CHAPTER 23
2 MCAR 1.0563 through 1.0568

1.0563 Definitions.

A. As used in 2 MCAR 1.0563 through 2 MCAR 1.0568 the following definitions shall apply:

1. "Livestock market agency," commmonly referred to as a livestock auction market or sales barn, means any person who sells consigned livestock for the account of others. It shall not include livestock breeder or feeder organizations or saddle clubs which conduct occasional special event, dispersal, or promotional sales.

2. "Feeder pig market" means a trading place where producers sell feeder pigs directly to livestock dealers and other farmers. It shall not include feeder pig markets required to be licensed as livestock market agencies.

1.0564 Licensing.

A. Any person desiring to carry on business as a livestock market agency, livestock dealer, or public stockyard shall make application for licensing to and on forms provided by the commissioner.

1. Financial statements and volume reports. Each new applicant for a license to operate as a livestock market agency or a livestock dealer shall file with the application a current balance sheet and financial statement on forms provided by the commissioner. With each subsequent annual application, the livestock market or livestock dealer shall file a report of its business volume for the preceding calendar or fiscal year, as appropriate, for the purpose of determining the amount and adequacy of the applicant's bond.

If the calendar year or the firm's fiscal year conflict with the date the report of business volume is due, the applicant may give notice to the commissioner prior to the original due date and file the report at such later date as the commissioner deems reasonable.

2. License Requirements. Before a license is issued to a livestock market agency, a public stockyard, or a livestock dealer and its agents, the applicant shall:

(1) Satisfactorily demonstrate that his assets exceed his liabilities;

(2) Indicate that the applicant has not failed, without reasonable cause, to pay obligations incurred in connection with livestock transactions;

(3) Indicate that the applicant has complied with other statutes and rules enforced by the commissioner and the Minnesota Livestock Sanitary Board; and,

(4) In the case of a livestock market agency or a livestock dealer and his agents, file with the commmissioner a valid and effective bond in the amount required in 2 MCAR 1.0565.

3. Expiration.

a. The license of a livestock market agency or a public stockyard shall expire on December 31, each year and shall be required to be renewed annually.

b. The license of a livestock dealer and its agents shall expire on June 30, each year and shall be renewed annually.

B. A livestock dealer license issued to a corporation, association, or partnership shall be used only by the one officer or partner designated in the application to use such license.

C. If he deems it necessary for the protection of the public, the commissioner may at any time require a renewal applicant or licensee to submit a current balance sheet and financial statement.

D. A livestock market agency or a livestock dealer and its agents shall be exempt from the licensing requirements if their business is conducted exclusively at a public stockyard.

E. License Fees.

1. Each applicant for a license to carry on the business of a livestock market agency, a livestock dealer, both a livestock market agency and livestock dealer, or a public stockyard shall submit to the commissioner with his application the fee or fees required in Minn. Stat., Ch. 17A.

2. There shall be no refund or proration of a fee, in whole or in part, paid for a license surrendered for cancellation, after the effective date of the license. Where a license has not taken effect, the fee may be refunded to the applicant in full upon the applicant's written request.

F. Refusal to License. In addition to grounds for refusal to license in Minn. Stat., Ch. 17A, the commissioner may refuse to issue a license if the applicant has engaged in or used any unfair or deceptive practice or device in connection with marketing of livestock.

G. Discontinuance of Licenses.

1. If a dealer discontinues dealing in livestock, his license, and the licenses of its agents, if any, shall automatically be invalid and shall be surrendered to the commissioner.

2. Upon the written request of the dealer or when the dealer's license is cancelled, revoked, or becomes invalid, an agent's license shall be invalid and shall be surrendered to the commissioner.

3. If a livestock market agency discontinues business, its license shall automatically be invalid and shall be surrendered to the commissioner.

4. Upon the termination of the surety bond governing the licensed operation, any license issued pursuant to Minn. Stat., Ch. 17A, shall automatically become invalid and shall be surrendered to the commissioner.

1.0565 Bonding.

A. Each livestock market agency and livestock dealer applying for a license shall file with the commissioner a valid and effective bond issued by a surety company licensed to do business in the State of Minnesota or otherwise meeting the requirements of 2 MCAR 1.0563 through 1.0568.

B. Amount and Form of Bonds.

1. The amount of bond shall be not less than $10,000 for a livestock market agency and $5,000 for a livestock dealer, or such larger amounts as:

a. Required by the Packers and Stockyards Administration; or,

b. Determined by the commissioner based on consideration of the principal's financial statement, the volume of business reported, or other factors the commissioner finds pertinent and necessary to protect the public interest.

2. A livestock market agency's bond shall be executed on a Packers and Stockyards Act form with the appropriate condition clauses deleted.

3. A livestock dealer's bond executed on a form provided by the commissioner shall be limited to the protection of claimants whose residence or principal place of livestock business is in the State of Minnesota at the time of transaction.

4. In lieu of a livestock dealer's bond executed on a form provided by the commissioner, a Packers and Stockyards Act bond executed on a Packers and Stockyards Act form with the appropriate condition clauses deleted shall be acceptable.

5. In lieu of a livestock market agency bond executed on a Packers and Stockyards Act form, a trust fund agreement executed in accordance with the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), shall be acceptable.

6. If the dealer is registered with the Packers and Stockyards Administration, a bond or its equivalent in the form of a trust fund agreement executed in accordance with the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), shall be accepted in lieu of a dealer's bond executed on a Packers and Stockyards Act form.

7. If, in the judgment of the commissioner, an adjustment in the bond amount is necessary to protect the public interest, the commissioner may, at any time, raise or lower bond requirements.

