STATE OF MINNESOTA

COUNTY OF RAMSEY

In the Matter of the Proposed Adoptional Rule 202 Relating to the Administration and Provision of Employability Services

BEFORE THE MINNESOTA

STATE DEPARTMENT OF PUBLIC WELFARE

FINDINGS OF FACT

The above entitled matter was submitted for public hearing on the 15th day of December, 1975 at 10:40 a.m. in the auditorium of the State Office Building, Wabasha and Aurora Avenue, St. Paul, Minnesota, after proper notice required by Minnesota Stat. Section 15.0412 (1975 Supp.), was served upon all persons, associations, and other interested groups registered with the Secretary of State for that purpose.

After affording interested individuals an opportunity to present written and oral data, statements and arguments, and having heard and considered all of the testimony and evidence adduced and upon the records, files and proceedings herein, the Department makes and enters the following findings:

1. Authority to adopt the regulation concerning Employability Services is contained in Minnesota Statute 256.01, Subd. 2 and Subd. 4, and 256.736, Subd. 7.

2. Written comment was received protesting the initiation of this rule - making process prior to January 1, 1976.

Nothing in the Administrative Procedures Act prohibits the initiation of the rule making process prior to January 1, 1976. Indeed, amendments to the Administrative Procedures Act, effective July 1, 1975, place an affirmative obligation on the Minnesota Department of Public Welfare to promulgate rules as quickly as possible in order to comply with the expanded definition of "rule" presently contained in law.

3. Written and oral testimony was received regarding the phrase "to maximize employability potential," (II)(c)(1)(A). Clarification was requested in the form of specific standards for maximized employability potential.

"Maximize" is a general term used to describe the desired result of Employability Services for an individual; as individuals differ, so will these results. The Department therefore finds that there is no further need to define "maximize".

4. Written comment was received in regard to (II) (b) suggesting that referral to other agencies might also be included in employability services.

The Department agrees and has added the phrase "... and referral to other agencies (e.g., Division of Vocational Rehabilitation, CETA, etc.)" to its definition of employability services in (II) (b).

5. Written and oral arguments were received concerning what constitutes a reasonable assumption of potential for successful completion of training, (II) (c) (1) (A).

As individuals differ from each other, so do training situations. Further, consideration of these factors is part of the social work process of assessing client-specific service needs and screening individuals for training. Reasonableness, then, can be determined only in the context of individual situations. Transcript at 3; 8-9. Since this is a matter of practice rather than policy, the Department finds that there is no need to include a more specific definition of "reasonableness" in this rule.

6. Testimony was received regarding (II) (c) (2) (B) recommending that tuition paid by a local agency be limited to that necessary to attain a baccalaureate degree.

The Department agrees, and has incorporated the sentence "Non-WIN academic training shall be limited to a baccalaureate degree" in the rule in (II) (c) (2) (B).

7. Written and oral comment was received with respect to (II) (c) (3), requesting clarification of the computation and payment of the Non-WIN training allowance, and guidelines for permitting such allowances in conjunction with an individual's receipt of training allowances from another source.

$40 per month is a recommended base allowance for training related expenses. The rule permits local agencies to vary the amount of the Non-WIN training allowance based on an individual's participation in training and his actual need. (II) (c) (3) (C) (iv) and (II (c) (4) (C) (i). Local agencies must be permitted such flexibility in order to best meet the particular needs of specific individuals. Transcript at 6. Therefore a change in (II) (c) (3) is not warranted.

Guidelines for coordinating Non-WIN funds with those available from other agencies already exist in the rule at (II) (a) and (II) (c) (2) (A) and (B).

8. Testimony was received with respect to (II) (c) (4) (C) requesting the establishment of a maximum time limit during which an individual would be entitled to receive the Non-WIN allowance while actively seeking employment.

The Department finds that local agencies must have flexibility in determining such matters, and finds that establishing more restrictive guidelines would impair such flexibility. Therefore, a change has not been made in section (II) (c) (4) (C).

9. Comment was received requesting clarification of the phrase "advanced age" in (II) (d) (3) (A) (ii) as a factor in considering an individual's appropriateness for training.

The Department finds that 65 years of age is a reasonable definition of "advanced age" in this instance, and has included this definition, "(65 years or older)", in section (ii) (d) (3) (A) (ii).

10. A recommendation was made in reference to (II) (d) (3) (A) (vi) that, since mothers or AFDC caretakers who cannot cope with the dual role of homemaker and wage-earner should be considered inappropriate for participation in Non-WIN training, these same individuals should be considered inappropriate for referral to WIN.

The Department cannot adopt this recommendation since criteria for exemption from WIN referral are statutorily defined in Title IV of the Social Security Act, s 402 (a) (19) (A) (i-vi).

11. Written testimony was received in regard to (II) (e) concerning the proposed rules regarding Non-WIN counties.

Accordingly, the Department finds it advisable to delete Section (II) (e) in its entirety from the rule.

12. Testimony was received in reference to (III) (a) (2) indicating that the definition of WIN certification should include an additional clause indicating that, in addition to serving as a mechanism for requesting and authorizing

WIN services, certification should function as a mechanism for determining an individual's appropriateness for participation in WIN.

After a person has been determined by public assistance staff to be a mandatory WIN registrant, the decision rests with Employment Services staff as to his appropriateness for particular WIN activities. Local agency staff have opportunities for input into this decision during the process of WIN appraisal. In addition to this, federal regulations governing WIN address only the requesting and authorizing functions of certification. Title 45 CFR 224.22. The Department therefore finds that it is not appropriate to include a screening function as part of the definition of WIN certification in (III) (a) (2).

13. Testimony was received expressing a need for more specific criteria in (III) (e) (2) governing an individual's return to active WIN participation following a 60-day counseling period designed to give him an opportunity to agree to participate again.

Existing criteria in (III) (6) (2) are in accordance with federal regulations governing this activity. Title 45 CFR 224.76 (c). More specific criteria may be formulated on a client-specific basis; this is a matter of practice rather than policy. Therefore, the Department finds that existing criteria in (III) (e) (2) are adequate.

14. Testimony was received relative to (III) (e) (2) (C) (i) expressing a desire for guidelines to determining whether or not an individual refused to appear for a counseling interview without good cause during the 60-day WIN counseling period.

Federal regulations governing this activity specify that such a determination be made at the discretion of local agency staff. Title 45 CFR 224.76 (c) and (e). Since such a determination is a matter of practice rather than policy, the Department finds that there is no need to include a more specific definition of "good cause" in section (III) (e) (2) (C) (i) of this rule.

15. Written comments were received suggesting that Work Relief programs logically should be addressed in the rule on Employability Services.

Responsibility for General Assistance/Work Relief programs currently rests with the Bureau of Public Assistance. This Bureau is in the process of promulgating a rule governing General Assistance/Work Relief Programs.

16. Following submission of proposed rule 202 for public hearing, federal regulations (Title 45 CFR 224) were received redefining WIN services.

As the regulations allowed states limited discretion in revising definitions, the Department finds it advisable to modify the definitions of WIN services contained in (III) (c) to coincide with State Title XX service definitions.

17. Other provisions of the regulations not specifically referred to herein are found to be reasonable, necessary and supported by the record.

DEPARTMENT OF PUBLIC WELFARE
