Rule ADOPTED

MINNESOTA DEPARTMENT OF PUBLIC WELFARE RULE 22

This rule provides grants to local County Welfare Boards, Human Service Boards, and Community Mental Health Boards for Community-Based Residential Services for Mentally Ill Persons under provision of Minnesota Laws 1975, Chapter 434, Section 2, Subdivision 5.

A Introduction

1. This rule governs state financing for residential and related social and rehabilitative service costs to assist mentally ill persons to use community-based resources rather than state institutional services.

2. Definitions

a. County Welfare Board: A board established under the authority of Minnesota Statutes, Chapter 393.

b. Human Service Board: Single county or multi-county boards established under the authority of Minnesota Statutes, Chapter 402, as amended.

c. Community Mental Health Board: A board organized under the authority of Minnesota Statutes 245.61-.69 to provide local mental health programs and services.

d. Mentally Ill Person: A person defined by Minnesota Statutes 253A.02, Subdivision 3.

e. Residential Care Facility: A living unit established primarily for the accommodation and treatment of mentally ill persons.

f. Social and Rehabilitative Services: Those activities provided to carry out the individualized treatment plan for each mentally ill person.

g. State Agency: Minnesota Department of Public Welfare.

B Standards for Awarding of Grants

1. The state agency will annually award the available funds primarily, but not necessarily exclusively, to one state hospital receiving district. The state agency shall determine which receiving district on the basis of the legislative record in 1975, the state agency's January, 1975 Comprehensive Plan, and the state agency's January, 1976 report to the Legislature on the closing of a state hospital.

2. The state agency may also allocate funds from this appropriation to the partial support of community-based residential care facilities initiated and formerly funded by a state hospital for the care and treatment of former mentally ill patients of that state hospital.

3. Effective on July 1, 1976, the state agency will prorate the funds available to the counties in the designated state hospital receiving district on the basis of the most current total population figures as provided by the Metropolitan Council. Unexpended funds may be reallocated after six months to the other counties in the designated receiving district if appropriate uses are demonstrated.

4. These funds shall support additional programs and services and shall not replace the funding of the existing care and maintenance costs. To the extent that other available funds are inadequate, these funds will be used to carry out treatment plans for the individual.

5. Priority will be given to provision of services identified in individualized treatment plans. The funds are to be directed primarily

toward programs and services for chronic, longstanding mentally ill persons. For these grants, chronic mental illness is defined as a condition that has required one or more prior hospitalizations for mental illness treatment.

6. Funding of services which will enable residential facilities to qualify for licensure may be allowed.

C Service Priorities

1. Services eligible for funding under this rule include, but are not limited to:

a. Day programming (day activity, work and pre-work training, recreation and education).

b. Twenty-four hour social crisis intervention aimed primarily at aiding nonmedical crises of people who have had prior hospitalizations for problems of mental illness when those crises can be dealt with without resorting to medication and/or hospitalization, e.g., domestic or family quarrels, unexpected loss of a job, loss of a spouse or child, etc. This function may relate to medical emergency centers.

c. Independent living training unit which is for individuals or groups of individuals who need preparation and/or support in finding and maintaining housing, finding and keeping a job, managing money, developing suitable recreational activities, etc.

d. Drop-in centers for socialization and recreation where people with a history of mental illness may go for semi-structured activities and social support from others with similar backgrounds.

e. Staff/agency training in developing and carrying out individual treatment plans.

f. Residential living costs.

D Application

1. Applications for funds under this rule originating in any of the counties in the designated state hospital receiving district shall be jointly signed by the county welfare board and the community mental health center board, where they are separate boards. In the event that a human service board is established in any of these counties, that board shall sign the application.

2. Applications are to be sent to the Commissioner, Department of Public Welfare, Attention: Director, Mental Health Program Division.

3. Applications are to include the following:

a. A narrative description of the proposed services, the number of mentally ill persons expected to use the services, an assurance that the individualized treatment programs document the need for the proposed services and a statement of the expected results.

b. A budget outlining the cost of the proposed services.

c. A design for evaluation of the project.

E Reports to the State Agency

1. The state agency may require, at such times and in such form as the Commissioner of the state agency may establish, that those local boards and agencies receiving funds under this rule report to the state agency the number of persons served, costs of providing the services, results achieved, and other relevant data requested.

| In the Matter of the Proposed Rules 22, 23, and 24 of the Minnesota Department of Public Welfare. | FINDINGS OF FACT, CONCLUSIONS AND RECOMMENDATION |

The above-entitled matter came on for hearing before George A. Beck, duly appointed as Hearing Examiner in this matter, on June 17, 1076 at 8:30 a.m. in the State Office Building Auditorium in the City of Saint Paul, County of Ramsey, State of Minnesota.