1.0566 Claims Against Bonds.

A. Any person claiming to be damaged by any breach of the conditions of a bond on a licensee may file a complaint with the commissioner stating in writing the facts constituting the claim accompanied by documentary proof of claim

against the licensee. No such claim shall be considered unless it is filed within one year of the date of the alleged breach. However, if a livestock market agency or a livestock dealer has on file with the commissioner a Packers and Stockyards Act bond and is registered with the Packers and Stockyard Administration, the terms of the bond or that federal agency's regulations shall prevail in determining the time for filing claims.

In any case where a claim is timely filed, the commissioner shall have a power to require the licensee to appear in hearing for the purpose of determining all liability of the licensee under the terms of his bond. The procedures for such hearing shall be covered by Minn. Stat., Ch. 17A and Ch. 15.

1.0567 Record Keeping.

A. Every licensed livestock market agency, public stockyard, and livestock dealer shall make and retain such accounts, records, and memoranda as the commissioner deems necessary to fully and correctly disclose all transactions involved in his business, including the true ownership of such business, the date of transaction, names and addresses of buyer and seller, number, weight and price of each kind of animal purchased or sold.

B. Each feeder pig market shall register all buyers and maintain a record of registered buyers for each sale date and shall retain such records for at least one year. A certificate of sale, accurately showing the name and address of seller and buyer, number of pigs purchased, identification or description of pigs, and the sale price, shall be made on each transaction and a copy retained by the seller and the buyer for at least one year.

C. The commissioner shall at all reasonable times have access to and the right to copy any records of any livestock market agency, public stockyard, livestock dealer, or feeder pig market being investigated or proceeded against.

1.0568 Packing Plants and Stockyards, Weighing.

A. For the purpose of determining eligibility for weighing services, the average daily number of livestock shall be determined by dividing the total number of head of all classes of livestock bought or sold during the preceding one year by 260 business days.

B. Policies and Procedures, Weighing Tickets.

1. Requirements regarding scale tickets evidencing weighing of livestock. The actual weight of the livestock as certified by the state weigher shall be imprinted on the scale ticket before the livestock are removed from the scale platform.

a. The certified weight shall never be changed.

b. The weigher shall not erase or allow to be erased or obliterate the original entry on a scale ticket. Any such change or erasure shall invalidate the scale ticket.

c. Request for a correction or change shall be made by the firm for whom the livestock was weighed and signed by an authorized employee. Any official correction or change of information on scale tickets after livestock

have left the scale must be made within 24 hours by the supervisor of livestock weighing, on a correction slip furnished for such purpose.

d. When reweighing is requested, the state weigher shall cooperate to the fullest extent practical under the circumstances. In the case of a dispute on weight while animals are still on the scale platform, the weigher shall reweigh the draft or may recommend that the animals be driven to another scale and reweighed. When such reweighing is actually made, the last weight shall be the governing weight, unless mutually agreed by the buyer and seller that a previous weighing shall be used.

e. Transfers of livestock to a second buyer shall be permitted when such livestock is still on the scales. To denote such a transfer, a new ticket shall be issued and the word "Transfer" marked in the scale book after the entry and on the scale ticket. Tickets shall not be issued to cover transfers commonly known as "added weights."

STATE OF MINNESOTA
OFFICE OF HEARING EXAMINERS

FOR THE DEPARTMENT OF AGRICULTURE

In the Matter of the Proposed Adoption of Rules of the Department of Agriculture Governing the Licensing and Bonding of Livestock Market Agencies, Public Stockyards, Livestock Dealers and their Agents, and Livestock Weighing and Other Matters.

REPORT OF HEARING EXAMINER

The above-entitled matter came on for hearing before Hearing Examiner Myron S. Greenberg, of the Minnesota Office of Hearing Examiner on September 20, 1977 at 10:00 a.m. in Room 14, State Office Building, Wabasha Street between Aurora and Fuller Streets, St. Paul, Minnesota.

Peder Hong, Special Assistant Attorney General, appeared as counsel for the Minnesota Department of Agriculture (hereinafter "Department"). Messrs. A. C. Schloesser, Director, Livestock Division and Randall Young, Department Planning Division, testified on behalf of the Department. The hearing continued until all interested groups or persons had an opportunity to be heard concerning the adoption of the proposed rules.

The purpose of the instant hearing is to determine whether proposed new Minn. Rules 3 MCAR 1.0563 through 1.0568 (Department of Agriculture Rules, Chapter 23), dealing with the subject matter captioned above, should be adopted.

Pursuant to Minn. Stat. § 15.0412, subd. 4, this Report should be available for review to all affected individuals upon request for at least five days. The Department shall, if it proposes to adopt the rules as originally proposed or amended, submit the complete hearing record, including its Findings and Order, to the Chief Hearing Examiner no earlier than five days subsequent to the receipt of this Report. This submission shall clearly indicate any changes made to the rules as originally proposed, preferably in the format that will be submitted to the State Register for publication. The Chief Hearing Examiner shall complete his review and submit his Report to the Department on

the issues of substantial changes in the rules and compliance with Minn. Stat. § 15.0412 within ten calendar days. Thereafter, the Department shall be responsible for filing the rules with the Attorney General, and notifying those persons who have so requested that the rules have been filed.

Based upon all of the records and proceedings herein, the Examiner makes the following

FINDINGS OF FACT

1. On August 8, 1977, the Department filed the following documents with the Chief Hearing Examine::

(a) A copy of the proposed rules;
(b) A proposed Order for Hearing;
(c) A proposed Notice of Hearing; and
(d) A Statement of the Estimated Length and Number of People attending the hearing.

2. On August 12, 1977, the Department mailed the Notice of Hearing to all persons and associations who had registered their names with the Secretary of State for the purpose of receiving such notice.

