, 1971, the Town Board of May Township requested that the Commissioner of Natural Resources make a determination at the earliest possible date to establish regulations on Square Lake pursuant to Laws of Minnesota 1971, Chapter 636.

5. On July 12, 1971, the Washington County Board of Commissioners passed a resolution requesting the Commissioner of Natural Resources to establish regulations relating to the use of watercraft on Square Lake as provided under Minnesota Statutes 361.26.

6. The water of Square Lake is exceptionally clear (Secchi Disc reading of 25 feet) which makes the lake one of the most popular in the metropolitan area among skin divers. The Washington County Sheriff's Office has counted as many as 98 skin divers in the lake on one day.

7. Aerial boat counts made by the Center for Urban and Regional Affairs of the University of Minnesota during July 1972, showed that the majority of slow-speed watercraft (i.e., fishing boats, canoes and sailboats) congregated in those parts of the lake which were less than 40 feet deep.

8. These aerial boat counts also indicated that most of the high speed watercraft (i.e., waterski boats and speed boats) were using the center portion of the lake where depths were in excess of 40 feet.

9. A survey of riparian property owners, conducted by the Department of Natural Resources, indicated that 63.6% of the property owners participated in slow-speed activities on this lake (i.e., fishing - 32.9%; pleasure boating under 10 m.p.h. - 30.7%), while 34.1%

of the property owners participated in high-speed activities on this lake (i.e., waterskiing - 18.2%; pleasure boating over 10 m.p.h. - 15.9%).

10. The survey of riparian property owners indicated that there are 66 non-motorized watercraft and 65 motorized watercraft kept on this lake by property owners.

11. The survey of riparian property owners indicated that their use of the lake is distributed fairly evenly over the week and does not tend to take place in peak intervals.

12. The survey of riparian property owners indicated that 74.7% of them feel that there are water surface use conflicts on this lake.

13. A survey of persons using the public access at the Washington County Park, conducted by the Minnesota Department of Natural Resources, indicated that 98.0% of these people participated in slow-speed activities on this lake (i.e. fishing - 17.2%; swimming - 59.3%; pleasure boating under 10 m.p.h. - 11.4%; skin diving - 10.1%), while 2.0% of these people participated in high-speed activities on this lake (i.e. waterskiing - 0.7%; pleasure boating over 10 m.p.h. - 1.3%).

14. The survey of public access users indicated that their use of the lake is concentrated in peak intervals (i.e., afternoons and weekends).

15. The survey of public access users indicated that 46.5% of them feel there are no water surface use conflicts on this lake, while 33.2% of them feel that there are water surface use conflicts on this lake.

16. A compilation of outdoor recreation space standards by the United State Department of the Interior indicates that motorized watercraft require a minimum of 20 acres of water per boat for safe operation. This would mean that Square Lake (water surface area = 193 acres) could safely accomodate 9.5 motorized watercraft.

17. Research Report 65 of the Wisconsin Department of Natural Resources indicates that by restricting the pattern of movement of motorized watercraft to one common direction the amount of water area required for the safe operation of motorized watercraft can be substantially reduced (i.e., 10 acres per boat).

18. The unrestricted use of motorized watercraft on Square Lake would constitute a hazard to public safety and impair the use of the lake for its many and varied recreational activities.

19. On May 2, 1973, rules designated NR 250 relating to the use of watercraft on the waters of Square Lake (82-46) were promulgated, and were placed in effect for a period of one (1) year from the date of promulgation.

20. Said rules have reportedly decreased recreational use conflicts between various lake users on the waters of Square Lake during their period of effect.

21. Said rules have reportedly increased the overall enjoyment of Square Lake by the general public during their period of effect.

22. Said rules have reportedly been in part responsible for an improvement in the overall condition of the waters of Square Lake.

Pursuant to the foregoing Findings of Fact, the Commissioner of Natural Resources makes the following:

CONCLUSIONS

I. That the promulgation of regulations relating to the use of watercraft on the waters of Square Lake (82-46) under the authority granted by Minnesota Statutes 1971, Section 361.26 would be in the public interest.

II. That such regulations should be adopted on a permanent basis and be changed or allowed to lapse only after a public hearing

pursuant to Minn. Stats. 1971, Section 15.0412.

III. That such regulations should designate a restricted speed zone for motorized watercraft and establish certain hours of open speed operation for motorized watercraft as provided by Minnesota Statutes 1971, Section 361.26.
