CHAPTER 8: AGR 150-181
AGRICULTURAL SEEDS

Agr 165 Statement on Analysis Label Required. Repealed.

Agr 169 A. The charges (fees) for testing and identification of seed in excess of the number of free tests allowed by law shall be:

1. ~~(a) 75 cents each~~ For germination test of single seed samples, $1.50 each;

2. For germination test of seed mixtures, $1.50 plus an additional 75 cents for each component seed present at a rate of 5 percent or more of the mixture;

3. ~~(b)~~ For purity test and identification of weed seeds:

a. ~~(1)~~ $2.00 ~~75 cents~~ each for wheat, oats, barley, rye, emmer, vetch, beans, cane, corn, flax, peas, sudan grass, buckwheat, cereal mixtures and noxious weed seed examinations;

b. ~~(2)~~ $2.00 ~~$1.00~~ each for millet, alfalfa, red clover, sweet clover, rape, sweet sudan grass, timothy, rye grass, alsike clover and reed canary grass;

c. ~~(3)~~ $3.00 ~~$1.50~~ each for white clover, all mixtures of clovers, orchard grass, brome grass, fescues, wheat grasses and timothy and clover mixtures;

d. ~~(3)~~ $4.00 ~~$3.00~~ each for blue grasses, redtop and bent grasses; and,

e. ~~(4)~~ $6.00 ~~$4.00~~ each for lawn mixtures.

B. ~~(c)~~ The commissioner shall ~~will~~ make a suitable charge for testing and identification of any other seeds.

STATE OF MINNESOTA

DEPARTMENT OF AGRICULTURE

IN THE MATTER OF THE PROPOSED ADOPTION)
OF RULES OF THE DEPARTMENT OF AGRICULTURE) NOTICE OF HEARING
GOVERNING THE LABELING OF SEEDS AND THE)
ANALYSIS OF SEED SAMPLES)

NOTICE IS HEREBY GIVEN that a public hearing on the above-entitled matter will be held in Room 83 (Auditorium) of the State Office Building, Wabasha Street and Aurora, Saint Paul, Minnesota on December 20, 1976, commencing at 9:30 a.m., or as soon thereafter as possible and in the Lecture Hall, Room L 524, Library Building, Fergus Falls Community College, Fergus Falls, Minnesota on December 21, 1976, commencing at 9:30 a.m., or as soon thereafter as possible, and continuing until all persons have had an opportunity to be heard.

All interested or affected persons will have an opportunity to participate. Statements may be made orally and written materials may be submitted at the hearing. In addition, written materials may be submitted by mail to Allan Klein, Esq., Office of Hearing Examiners, 1745 University Avenue, Room 300, Saint Paul, Minnesota 55104, phone (612) 296-6910 either before the hearing or within 20 days after the close of the hearing.

The proposed rules, if adopted, would (1) delete from present regulations (Agr 165) the requirement for the seed tax permit number to appear as part of the label since this is no longer a statutory requirement, and (2) provide for a schedule of laboratory testing fees that is more realistic in comparison with current costs of labor, equipment, and materials (Agr 169). Copies of the proposed

rules are now available and one free copy may be obtained by writing to the Minnesota Department of Agriculture, 420 State Office Building, Saint Paul, Minnesota 55155. Additional copies will be available at the door on the date of the hearing. The department's authority to promulgate the proposed rules is contained in M.S. 1974, Sec. 21.57. A "statement of need" explaining why the department feels the proposed rules are necessary and a "statement of evidence" outlining the testimony they will be introducing will be filed with the Hearing Examiners Office at least 25 days prior to the hearing and will be available there for public inspection.

Please be advised that pursuant to M.S. 1974, Sec. 10A.01, Subd. 11, any individual engaged for pay or other consideration for the purpose of representing persons or associations attempting to influence administrative action, such as the promulgation of these rules, must register with the Minnesots State Ethical Practices Board, 410 State Office Building, Saint Paul, Minnesota 55155, as a lobbyist within five days of the commencement of such activity by the individual.

STATE OF MINNESOTA

DEPARTMENT OF AGRICULTURE

IN THE MATTER OF THE PROPOSED ADOPTION OF RULES OF THE DEPARTMENT OF AGRICULTURE) GOVERNING THE LABELING OF SEEDS AND THE ANALYSIS OF SEED SAMPLES---AGR 165 AND AGR 169.	STATEMENT OF NEED AND EVIDENCE

The above captioned rules are amendments to existing rules of the Department of Agriculture.

The last time the above captioned rules were amended was November 15, 1951.

The department will call no expert witnesses to testify.

The department will be represented by the following staff: Gleason Diser, Director of Agronomy Services, Clifford Christenson, Seed Laboratory Supervisor, Paul Strandberg, Special Assistant Attorney General.

The department intends to introduce no manuals, books, scientific treatises, or other documentary evidence.

The need to rescind Agr 165 arises from a 1971 amendment to Minn. Stat. § 21.53 which eliminated the requirement currently reflected in the rules, that certain information be printed on the analysis label of certain seeds. Agr 169, which sets fees for services provided by the department, must be changed since the costs incurred by the Department of Agriculture in providing these services have greatly increased since the rules were last changed.

Agr 165 Statement on Analysis Label Required. Repealed. Minn. Laws 1971, ch. 642, sec. 1 amended Minn. Stat. § 21.53 by deleting the requirement that permit numbers appear on the analysis label which is required to be placed on all agricultural, tree and shrub seeds sold by persons granted a permit by the commissioner of agriculture. Due to the statutory change, the department has not enforced this rule since the 1971 amendment and the department seeks removal of the permit number requirement to make the law and rules consistent.

Agr 169 A. The charges (fees) for testing and identification of seed in excess of the number of free tests allowed by law shall be:

1. ~~(a) 75 cents each~~ For germination test of single seed samples, $1.50 each;

2. For germination test of seed mixtures, $1.50 plus an additional 75 cents for each component seed present at a rate of 5 percent or more of the mixture;

The changes in section A. seek to accomplish two objectives. First, clause 1 increases the fees from the 75 cent fee set in 1951 to $1.50 per sample. Since the fee of 75 cents per sample was established in 1951, costs have skyrocketed. The paper products which form the bulk of the materials used in conducting germination tests have risen greatly in price. Since 1969 for example, the price of waxed paper has increased more than 100%, the price of paper toweling has more than doubled and the price of blotting paper has tripled. If figures for 1951 were available, they would show an even greater increase. In addition, labor costs have increased approximately threefold since 1951 while overhead and other costs have likewise multiplied.