This is a rules hearing held pursuant to Minn. Stat. Chapter 15 to determine whether proposed Department of Public Welfare Rules 22, 23 and 24 should be adopted.

Members of the agency panel included: James T. (Terry) Sarazin, Director of the Mental Health Division of the Department of Public Welfare; Ardo M. Wrobel, Director of the Mental Retardation Program Division of the Department of Public Welfare; James T. Wrich, Director of the Chemical Dependency Program Division of the Department of Public Welfare; Beverly Driscoll, Special Projects Office of the Department of Public Welfare; and John Daniels, Special Assistant Attorney General.

Witnesses at the hearing included: Harvey Tillipman, Hennepin County Mental Health, Mental Retardation, and Chemical Dependency Department; Robin Reich, Hennepin County Mental Retardation Planner; Dale Offerman, Chief Executive Officer, Cambridge State Hospital; Mike Marrin, Hennepin County Department of Mental Health, Mental Retardation, and Chamical Dependency; Peter Bell, Executive Director, Metropolitan Institute on Black Chemical Abuse; Chuck Adams, Director, Thunderbird Halfway House; Don Hackey, Director of Health for the Minnesota Chippewa Tribe; Tod Humphries, Employee Program Specialist, Johnson Institute; Tim Campbell, Executive Director, Gay Educational Consultants; Michael Ralke, Gay-Lesbian Section, Minnesota Chemical Dependency Association; Jack Lamar, Director of the area board, Northeast Minnesota office; Marc Kurzman, Associate Director, Office of Alcohol and Other Drug Abuse Programming; Patricia Nevins, Committee for Gay Rights and Lesbian Resource Center; Gilbert Verdeja; Frank Boudewyns, Minnesota Committee for Gay Rights and Minnesota Chemical Dependency Association; Richard Pappenfus, Director of Chemical Dependency Programs for the

Ramsey County Mental Health Department; and Cherie Jefferson, Ramsey County Mental Health.

Based upon all the testimony, exhibits and written comments, the Hearing Examiner makes the following:

## FINDINGS OF FACT

1. That the agency submitted the following documents as exhibits in this matter:

a. Notice of Hearing (Ex.1)

b. Order for Hearing (Ex. 2)

c. Affidavit of Receipt of Secretary of State's List (Ex. 3)

d. Affidavit of Mailing (Ex. 4)

e. Affidavit of Mailing (Ex. 5)

f. Secretary of State's Affidavit (Ex. 6)

g. Proposed Rule 22 (Ex. 7)

h. Statement of Need for Rule 22 (Ex. 8)

i. Agency List of Witnesses for Rule 22 (Ex. 9)

j. Proposed Rule 23 (Ex. 10)

k. Statement of Need for Rule 23 (Ex. 11)

l. Agency List of Witnesses for Rule 23 (Ex. 12)

m. Relevant Legal Citations for Rule 23 (Ex. 13)

n. Proposed Rule 24 (Ex. 14)

o. Statement of Need for Rule 24 (Ex. 15)

p. Agency List of Witnesses for Rule 24 (Ex. 16)

q. Metropolitan Council data on Latinos relevant to Rule 24 (Ex.17)

r. State Planning Agency Population Projections relevant to Rule 24 (Ex. 18)

s. Birth Rate Data relevant to Rule 24 (Ex. 19)

t. 1970 Census Data, Race by Sex, relevant to Rule 24 (Ex. 20)

u. 1970 Census Data, Persons of Spanish Language, relevant to Rule 24 (Ex. 21)

v. December 1975 report to Department of Public Welfare concerning Mentally Retarded Persons relevent to Rule 23 (Ex. 22)

w. Community Alternatives and Institutional Reform report relevant to Rule 23 (Ex. 23)

2. That Exhibits 1, 2, 7, 10 and 14, as proposed, were filed with the Office of Hearing Examiners on May 18, 1976 and that Exhibits 1, 2, 3, 4, 5, 6, 8, 9, 11, 12, 13, 15, 16, 17, 18, 19, 20 and 21 were filed

with the Office of Hearing Examiners on May 24, 1976. All of the aforementioned documents were available for inspection at the Office of Hearing Examiners from the date of filing to the date of hearing.

3. That the record was left open for 20 days following the hearing for receipt of written comments or materials concerning the three (3) proposed rules.

RULE 22

4. That the agency cited Minnesota Statutes § 246.01, Minnesota Statutes § 245.61 through § 245.69, Minnesota Statutes § 256.01, Minnesota Statutes § 393.07 and Minnesota Laws 1975, Chapter 434 as authority for promulgation of the proposed rule.

