ORDER ADOPTING RULES

The above-entitled matter came on for hearing before the Commissioner of Public Safety of the State of Minnesota on the 25th day of July, 1978, at 9 a.m. in Room 51, State Office Building, St. Paul, Minnesota, after proper notice required by Minn. Stat. 15.0412 (1976) was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having considered all of the evidence adduced and upon the records, files and proceedings herein, and applicable statutory standards or criteria, and having confirmed the need for the above captioned rules and the reasonableness thereof.

NOW, THEREFORE, IT IS ORDERED that these rules identified as 11 MCAR 1.0099, Persons Who Administer Breath Tests are adopted this 19th day of September, 1978, pursuant to authority vested in me by Minn. Stat. 299A.01, subd. 6 (1976).

NOTICE OF HEARING

Notice is hereby given that a public hearing in the above-entitled matter will be held in Room 51, State Office Building, Wabasha Street between Aurora and Fuller, St. Paul, Minnesota, on July 25, 1978, commencing at 9:00 A.M., and continuing until all persons have had an opportunity to be heard concerning adoption of the proposed rules captioned above.

All interested or affected persons or representatives of groups or organizations will have an opportunity to participate, by submitting either oral or written data, statements, or arguments. Written materials may be submitted by mail to Henry Crump, Office of Hearing Examiners, 1745 University Avenue, St. Paul, MN, either before or within 5 days after the close of the hearing, or within 20 days if so ordered by the hearing examiner.

The Commissioner proposes to amend existing rules relating to persons who administer breath tests. The proposed amendments would allow any person formally trained to administer breath tests at the direction of a peace officer. The existing rules allow only trained peace officers to administer such tests.

The Department's authority to promulgate the proposed rules is contained in Minn. Stat. 169.123 (1976). One free copy of the proposed rules is available and may be obtained by writing to Diane Hamilton, Department of Public Safety, 210 Transportation Building, St. Paul, MN 55155. Additional copies will be available at the door on the date of the hearing.

A Statement of Need explaining the need for and reasonableness of the proposed rules and a Statement of Evidence outlining the testimony the department will be introducing at the hearing will be filed with the Office of Hearing Examiners at least 25 days prior to the hearing and will be available there for public inspection.

Please be advised that Minnesota Statutes, Chapter 10A, requires each lobbyist to register with the Ethical Practices Board within five days after he commences lobbying. Lobbying includes attempting to influence rule making by communicating or urging others to communicate with public officials. A lobbyist is generally any individual who spends more than $250 per year for lobbying or any individual who is engaged for pay or authorized to spend money by another individual or association and who spends more than $250 per year or five hours per month at

lobbying. The statute provides certain exceptions. Questions should be directed to the Ethical Practices Board, 41 State Office Building, St. Paul, Minnesota 55155, phone (612) 296-5615.

In the matter of the Proposed Adoption of Rules of the State Department of Public Safety Governing Persons Who Administer Chemical Tests for Intoxication.

STATEMENT OF NEED

The above captioned rules are amendments to existing rules of the Department of Public Safety.

The last time the above captioned rules were amended was November 1976.

The need to adopt these rules arises because of a petition submitted to the department requesting an amendment to an existing rules.

Existing rule 11 MCAR § 1.0099 stipulates that only peace officers may administer breath tests to determine alcoholic content of the blood. As the petition of the city of Minneapolis states, police departments must pull police officers off street duty during all shifts in order to administer breath tests. The Minneapolis Police Department and the Minnesota State Sheriff's Association support the amendment to the rule to allow civilian employees to administer the tests, thereby, in effect, increasing the availability of uniformed personnel for regular street duty.

M.S. 169.123 subd. 2 relating to implied consent and administration of chemical tests for intoxication states that "the test shall be administered at the direction of a peace officer." Subd. 3 specifies certain types of medical professions authorized to administer blood tests, with the provision that "limitation (does) not apply to the taking of a breath .. specimen." Subd. 3 also states that "the person administering such test at the request and direction of (the) peace officer shall be fully trained in the administration of such tests pursuant to standards promulgated by the commissioner of public safety." Therefore the statutory language authorizing rule 11 MCAR § 1.0099 is sufficiently broad to authorize the proposed amendment.