Although costs have increased at such a great rate, the department does not propose to increase its fees set forth in this and the succeeding clause in the same proportion. The fees in clause A. are increased 100% while those in clause B. are set at an amount from 33 1/3% to 166 2/3% greater than those established in 1951. The fees were not raised proportionately with the growth costs for several reasons. An increase of that magnitude would set fees at such a level that the service would not be used and revenue to the department would in all probability decline greatly. In addition, it would be unfair to expect users of this service to absorb an excessively high increase that could drastically affect their business practices without time for them to gradually adjust to changed conditions.

The need to change the fees arose when the dedicated seed act account provided for in Minn. Stat. § 21.55 (1974) began running a deficit for the first time in 1973-1974. Generally, the seed laboratory has collected only $8,000-$10,000 annually in fees and has incurred far greater expenses as is evidenced by the fact that the seed laboratory currently employs one supervisor, two senior seed analysts, and one full-time and two part-time clerical personnel. This indicates that personnel expenses alone far exceed fee income. Thus, the laboratory has always been subsidized by the other fees paid into the account, in particular, the seed inspection fees. The legislature has approved of this subsidy through its past appropriations to the department and by setting fees for seed inspection in Minn. Stat. § 21.53, subd. 3 (1974) which more than cover the costs the department incurs in seed inspection. The legislature's approval of the provision of seed services to farmers and others at less than cost is further evidenced by Minn. Stat. § 21.51, subd. 7 (1974) which allows each individual to obtain six free germination tests and seed identifications annually.

In addition, the proposed amendments create a new distinction between germination tests of single seed samples and seed mixtures. The fee set forth in clause 1 is explicitly limited to a single seed sample, and clause 2 of this section establishes a new fee for germination tests of additional seeds present in mixtures. This distinction is necessary because additional time and materials are needed to run germination tests on a number of different seed varieties within a single sample. Although it is more expensive to run tests for a mixture than a single seed sample, each additional test is less expensive than the initial test. Thus, an additional $1.50 fee would not be necessary for each component seed and a fee of 75 cents for each component seed appears to be proper. The 5 percent component seed figure reflects the standard set forth in Minn. Stat. § 21.48, subd. 2 (1974) which states that component seeds present in a seed mixture in a quantity of less than 5 percent need not be listed on the label, and therefore, need not be tested for germination.

The department also wishes to add the word "additional" between the words "each" and "component" in the amendments as originally proposed to clarify the meaning of this subdivision. The intent of the department is to charge $1.50 for the first component seed in a mixture and 75 cents for each additional component seed thereafter. For example, a seed mixture of 3 conponent seeds would have a fee of $3.00 ($1.50 + .75 + .75) charged for the germination test.

3. ~~(b)~~ For purity test and identification of weed seeds:

a. ~~(1)~~ $2.00 ~~75-cents~~ each for wheat, oats, barley, rye, emmer, vetch, beans, cane, corn, flax, peas, sudan grass, buckwheat, cereal mixtures and noxious weed seed examinations;

b. ~~(2)~~ $2.00 ~~$1.00~~ each for millet, alfalfa, red clover, sweet clover, rape, sweet sudan grass, timothy, rye grass, alsike clover and reed canary grass;

c. ~~(3)~~ $3.00 ~~$1.50~~ each for white clover, all mixtures of clovers, orchard grass, brome grass, fescues, wheat grasses and timothy and clover mixtures;

d. ~~(3)~~ $4.00 ~~$3.00~~ each for blue grasses, redtop and bent grasses; and,

e. ~~(4)~~ $6.00 ~~$4.00~~ each for lawn mixtures.

The proposed amendments to clause 3 of Agr 169 increase the fees for purity test and identification of weed seeds from 33 1/3% to 166 2/3% of the amounts set in 1951. The primary cost to the department of agriculture from these tests is for labor since weed identification and purity tests consist of optical examination of the sample without use of the paper materials used for germination tests. Thus, the increased labor costs discussed above are the main factors required in increase of fees. The justification for not increasing the fees as much as costs have increased is also discussed above.

The fee differential between the seed varieties and tests set forth in paragraph a and b of clause 3 has been eliminated since the relative difficulties of performing these tests do not merit a fee differential.

A fee differential is maintained between all other classes because the size of the seeds involved and the nature of the identification process require more expense to be incurred in the conduct of the tests set forth in paragraphs c, d, and e than those set forth in paragraphs a and b. Although each category's fees are changed by a different percentage, the department believes that the new dollar and percentage differentials more accurately reflect the relative costs and difficulties of performing each test.

B. ~~(c)~~ The commissioner shall ~~will~~ make a suitable charge for testing and identification of any other seeds.

This section is merely a "housekeeping" change to make the language more acceptable in legal terms.

The department will be citing the following statutes and case law: Minn. Laws 1971, ch. 642, sec. 1; and, Minnesota Statutes Chapter 21.

Official Notices

DEPARTMENT OF AGRICULTURE

Proposed Rules Governing the Labeling of Seeds and the Analysis of Seed Samples

Notice of Intent to Solicit Outside Opinion

Notice is hereby given that the Minnesota Department of Agriculture has begun consideration of proposed rules governing the labeling of seeds and the analysis of seed samples. In order to adequately determine the nature and utility of such rules, the Department of Agriculture hereby requests information and comments from all interested individuals or groups concerning the subject matter of the proposed rules.

All interested or affected persons/or groups are requested to participate. Statements of information and comment may be made orally or in writing. Written statements of information and comment may be addressed to:

Mr. Gleason M. Diser
Minnesota Department of Agriculture
602 State Office Building
St. Paul, Minnesota 55155

Oral statements of information and comment will be received during regular business hours over the telephone at (612) 296-6121, and in person at the above address.

All statements of information and comment must be received by October 29, 1976. Any written material received by the department shall become part of the hearing record.

The proposed rules, if adopted, would (1) delete from present regulations (Agr 165) the requirement for the seed tax permit number to appear as part of the label since this is no longer a statutory requirement and (2) provide for a schedule of laboratory testing fees that is more realistic in comparison with current costs of labor, equipment, and materials (Agr 169).

ENERGY AGENCY

Application by Minnesota Power & Light Company and United Power Association for a Certificate of Need for a 800 Megawatt Electric Generating Facility

Contested Case Hearing

It is hereby ordered, and notice is hereby given, that a contested case hearing concerning the above-entitled matter will commence at 9:30 a.m. on December 21, 1976, in the Jury Lounge on the Fourth Floor of the St. Louis County Court House, Duluth, Minnesota.