5. That proposed Rule 22 is needed in order to develop a procedure for distribution of the appropriation for community based residential services contained in Minnesota Laws 1975, Chapter 434, Section 2, Subd. 5.

6. That Section I of the proposed rule is necessary to broadly identify the purpose of the rule and to supply definitions needed to interpret the rule.

7. That Section II (a) of the proposed rule is needed to implement the statutory directive that the funds be provided primarily to one state hospital receiving district. Based upon a consideration of the 1975 legislative record, the agency's January, 1975 Comprehensive Plan, and the agency's 1976 report to the legislature, the Department has indicated that the Hastings State Hospital receiving district consisting of Ramsey County, Dakota County, and Washington County, will primarily receive the funds since it appears that the legislature intended the funds to be used in the East Metropolitan area.

That Section II (b) is needed to permit partial funding of existing community based residential care facilities such as Fairweather Lodges.

That Section II (c) is needed to provide a method of prorating the funds. The Metropolitan Council population figures are believed to be the most current and result in a population breakdown as follows: Ramsey County, 63.38%; Dakota County, 22.94%; and Washington County, 13.68%.

That Sections II (d) and (e) are needed to carry out the legislative intent that funds be used for a community based residential program and that the funds be used to allow mentally ill persons to avoid hospitalization where this is feasible.

That Section II (f) is necessary to make it clear that funding of services enabling a facility to qualify for licensure is permissible.

8. That Section III is necessary to set out the types of services that are eligible for funding consistent with the belief that community based care and treatment is preferable to institutional care and treatment in that it is less disruptive to people's family and social relationships and to their employment; that it carries much less social stigma; that it is a less restrictive alternative; and that recovery often occurs more quickly in familiar rather than unfamiliar surroundings. Section III (a) (6) is needed since the lack of stable funding for residential living costs for mentally ill persons is a major barrier to the establishment of additional residential facilities and to the upgrading of existing facilities.

9. That Sections IV and V are needed to provide a procedure for application for funds and for feedback to the Department concerning the use of funds. A joint application by the county welfare board and the community mental health center board is required since they have overlapping statutory responsibilities.

RULE 23

10. That the agency cited Minnesota Statutes § 245.61 to § 245.69, Minn. Stat. Ch. 393, and Minn. Laws 1975 Ch. 434 as authority for the promulgation of the proposed rule.

11. That proposed Rule 23 is needed in order to develop a procedure for distribution of the appropriation for community based residential services for mentally retarded persons, contained in Minn. Laws 1975, Ch. 434, Sec. 2, subd. 3.

12. That Section I of the proposed rule is necessary to identify the purpose of the rule and to supply definitions needed to interpret the rule.

13. That Section II is needed to set out the purposes for which grants will be awarded. A question was submitted as to whether

Section II (a) (2) and the third paragraph of Section II (a) (3) are an appropriate use for money appropriated by Minn. Laws 1975, Ch. 434 since the appropriation was intended for the planning and placement of mentally retarded persons into community based programs. However, both provisions appear to be within the legislative intent. It should be noted that while the section contains an (a) subsection, there is no (b) subsection. Also, there are some paragraphs which have no number or letter, making reference to them difficult. There appears to be some confusion created by the title for Section II especially when contrasted with Section V. Although Section II lists the purposes for which grants will be made to county units, the title refers to a more nebulous "standards".

14. That Section III is needed to set out the mechanics of applying for the funds available. A joint application is required since the county welfare board or human services board and the community mental health board or human services board have overlapping responsibilities.

15. That Section IV is needed to provide the Department with information on the use of grants made to county boards.

16. That Section V is needed to set out the goals and methods which the Department hopes will be attained through the funding provided by Minn. Laws 1975, Ch. 434. Recently enacted rules, federal regulations and court decisions have required that any person who is mentally retarded be provided with individualized services and developmental opportunities that approximate, as nearly as possible, normal homelike community patterns and conditions of living and learning. It has been held that custody of a mentally retarded person who is in need of care and services for his/her and the public welfare, is justified only for purposes of appropriate training and treatment services. It should be pointed out that Section V appears to suffer from vague and indefinite headings and phrasing in general; Section V (6) does not seem to follow easily from the general section heading. There is some question as to the relationship of Section V to Section II. Since the appropriation statute indicated that the funds should be used primarily in one state hospital receiving district, the Department has determined to give priority to the Cambridge State Hospital receiving district.

17. That the agency cited Minn. Stat. Ch. 254A and Minn. Laws 1976, Ch. 125 as authority for the promulgation of the proposed Rule 24.