The department of public safety agrees with proposal by the city of Minneapolis to amend rule 11 MCAR § 1.0099 to authorize trained civilian employees to administer breath tests for intoxication. The need for and reasonableness of the proposed rule amendment as stated in the attached petition of the City of Minneapolis is hereby adopted as the Statement of Need of the department.

Reasons For The Request

At the present time only peace officers (1974 M.S. 169.123) can perform breathalyzer tests (Chapter 10, Saf Ad 99) after a requisite fifty-six hours of classroom training. However, the Minnesota Statute by itself does not limit the people who may administer the breathalyzer test as narrowly as the present rule. Justification for an amendment which would broaden Saf Ad 99 is substantial.

In the past, the Minneapolis Police Department had four peace officers who worked in the offices on a rotary basis, twenty-four hours per day. Since there were four shifts, this meant that there was one peace officer in the offices per shift. However, this peace officer was also required to handle other situations such as booking, filling out reports, taking finger prints, etc. If breathalyzer test administration was necessary while he was occupied in one of his other duties, a qualified peace officer was often called off the streets to perform the test. Also, the officer who gave the test must be available to appear in court, which means that more time would be spent off the street by the officer.

To alleviate this situation, the peace officers who work in the chemical testing lab are no longer a part of the traffic division. Five peace officers work in the chemical testing lab on a rotary basis, twenty-four hours a day. There is one peace officer on duty in the lab during the first three shifts and two during the 11:00 p.m. - 7:00 a.m. shift. Even though peace officers are now only occasionally called off the streets to come in to perform breathalyzer tests, the manpower on Minneapolis streets is further reduced, because the five peace officers who could have been assigned to the streets are now permanently assigned to the chemical lab. This could be avoided entirely if non-sworn police department personnel could perform the breathalyzer tests.

According to Joel Watne from the Attorney General's Office, the qualified civilian personnel's evidence would be admissable in court with a change in the rules. Furthermore, under our proposed amendment to the rules, the test would be administered under the direction of a peace officer.

Mr. Edward Novak, Commissioner
Department of Public Safety
211 Highway Building
St. Paul, MN 55155

Dear Commissioner Novak:

The Minneapolis City Council, on August 13, 1976, directed staff to request the Department of Public Safety to amend Minnesota Department of Public Safety Rules, Chapter 10, SafAd 99, to permit any person who has received proper training to administer breath tests. I, therefore, hereby request the Department of Public Safety to amend Rule SafAd 99 to read as follows:

> SAFAD 99 PERSONS WHO ADMINISTER BREATH TESTS. Any person ~~Only a peace officer~~ who has satisfactorily completed a course of formal instruction in the use of an instrument specially manufactured to analyze a specimen of breath to determine the alcoholic content of the blood, may administer a breath test at the direction of a peace officer. The course of instruction must be approved by the Commissioner. After completion of the described course such person ~~peace officer~~ may be required to periodically demonstrate, to the Commissioner or his duly authorized acting agents, his competence to satisfactorily operate such equipment.

We have found that regularly we must pull police officers off the street to administer breath tests. This reduces the number of officers on the street at any one time providing police protection. In examining how breath tests are conducted, it would appear that non-sworn people could administer the tests thus freeing police officers to go about their other duties. Because two people must be present when a breath test is given, to verify that the numbers are all read correctly, and that the dials are set at zero, the arresting police officer usually is present when the breath test is performed. The fact that the breath test is conducted in the presence of a police officer, and under our amendment would be at the direction of a police officer, should be adequate safeguards for the arrested person and for seeing that the test results are accurate.

Commissioner Edward Novak
September 23, 1976

The Minnesota State Sheriffs' Association supports this change, and a copy of a letter from their Executive Secretary, W. B. Schroeder, is attached. If I can provide any additional information which would be of value to you in considering our proposed amendment, please do not hesitate to give me a call.

JUL 25 1978
OFFICE OF HEARING EXAMINERS

July 21, 1978.

Mr. Henry Crump
Office of Hearing Examiners
1745 University Avenue
St. Paul, Minn. 55155.

