NR 5001-5099	Reserved For Future Use

STATE OF MINNESOTA
DEPARTMENT OF NATURAL RESOURCES
RULES AND REGULATIONS

CHAPTER FIFTY: PERMIT FEES

NR 5000 Fees for Water Permits and Permits for Underground Gas or Liquid Storage

(a) GENERAL

The Commissioner of Natural Resources is authorized by Laws of Minnesota, 1973, Chapter 211, to establish fee schedules for permit applications, field inspections, and monitoring, with regard to:

(1) Underground storage of gas or liquid. Minnesota Statutes Sections 84.57 to 84.621.

(2) Appropriation or use of waters of the state. Minnesota Statutes Section 105.41.

(3) Construction, change or abandonment of any reservoir, dam, or waterway obstruction on any public water. Minnesota Statutes Section 105.42.

(4) Change in the course, current, or cross section of any public water. Minnesota Statutes Section 105.42.

(5) Drainage, diversion, control, or use of any waters to facilitate mining. Minnesota Statutes Section 105.64.

(b) SCOPE AND APPLICABILITY

(1) The fees established in these regulations are applicable only to the activities listed in (a) 1-5 above.

(2) The fees established in these regulations shall not be imposed on any state agency as defined in Minnesota Statutes Section 16.011, or on any federal agency.

(c) DEFINITIONS

Words used in these regulations have the meanings normally ascribed to them except:

(1) "Appropriation of water", "waters of the state", and "Public waters" have the meanings given by the Laws of Minnesota, 1973, Chapter 315.

(2) "Field inspection" means an on-site determination of relevant characteristics of the area involved in or affected by the proposed or permitted project.

(3) "Monitoring" means checking on the status or progress of activities authorized by permit, and checking and inspecting special aspects of proposed permit applications.

(d) SEVERABILITY

The provisions of these regulations shall be severable and the invalidity of any numbered or lettered paragraph, subparagraph, or subdivision thereof shall not invalidate any other part.

(e) FEES TO ACCOMPANY PERMIT APPLICATIONS

(1) A $15.00 fee, in the form of a check or money order payable to the state treasurer shall accompany each permit application.

(2) If the fee does not accompany the application, the applicant will be so notified, and there will be no further action taken on the application until the fee is remitted.

(3) If a project requires several permit applications, the fee must accompany each application. For example, if a project entails both appropriating water and changing the bed of a lake there shall be two applications each accompanied by the $15.00 fee.

(4) The fee is not returnable, whether the application is permitted, modified, or denied, unless the Commissioner determines the activity does not require a permit.

(f) WATER APPROPRIATION RECORD PROCESSING FEES

(1) A $5.00 fee, in the form of a check or money order payable to state treasurer shall accompany each water appropriation annual report required by Minnesota Statutes, Section 105.41, Subdivision 5.

(2) The report, and fee, are required whether or not the permittee appropriated or used any water under the permit during the year.

(3) Reporting forms will be mailed to permittees by the Commissioner. Any permittee who has not received such a mailing by December 31 is responsible for obtaining the reporting form from any regional office of the Department of Natural Resources, or its central office.

(4) The report, with accompanying fee, of a calendar year's appropriation or use of waters under a permit, shall be sent to the Commissioner no later than February 15 of the following year. The Commissioner may extend the deadline up to, but not beyond, April 15, on the written request of a permittee showing good cause.

(g) FIELD INSPECTION FEES

(1) The actual cost of a field inspection, or $25.00, whichever is greater, shall be charged the applicant or permittee, if a field inspection is conducted.

(2) Actual cost is the sum of the costs of:

(aa) State salaries (Inspection time of state employees multiplied by actual hourly rates.)

(bb) Transportation to and from inspection site, based on current state Department of Administration rates.

(cc) Fair rental for any special equipment and supplies.

(dd) Inspection and consultant services contracted for by the state.

(3) In all cases in which a fee greater than $25.00 is charged, the Commissioner shall submit an itemized bill to the applicant or permittee. In the case of an applicant, a permit shall not be issued until any field inspection fee owing has been paid. In the case of a permittee, the fee is payable within 30 days of receipt; failure to pay is grounds for suspending the permit, or for taking other legal actions as required. For all field inspection fees over $250.00, the applicant or permittee shall be given an opportunity to discuss all aspects of the fee, and shall be given an opportunity to appeal the fee determination.