18. That proposed Rule 24 is needed in order to implement and develop a procedure for distribution of the appropriation contained in Minn. Laws 1976, Ch. 125.

19. That Section I of the proposed rule is necessary in order to provide a statutory citation of authority to promulgate the proposed rule. The Department agreed with a suggestion to add the word "prevention" so as to be consistent with the language of sections 4 and 5 of Minn. Laws 1976, Ch. 125.

20. That Section II of the proposed rule provides a general description of the activities covered by the rule.

21. That Section III is necessary to provide definitions so that the rule may be understood and interpreted. A variety of persons, groups and agencies will be contractually involved with and responsible for implementing programmatic concepts through vendors for the benefit of specific groups of persons in need of such services. These responsible persons, groups and agencies along with the persons targeted for service as well as the service concepts and delivery mechanisms all need definition to avoid confusion and to assist in shaping the administrative structure of the program. Several definition changes relating to sections III(f), III(g), and III(h) were suggested by Native American representatives and the Department concurred with the suggestions. The Department also agreed with the suggestion made that the definition of Earlier Intervention be deleted since the term is not used elsewhere in the rule. The Department also advised those attending the hearing that the word "non-residential" was inadvertently omitted from Section III(n) in the proposed rule.

22. That Section IV of the proposed rule identifies the major tasks necessary to the administration and management of the program. Clear delineation of responsibilities of key organizations, groups and individuals is necessary to assure effective administration in management of chemical dependency programs.

23. That Section IV(a)(1) is needed since without a plan of affirmative outreach it is unlikely that communities could be made sufficiently aware of this program to enable them to participate.

24. That Section IV(a)(2) is needed since timely delivery of services is necessary to assure effectiveness of program support. At the hearing, the agency amended the rule by inserting the word "time" before the word "schedules".

25. That Section IV(a)(3) is necessary to provide the elements of program plans which must be submitted so that the department can satisfy its statutory responsibility to approve program delivery plans.

26. Section IV(a)(4) is necessary since community mental health boards may not always have all of the necessary tools to carry out their responsibilities under this program, and this rule permits the department ot provide technical assistance as requested.

27. Section IV(a)(5) is necessary in order to promote the concept of self-determination for native American people. The proposed rule is consistent with the spirit of Section III of Ch. 125 of Minn. Laws 1976. A request was made at the hearing that a gay advisory board be set up to function in a manner similar to the Native American Advisory Board. However, there is no similar statutory authority for gay people.

28. Section IV(a)(6) is needed to comply with Minn. Laws 1976, Ch. 125, Sec. 8(a).

29. Section IV(a)(7) is necessary since in order to comply with state law and provide viable programs to underserved populations, a workable formula is necessary for the allocation of available funds to the community mental health boards. The formula developed was based upon the following factors:

a. Delineation of identifiable groups of significant numbers qualifying as underserved populations.

b. Types of special programs and services designed to meet the special alcoholism and chemical dependency needs of these underserved groups.

c. A minimum number of dollars necessary to provide the special programs in a manner that will be viable and effective.

d. The basic intent of the law.

At the hearing, the Department also advised that it intended to place a semicolon at the end of the second sentence of the first paragraph and that the word "these" would be inserted between the words "for" and "program" in the third sentence.

30. Section IV(a)(8) is needed to provide a method to reallocate, in an effective and equitable manner funds which are not used by a non-participating board.

31. Section IV(a)(9) provides an evaluation system which is necessary in order to properly manage current and future programs. This rule permits retrival of data necessary to determine the impact of the program and whether or not prestated objectives have been met.

32. Section IV(b)(1) is necessary since community mental health boards, due to limited funds, may have to enter into joint efforts with each other to effectively deliver services.

33. Section IV(b)(2) is necessary to prevent duplication of effort or neglect of a group in need of services since the county welfare boards also provide services to chemically dependent persons.

34. Section IV(b)(3) outlines the basic issues that experience shows must be addressed in order to develop effective programs for affected employees. Experience has shown that large sums of money and much effort can be ineffectively expended in attempts to provide programs for affected employees unless basic issues of design, development and installation of programs are addressed.

35. Section IV(b)(4) is needed since effective use of funds requires that the department avoid requiring area boards to provide services for groups which do not exist within their area in significant identifiable numbers. Since this data indicates that some underserved groups reside throughout the State on a rather uniform basis, youth, women and elderly persons, for example; other underserved groups, however, such as Blacks, Chicanos, gay men and lesbian women reside primarily in the metropolitan area. The rule requires that all participating area boards provide services for youth, elderly and women; but the rule requires only Hennepin and Ramsey County to provide programs for Blacks, Chicanos, and gay men and lesbian women. It was made clear at the hearing that other counties could contract with Hennepin and Ramsey counties for services for Blacks, Chicanos, gay men and lesbian women. It was suggested at the hearing that the rule require non-metropolitan counties to retain a portion of their budget for the purchasing of services from Hennepin or Ramsey County on behalf of Blacks, Chicanos, gay men and lesbian women.