3. On August 13, 1977, a Notice of Hearing and a copy of the proposed rules were published at 2 State Register 248.

4. On August 26, 1977, the Department filed the following documents with the Hearing Examiner:

(a) The Order for Hearing;
(b) The Notice of Hearing as mailed;
(c) The Affidavit of receipt of the Secretary of State's list;
(d) The Affidavit of Mailing;
(e) The certificate and list of the Secretary of State; and
(f) The Statement of Need and Evidence.

The documents were available for inspection at the Office of Hearing Examiners from the date of filing to the date of the hearing.

5. On September 19, 1977, the Department filed with the Hearing Examiner certain proposed changes in the rules as proposed. That document, and the proposed changes contained therein, identified minor and non-substantive revisions to the originally proposed rules. Many of the changes contained in that document and proposed at the hearing were the result of a discussion held in the Hearing Examiner's office on August 8, 1977,

among representatives of the Department and the Hearing Examiner.

6. The record remained open to September 27, 1977 for receipt of written comments and statements. Only one comment was received (from the Department) during that time.

7. Statutory authority for the promulgation of the proposed rules is contained in Minn. Stat. § 17A.15, which provides in part:

> "The Commissioner . . . shall promulgate . . . such rules and regulations as he deems necessary or desirable . . . to carry out the provisions of Section 17A.01 to 17A.15."

8. The need for and reasonableness of each and all of the proposed rules is provided in the Department's Statement of Need and Evidence (Ex. 10). No comments proffered at the hearing or thereafter criticized the substance or justification of any of the rules. The Examiner sees no useful purpose in restating the contents of the Statement of Need in this Report.

9. Proposed changes to the proposed rule (Ex. 11 and Comment B) are insubstantial in nature and are designed primarily to correct minor errors in the rules as initially proposed or clarify the rules. Such modifications do not constitute substantial changes to the rules and serve only to clarify some fine points in the rules. Such modifications, furthermore, are necessary and reasonable for purposes of clarification.

10. A suggestion was made by the Livestock Sanitary Board that livestock dealers "should be required to maintain identification of all livestock purchased and sold so that diseased animals can be traced to the herd of origin. The records should include name and address of persons from whom livestock is purchased and also name and address of persons to whom livestock is sold. These records should be available upon demand." (Comment A) It is clear that to change the rules in such a way as to require additional record-keeping would likely result in greater interest, participation and comments than was displayed for the instant hearing. The inclusion of such material in the proposed rules would clearly constitute a substantial change requiring rehearing.

Based on the foregoing, the Examiner makes the following:

CONCLUSIONS

1. Due, timely and adequate notice of the hearing was properly served and published by the Department. All other substantive and procedural requirements of statute and rule have been fulfilled.

2. The Division has demonstrated its statutory authority to adopt the proposed rules.

3. By its Statement of Need and Evidence, the Department has demonstrated a need for and reasonableness of the proposed rules.

4. The modifications noted by the Department in Exhibit 11, and Comment B, are non-substantial and would improve the proposed rules.

RECOMMENDATION

The Hearing Examiner recommends that the proposed rules, as modified by the Department, be adopted.

b. The applicant is applying for another license, toward which the fee may be applied."

1.0566 Claims Against Surety Bonds.

A. Any person claiming to be damaged by any breach of the conditions of a surety bond on a licensee may file a complaint with the commissioner stating in writing the facts constituting the claim accompanied by documentary proof of claim against the licensee. No such claim shall be considered unless it is filed within one year of the date of the alleged breach. However, if a livestock market agency or a livestock dealer has on file with the commissioner a Packers and Stockyards Act surety bond and is registered with the Packers and Stockyard Administration, the terms of the bond or that federal agency's regulations shall prevail in determining the time for filing claims.

In any case where a claim is timely filed, the commissioner shall have a power to require the licensee to appear in hearing for the purpose of determining all liability of the licensee under the terms of his surety bond. The procedures for such hearing shall be covered by Minn. Stat., Ch. 17A and Ch. 15.

a. The certified weight shall never be changed.

b. The weigher shall not erase or allow to be erased or obliterate the original entry on a scale ticket. Any such change or erasure shall invalidate the scale ticket.

c. Request for a correction or change shall be made by the firm for whom the livestock was weighed and signed by an authorized employee. Any official correction or change of information on scale tickets after livestock have left the scale must be made within 24 hours by the supervisor of livestock weighing, on a correction slip furnished for such purpose.

STATEMENT OF NEED AND EVIDENCE

The above captioned rules are not amendments to existing rules of the Department of Agriculture.

The need to adopt these rules arises from Minn. Stat., Sec. 17A.15, which directs the Commissioner of Agriculture to promulgate rules to carry out the provisions of Minn. Stat., Sec. 17A.01 to 17A.15, relating to the licensing and bonding of livestock market agencies, livestock dealers, packing companies and their agents; and to the livestock weighing program. The Act establishes jurisdiction and authority with the Minnesota Commissioner of Agriculture over livestock marketing practices for the benefit and protection of farmers, producers, and the public, requiring financial responsibility and fair trade practices in livestock dealing and marketing.

The Department will call no outside expert witnesses to testify.

The Department will be represented by the following staff: A.C. (Al) Schloesser, Director of Livestock Licensing and Weighing; Randall Young, Management Analyst; and, Peder Hong, Special Assistant Attorney General.

The Department intends to introduce no manuals, books, scientific treaties, or other documentary evidence.

INTRODUCTION

The Minnesota Livestock Market Agency and Dealer Licensing Act requires the Commissioner of Agriculture to promulgate rules to carry out the provisions of the Act. The Legislature recognized the importance of this authority when it initiated the program in 1919. In 1973 this authority was tranferred from the Public Service Commission to the Department of Agriculture by Administrative Reorganization Orders 23 and 24. Since that transfer and the passage of Minn. Stat, Ch. 17A amending the Act in 1974, the program has been operating without rules.