Dear Mr. Crump:

Members of the Minnesota State Sheriffs' Association support the proposal of the Commissioner of Public Safety, to amend existing rules relating to persons who administer breath tests, to allow any person formally trained to administer breath tests at the direction of a peace officer.

The proposed amendment to the rules will bring economical benefits to counties of the state by eliminating the cost of peace officer training of a person administering the breath test. And by training jailers to administer the breath test it will assure having a certified person present to administer the test at the time the subject is brought to the jail. At the present time peace officers are often called in from the field or from their homes to administer the test. This results in delay and is not good practice.

Sincerely,

W. B. Schroeder

No other persons appeared at the hearing.

Pursuant to Minn. Stat. § 15.0412, subd. 4, this Report shall be available for review to all affected individuals upon request for at least five days.

The Department of Public Safety shall, if it proposes to adopt the rules as originally proposed or amended, submit the complete hearing record, including its Findings and Order, to the Chief Hearing Examiner no earlier than five days subsequent

to the receipt of this Report. Stat. § 15.0412 within ten calendar days. Thereafter, the Department shall be responsible for filing the rules with the Attorney General and for notifying persons who have indicated that they wish to be notified of such filing.

Based upon all the records and proceedings herein, the Examiner makes the following:

FINDINGS OF FACT

1. On June 1, 1978, the Department filed the following documents with the Chief Hearing Examiner:

(a) A copy of the proposed rules;
(b) A proposed Order for Hearing;
(c) A proposed Notice of Hearing; and
(d) A Statement of the estimated length and number of people attending the hearing.

2. On June 19, 1978, a Notice of Hearing and a copy of the proposed rules were published at 2 State Register 2250.

3. On June 22, 1978, the Department mailed the Notice of Hearing to all persons and associations who had registered their names with the Secretary of State for the purpose of receiving such notice.

4. On June 23, 1978, the Notice of Hearing as mailed was filed with the Hearing Examiner.

5. On June 30, 1978, the Department filed the following documents with the Hearing Examiner:

(a) The Order for Hearing;
(b) The Affidavit of Receipt of the Secretary of State's list;
(c) The Affidavit of Mailing;
(d) The Secretary of State's Certificate;
(e) The Statement of Need;
(f) The Statement of Evidence, including the names of witnesses to be called;
(g) The names of Department personnel who will represent the agency; and
(h) Petition requesting amendment of rules pursuant to Minn. Stat. § 15.0415.

The documents were available for inspection at the Office of Hearing Examiners from the date of filing to the date of the hearing.

6. Statutory authority for the promulgation and amendment of the proposed rule, 11 MCAR § 1.0099, is contained in Minn. Stat. § 169.123, subd. 3 (1976). The pertinent part of the statute reads as follows:

* * *

> . . . The person administering such test at the request and direction of such peace officer shall be fully trained in the administration of such tests pursuant to standards promulgated by rule by the commissioner of public safety.

* * *

7. By petition filed on June 2, 1978, with the Commissioner of Public Safety, Mr. Kehl requested an amendment to the existing rule (11 MCAR § 1.0099) governing those who may administer the breath test for intoxication.

8. Under the existing rule, only a peace officer qualified in the administration of a breath test may administer it. The proposed rule provides that at the direction of a peace officer, any person may administer a breath test who has satisfactorily completed a course of instruction approved by the Commissioner.

9. The need for and reasonableness of the proposed rule is provided in the Department's Statement of Need, and Mr. Kehl's reason for the request. All comments proffered, at the hearing and by letter, thereafter were similar to the Department's evidence. No comments were made in opposition to the proposed rule. The Hearing Examiner sees no useful purpose in restating the contents of the Statement of Need in the Report.

Based upon the foregoing Findings of Fact, the Examiner makes the following:

CONCLUSIONS

1. Due, timely and adequate notice of the hearing was properly served and published by the Department. All other

substantive and procedural requirements of statute and rule have been fulfilled.

2. The Division has demonstrated its statutory authority to adopt the proposed amendments to the rule.

3. By its Statement of Need and Evidence, the Department has demonstrated a need for and the reasonableness of the proposed amendments to the rule.