36. Section IV(b)(5) is necessary to include a provision for a waiver since it is recognized that in some special instances it may not be possible for all area boards to provide the services set out in the rules.

37. Section IV(b)(6) is necessary since an evaluation system showing program outcome and how the outcome was achieved is necessary to guide the Department's future program effort.

38. Section IV(b)(7) is necessary to delineate those basic issues which must be addressed by the area board in the program plan.

39. Section IV(b)(8) is necessary since an order to insure the possibility of effective and efficient provision of services, reasonable efforts must be made to inform potential vendors of the opportunity to perform in this effort. To assure objectivity in contract awards, award criteria must be established prior to proposal review. Experience indicates that certain issues must be addressed in the development of proposals for provisions of services of the type described herein.

40. Section IV(c)(1) provides that certain items must appear in the service contracts since program descriptive data is necessary to the management and evaluation on all levels.

41. Section IV(c)(2) and (3) are necessary since continuous monitoring and administration of programs is usually necessary to assure effectiveness. Consequently, monthly reporting is required.

42. Section IV(c)(4) is necessary in order to provide information concerning the degree of effectiveness of various efforts and techniques. This can only be done by establishing a mechanism, in this case, a comprehensive report, which enables service providers to share their experiences with the Department.

43. Section IV(c)(5) is necessary since in some cases community mental health boards may need special reports from service providers in order to carry out their responsibilities.

44. Section IV(c)(6) is necessary in order to avoid service providers who do not have an adequate capability to perform on the basis of experience and education.

## CONCLUSIONS

1. That the Department of Public Welfare gave proper notice of the promulgation of the proposed rules.

2. That the Department of Public Welfare properly documented its statutory authority to take the action proposed, to wit, the promulgation of the proposed rules.

3. That the Department of Public Welfare fulfilled all relevant substantive and procedural requirements of law or rule.

4. That the Department of Public Welfare demonstrated the need for and the reasonableness of its proposed action, to wit, the promulgation of the proposed rules with an affirmative presentation of facts.

5. That the proposed rules should be relettered and renumbered to conform with Minn. Rule REGTR 6D.

6. That the Department should review Minn. Laws 1975, Chapter 434 to determine whether the Department is in compliance with said statute.

RECOMMENDATION

It is recommended that the proposed rules be adopted with consideration given to the Findings of Fact and Conclusions contained herein.

Dated: July 14, 1976.

GEORGE A. BECK
Hearing Examiner

PLEASE TAKE NOTICE that pursuant to Minn. Stat. § 15.0412, subd. 4 and Minn. Stat. § 15.052, subd. 4 (Supp. 1975), the Department of Public Welfare shall make this Report available to all affected individuals upon request for at least ten (10) days before the Department takes any final action on the proposed rules.

The Department shall, if it decides to adopt the rules as originally proposed or amended, submit the complete hearing record to the Chief Hearing Examiner no earlier than ten (10) days subsequent to the receipt of this Report. The Department must submit the rules as originally proposed and the rules as proposed for adoption in final form.

The submission to the Chief Hearing Examiner shall precede review by the Attorney General. The Chief Hearing Examiner shall complete his review and submit his Report to the Department on the issue of substantial changes in the rules within ten (10) calendar days. The Department is then responsible for filing the rules with the Attorney General.

~~Proposed~~ for Adoption
Rule ADOPTED

MINNESOTA DEPARTMENT OF PUBLIC WELFARE RULE 22

This rule provides grants to local County Welfare Boards, Human Service Boards, and Community Mental Health Boards for Community-Based Residential Services for Mentally Ill Persons under provision of Minnesota Laws 1975, Chapter 434, Section 2, Subdivision 5.

A Introduction

1. This rule governs state financing for residential and related social and rehabilitative service costs to assist mentally ill persons to use community-based resources rather than state institutional services.

2. Definitions

a. County Welfare Board: A board established under the authority of Minnesota Statutes, Chapter 393.

b. Human Service Board: Single county or multi-county boards established under the authority of Minnesota Statutes, Chapter 402, as amended.

c. Community Mental Health Board: A board organized under the authority of Minnesota Statutes 245.61-.69 to provide local mental health programs and services.

d. Mentally Ill Person: A person defined by Minnesota Statutes 253A.02, Subdivision 3.

e. Residential Care Facility: A living unit established primarily for the accommodation and treatment of mentally ill persons.

f. Social and Rehabilitative Services: Those activities provided to carry out the individualized treatment plan for each mentally ill person.

g. State Agency: Minnesota Department of Public Welfare.