It is the purpose of these rules to interpret the Minnesota Livestock Market Agency and Dealer Licensing Act consistent with the legislative intent behind the passage of the Act. In doing so, every attempt has been made to create a mechanism that is equitable, reasonable, and predictable to all affected parties. It should be kept in mind that these rules must be read and interpreted in conjunction with Minn. Stat., Ch. 17A. The Department has attempted to not duplicate statutory language except in cases where statutory language is necessary to identify and clarify the rules.

RULE JUSTIFICATION

The format used in preparing this Statement of Need and Evidence is to first state each rule, followed by an explanation of the intent of the rule, the need for the rule, and the reasonableness of the rule.

MCAR 1.0563 DEFINITIONS

A. 1. "Livestock market agency," commonly referred to as a livestock auction market or sales barn, means any person who sells consigned livestock for the account of others. It shall not include livestock breeder or feeder organizations or saddle clubs which conduct occasional special event, dispersal, or promotional sales.

... Minn. Stat., Sec. 17A.03 Subd. 6, sets forth the definition of "Livestock Market Agency" including the exclusion of "an occasional or special event or dispersal sale." This rule elaborates on the commonly known types of operations and events which are included and excluded by the statutory definition. The intent of the Legislature was to exclude sales that are private or promotional in nature rather than competitive public consignment sales. This definition does this.

A. 2. "Feeder pig market" means a trading place where producers sell feeder pigs directly to livestock dealers and other farmers. It shall not include feeder pig markets required to be licensed as livestock market agencies.

... Minn. Stat., Sec. 17A.03, Subd. 9 defines "Feeder pig market." This rule clarifies the statutory definition. A feeder pig market which also falls within the definition of a livestock market agency and is licensed as a livestock market agency shall meet the requirements for a livestock market agency and not those less stringent requirements for a feeder pig market. Thus, outdoor community feeder pig sales would be exempt from livestock market agency licensing requirements. This clarification is to assure that the livestock market agencies meet the requirements intended by the Legislature to protect the public and do not use this definition of a "feeder pig market" as a legal loophole to avoid livestock market agency requirements.

MCAR 1.0564 LICENSING

A. 1. Financial statements and volume reports. Each new applicant for a license to operate as a livestock market agency or a livestock dealer shall file with the application a current balance sheet and financial statement on forms provided by the commissioner. With each subsequent annual application, the livestock market or livestock dealer shall file a report of its business volume for the preceding calendar or fiscal year, as appropriate, for the purpose of determining the amount and adequacy of the applicant's bond.

If the calendar year or the firm's fiscal year conflict with the date the report of business volume is due, the applicant may give notice to the commissioner prior to the orginal due date and file the report at such later date as the commissioner deems reasonable.

... This section of this rule emphasizes the requirements for filing financial statements and volume reports by livestock dealers. This language, which is basically from the Act, is included in the rules to clarify and reference the second paragraphs of this clause. The additional language establishes a means for determining when financial statements and volume reports are due if the firm's fiscal years does not coincide with the calendar year. The determination was left as flexible as possible to accomodate the licensee while still providing for the timely submission of the necessary information to the commissioner.

A. 2. License Requirements. Before a license is issued to a livestock market agency, a public stockyard, or a livestock dealer and its agents, the applicant shall:

(1) Satisfactorily demonstrate that his assets exceed his liabilities;

(2) Indicate that the applicant has not failed, without reasonable cause, to pay obligations incurred in connection with livestock transactions;

(3) Indicate that the applicant has complied with other statutes and rules enforced by the commissioner and the Minnesota Livestock Sanitary Board; and,

(4) In the case of a livestock market agency or a livestock dealer and his agents, file with the commissioner a valid and effective bond in the amount required in 2 MCAR 1.0565.

... This rule consolidates the various licensing requirements found in Minn. Stat., Sec 17A.04, Subds. 4 and 6 to more clearly set out in a single source the requirements for applicants for the various types of licenses.

A. 3. Expiration

a. The license of a livestock market agency or a public stockyard shall expire on December 31, each year and shall be required to be renewed annually.

b. The license of a livestock dealer and its agents shall expire on June 30, each year and shall be renewed annually.

... This clause clarified Minn. Stat., Sec. 17A.04, Subd. 1 by extracting expiration dates from the other licensing provisions and presenting them in a more concise manner.

B. A livestock dealer license issued to a corporation, association, or partnership shall be used only by the one officer or partner designated in the application to use such license.

... A livestock dealer license is intended to be a personal identification which the individual carries on his person so that the public with which he deals knows that he is licensed and they are protected by a surety bond. Should more than one individual in a firm deal with the public, the additional dealers would be considered "agents" and would be required to carry identification in the form of an agents license. For this reason the dealers license is in the name of an individual and can be used only by that individual.

C. If he deems it necessary for the protection of the public, the commissioner may at any time require a renewal applicant or licensee to submit a current balance sheet and financial statement.

... Minn. Stat., Sec. 17A.04, Subd. 3 sets out this authority for the commissioner. This clause is included in the rule to emphasize this protection to the public.

D. A livestock market agency or a livestock dealer and its agents shall be exempt from the licensing requirements if their business is conducted exclusively at a public stockyard.