The hearing will be held before Myron Greenberg, Hearing Examiner, Room 300, 1745 University Avenue, Saint Paul, Minnesota, 55104, telephone (612) 296-8109, an independent hearing examiner appointed by the Chief Hearing Examiner of the State of Minnesota. All parties have the right to be represented by legal counsel or any other representative of their choice throughout the contested case proceeding. The hearing will be conducted pursuant to the contested case procedures set out in Minn. Stat. §§ 15.0411 through 15.052 and procedural rules Minn. Regs. HE 201-222 and EA 500-520. Where the procedural rules conflict, the Hearing Examiner's Rule, HE 201-222, supersede the Agency's rules, EA 500-520. Questions concerning the issues raised in this Order or concerning informal disposition or discovery may be directed to Special Assistant Attorney General Dwight S. Wagenius, 740 American Center Building, 150 East Kellogg Boulevard, Saint Paul, Minnesota, 55101, telephone (612) 296-8278.

The purpose of the hearing is to determine whether Minnesota Power & Light Company and United Power Association (hereinafter the "applicants") have justified their need for the proposed facility in their application filed pursuant to Minn. Stat. § 116H.13 (1974) and Minn. Regs. EA 601-638. The hearing will address, among other things, the accuracy of the applicants' forecasts of future demand for electricity in their systems, the effects of conservation programs on future demand, alternative ways of meeting the projected demand, and the appropriateness of the size, type and timing of the proposed facility. It must be determined whether denial of the application would result in an unacceptable level of reliability of electric service to applicants' ultimate consumers, or whether the socially beneficial uses of the output of the proposed facility, such as protecting or enhancing environmental quality, justify the asserted need for the facility.

Deletion of Seed Tax Permit Number and Changes in Laboratory Testing Fees Schedule

Notice of Hearing

Notice is hereby given that a public hearing on the above-entitled matter will be held in Room 83 (Auditorium) of the State Office Building, Wabasha Street and Aurora, Saint Paul, Minnesota on December 20, 1976, commencing at 9:30 a.m., or as soon thereafter as possible and in the Lecture Hall, Room L 524, Library Building, Fergus Falls Community College, Fergus Falls, Minnesota on December 21, 1976, commencing at 9:30 a.m., or as soon thereafter as possible, and continuing until all persons have had an opportunity to be heard.

All interested or affected persons will have an opportunity to participate. Statements may be made orally and written materials may be submitted at the hearing. In addition, written materials may be submitted by mail to Allan Klein, Esq., Office of Hearing Examiners, 1745 University Avenue, Room 300, Saint Paul, Minnesota 55104, phone (612) 296-6910 either before the hearing or within 20 days after the close of the hearing.

The proposed rules, if adopted, would (1) delete from present regulations (Agr 165) the requirement for the seed tax permit number to appear as part of the label since this is no longer a statutory requirement, and (2) provide for a schedule of laboratory testing fees that is more realistic in comparison with current costs of labor, equipment, and materials (Agr 169). Copies of the proposed rules are now available and one free copy may be obtained by writing to the Minnesota Department of Agriculture, 420 State Office Building, Saint Paul, Minnesota 55155. Additional copies will be available at the door on the date of the hearing. The department's authority to promulgate the proposed rules is contained in Minn. Stat. § 21.57 (1974). A "statement of need" explaining why the department feels the proposed rules are necessary and a "statement of evidence" outlining the testimony they will be introducing will be filed with the Hearing Examiners Office at least 25 days prior to the hearing and will be available there for public inspection.

Please be advised that pursuant to Minn. Stat. § 10A.01, subd. 11 (1974) any individual engaged for pay or other consideration for the purpose of representing persons or Office Building, Saint Paul, Minnesota 55155, as a lobbyist associations attempting to influence administrative action, such as the promulgation of these rules, must register with the Minnesota State Ethical Practices Board, 410 State within five days of the commencement of such activity by the individual.

Chapter Eight: Agricultural Seeds

[Agr 165 Statement on analysis label required. Any person who has been granted a permit by the commissioner of agriculture to sell in Minnesota seeds which conform to and are labeled under Minn. Stat. § 21.48, without the use or attachment of tags or stamps purchased from the commissioner shall show as part of his analysis label on all agricultural seeds sold or exposed for sale in Minnesota the following statement in eight point capital bold type:

"MINNESOTA SEED TAX PERMIT NO ....."
The word "Minnesota" may be abbreviated "Minn."]

Agr 169 Charges for excess testing and identification of seed.

A. The charges (fees) for testing and identification of seed in excess of the number of free tests allowed by law shall be:

1. [75 cents each] **F**[f]or germination test **of single seed samples, $1.50 each;**

2. **For germination test of seed mixtures, $1.50 plus an additional 75 cents for each component seed present at a rate of 5 percent or more of the mixture;**

3. For purity test and identification of weed seeds:

a. **$2.00** [75 cents] each for wheat, oats, barley, rye, emmer, vetch, beans, cane, corn, flax, peas, sudan grass, buckwheat, cereal mixtures and noxious weed seed examinations;

b. **$2.00** [$1.00] each for millet, alfalfa, red clover, sweet clover, rape, sweet sudan grass, timothy, rye grass, alsike clover and reed canary grass;

c. **$3.00** [$1.50] each for white clover, all mixtures of clovers, orchard grass, brome grass, fescues, wheat grasses and timothy and clover mixtures;

d. **$4.00** [$3.00] each for blue grasses, redtop and bent grasses; **and,**

e. **$6.00** [$4.00] each for lawn mixtures.

B. The commissioner **shall** [will] make a suitable charge for testing and identification of any other seeds.

KEY: New rules and material proposed to be added to an existing rule are printed in **boldface.** Material proposed to be deleted from an existing rule is printed in [single brackets]. Underlining indicates additions to proposed rules, while [[double brackets]] indicate matter stricken from proposed rules. Existing material is printed in standard type face.

STATE OF MINNESOTA
OFFICE OF HEARING EXAMINERS

FOR THE DEPARTMENT OF AGRICULTURE

In the Matter of Proposed Adoption of Rules of the Department of Agriculture Governing the Labeling of Seeds and Analysis of Seed Samples.	FINDINGS OF FACT, CONCLUSIONS AND RECOMMENDATION

The above-entitled matter came on for hearing before Allan W. Klein, duly appointed Hearing Examiner, on December 20, 1976 in the Auditorium of the State Office Building, Saint Paul, Minnesota. A second hearing was held on December 21, 1976, in Room L 524 of the Library, Fergus Falls Community College, Fergus Falls, Minnesota.