B Standards for the Awarding of Grants

1. The state agency will annually award the available funds primarily, but not necessarily exclusively, to one state hospital receiving district. The state agency shall determine which receiving district on the basis of the legislative record in 1975, the state agency's January, 1975 Comprehensive Plan, and the state agency's January, 1976 report to the Legislature on the closing of a state hospital.

2. The state agency may also allocate funds from this appropriation to the partial support of community-based residential care facilities initiated and formerly funded by a state hospital for the care and treatment of former mentally ill patients of that state hospital.

3. Effective on July 1, 1976, the state agency will prorate the funds available to the counties in the designated state hospital receiving district on the basis of the most current total population figures as provided by the Metropolitan Council. Unexpended funds may be reallocated after six months to the other counties in the designated receiving district if appropriate uses are demonstrated.

4. These funds shall support additional programs and services and shall not replace the funding of the existing care and maintenance costs. To the extent that other available funds are inadequate, these funds will be used to carry out treatment plans for the individual.

5. Priority will be given to provision of services identified in individualized treatment plans. The funds are to be directed primarily

toward programs and services for chronic, longstanding mentally ill persons. For these grants, chronic mental illness is defined as a condition that has required one or more prior hospitalizations for mental illness treatment.

6. Funding of services which will enable residential facilities to qualify for licensure may be allowed.

C Service Priorities

1. Services eligible for funding under this rule include, but are not limited to:

a. Day programming (day activity, work and pre-work training, recreation and education).

b. Twenty-four hour social crisis intervention aimed primarily at aiding nonmedical crises of people who have had prior hospitalizations for problems of mental illness when those crises can be dealt with without resorting to medication and/or hospitalization, e.g., domestic or family quarrels, unexpected loss of a job, loss of a spouse or child, etc. This function may relate to medical emergency centers.

c. Independent living training unit which is for individuals or groups of individuals who need preparation and/or support in finding and maintaining housing, finding and keeping a job, managing money, developing suitable recreational activities, etc.

d. Drop-in centers for socialization and recreation where people with a history of mental illness may go for semi-structured activities and social support from others with similar backgrounds.

e. Staff/agency training in developing and carrying out individual treatment plans.

f. Residential living costs.

D Application

1. Applications for funds under this rule originating in any of the counties in the designated state hospital receiving district shall be jointly signed by the county welfare board and the community mental health center board, where they are separate boards. In the event that a human service board is established in any of these counties, that board shall sign the application.

2. Applications are to be sent to the Commissioner, Department of Public Welfare, Attention: Director, Mental Health Program Division.

3. Applications are to include the following:

a. A narrative description of the proposed services, the number of mentally ill persons expected to use the services, an assurance that the individualized treatment programs document the need for the proposed services and a statement of the expected results.

b. A budget outlining the cost of the proposed services.

c. A design for evaluation of the project.

E Reports to the State Agency

1. The state agency may require, at such times and in such form as the Commissioner of the state agency may establish, that those local boards and agencies receiving funds under this rule report to the state agency the number of persons served, costs of providing the services, results achieved, and other relevant data requested.

# MINNESOTA DEPARTMENT OF PUBLIC WELFARE RULE 22

This rule provides grants to local County Welfare Boards, Human Service Boards, and Community Mental Health Boards for Community-Based Residential Services for Mentally Ill Persons under provision of Minnesota Laws 1975, Chapter 434, Section 2, Subdivision 5.

## (I) Introduction

(a) This rule governs state financing for residential and related social and rehabilitative service costs to assist mentally ill persons to use community-based resources rather than state institutional services.

(b) Definitions

(1) County Welfare Board: A board established under the authority of Minnesota Statutes, Chapter 393.

(2) Human Service Board: Single county or multi-county boards established under the authority of Minnesota Statutes, Chapter 402, as amended.

(3) Community Mental Health Board: A board organized under the authority of Minnesota Statutes 245.61-.69 to provide local mental health programs and services.

(4) Mentally Ill Person: A person defined by Minnesota Statutes 253A.02, Subdivision 3.

(5) Residential Care Facility: A living unit established primarily for the accommodation and treatment of mentally ill persons.

(6) Social and Rehabilitative Services: Those activities provided to carry out the individualized treatment plan for each mentally ill person.

(7) State Agency: Minnesota Department of Public Welfare.