(4) Field inspection fees shall not normally be charged in connection with applications for:

(aa) Permits for beach sanding in the beds of public waters involving placement of a 6 inch or less blanket of sand covering 500 square feet or less

of the bed and limited to distances of 50 feet or less along the shoreline.

(bb) Permits for shoreline protection by rip-rapping of the banks of public waters using natural rock material.

(cc) Permits for appropriation and use of groundwater for agricultural irrigation purposes; other permits for appropriation and use of groundwater in amounts not exceeding one million gallons per day.

(dd) Permits for appropriation of surface water in amounts not exceeding 450 gallons per minute (1 cubic foot per second) from specific streams having large average daily stream flow. Such streams may be designated by the Commissioner.

If circumstances require a field inspection fee for one of the above proposed activities, the Commissioner shall first notify the applicant. If the applicant indicates he wishes to continue the application, he shall be responsible for the field inspection costs as in g. 1, 2, and 3 above.

(5) Field inspection fees are not refundable for any reason.

(h) FEES FOR MONITORING ACTIVITIES

(1) Where the Commissioner determines that a permitted activity requires monitoring of water or related land resources, the permit shall specify the procedures and scope of such monitoring. Actual costs of the monitoring, whether conducted by state personnel or by consultants

hired by the state, shall be paid by the permittee in accordance with procedures set forth in the permit.

(2) When the Commissioner determines after the permit is issued, that there is a need for monitoring, he shall notify the permittee in writing of the nature of and reasons for the monitoring, and after opportunity for hearing, shall modify the permit accordingly. The actual costs of such monitoring shall be paid by the permittee.

(3) The Commissioner may allow the permittee to provide the monitoring service himself, or to employ a consultant for that purpose, subject to the right of the Commissioner to charge for state costs related to private monitoring, including the costs of periodically monitoring the monitor.

(i) PENALTIES

Any violation of these regulations, which involves fees associated with Minnesota Statutes Chapter 105 permit applications or permits shall be subject to penalty under the provisions of Laws of Minnesota, 1973, Chapter 315, Section 19.

(j) WHEN APPLICABLE

The fees specified by these regulations are required:

(1) With permit applications which are received by the Commissioner after the effective date of these regulations.

(2) With water appropriation annual reports which report on appropriations taken in 1974 and years thereafter.

(3) On field inspections and monitoring activities which occur after the effective date of these regulations.

STATE OF MINNESOTA

COUNTY OF RAMSEY

BEFORE ROBERT L. HERBST, COMMISSIONER OF THE DEPARTMENT OF NATURAL RESOURCES, STATE OF MINNESOTA

In the Matter of the Proposed Adoption of Rules and Regulations of the Commissioner of Natural Resources Governing Fees to be Charged by the Commissioner in Conjunction with Certain Water Permits for Underground Gas or Liquid Storage, Pursuant to the Authority of Laws of Minnesota, 1973, Chapter 211.

FINDINGS OF FACT

The above entitled matter came on for hearing before the Director of the Division of Waters, Soils and Minerals of the Department of Natural Resources, State of Minnesota, on the 27th day of December, 1973, at 9:00 o'clock in room B-45 of the Classroom Office Building, St. Paul Campus of the University of Minnesota, St. Paul, Minnesota, after proper notice required by Minnesota Statutes, 1971, Section 15.0412, was served upon all persons, associations, and other interested groups registered with the Secretary of State for that purpose.

After affording such interested persons, associations, and other groups opportunity to present oral and written data, statements, and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon the records, files and proceedings herein, I find the following:

1. Minnesota Statutes, Sections 84.57 to 84.621 and Sections 105.37 to 105.64 authorize the Commissioner of Natural Resources to grant permits for the following activities:

   a) Underground storage of gas or liquid. (Minnesota Statutes, Sections 84.57 to 84.621).

b) Appropriation or use of public waters. (Minnesota Statutes, Section 105.41).

c) Construction, change or abandonment of any reservoir, dam or waterway obstruction on any public water. (Minnesota Statutes, Section 105.42).

d) Change in the course, current, or cross section of any public water. (Minnesota Statutes, Section 105.42).

2.