This was a rules hearing held pursuant to Minn. Stat. Chapter 15 to determine whether the proposed repeal of Minn. Rule AGR 165 and proposed amendments to AGR 169 should be adopted.

Appearing on behalf of the Department of Agriculture (hereinafter the "Department") were Gleason M. Diser, Director of the Division of Agronomy Services, Clifford Christenson, Supervisor of the Seed Testing Laboratory, and Paul Strandberg, Special Assistant Attorney General.

Witnesses included Daryl D. Scheerhoorn, President of the Minnesota Seed Trade Association, and Edward E. Slettom, Executive Director of the Minnesota Association of Cooperatives. There were two letters from interested persons introduced at the hearing, one from Fred H. Bailey, Associated Producers, Inc., and the other from Phillip F. Stocker, Land O'Lakes, Inc. Letters from Representative Adolph L. Kvam of Litchfield and Milfred Smith of Darwin were received after the hearing, and were also considered.

Based upon all the testimony, exhibits and written comments, the Hearing Examiner makes the following:

FINDINGS OF FACT

1. That the following documents were submitted by the Department as exhibits in this matter:

a. Notice of Hearing;

b. Proposed rules;

c. Affidavit of Mailing;

d. Affidavit of Receipt of the Secretary of State's mailing list;

e. Mailing lists;

f. Statement of Need and Evidence; and

g. Public responses to proposals.

2. That the Notice of Hearing and Proposed rules were filed with the Office of Hearing Examiners on November 3, 1976. The Statement of Need and Evidence was filed on November 24, 1976. The Affidavits of Mailing and Receipt of the Secretary of State's list were filed on December 10, 1976. All of the afore-mentioned documents were available for inspection at the Office of Hearing Examiners from the date of filing to the date of hearing. The Order for Hearing was not filed with the Office of Hearing Examiners until January 19, 1977. Although the Affidavits filed on December 10, 1976 were not filed in a timely manner, neither that fact nor the failure to file the Order for Hearing resulted in any prejudice to any person. No person applied to the Office of Hearing Examiners to inspect any documents. No person testified against the proposed rules. Indeed, no person even appeared for any purpose at the Fergus Falls hearing.

3. That the record was left open for twenty days following the hearing for receipt of written comments or material concerning the proposed changes.

4. That although it was not presented into evidence, the Department did publish a Notice of Intent to Solicit Outside Opinion with respect to these rules on October 18, 1976 (1 S.R. 616) and did publish its Notice of Hearing on November 15, 1976 (1 S.R. 757).

AGR 165

5. That the Department did not cite any specific statutory authority (other than Minn. Stat. Chapter 21) for repeal of AGR 165, but that such authority does exist in Minn. Stat. § 21.57 (1974).

6. That AGR 165 is proposed to be repealed because laws of Minnesota, 1971, Chapter 642, Section 1 amended Minn. Stat. § 21.53, subd. 4 (1969), causing the rule to be inconsistent with statute. The rule has not been enforced since the 1971 amendment took effect.

Prior to the 1971 amendment, section 21.53, subd. 4 had required persons who had obtained permits to sell agricultural, tree and shrub seeds to indicate, on their analysis labels, a permit number. The effect of the 1971 amendment was to delete this requirement of indicating the permit number on the label.

AGR 165 described the manner for indicating the permit number on the label. Since the requirement of indicating the permit number on the label was removed by the 1971 amendment, the repeal of AGR 165 was advocated in order to bring the rules into conformity with the statute.

7. There was no adverse comment, either at the hearing or in writing, concerning this repeal.

AGR 169(A) (1 and 2)

8. That the effect of the proposed change in AGR 169(A) (1 and 2) is to double the cost of germination tests for single seed samples, from $.75 to $1.50. The proposed rule would, in addition, require additional fees of $.75 per seed component if the component constitutes 5% or more of a seed mixture. Previously, there had been no additional fees for seed mixture germination tests other than the single $.75 fee.

9. The Department cites increased costs as the need for the doubling of the single seed germination test. The $.75 rate has been in effect since November 15, 1951. Although the Department could not present any evidence with respect to its material costs in 1951, it did state that since 1969, it has kept track of such costs, and found the following increases in the materials used for germination tests:

Item	Quantity	1969 Cost	1975 Cost	1976 Cost
waxed paper	1000 sheets	$ 4.10	$ 18.16	$ 21.44
testing paper towling	1000 sheets	6.75	12.05	13.95
blotting paper	1000 sheets	72.00	210.00	224.00

(Test of C. Christenson)

10. The Department stated that it performs separate germination tests for each component in a seed mixture if that component constitutes 5% or more of the mixture. It is necessary to separate out the components of the mixture prior to testing, and then make indi-

vidual tests of each component. The 5% figure comes from the Seed Labeling Act [Minn. Stat. § 21.48, subd. 3(1) (1974)], which requires that each component of a mixture of agricultural seeds be listed on the label if it constitutes at least 5% of the mixture.

AGR 169(A)(3)

11. That AGR 169(A)(3) proposed to raise the fees for purity testing and identification of weed seeds by varying amounts based on the type of seed under test. The increases ranged from 33-1/3% to 166-2/3% above the fees established in 1951. Unlike the germination tests discussed in the previous Finding, these purity tests do not involveexpenditures for materials. Rather, they are optical tests, and their cost is essentially based upon the cost of labor in the laboratory. No detailed evidence was introduced at the hearing regarding the cost of labor other than a statement that the groupings of seeds contained in AGR 169(A)(3) are based upon the time required to inspect the seed. The fees for AGR 169(A)(3)(a) and (b) are proposed to be made equal because the difficulty of performing the required tests is roughly equal. It was pointed out that the dedicated seed act account provided for in Minn. Stat. § 21.55 (1974) went into a deficit position for the first time in 1973 - 1974, and that while the testing laboratory had always been subsidized by other fees paid into the account, the cost of the present staff of the laboratory (5 full-time equivalents) far exceeded the $8,000 - $10,000 which these testing fees generated in an average year based upon the 1951 rates.