## (II) Standards for the Awarding of Grants

(a) The state agency will annually award the available funds primarily, but not necessarily exclusively, to one state hospital receiving district. The state agency shall determine which receiving district on the basis of the legislative record in 1975, the state agency's January, 1975 Comprehensive Plan, and the state agency's January, 1976 report to the Legislature on the closing of a state hospital.

(b) The state agency may also allocate funds from this appropriation to the partial support of community-based residential care facilities initiated and formerly funded by a state hospital for the care and treatment of former mentally ill patients of that state hospital.

(c) Effective on July 1, 1976, the state agency will prorate the funds available to the counties in the designated state hospital receiving district on the basis of the most current total population figures as provided by the Metropolitan Council. Unexpended funds may be reallocated after six months to the other counties in the designated receiving district if appropriate uses are demonstrated.

(d) These funds shall support additional programs and services and shall not replace the funding of the existing care and maintenance costs. To the extent that other available funds are inadequate, these funds will be used to carry out treatment plans for the individual.

(e) Priority will be given to provision of services identified in individualized treatment plans. The funds are to be directed primarily toward programs and services for chronic, longstanding mentally ill persons. For these grants, chronic mental illness is defined as a condition that has required one or more prior hospitalizations for mental illness treatment.

(f) Funding of services which will enable residential facilities to qualify for licensure may be allowed.

(III) Service Priorities

(a) Services eligible for funding under this rule include, but are not limited to:

(1) Day programming (day activity, work and pre-work training, recreation and education).

(2) Twenty-four hour social crisis intervention aimed primarily at aiding nonmedical crises of people who have had prior hospitalizations for problems of mental illness when those crises can be dealt with without resorting to medication and/or hospitalization, e.g., domestic or family quarrels, unexpected loss of a job, loss of a spouse or child, etc. This function may relate to medical emergency centers.

(3) Independent living training unit which is for individuals or groups of individuals who need preparation and/or support in finding and maintaining housing, finding and keeping a job, managing money, developing suitable recreational activities, etc.

(4) Drop-in centers for socialization and recreation where people with a history of mental illness may go for semi-structured activities and social support from others with similar backgrounds.

(5) Staff/agency training in developing and carrying out individual treatment plans.

(6) Residential living costs.

(IV) Application

(a) Applications for funds under this rule originating in any of the counties in the designated state hospital receiving district shall be jointly signed by the county welfare board and the community mental health center

board, where they are separate boards. In the event that a human service board is established in any of these counties, that board shall sign the application.

(b) Applications are to be sent to the Commissioner, Department of Public Welfare, Attention: Director, Mental Health Program Division.

(c) Applications are to include the following:

(1) A narrative description of the proposed services, the number of mentally ill persons expected to use the services, an assurance that the individualized treatment programs document the need for the proposed services and a statement of the expected results.

(2) A budget outlining the cost of the proposed services.

(3) A design for evaluation of the project.

(V) Reports to the State Agency

(a) The state agency may require, at such times and in such form as the Commissioner of the state agency may establish, that those local boards and agencies receiving funds under this rule report to the state agency the number of persons served, costs of providing the services, results achieved, and other relevant data requested.

COMMISSIONER OF PUBLIC WELFARE

In the Matter of the Proposed Rules 22, 23, and 24 of the Minnesota Department of Public Welfare.

NOTICE OF HEARING

Notice is hereby given that a public hearing will be held pursuant to Minnesota Statutes 15.0412, subd. 4 (1975 Supp.) regarding the above-entitled matter, in the State Office Building Auditorium (Room 83), Wabasha Street (between Aurora and Fuller), St. Paul, Minnesota, on Thursday, June 17, 1976, commencing at 8:30 A.M., and continuing until all representatives or other interested groups or persons have had an opportunity to be heard concerning proposed rules 22, 23, and 24, by submitting either oral or written data, statements or arguments. Statements or briefs may be submitted without appearing at the hearing.

Rule DPW 22, Community Based Residential Services to Mentally Ill Persons, governs state financing of residential and related social and rehabilitative costs. This rule sets forth eligibility requirements and purposes for which these funds shall be expended.

Rule DPW 23, Community Based Residential Services to Mentally Retarded Persons, governs state financing of residential and related social and rehabilitative costs. This rule sets forth eligibility requirements and purposes for which these funds shall be expended.

Rule DPW 24, Prevention and Early Identification Programs, provides funding procedures and program eligibility requirements for chemical dependency services. These services are for the purpose of prevention, early identification, referral and treatment and are to serve the target groups of Native Americans, employees, youth and underserved.

Under Minnesota Statutes 10A.01, subd. 11 (1974), any individual representing persons or associations attempting to influence administrative action, such as promulgation of these rules, must register with the State Ethics Commission as a lobbyist within five (5) days of the commencement of such activity by the individual. (The State Ethics Commission is located at Room 410, State Office Building, St. Paul, Minnesota 55155.)

