CHAPTER THIRTY-FIVE: EDU 700-719

PUPIL FEES

(NEW MATERIAL)

EDU 700 Policy Statement

It is the policy of the state of Minnesota that public school education shall be free and no pupil shall be denied an education because of economic inability to furnish educational books and supplies necessary to complete educational requirements necessary for graduation. Any practice leading to suspension, coercion, exclusion, withholding of grades or diplomas, or discriminatory action based upon nonpayment of fees denies pupils their right to equal protection and entitled privileges. It is recognized that school boards do have the right to accept voluntary contributions and to make certain charges and to establish fees in areas considered extra curricular, noncurricular or supplementary to the requirements for the successful completion of a class or educational program. No public school board may require, except as authorized by sections 3 and 5, the payment of fees.

EDU 701 Definitions

The terms in this chapter have the meanings assigned to them.

(a) "CURRICULAR" means those portions of the school program for which credit is granted. This chapter applies equally to "required" or "elective" curricular programs.

(b) "CO-CURRICULAR" means those portions of the school sponsored and directed activities designed to provide opportunities for pupils to participate in such experiences on an individual basis or in groups, at school and at public events, for improvement of skills.

"Co-curricular activities" have one or more of the following characteristics:

(1) are for credit or required for graduation.

(2) are conducted at regular and uniform times during school hours, or if at times other than school hours, are established by school authorities.

(3) are directed or supervised by instructional staff in a learning environment similar to that found in courses offered for credit.

(4) are primarily or totally funded by public monies for general instructional purposes under direction and control of the local board of education. Any deficits resulting from these activities are always subsidized by general school funds.

(c) "NONCURRICULAR" activities means those activities that include all direct and personal services for public school pupils for their enjoyment that are managed and generally operated under the guidance of an adult or staff member. Noncurricular activities have all of the following characteristics:

(1) are not for credit or required for graduation.

(2) are conducted for the most part during other than school hours, or if partly during school hours, at times agreed by the participants, and approved by school authorities.

(3) the content of the activities is determined primarily by the interests of the student participants and their parents with only the guidance of the staff member or other adult.

(4) with the possible exception of direct costs of any salaries and indirect costs of the use of school facilities, the activity is self-sustaining as all other expenses are met by dues, admissions or other pupil fund raising events.

(d) "EXTRA CURRICULAR" has the same meaning as "noncurricular."

(e) "SUPPLEMENTARY" has the same meaning as "noncurricular."

(f) "REGULAR SCHOOL DAY" means that which is defined in Minn. Reg. Edu 44 for secondary pupils and in Minn. Reg. Edu 21 for elementary pupils.

Prior to the initiation of any fee not authorized or prohibited, the local school board shall hold a public hearing within the district upon three weeks published notice in the district's office newspaper. The local school board shall notify the state board of education of any fee it proposes to initiate under this chapter. If within 45 days of this notification, the state board does not disapprove the proposed fee, the local school board may initiate the proposed fee.

EDU 705 Non Application to Post-Secondary Schools

This chapter does not prohibit a school board from charging reasonable fees for goods and services provided in connection with any post-secondary instructional program, including but not limited to vocational-technical, veteran farmer cooperative training, community school programs, and evening school programs other than those conducted pursuant to M.S. 124.26.

relating to Edu 141 and 142

STATEMENT OF NEED

The above Rules are amendments to existing Rules of the State Board of Education.

The need to amend Edu 141 Elementary Schools (b) arises because Curriculum Bulletin No. 2 was published in 1946 and is no longer available or appropriate for school districts to use as a basis for health, physical education, and safety instruction. Edu 141 is also inconsistent with Edu 161.

The need to amend Edu 142 Secondary Schools arises because Curriculum Bulletin No. 24 was published in 1959, and is no longer available or appropriate for school districts to use as a basis for health and safety instruction. Edu 142 is also inconsistent with Edu 162.

STATEMENT OF NEED

The above-captioned rule is an amendment to existing rules to the State Board of Education. The last time the above-captioned rules were amended was August, 1974.

The need to adopt these rules arises because of the following:

1. Amendments necessary because of law change in Minnesota Laws 1975, Chapter 432.

Edu 180 (a), ~~(b)~~ and ~~(c)~~ (b).
Edu 183 (b)
Edu 184 (a)(1), (aa), (3), (4), (b)(2), (b)(3), (b)(4), (b)(5) and (b)(6)
Edu 185 (a)(1), (aa), (b), (3)~~(c)~~, (f) and (g).

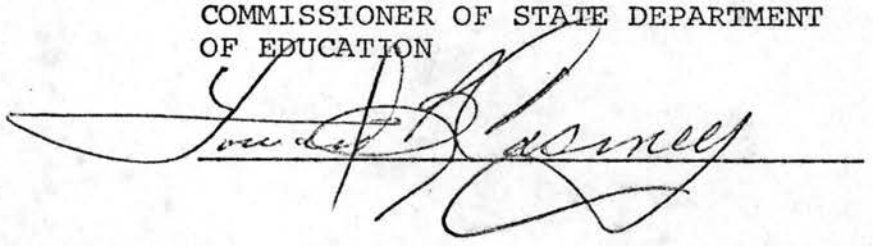

2. Amendments necessary because of law change in the 1975 session, chapter 51.

Edu 190 (c), (4) and ~~(f)~~~~(1)~~~~(2)~~.