AGR 169(B)

12. That the substitution of the word "shall" for the word "will" in AGR 169(B) is of no significance.

PUBLIC COMMENT

13. That all public comment was directed to the proposed fee increases contained in AGR 169.

Daryl Scheerhoorn, President of the Minnesota Seed Trade Association, testified that copies of the Notice of Hearing and proposed rules were sent by the Association to all its members, asking them to respond with opinions and criticisms. He stated that the gist of their replies was "we think the increases in fees are reasonable and reflect what should happen." He stated that he believed that the proposed fees were "somewhat lower" than those in adjoining states.

Edward E. Slettom, Executive Director of the Minnesota Association of Cooperatives, testified that the Association sent copies of the Notice of Hearing and proposed rules to five of the larger regional cooperatives. Only one response was received, that being from Land O'Lakes. Slettom stated "as far as we know, there is no objection to the proposed changes in the rules and regulations." He also testified that since the five cooperatives all service adjoining states, "...if these [proposed fees] had been out of line we would have heard about it by now."

The letter from Land O'Lakes, Inc. referred to by Mr. Slettom stated that Land O'Lakes did not object to the proposed changes.

Associated Producers, Inc. did object to the increases in a letter submitted to the Department. The gist of the letter is a proposal that the seed tax which seed wholesalers pay ought to be used as a credit to offset the testing fees which are the subject of these proposed rule changes.

Milfred Smith of Darwin, Minnesota, in a letter to the Hearing Examiner, objected to the increases, stating that the effect of the raises would be to "discourage small farmers from getting their seed tested that they will plant themselves...[forcing the small farmer to] plant a poorer quality of seed and thus get a poorer or a weedier crop as a result."

Finally, Representaive Adolph L. Kvam, in a letter to the chairman of the Agriculture Committees of the Legislature, stated that there had been a number of changes in the method of funding various programs of the department in the last few years, and proposed "a full legislative hearing on the direction of funding for the various consumer services of the Department of Agriculture." He urged the Chairman to notify the Commissioner of Agriculture that "all proposed fee schedules for the entire Department of Agriculture be frozen until such time as your respective committees have investigated and properly examined all facets of proposed changes in fee schedules." He characterized the proposed increases as "a step backward".

Based upon the foregoing Findings of Fact, the Hearing Examiner makes the following:

CONCLUSIONS

1. That the Department gave proper notice of the promulgation of the proposed rule amendments.

2. That the Department has statutory authority to take the action proposed; to wit, the promulgation of the proposed rule repeal and amendments.

3. That the Department fulfilled all relevant substantive and procedural requirements of law or rule except that the Affidavit of Receipt of the Secretary of State's list and Affidavit of Mailing were not filed with the Office of Hearing Examiners within the 25-day period required by HE 103(c) and (d) and the Order for Hearing was not filed until after the hearing. The failure to file these documents did not result in prejudice to any person.

4. That the Department demonstrated the need for and reasonableness of its proposed action; to wit, the promulgation of the proposed repeal and amendments, with an affirmative presentation of facts.

Based upon the foregoing Conclusions, the Hearing Examiner makes the following:

RECOMMENDATION

It is recommended that the proposed repeal and amendments be adopted.

Dated: January 24, 1977.

Allan W. Klein

ALLAN W. KLEIN
Hearing Examiner

PLEASE TAKE NOTICE that pursuant to Minn. Stat. § 15.0412, subd. 4 and Minn. Stat. § 15.052, subd. 4 (Supp. 1975), the Department of Public Welfare shall make this Report available to all affected individuals upon request for at least ten (10) days before the Department takes any final action on the proposed rules.

The Department shall, if it decides to adopt the rules as originally proposed or amended, submit the complete hearing record to the Chief Hearing Examiner no earlier than ten (10) days subsequent to the receipt of this Report. The Department must submit the rules as originally proposed and the rules as proposed for adoption in final form.

The submission to the Chief Hearing Examiner shall precede review by the Attorney General. The Chief Hearing Examiner shall complete his review and submit his Report to the Department on the issue of substantial changes in the rules within ten (10) calendar days. The Department is then responsible for filing the rules with the Attorney General.

P R O C E E D I N G

EXAM. KLEIN: This is a rule making hearing In the Matter of the Proposed Adoption of Rules of the Department of Agriculture Governing the Labeling of Seeds and the Analysis of Seed Samples. My name is Allan Klein. I'm a Hearing Examiner employed by the Minnesota State Office of Hearing Examiners. I'm not an employee of the Department of Agriculture and after the hearing I will prepare Findings of Fact, Conclusions and Recommendations which will be submitted to the Agency. The Agency will then make its decision as to whether to adopt, modify or reject the proposed rules. Before making that decision they must wait at least 10 days, during which time the Findings of Fact, Conclusions and Recommendations, which I will submit, will be available to all persons. You have in front of you an Agenda and Guidelines so I won't bother to repeat those at this point except to note that it should be noted that anyone who desires to submit a written brief or other written comments bearing upon the proposed rules may do so within 20 days of the close of this hearing, and these materials should be submitted to me at the Office of Hearing

Examiners, Room 300, 1745 University Avenue, St. Paul, Minnesota 55104. The materials must be received within the 20 day period to be considered at all. Finally, I would note that you are advised that under Minnesota Statutes Section 80A.01, Subdivision 11, "Any individual representing persons or associations attempting to influence administrative action such as the promulgation of these rules must register with the State Ethics Commission as a lobbyist within five days of the commencement of such activity by the individual." And I would point out that it is my understanding that there was recently an opinion issued by the Ethics Commission which defines what kind of activities and in what extent they will be considered as being lobbying and requiring registeration. Those of you which have any questions should check with them for a copy of that opinion.

All right, what I'd like to do is since we have so few people, I would like to know for my own information, if the people from the Agency would please identify themselves for the record by stating their full name and spelling their last name.

MR. DISER: My name is Gleason M. Diser. D-I-S-E-R. I'm Director of the Division of Agronomy Services, Minnesota Department of Agriculture.

MR. CHRISTENSON: I'm Clifford Christenson. C-H-R-I-S-T-E-N-S-O-N. I'm supervisor of the Seed Testing Laboratory.

EXAM. KLEIN: All right. I think what I would like to do is have introduced into the record at this time certain of the documents which I have had sent to me and Mr. Diser, I think, maybe, that would be proper through you. I'm just going to hand you some documents and if you would just ask that they be introduced then we can get them into the record?

MR. DISER: You'd like to have me read them then, Mr. Klein or --

EXAM. KLEIN: You don't have to read the whole thing, just state what they are and then ask that they be introduced.