Testimony or other evidence to be submitted for consideration should be pertinent to the matter at hand and may be presented either orally or in writing at the public hearing or by mailing a statement to George Beck, Office of Hearing Examiner, 1745 University Avenue, St. Paul, Minnesota 55104, within 20 days following conclusion of the hearing. If the person submitting a written document cannot be present to read his statement at the hearing, the document will be entered into the record. For those persons wishing to submit written statements or exhibits, it is requested that at least three (3) copies of each statement, exhibit or summary be furnished at the hearing. It is suggested that to save time and avoid duplication, those organizations or associations sharing common viewpoints or interests in these proceedings join together where possible and present a single statement on behalf of such interests. All statements submitted should clearly identify the rule number to which the statement pertains. It is expected that 175 people will attend the hearing and that the hearing will take 13 hours.

(OVER)

Copies of the rules are now available and may be obtained by writing:

Rule 22 - Terry Sarazin, Minnesota Department of Public Welfare, Mental Health Division, 1st Floor, Centennial Office Building, St. Paul, MN 55155

Rule 23 - Ardo Wrobel, Minnesota Department of Public Welfare, Mental Retardation Division, 1st Floor, Centennial Office Building, St. Paul, MN 55155

Rule 24 - Jim Wrich, Minnesota Department of Public Welfare, Chemical Dependency Program Division, 402 Metro Square Building, St. Paul, MN 55101.

Additional copies will be available at the door on the date of the hearing.

COMMISSIONER OF PUBLIC WELFARE

In the matter of the Proposed Adoption of Rule 22 of the Minnesota Department of Public Welfare Relating to the making of grants to local County Welfare Boards, Human Service Boards, and Community Mental Health Boards for Community-Based Residential Services for Mentally Ill Persons.

STATEMENT OF NEED

Proposed Minnesota Rule DPW 22 is a new administrative rule of the Minnesota Department of Public Welfare and is not an amendment to an existing rule.

The need to adopt Minnesota Rule DPW 22 arises because:

1. Minnesota Laws 1975, Chapter 434, Section 2, Subdivision 5, permits the Commissioner of Public Welfare to make grants to local County Welfare Boards, Human Service Boards, and Community Mental Health Boards for Community-Based Residential and Related Services for Mentally Ill Persons. The law provides that this appropriation shall primarily apply to one state hospital receiving district.

2. The Department of Public Welfare shall determine to which state hospital receiving district this rule shall primarily apply on the basis of the legislative record in 1975, the Department's January, 1975 Comprehensive Plan, and the Department's Report to the 1976 Legislature which proposes a plan of community care of mentally ill persons.

3. Many experts in the field of mental health treatment and rehabilitation are convinced that community-based care and treatment are preferable to institutional care and treatment in that they are less disruptive to people's family and social relationships, and to their employment; that they carry much less social stigma; that they are a less restrictive alternative; and that recovery often occurs more quickly in familiar than unfamiliar surroundings.

State EXHIBIT 8
K. A. K. DATE 6/17/76

4. These services are intended primarily to assist persons who would otherwise be hospitalized, who are unable to use currently available aftercare services, or for whom suitable aftercare services are not currently available.

5. This proposed rule includes payment for residential living costs which cannot be paid from other available sources. The lack of stable funding for residential living costs for mentally ill persons is a major barrier to the establishment of additional residential facilities and to the upgrading of existing facilities.

ORDER ADOPTING RULES

The above-entitled matter came on for hearing before Hearing Examiner George A. Beck of the Minnesota Office of Hearing Examiners at 8:30 a.m. on Thursday, June 17, 1976, in Room 83 of the State Office Building, St. Paul, Minnesota, after proper notice required by Minn. Stat. § 15.0412, subd. 4 (1975 Supp.) was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon the records, files and proceedings herein, and applicable statutory standards or criteria, and having confirmed the need for the above captioned rules and the reasonableness thereof; and

Upon a review of the Findings of Fact, Conclusions and Recommendation of the Hearing Examiner dated July 14, 1976.

NOW, THEREFORE, IT IS ORDERED:

1. That the Findings of Fact, Conclusions and Recommendations of the Hearing Examiner dated July 14, 1976,

be and hereby are adopted by the Department of Public Welfare, and

2. That these rules, identified as DPW Rule 22 and DPW Rule 23 are adopted this 9th day of September, 1976, pursuant to the authority vested in me by Minn. Stat. § § 245.61 to 245.69 (1974) and Minn. Stat. § 256.01 (1974).