... This clause clarifies the intent of the Legislature in Minn. Stat. 17A.04, Subd. 1 to grant an exemption from the licensing requirements of the Act to a livestock market agency or a livestock dealer and its agents whose business is conducted exclusively at a public stockyard. The word "exclusively" has been included in this clause to clarify the fact that such firms doing business at a public stockyard as well as other locations are not exempt from licensing. If such a distinction were not made, farmers doing business with such firms outside of a public stockyard would not have the protection of this Act. Those doing business with firms operating at a public stockyard are protected by the Packers and Stockyards Act.

E. LICENSE FEES

E. 1. Each applicant for a license to carry on the business of a livestock market agency, a livestock dealer, both a livestock market agency and livestock dealer, or a public stockyard shall submit to the commissioner with his application the fee or fees required in Minn. Stat., Ch. 17A.

E. 2. There shall be no refund or proration of a fee, in whole or in part, paid for a license surrendered for cancellation, after the effective date of the license. Where a license has not taken effect, the fee may be refunded to the applicant in full upon the applicant's written request.

... Clause one of this section references Minn. Stat., Ch. 17A by indicating that fees are required for licensing under this Act. Clause two established guidelines for refunding license fees so as to eliminate any misunderstanding or confusion regarding refunds.

F. REFUSAL TO LICENSE. In addition to grounds for refusal to license in Minn. Stat., Ch. 17A, the commissioner may refuse to issue a license if the applicant has engaged in or used any unfair or deceptive practice or device in connection with marketing of livestock.

... Minn. Stat., Sec. 17A.04, Subd. b established the grounds for refusing to license an applicant. In addition, Minn. Stat., Sec. 17A.02 (Purpose) gives the commissioner the authority to consider "fair trade practices" as grounds for licenses. This provision is necessary to carry out the intent of the Legislature which is to provide for "the protection of farmers, producers, and the public..."

G. DISCONTINUANCE OF LICENSES

1. If a dealer discontinues dealing in livestock, his license, licenses of its agents, if any, shall automatically be invalid and shall be surrendered to the commissioner.

2. Upon the written request of the dealer or when the dealer's license is cancelled, revoked, or becomes invalid, an agent's license shall be invalid and shall be surrendered to the commissioner.

3. If a livestock market agency discontinues business, its license shall automatically become invalid and shall be surrendered to the commissioner.

4. Upon the termination of the surety bond governing the licensed operation, any license issued pursuant to Minn. Stat., Ch. 17A, shall automatically become invalid and shall be surrendered to the commissioner.

... In order to assure that the public is not deceived by the display of an invalid license, this provision requires that a licensee surrender his license when it becomes invalid. Additionally, clause one invalidates all licenses issued related to an application, both dealer and his agents, when the dealer is no longer in the business as a dealer of livestock. Because an agent represents the dealer in livestock transactions as "legal agent", the agent's license must be invalidated when the principal is no longer licensed.

Clause two deals with two types of invalidations. First, a dealer, being the principal in the principal agent relationship, has the legal responsibility for the actions of his agents. To afford the dealer the authority which must necessarily correspond with this responsibility, this clause permits a dealer to invalidate his agents' licenses when he deems it necessary. Second, this clause

invalidates an agent's license when the dealer, being the principal, no longer possesses an "in force" license.

Clause three provides that a livestock market agency's license be invalid if it discontinues business so as to protect the public from misuse of the license after discontinuation of business.

In accordance with Minn. Stat., Sec. 17A.04, Subd. 4, clause four invalidates any license of a licensee which no longer provides the public the protection of a surety bond on the licensee's business transactions.

MCAR 1.0565 BONDING

A. Each livestock market agency and livestock dealer applying for a license shall file with the commissioner a valid and effective bond issued by a surety company licensed to do business in the State of Minnesota or otherwise meeting the requirements of 2 MCAR 1.0563 through 1.0568.

B. Amount and Form of Bonds.

B. 1. The amount of bond shall be not less than $10,000 for a livestock market agency and $5,000 for a livestock dealer, or such larger amounts as:

a. Required by the Packers and Stockyards Administration; or,

b. Determined by the commissioner based on consideration of the principal's financial statement, the volume of business reported, or other factors the commissioner finds pertinent and necessary to protect the public interest.

... This portion of the rule is intended to present the bonding requirements found in Minn. Stat., Secs. 17A.04, Subd. 4 and 17A.05 so as to provide the public with the information in a single source. This clause provides that, based on the standards established in Minn. Stat., Sec., 17A.05, the bond amount required by the Packers and Stockyards Administration may also be the amount set for the State bond. The commissioner may, nonetheless, set higher amounts should he deem it in the public interest and within the Standards set in Minn. Stat., Sec., 17A.05. This provision allows for cooperation and uniformity with Federal agencies, as called for in Minn. Stat., Sec. 17A.15 as well as allowing the commissioner to increase bond amounts so that the public is adequately protected.

B. 2. A livestock market agency's bond shall be executed on a Packers and Stockyards Act form with the appropriate condition clauses deleted.

... This clause provides additional information to the public on the provision in Minn. Stat., Sec. 17A.05 stating that a livestock market agency's bond be executed on a Packers and Stockyards Act form. That form contains four condition

clauses which pertain to the four types of transactions. The form is properly executed by deleting the clauses which do not pertain to the applicant's business covered by the bond. It is felt that this clarification will aid applicants and surety companies in properly executing the form as well as providing a degree of consistency between State and Federal forms.

B. 3. A livestock dealer's bond executed on a form provided by the commissioner shall be limited to the protection of claimants whose residence or principal place of livestock business is in the State of Minnesota at the time of transcation.

... This provision, found in Minn. Stat., Sec. 17A.04, Subd. 4, is new law and thus has not been the traditional operating procedure for the activity. Because of this fact, it was felt that highlighting this change in the law would be in the public interest.

B. 4. In lieu of a livestock dealer's bond executed on a form provided by the commissioner, a Packers and Stockyards Act bond executed on a Packers and Stockyards Act form with the appropriate condition clauses deleted shall be acceptable.