MR. DISER: I have here the Notice of Hearing prepared by the State of Minnesota, Department of Agriculture, "In the Matter of the Proposed Adoption of Rules of the Department of Agriculture Governing the Labeling of Seeds and the Analysis of Seed Samples. Notice is hereby given that a public hearing on the above-entitled matter will be held in Room 83, Auditorium, the State Office Building, Wabasha Street and Aurora, St. Paul, Minnesota on

December 20, 1976, commencing at 9:30 a.m. or as soon thereafter as possible." It goes on then to summarize the proposed rules, "The proposed rules if adopted would: 1) Delete from present regulations the requirement for the seed tax permit number to appear as part of the label since this is no longer a statutory requirement. And, 2) provide for a schedule of laboratory testing fees that is more realistic in comparison with current costs of labor, equipment and materials." This is signed by Jon Wefald, Commissioner of Agriculture, under the date of October 28, 1976.

EXAM. KLEIN: Would you like to introduce that at this time?

MR. DISER: Yes. I'd like to have this introduced, Mr. Hearing Officer.

EXAM. KLEIN: Thank you very much. I think in the interest of economy you can just state what the other document is and its not necessary to read it or anything.

MR. DISER: This is a Statement of Evidence--Statement of Need and Evidence prepared and submitted by the State of Minnesota, Department of Agriculture, "In the Matter of the Proposed Adoption of Rules of the Department of Agriculture Concerning the Labeling

of Seeds and the Analysis of Seed Samples. AGR 165 and AGR 169." This was signed by Jon Wefald, Commissioner of Agriculture, dated November 23, 1976. Mr. Hearing Officer, I would like to have that submitted -- inserted in the record at this time.

EXAM. KLEIN: All right, thank you.

MR. DISER: I have an Affidavit of Mailing submitted by the State of Minnesota, Department of Agriculture, In the Matter of the Proposed Adoption of Rules of the Department of Agriculture Governing the Labeling of Seeds and the Analysis of Seed Samples. This is a deposition by Vicki Fowler, having to do with the -- serving the -- a Notice by depositing in the United States mail to the people on the list, all persons and associations that the address is listed on the attached Certificate of the Secretary of State. I'd like to have this inserted in the proceedings at this time.

EXAM. KLEIN: Thank you.

MR. DISER: This also -- this is an Affidavit of Receipt of the Secretary of State's List by -- from the -- by the Department of Agriculture. "In the Matter of the Proposed Adoption of Rules of the Department of Agriculture Governing the Labeling of Seeds and the Analysis of Seed Samples."

This is also a deposition by Victoria Fowler with regard to the -- securing the listing from the Secretary of State for the mailing purposes. I'd like to have this introduced into the proceedings at this time.

EXAM. KLEIN: Thank you. Do you know whether the Agency has prepared a copy of the list -- the mailing list which was used to send out the notices?

MR. DISER: I'm sure that they have. I have not seen it, however.

EXAM. KLEIN: All right. If we take a break a little later in the morning I would appreciate it if you would attempt to locate a copy of that list because that should be part of the record.

MR. DISER: Sure.

EXAM. KLEIN: Fine, thank you. Is there any objection to the introduction of any of these documents which have been noted so far? All right, hearing no objection they will be received.

(State's jurisdictional documents received into evidence)

EXAM. KLEIN: Are there any other jurisdictional documents or beginning documents which you'd like to introduce at this time?

MR. DISER: I have no further jurisdictional documents, Mr. Hearing Officer, however, I do have two letters from Representatives of the trade regarding this matter.

EXAM. KLEIN: All right. Perhaps, you could briefly identify them -- the letters, and then introduce them.

MR. DISER: The first, is a letter signed by Mr. Fred H. Bailey, Associated Producers, Incorporated, St. Paul, Minnesota, addressed to Gleason M. Diser, Director, Division of Agronomy Services. It includes Mr. Bailey's comments regarding the proposed hearing matter -- information, his observationswith regard to the procedures and the information in the hearing. I would like to submit this to be introduced at this time.

EXAM. KLEIN: All right. Is there any objection to the introduction of that letter? Hearing none, it will be received.

MR. DISER: I also have a letter which I just received, its from Mr. Phil F. Stocker. S-T-O-C-K-E-R. Who is Vice-president for Agronomy of the Land O'Lakes Company. It is rather -- a short letter. Its written to Mr. Ed Slettom, Executive Secretary, Minnesota Association of Cooperatives,

St. Paul, Minnesota. "We have reviewed the proposed rules changes in regard to the labeling of seeds and the analysis of seed samples. It is Land O'Lakes opinion that we will not appear at the hearing because we do not object to the proposed rule changes." Signed by Phillip F. Stocker. I'd like to submit this for introduction into the proceedings.

EXAM. KLEIN: Is there any objection to the introduction of any of this material? Of the letter from Mr. Stocker, I beg your pardon? Seeing none, it will be received. All right. What's your pleasure in this matter? Would you like to proceed at this time?

MR. DISER: I should think so now that we have people here who are concerned and probably intend to give testimony. I think we should proceed at this time, Mr. Hearing Officer.

EXAM. KLEIN: All right, fine. Go ahead.

MR. DISER: Unless the-- one of you gentlemen want to make any comment. No comment. And Ed didn't want to make any comment.

EXAM. KLEIN: I would note for the record that there is apparently no desire on the part of either of the outside people here who have signed registration cards to testify at this time.

MR. DISER: Here are two others. Mr. Slettom is here and Dr. Denniston is here, but he had nothing to (unclear).

EXAM. KLEIN: Thank you. All right. I'm going to go off the record for just a moment.

(Off-the-record)

EXAM. KLEIN: All right. We are back on the record after taking approximately a ten minute break. During that time, a representative from the Attorney General's office has appeared and at this time I'd like to have him note his appearance for the record, please.

MR. STRANDBERG: Mr. Hearing Examiner, my name is Paul Strandberg. S-T-R-A-N-D-B-E-R-G. I'm a Special Assistant Attorney General representing the Department of Agriculture in this matter.

EXAM. KLEIN: Thank you, Mr. Strandberg. I might ask does anybody object to smoking? Hearing none, it will be continued. All right, I also have moved the microphones around and I'm going to state for the record that Mr. Diser is on Channel 3, and Mr. Christenson is on Channel 4, Mr. Strandberg may appear on Channel 4 from time to time. All right, why don't you proceed?

