DEPARTMENT ATTORNEY GENERAL-Health

Office Memorandum

TO : Michael Miller
Special Assistant
Attorney General
G19 Administration Building

DATE: Dec. 9, 1975

FROM : Richard A. Wexler
Assistant Attorney General

SUBJECT: Submission of Health Department Fee Rules for Review and Approval

In 1974 the Legislature gave the Board of Health authority to set most licensing and filing fees by rule. Minn. Stat. § 144.122 (1974) as amended by Minn. Laws 1975, ch. 310 § 36. At the same time the Legislature repealed most statutory fees. The Board then promulgated fees for those areas for which statutory fees had been repealed. The remaining statutory fees were repealed by the Legislature in 1975. See generally, Minn. Laws 1975, ch. 310. The rules submitted with this memorandum represent action of the Board to establish fees in those few areas in which the Legislature has most recently repealed the statutory fee. If you want a quick reference to all the statutes involved, see the Statement of Statutory Authority which lists all the statutes involved.

I don't see any problems with this set of rules. No one other than agency personnel appeared at the hearing, and no comments or statements other than from the agency were submitted. The rules were adopted by the Board without making any changes in them after the public hearing.

Please give me a call at #5370 if you have any questions.

STATE BOARD OF HEALTH

In the Matter of Proposed
Rules Relating to License and
Registration Fees, Filing Fees,
and Related Matters

STATEMENT OF NEED

The above-captioned rules represent both amendments to existing rules and the promulgation of new rules relating to fees of the State Board of Health. This is the first amendment to those rules which are being amended. Those rules became effective January 1, 1975.

The 1974 Legislature repealed various statutory fees of the Minnesota State Board of Health and gave the Board authority to establish those fees by regulation. Minn. Laws 1974, ch. 471. Accordingly, fees were established by the Board which took effect January 1, 1975. Then during the 1975 legislative session, the Legislature repealed the remaining statutory fees and permitted the Board to establish them by rule. Minn. Laws 1975, ch. 310. In addition, the Legislature clarified the rule-making authority of the Board with respect to fees. Chapter 310, with respect to most of the sections relating to fees, becomes effective January 1, 1976. The other sections became effective June 6, 1975.

If rules are not promulgated by that date, the Board will be forced to issue licenses and perform other duties without the payment of a fee since the statutory fee will no longer exist. Since the funds received from the fees are used to cover the expenses of the operation of the activity or the activity's appropriation is limited by the

amount of the fees received, a severe fiscal problem would develop for these activities if the rules are not promulgated thereby greatly limiting the effectiveness of each subject licensing activity or service provided.

In addition to the proposed adoption of regular fees, penalty fees are proposed. Such fees at a significantly high amount are necessary in order to discourage licensees from late filing of their license renewal applications. Such late submissions many times means that the licensee is operating without a license, contrary to law, and also adds an administrative burden to the Board. Late application submissions increase the administrative costs of the Board since the license must be processed out of cycle and require additional staff time.

A substantive change is proposed relating to the failure of a master or journeyman plumber to renew his license within the time prescribed by the regulation. As it now stands, a plumber who for any reason fails to submit his license renewal application by the last day of February of the year for which application is made shall not have his license renewed. This is a harsh result and requires changes. The public is protected since failure to submit the application in a timely fashion bars the plumber from working as such until the application and all fees are submitted. The plumber has one year in which to submit his renewal application. It is considered that a plumber will not lose his skills within that period of time. However, for any lapse of more than one year the proposed rule provides for a check to assure that the plumber is still qualified to be licensed. These changes are needed to remove a harsh effect and yet to assure that the public will be protected by permitting only those applicants who are properly qualified to be licensed.

A few other minor wording changes are proposed in the rules. These are needed for clarification purposes.

For the above reasons, the proposed rules are needed.

Dated: August 15, 1975.

BEFORE THE MINNESOTA

STATE BOARD OF HEALTH

In the Matter of the Proposed
Rules Relating to License and
Registration Fees, Filing Fees,
and Related Matters

FINDINGS OF FACT

The above-entitled matter came on for hearing before the Minnesota State Board of Health (hereinafter "Board") on the 25th day of September, 1975, at 9:15 A.M., in the Board Room, Minnesota Department of Health Building, 717 Delaware Street S.E., Minneapolis, Minnesota 55440, after proper notice required by Minn. Stat. § 15.0412 (1974) was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose and also upon other persons, associations and groups of which the Board was aware of as possibly having an interest in the above-captioned rules.