... This clause makes the same clarification for a livestock dealer's bond executed on a Packers and Stockyards Act form as clause two of this rule made for a livestock market agency's bond.

B. 5. In lieu of a livestock market agency bond executed on a Packers and Stockyards Act form, a trust fund agreement executed in accordance with the Packers and Stockyards Act, 1921, as amended (U.S.C. 181 et seq.), shall be acceptable.

... This clause puts forth the statutory options for a livestock market agency bond found in Minn. Stat., Sec. 17A.05, Subd. 1 so that all options are located in a single source.

B. 6. If the dealer is registered with the Packers and Stockyards Administration, a bond or its equivalent in the form of a trust fund agreement executed in accordance with the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), shall be accepted in lieu of a dealer's bond executed on a Packers and Stockyards Act form.

... The authority to allow these alternative bond forms is found in Minn. Stat., Sec. 17A.05, Subd. 2. The acceptance of these equivalent forms will allow for consistency with Federal requirement while providing the public with bond protection.

B. 7. If, in the judgment of the commissioner, an adjustment in the bond amount is necessary to protect the public interest, the commissioner may, at any time, raise or lower bond requirements.

... This language, derived from authority delegated to the commissioner in Minn. Stat., Sec. 17A.04, Subd. 4, is intended to highlight the fact that the commissioner has this authority.

MCAR 1.0566 CLAIMS AGAINST BONDS

A. Any person claiming to be damaged by any breach of the conditions of a bond on a licensee may file a complaint with the commissioner stating in writing the facts constituting the claim accompanied by documentary proof of claim against the licensee. No such claim shall be considered unless it is filed within one year of the date of the alleged breach. However, if a livestock market agency or a livestock dealer has on file with the commissioner a Packers and Stockyards Act bond and is registered with the Packers and Stockyard Administration, the terms of the bond or that federal agency's regulations shall prevail in determining the time for filing claims.

In any case where a claim is timely filed, the commissioner shall have a power to require the licensee to appear in hearing for the purpose of determining all liability of the licensee under the terms of his bond. The procedures for such hearing shall be covered by Minn. Stat., Ch. 17A and Ch. 15.

... This rule consolidates the requirements and procedures for filing a claim against a bond. Authority is found in Minn. Stat., Sec. 17A.06.

MCAR 1.0567 RECORD KEEPING

A. Every licensed livestock market agency, public stockyard, and livestock dealer shall make and retain such accounts, records, and memoranda as the commissioner deems necessary to fully and correctly disclose all transactions involved in his business, including the true ownership of such business, the date of transaction, names and addresses of buyer and seller, number, weight and price of each kind of animal purchased or sold.

... The intent of this clause is to clarify who must keep records and to elaborate on the records which must be kept. This rule sets forth the information which must be maintained in the records required in Minn. Stat., Sec. 17A.08. This information is a reasonable requirement in that the firms, in the majority of cases, already obtain this information for each transaction.

B. Each feeder pig market shall register all buyers and maintain a record of registered buyers for each sale date and shall retain such recordes for at least one year. A certificate of sale, accurately showing the name and address of seller and buyer, number of pigs purchased, identification or description of pigs and the sale price, shall be made on each transaction and a copy retained by the seller and the buyer for at least one year.

... This clause, implementing Minn. Stat. Sec. 17A.08, require the same types of information to be kept by feeder pig markets as are required by the Act to be kept by other markets. This information is being required so that, in the case of fraud, deception, non-payment, or non-Sufficient fund checks, the aggreived party has a means of locating the other party. The amount of effort required of the markets is considered reasonable in light of the protection these records will afford the public.

C. The commissioner shall at all reasonable times have access to and the right to copy any records of any livestock market agency, public stockyard, livestock dealer, or feeder pig market being investigated or proceeded against.

... This clause provides the commissioner with the same right of access to the records of feeder pig markets as he has for affords other firms under Minn. Stat., Sec. 17A.08. It is reasonable that this statutory right be extended to these similar markets.

MCAR 1.0568 PACKING PLANTS AND STOCKYARDS, WEIGHING

A. For the purpose of determining eligibility for weighing services, the average daily number of livestock shall be determined by dividing the total number of head of all classes of livestock bought or sold during the preceding one year by 260 business days.

... This clause establishes the means for determining the "average daily number of livestock" set forth in Minn. Stat., Sec. 17A.10. This formula averages the volume of business conducted by a firm over an entire year in order to eliminate unrepresentative high and low volumne periods.

B. Policies and Procedures, Weighing Tickets

1. Requirements regarding scale tickets evidencing weighing of livestock. The actual weight of the livestock as certified by the state weigher shall be imprinted on the scale ticket before the livestock are removed from the scale platform.

a. The certified weight shall never be changed.

b. The weigher shall not erase or allow to be erased or obliterate the original entry on a scale ticket. Any such change or erasure shall invalidate the scale ticket.

... This section establishes the administrative guidelines for weighing. It is intended to assure a fair, accurate, honest weight and to minimize the possibility for fraud and deception. Because these weights and the official certified scale tickets are the basis for payment, all reasonable steps must be, and it is believed to have been taken in this rule to assure the correctness of the tickets and the weights they represent.

c. Request for a correction or change shall be made by the firm for whom the livestock was weighed and signed by an authorized employee. Any official correction or change of information on scale tickets after livestock have left the scale must be made within 24 hours by the supervisor of livestock weighing, on a correction slip furnished for such purposes.