MR. DISER: Mr. Hearing Officer, I'd like

to make comments with regard to the Statement of Need and pertaining to these rules, I'd like to point out that these rules are amendments to existing rules of the Department of Agriculture. Last time these rules were amended was November 15, 1951. With reference to the need to resend AGR 165, this rises from a 1971 Amendment to the Minnesota Statutes Section 221.53 which eliminated the requirement currently reflected in the rules that certain information be printed on the analysis label of certain seeds. The Minnesota Laws 1971, Chapter 642, Section 1, amended Minnesota Statutes Section 21.53 by deleting the requirement that permit numbers appear on the analysis label which is required to be placed on all agricultural, tree and seed -- shrub seeds sold by persons granted a permit by the Commissioner. This was a statutory change and have not enforced this rule since 1971.

The purpose here is to seek removal of the permit number requirement to make the law and rules consistent.

EXAM. KLEIN: Might I ask at this point, is there any need for the rule which you are repealing in light of the statutory change, in other words, is there any other part of the rule which -- I mean

any -- is there any other reason why the rule should be kept or does the statutory change wipe out the need for the whole thing?

MR. DISER: The statutory change wipes out the need for the change.

EXAM. KLEIN: All right. Thank you.

MR. DISER: Mr. Christenson will now take over on the discussion of the fees and the changes therein.

EXAM. KLEIN: Thank you.

MR. CHRISTENSON: I'm Clifford Christenson and in reference to Rule AGR 169, we feel at this time that we should have increased fees for our charges for our testing fees. Part of this is reflected in -- for instance, the increased costs in the supplies that we use in our seed testing laboratory to conduct these tests. Its in reference to figures that date back to 1969, the cost of wax paper which we use in germination tests of corn and soybeans and larger seeds of that nature. In 1969 this cost was indicated as $4.10 per thousand sheets, in 1975 this figure was listed as $18.16 per thousand sheets, and for 1976 this cost was indicated at $21.44 per thousand sheets. Along with that same type of testing paper toweling, during that same period, per

thousand sheets from 1969 it was $6.75 per thousand, 1975 is $12.05, in 1976 its $13.95 per thousand. In -- the same thing is reflected in blotting paper which we use on our smaller seeds; forage grass, and forage seeds, cereal grains. In 1969 blotting paper per thousand sheets cost $72.00, in 1975 it cost $210, in 1976 it cost $224 per thousand sheets. In other items such as equipment that we use in our laboratory, germinators, weight balancers, typewriters, and all other office furniture, as we all know have also increased in costs. I do not have a specific figure at this time but these items have also. And so these proposed requests for changes in fees were reflected somewhat in the cost of materials we use.

Now, the proposed fee increases which we are requesting is an increase of all germinations from $0.75 to $1.50 each, and these would be for single seed samples. Now, if there are mixtures, we propose -- they're $1.50 plus an additional $0.75 for each component seed present in the mixture at the rate of 5 percent or more. In the past, mixtures were all tested as one test of $0.75. For instance, if a sample that had five mix-- components in it, although we had to run five separate tests, there was only a

charge of $0.75 for that whole sample. Whereas, in our proposed change we would like to increase that to half of the original cost of $1.50 for each component present in the mixture because it takes additional time and materials to test the ingredients in this type of mixture.

And for purity tests, our increases are -- run from $0.75 on cereals and the larger seeds, before the present fees are $0.75, we'd like to increase that to $2.00. Likewise, we're increasing the purity tests on legume seeds like alfalfa, clover, millets, and some of the other forage grasses in that same category to $2.00.

And then the smaller seeded legumes like white clover, and mixtures of clover, some of the forage grasses that are more time consuming for purity analysis, increased from $1.50 to $3.00. Then we get into the long seeds such as bluegrass, bent grasses, redtop, we suggest that they increase from $3.00 to $4.00.

In lawn mixtures, which are very time consuming, where we -- at the present time charge $4, we propose to increase that to $6. These fees are well within below limits of fees charged by adjoining states and we feel that this would be more reflect-- reflect

more the present day costs of conducting laboratory fees for these various types of seeds.

EXAM. KLEIN: May I just ask a question, Mr. Christenson? Who pays these fees?

MR. CHRISTENSON: It would be any farmer, or seedman or any individual who wants to use our testing facilities, our present law provides for free tests, six free tests for any individual. And so the first six tests are free. And this would be six germinations or six purity tests and everybody each, like I say, each individual is entitled to this, after that, these charges are put on for any tests above the first six pretests.

EXAM. KLEIN: Does the law require that these tests be made?

MR. CHRISTENSON: We have a law that requires that all seeds sold must be labelled, consequently, a test -- must have to be in and the Department has maintained a laboratory for these testing services. And we also maintain a laboratory for our enforcement work where we have a staff out in the field that collect seed samples sold in retail trade and we check them in our laboratory to see if the label is a true reflection of the quality of the seed contained therein.

EXAM. KLEIN: Does the law permit or require the charging of fees for this testing?

MR. CHRISTENSON: Its in -- its part of our regulations of the law.

EXAM. KLEIN: Is there anything in the law itself which states that the Department may charge, or the Department shall charge a fee for testing? Perhaps, you'd like to discuss this with your counsel for a moment.

MR. STRANDBERG: Mr. Hearing Examiner, I don't have my statute books with me, but I will go and get 'em, I -- it is my belief that this authority is specifically contained in the statutes, but I will have to check the statutes to insure this.

EXAM. KLEIN: All right. Why don't -- if its all right we might proceed with some other testimony if that's all right with you. I'll write you're indicating that it is. I'm going to go off the record for just a moment.

(Off-the-record)

EXAM. KLEIN: All right, we're baekoon the record now. And Mr. Strandberg did you have something you wanted to say?

MR. STRANDBERG: Mr. Hearing Examiner, I've gone and gotten the statute book and Minn. Stat.

Section 21.51, Subdivision 7, states that, "the Commissioner shall provide for purity and germination tests of seeds and identification of seeds and plants for farmers, dealers, and others." And it further states that, "He may prescribe rules and regulations governing such testing and identification and may establish and collect suitable charges for testing and identification in excess of the number of free tests and identifications allowed."

EXAM. KLEIN: I see. All right. Thank you very much. Is there anything else, Mr. Christenson, that you wanted to say, or not?