After affording interested persons an opportunity to present written and oral data, statements and arguments, and having heard and considered all of the testimony and evidence adduced and upon the records, files and proceedings herein, the Board makes and enters the following findings:

1. General statutory authority to establish by rule reasonable license, registration and filing fees, penalty fees and other fees and procedures related to licensing programs which the Board is authorized to administer is contained in Minn. Stat. § 144.122 (1974), as amended by Minn. Laws 1975, ch. 310 § 36. Specific authority for each rule subject to these proceedings is as follows:

a. Lodging Establishment and Food and Beverage Establishment Penalty Fees: Minn. Stat. § 157.03 (1974) as amended by Minn. Laws 1975, ch. 310 § 21 which took effect June 6, 1975.

b. X-ray Machines and Radium Registration Fees: Minn. Stat. § 144.121 (1974), as amended by Minn. Laws 1975, ch. 310 § 35 which takes effect January 1, 1976. Minn. Rule 181(b) and (d) will take effect January 1, 1976.

c. Health Maintenance Organization Filing Fees: Minn. Stat. § 62D.21 (1974), as amended by Minn. Laws 1975, ch. 310 § 1, which takes effect January 1, 1976. Minn. Rule MHD 372(g) will take effect January 1, 1976.

d. Water Well Contractor License and Registration Fees: Minn. Stat. § 156A.07 subds. 5-7 (1974), as amended by Minn. Laws 1975, ch. 310 § § 16-18, which take effect January 1, 1976. Minn. Rules MHD 211(b)(3), 211(f), and 211(i)(1) will take effect January 1, 1976.

e. Master and Journeyman Plumber Examination and Penalty Fees and Related Licensing Matters: Minn. Stat. § 326.42 (1974), as amended by Minn. Laws 1975, ch. 310 § 31, which took effect June 6, 1975.

2. The need for these amendments to rules is clearly established. The Legislature has repealed all statutory fees and has mandated in Minn. Stat. § 144.122 (1974), as amended by Minn. Laws 1975, ch. 310 § 36, that the Board prescribe fees ". . . so that the total fees collected by the board will, where practical, approximate the cost to the board in administering the program." Failure to establish fees by rule would be in direct violation of a Legislative mandate to not only prescribe fees but to provide where possible that they be set at an amount to cover the cost of program operation. These rules accomplish that purpose.

3. The need for penalty fees is also clear. Such a fee discourages licensees from late filing of renewal applications which is a violation of the licensing law or rules. Late submissions also add an administrative burden to the Board by increasing administrative costs since the application must be processed out of cycle and thus requires additional staff time.

4. The language deleted from Minn. Rule MHD 139(c)(3) is needed to remove a harsh effect. The new provisions fulfill the intended purpose of the rule by assuring that the public is protected by permitting only those individuals who are properly qualified and licensed to practice plumbing.

5. The increase in the penalty fee from $1.50 to $10.00 for both lodging establishments (MHD 155(d)) and food and beverage establishments (MHD 165(d)) is justified and reasonable. The increased fee will defray the additional cost involved in processing delinquent license applications and should decrease the number of delinquent licensees which in 1974 was approximately twelve percent of total licensees.

6. The filing fees for health maintenance organizations (HMOs) as prescribed in MHD 372(g) are reasonable and justified. Although the cost of administering the HMO activity considerably exceeds the income, this is in keeping with the express statutory purpose of assisting the development of HMOs (as evidenced in part by an appropriation by the Legislature to the Health Department to aid prospective HMOs) and the implicit policy against burdening these plans with high government assessments. In addition, the fees would have to be set at an unreasonably high amount if they were to cover all costs of the program. Such high fees would violate the policy of Minn. Stat. § 144.122 as amended which prohibits the establishment of fees equal to cost where that is not practical. The fees are reasonable as they are identical with the fees originally established by the Legislature except for a slight reduction in the fee for filing of an amendment to a Certificate of Authority. This reduction is reasonable as operational experience indicates that Certificate of Authority amendments are administratively processed as "other filings." The lower fee generally more accurately reflects actual processing costs.

7. The X-ray machines and radium registration and renewal fees as prescribed in MHD 181(d) are reasonable and justified. The registration and renewal fees do not cover the operational expenses of the program.

However, this is justified since monitoring services designed to protect the public from environmental hazards of radiation are performed which are not directly related to the registration program.

8. The water well contractor license and registration fees as prescribed in MHD 211(b)(3), 211(f) and 211(i)(1) are reasonable and justified. The fees are identical to those originally established by the Legislature and is a recognition that the state is the recipient of important geologic water resource and water quality information from the licensees through their submission of required reports which justifies fees which are lower than total program operational costs. In addition, the lower fees are in keeping with the policy of Minn. Stat. § 144.122 as amended which prohibits the establishment of fees equal to cost where that is not practical.

9. The master and journeyman plumber examination fee as prescribed in MHD 139(c)(1) is reasonable and justified. The total projected amount of the fees collected will closely approximate the estimated expenses based upon prior experience.

10. Other provisions of the rules not specifically referred to herein are found to be reasonable and supported by the evidence.

11. The rules fulfill the policy of the state as expressed in statute to have fees approximate, where practical, the total expenses of administration of the program, to include not only the initial application fee but also examination, penalty and related fees as well as to provide for a process which will permit an orderly and fair administration of the program.