... If, however, a legitimate error is found, this clause allows for correction of the error; but only by the supervisor of livestock weighing, Department of Agriculture. The firm, being the legal "agent" of the seller and the channel for transaction, is given the authority to request corrections.

d. When reweighing is requested, the state weigher shall cooperate to the fullest extent practical under the circumstances. In the case of a dispute on weight while animals are still on the scale platform, the weigher shall reweigh the draft or may recommend that the animals be driven to another scale and reweighed. When such reweighing is actually made, the last weight shall be the governing weight, unless mutually agreed by the buyer and seller that a previous weighing shall be used.

... This clause is intended to promote as orderly a flow of livestock through the market as possible while still providing the buyer and seller with the opportunity to reasonably question the weight determined. The provision mandating that the last weight (usually the lower weight due to sinkage of the livestock) prevail is intended to discourage frivolous requests for reweighing while allowing legitimate disagreements to be checked.

e. Transfers of livestock to a second buyer shall be permitted when such livestock is still on the scales. To denote such a transfer, a new ticket shall be issued and the word "Transfer" marked in the scale book after the entry and on the scale ticket. Tickets shall not be issued to cover transfers commonly known as "added weights."

... This provision is included to allow tranfers of livestock to a second buyer while the livestock are on the scales and the weight is official and accurate. Transfers are not allowed, after the livestock have left the scales because errors or fraud could result more easily in this type of situation.

The grouping together or adding of several drafts of smaller weights of livestock to be presented as one gross weight is not allowed by this rule. This restriction is necessary because the weigher has no physical proof that the ticket weights to be combined represent the actual livestock in the transaction.

St. Paul, Minnesota 55155
Phone: (612) 296-5148

Dear Mr. Clutter:

As Executive Director of the Minnesota State Ethical Practices Board, you have requested an advisory opinion from the Board based upon the following hypothetical facts:

HYPOTHETICAL SITUATION

"X" was a candidate in 1974 for state representative. The principal campaign committee of "X" incurred a debt of $1,000 which was outstanding and reported as outstanding on December 31, 1974. In 1975 an individual contributed $50 to the principal campaign committee to pay off the outstanding debt.

Based on these hypothetical facts, you ask the following:

QUESTION

Are contributions made in 1975 by an individual to the principal campaign committee of a candidate in the 1974 election for the purpose of paying a debt incurred in election year 1974 subject to election year or non-election year limit?

Rules as Proposed

Chapter 23 Licensing and Bonding of Livestock Market Agencies, Public Stockyards and Livestock Dealers

3 MCAR §§ 1.0563 through 1.0568

§ 1.0563 Definitions.

A. As used in 3 MCAR § 1.0563 through 3 MCAR § 1.0568 the following definitions shall apply:

1. "Livestock market agency," commonly referred to as a livestock auction market or sales barn, means any person who sells consigned livestock for the account of others. It shall not include livestock breeder or feeder organizations or saddle clubs which conduct occasional special event, dispersal, or promotional sales.

2. "Feeder pig market" means a trading place where producers sell feeder pigs directly to livestock dealers and other farmers. It shall not include feeder pig markets required to be licensed as livestock market agencies.

§ 1.0564 Licensing.

A. Any person desiring to carry on business as a livestock market agency, livestock dealer, or public stockyard shall make application for licensing to and on forms provided by the commissioner.

1. Financial statements and volume reports. Each new applicant for a license to operate as a livestock market agency or a livestock dealer shall file with the application a current balance sheet and financial statement on forms provided by the commissioner. With each subsequent annual application, the livestock market or livestock dealer shall file a report of its business volume for the preceding calendar or fiscal year, as appropriate, for the purpose of determining the amount and adequacy of the applicant's bond.

If the calendar year or the firm's fiscal year conflict with the date the report of business volume is due, the applicant may give notice to the commissioner prior to

the original due date and file the report at such later date as the commissioner deems reasonable.

2. License requirements. Before a license is issued to a livestock market agency, a public stockyard, or a livestock dealer and its agents, the applicant shall:

(1) Satisfactorily demonstrate that his assets exceed his liabilities;

(2) Indicate that the applicant has not failed, without reasonable cause, to pay obligations incurred in connection with livestock transactions;

(3) Indicate that the applicant has complied with other statutes and rules enforced by the commissioner and the Minnesota Livestock Sanitary Board; and,

(4) In the case of a livestock market agency or a livestock dealer and his agents, file with the commissioner a valid and effective bond in the amount required in 3 MCAR § 1.0565.

3. Expiration.

a. The license of a livestock market agency or a public stockyard shall expire on December 31, each year and shall be required to be renewed annually.

b. The license of a livestock dealer and its agents shall expire on June 30, each year and shall be renewed annually.

B. A livestock dealer license issued to a corporation, association, or partnership shall be used only by the one officer or partner designated in the application to use such license.

C. If he deems it necessary for the protection of the public, the commissioner may at any time require a renewal applicant or licensee to submit a current balance sheet and financial statement.

D. A livestock market agency or a livestock dealer and its agents shall be exempt from the licensing requirements if their business is conducted exclusively at a public stockyard.

E. License fees.

1. Each applicant for a license to carry on the business of a livestock market agency, a livestock dealer, both a livestock market agency and livestock dealer, or a public stockyard shall submit to the commissioner with his application the fee or fees required in Minn. Stat. ch. 17A.

2. There shall be no refund or proration of a fee, in whole or in part, paid for a license surrendered for cancellation, after the effective date of the license. Where a license has not taken effect, the fee may be refunded to the applicant in full upon the applicant's written request.

F. Refusal to license. In addition to grounds for refusal to license in Minn. Stat. ch. 17A, the commissioner may refuse to issue a license if the applicant has engaged in or used any unfair or deceptive practice or device in connection with marketing of livestock.