MR. CHRISTENSON: Well, I guess maybe, a further explanation on our charging the additional fee in our germinations where at the present time we do not charge for components present in a mixture other than for the one fee test. Whereas, under the present proposal where we want to charge $1.50 for the first ingredient and $0.75 for each component present at the rate of 5 percent or more, the reason we use that 5 percent or more figure is the fact -- that our law states that any material present in a mixture at the rate of 5 percent or more has to be indicated on the label, and so we're basing this cost on each ingredient present in excess of 5 percent

or more, that's the reason we want to charge -- put this additional charge on each component in the mixture for a germination test.

EXAM. KLEIN: I'm very ignorant in these matters and so if you'll pardon perhaps, a simplicity question, when you were testing a mixture of seeds is it necessary that you separate out the different kinds and test them separately?

MR. CHRISTENSON: Yes.

EXAM. KLEIN: I see. All right. Is there anything else, Mr. Strandberg, that you wanted at this point?

MR. STRANDBERG: No, Mr. Hearing Examiner.

EXAM. KLEIN: All right, perhaps, what we might do is I will move the microphone which is attached to label 3 over to a vacant chair, and I believe that Mr. Scheerhoorn had something that he would like to say.

MR. SCHEERHOORN: Mr. Examiner.

EXAM. KLEIN: Would you please state your full name and spell your last name, and identify who you are representing?

MR. SCHEERHOORN: Yes I will, my name is Daryl Scheerhoorn. The last name is spelled S-C-H-E-E-R-H-O-O-R-N. And I'm here representing

the Minnesota Seed Trade Association as President of that organization. We're also represented here by Mr. Hansen who is Chairman of our Legislative Committee.

EXAM. KLEIN: And his name is spelled H-A-N-S-E-N; is that correct?

MR. SCHEERHOORN: That's correct. As an association we sent notice of this hearing and the proposed changes to all of our members asking them to respond either with their opinion or objections as such. We received some replies and the gist of their replies are that, "we think the increases in fees are reasonable and reflect what should happen." We think we ought to be in the lab on the fees competitive with adjcining states and therefore the fees are reasonable in what they're asking to be raised. Some of the objections that we have in our in our industry are within the law and are the free samples that the law does allow, rather than the increases that we see here.

EXAM. KLEIN: You mean you would like to see amendment in the law as opposed --

MR. SCHEERHOORN: We would like to see an amendment to the law that the free samples be deleated, we think the charges are reasonable.

EXAM. KLEIN: All right. Let me just ask a question. Do members of your association have dealings with adjoining states?

MR. SCHEERHOORN: I would say that many of our members do have -- do use labs and -- laboratories in surrounding states.

EXAM. KLEIN: Do you have any knowledge whether the fees which are being proposed in these rules -- the new fees are roughly competitive with the fees charged in adjoining states?

MR. SCHEERHOORN: It would be my opinion that they are somewhat lower than our adjoining states.

EXAM. KLEIN: All right. But they certainly aren't excessively higher?

MR. SCHEERHOORN: To my knowledge they are not excessively than adjoining states.

EXAM. KLEIN: Thank you. Is there anything else you'd like to state?

MR. SCHEERHOORN: I don't believe so, Mr. Examiner.

EXAM. KLEIN: All right. Thank you very much. I notice that we have a registration card from Edward Slettom. That's S-L-E-T-T-O-M. Do you want to say anything, sir?

MR. SLETTOM: Mr. Hearing Examiner, I would please --

EXAM. KLEIN: All right. If you would, why don't you step up to the microphone? And would you please state your full name and spell your last name, and state who you are representing?

MR. SLETTOM: My name is Edward E. Slettom. That's spelled S-L-E-T-T-O-M. I serve as the Executive Director for the Minnesota Association of Cooperatives. I am a registered lobbyist. Upon receipt of the notice of the proposed changes in the rules and regulations, I sent copies to several of our larger regional cooperatives who represent thousands of farmer patrons. These included Land O'Lakes, Cenex, Midland and Farmers Union Grain Terminal Association, and Farmland Industries. I did not receive any response about -- except for one letter which I received from Land O'Lakes which has already been made a part of the record. As far as we know, there is no objection to the proposed changes in the rules and regulations.

EXAM. KLEIN: All right. Have you any knowledge of whether the fees proposed to be charged under these new rules are competitive with those in other states -- adjoining states?

MR. SLETTOM: I do not have that information available, but it would seem to me that they are reasonable and in line with other states because the regional cooperatives which I have mentioned all serve over a several state area, and I'm sure that if these had been out of line we would have heard about it by now. I wish also to state that I served as Deputy Commissioner of the Department of Agriculture many years ago and I realize how these costs do increase, not only for industry, but for government as well, and it seems to me that these rates that are being requested are reasonable in view of the increased costs.

EXAM. KLEIN: Thank you. Is there anyone else who would like to testify or put anything else into the record either from the state side, or from industry's side, or anybody else in attendance? Is there anybody else who would like to put anything into the record at this time? All right, hearing none, I would adjourn this hearing, thank you very much. It is now 9:30 in the morning on December 21 and we're in Fergus Falls. Clifford Christenson and Gleason Diser are with me and no member of the public has appeared to testify or for any other reason. Mr. Diser, I believe, there were some other

Exhibits which you desire to introduce at this time.

MR. DISER: Yes, Mr. Hearing Office, I want to introduce a document or listings of people to whom the Notice of Hearing was mailed, these include all this received from the Secretary of State's office, including the Legislators and others who have their names filed with the Secretary of State to received Notice of Hearings. I would like to have these introduced at this time.

EXAM. KLEIN: All right, thank you very much. Is there any objection to the introduction of these lists? Hearing none, they will be received. At this point I'm going to turn the tape off until somebody appears, we will remain here for a reasonable length of time and we'll go back on the tape to indicate what time that we have left this building.

(Off-the-record)

EXAM. KLEIN: It is now 10:30 on the morning of December 21 and no person has appeared to testify or introduce any material at the hearing, in fact, nobody has appeared at all. Therefore, I'm adjourning this hearing.

(Whereupon, the hearing was concluded.)

TRANSCRIBER'S CERTIFICATE

I, Estella Farmer, do hereby certify that the proceedings had in the foregoing matter on the 20th and 21st days of December, 1976, at St. Paul, Minnesota and Fergus Falls, Minnesota before Allan W. Klein, Hearing Examiner, were recorded by electronic device on magnetic recording tapes by the Hearing Examiner.

I further certify that I thereafter transcribed into typewriting the foregoing transcript from said recording tapes.

I further certify that said transcript of said hearing constitutes a full, true and correct transcript of the proceedings to the best of my ability.