3. Amendments necessary because of obsolete references and for clarification of others and are nonsubstantive changes.

Edu 183 (a)
Edu 185 (b)(2), (aa), (j) and (k)
Edu 186
Edu 190 (a), (b), (b)(1), (b)(2) and (3).

In the matter of Proposed
Rules relating to Edu 700-706

STATEMENT OF NEED

The above-captioned rules are new and were approved by the State Board of Education.

Minnesota Statutes 120.71 to 120.76 establishes a system of determining fees that may be authorized and fees that may not be charged by a public school. M.S. 120.75, Subd. 2, in addition, states "The state board pursuant to the administrative procedures act, sections 15.04 to 15.0426, and consistent with the general policy of section 120.72 shall have the power to specify further authorized and prohibited fees and to adopt rules and regulations for the purposes of sections 120.71 to 120.76."

The following are the reasons in support of the specified rules which are proposed:

1. Most educators would refer to State Board of Education Regulations than the Act.

2. Edu 700 policy statement is identical to the statement contained in M.S. 120.72. The policy statement was duplicated to assure that intent of the regulations did not exceed the intent of the Act.

3. Edu 701 lists the definitions of "curricular," "co-curricular," "noncurricular," "extra curricular," "supplementary" and "regular school days." These definitions are necessary because authorized fees apply to some of the above categories and prohibited fees apply to others of the above categories. Those categories, however, are not clearly defined in the Act.

4. Edu 702 is a list of permitted fees. It reflects language more easily understood and comprehensive than the language in the Act. This is necessary because most educators refer to State Department Regulations as opposed to referring to the Act.

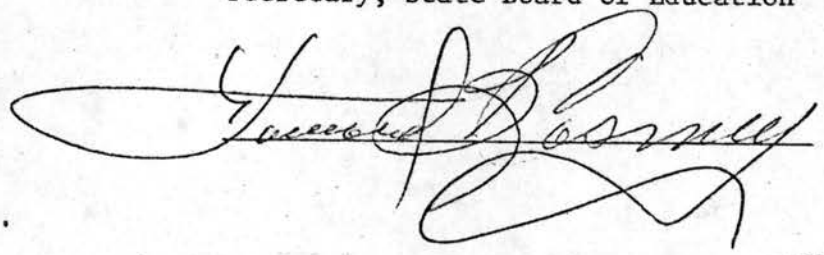

5. Edu 703 is a list of prohibited fees. It reflects language that would be more easily understood to educators than the language in the Act.

6. Edu 704 establishes hearing procedures. It is based upon language contained within M.S. 120.75.

7. Edu 705 incorporates the specific post-secondary schools that do not have to comply with the fee law. It is a more comprehensive list than the one found in M.S. 120.76.

8. Edu 706 states that "Local school administrators and boards shall adopt policies consistent with the rule to assure that teachers are not implementing unauthorized fees and/or fines." The provision is necessary to assure that the Act is communicated to educators who may not be aware of the regulation or law.

STATEMENT OF NEED

The need to adopt the above captioned rules arises for the following reasons: (1) deletions of obsolete material and references to repealed rules and law sections or rules' sections transferred to the Teacher Standards Certification Commission; (2) corrections to incorrect references and (3) standardization of terminology and usage. All of these changes are non-substantive.

FINDING OF FACTS

The above entitled matter came for hearing before the State Board of Education of the State of Minnesota on the 25th day of July, 1975, at 9:30 a.m. in the Auditorium, State Office Building, St. Paul, Minnesota after proper notice required by M.S. 1971, Section 15.0412 was served upon all persons, associated and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon records, files, and proceedings herein, we find the following:

1.) The document entitled, Curriculum Bulletin No. 2, HEALTH, PHYSICAL EDUCATION, AND SAFETY, Elementary School, Grades 1-8, originally prepared in accordance with M.S. 121.11, Subdivision 7 and M.S. 126.02 has been replaced with another more up-to-date curriculum guide; thus, the one referred to in regulation Edu 141(b) no longer is used.

2.) Curriculum Bulletin No. 24, A GUIDE FOR INSTRUCTION IN HEALTH AND SAFETY, grades 7-12, in accordance with M.S. 121.11, Subdivision 7, and M.S. 126.02 has been replaced with another more up-to-date curriculum guide; thus, the one referred to in regulation Edu 142(b) no longer is used.

The above findings indicate that the identified Minnesota State Board of Education regulations should be accepted and become a part of the operational procedure of this body. The proposed regulations Edu 141(b) and Edu 142(b) are reasonable and should be adopted.