G. Discontinuance of licenses.

1. If a dealer discontinues dealing in livestock, his license, and the licenses of its agents, if any, shall automatically be invalid and shall be surrendered to the commissioner.

2. Upon the written request of the dealer or when the dealer's license is cancelled, revoked, or becomes invalid, an agent's license shall be invalid and shall be surrendered to the commissioner.

3. If a livestock market agency discontinues business, its license shall automatically be invalid and shall be surrendered to the commissioner.

4. Upon the termination of the surety bond governing the licensed operation, any license issued pursuant to Minn. Stat. ch. 17A, shall automatically become invalid and shall be surrendered to the commissioner.

§ 1.0565 Bonding.

A. Each livestock market agency and livestock dealer applying for a license shall file with the commissioner a valid and effective bond issued by a surety company licensed to do business in the State of Minnesota or otherwise meeting the requirements of 3 MCAR §§ 1.0563 through 1.0568.

B. Amount and form of bonds.

1. The amount of bond shall be not less than $10,000 for a livestock market agency and $5,000 for a livestock dealer, or such larger amounts as:

Proposed additions to existing rules are printed in **boldface**, while proposed deletions from existing rules are printed within [single brackets]. Additions to proposed rules are **underlined and boldfaced**, while deletions from proposed rules are printed within [[double brackets]].

a. Required by the Packers and Stockyards Administration; or,

b. Determined by the commissioner based on consideration of the principal's financial statement, the volume of business reported, or other factors the commissioner finds pertinent and necessary to protect the public interest.

2. A livestock market agency's bond shall be executed on a Packers and Stockyards Act form with the appropriate condition clauses deleted.

3. A livestock dealer's bond executed on a form provided by the commissioner shall be limited to the protection of claimants whose residence or principal place of livestock business is in the State of Minnesota at the time of transaction.

4. In lieu of a livestock dealer's bond executed on a form provided by the commissioner, a Packers and Stockyards Act bond executed on a Packers and Stockyards Act form with the appropriate condition clauses deleted shall be acceptable.

5. In lieu of a livestock market agency bond executed on a Packers and Stockyards Act form, a trust fund agreement executed in accordance with the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), shall be acceptable.

6. If the dealer is registered with the Packers and Stockyards Administration, a bond or its equivalent in the form of a trust fund agreement executed in accordance with the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), shall be accepted in lieu of a dealer's bond executed on a Packers and Stockyards Act form.

7. If, in the judgment of the commissioner, an adjustment in the bond amount is necessary to protect the public interest, the commissioner may, at any time, raise or lower bond requirements.

§ 1.0566 Claims against bonds.

A. Any person claiming to be damaged by any breach of the conditions of a bond on a licensee may file a complaint with the commissioner stating in writing the facts constituting the claim accompanied by documentary proof of claim against the licensee. No such claim shall be considered unless it is filed within one year of the date of the alleged breach. However, if a livestock market agency or a livestock dealer has on file with the commissioner a Packers and Stockyards Act bond and is registered with the Packers and Stockyard Administration, the terms of the bond or that federal agency's regulations shall prevail in determining the time for filing claims.

In any case where a claim is timely filed, the commissioner shall have a power to require the licensee to appear in hearing for the purpose of determining all liability of the licensee under the terms of his bond. The procedures for such hearing shall be covered by Minn. Stat. ch. 17A and ch. 15.

§ 1.0567 Record keeping.

A. Every licensed livestock market agency, public stockyard, and livestock dealer shall make and retain such accounts, records, and memoranda as the commissioner deems necessary to fully and correctly disclose all transactions involved in his business, including the true ownership of such business, the date of transaction, names and addresses of buyer and seller, number, weight and price of each kind of animal purchased or sold.

B. Each feeder pig market shall register all buyers and maintain a record of registered buyers for each sale date and shall retain such records for at least one year. A certificate of sale, accurately showing the name and address of seller and buyer, number of pigs purchased, identification or description of pigs, and the sale price, shall be made on each transaction and a copy retained by the seller and the buyer for at least one year.

C. The commissioner shall at all reasonable times have access to and the right to copy any records of any livestock market agency, public stockyard, livestock dealer, or feeder pig market being investigated or proceeded against.

§ 1.0568 Packing plants and stockyards, weighing.

A. For the purpose of determining eligibility for weighing services, the average daily number of livestock shall be determined by dividing the total number of head of all classes of livestock bought or sold during the preceding one year by 260 business days.

B. Policies and procedures, weighing tickets.

1. Requirements regarding scale tickets evidencing weighing of livestock. The actual weight of the livestock as certified by the state weigher shall be imprinted on the scale ticket before the livestock are removed from the scale platform.

a. The certified weight shall never be changed.

b. The weigher shall not erase or allow to be erased or obliterate the original entry on a scale ticket.

Any such change or erasure shall invalidate the scale ticket.

c. Request for a correction or change shall be made by the firm for whom the livestock was weighed and signed by an authorized employee. Any official correction or change of information on scale tickets after livestock have left the scale must be made within 24 hours by the supervisor of livestock weighing, on a correction slip furnished for such purpose.

d. When reweighing is requested, the state weigher shall cooperate to the fullest extent practical under the circumstances. In the case of a dispute on weight while animals are still on the scale platform, the weigher shall reweigh the draft or may recommend that the animals be driven to another scale and reweighed. When such reweighing is actually made, the last weight shall be the governing weight, unless mutually agreed by the buyer and seller that a previous weighing shall be used.

e. Transfers of livestock to a second buyer shall be permitted when such livestock is still on the scales. To denote such a transfer, a new ticket shall be issued and the word "transfer" marked in the scale book after the entry and on the scale ticket. Tickets shall not be issued to cover transfers commonly known as "added weights."
