The proposed rules set out the procedures and measures the state will use to deal with an energy supply emergency resulting from a shortage of petroleum products, including fuel oils and motor fuels. The rules include many measures which will be

The commission is seeking comment primarily on how to accommodate these requirements within its proposed rule. Specifically:

1. What special provisions (if any) are necessary to construct a rule which applies fairly and equally to investor-owned, cooperative, and municipal utilities? (H.F. 473, subd. 2)

2. What metering arrangements should be required? (subd. 3, subd. 7)

3. How should this sentence be interpreted: "In setting these rates, the commission shall consider the fixed distribution costs to the utility not otherwise accounted for in the basic monthly charge and shall ensure that the costs charged to the qualifying facility are not discriminatory in relation to the costs charged to other customers of the utility." What provisions (if any) should be in the rule to accomplish this requirement? (subd. 3)

4. How shall the commission determine wheeling charges and line losses? (subd. 4)

5. What provisions of a rule are required by subd. 4?

6. What reporting requirements should the commission establish to meet its obligations to report to the Legislature in accordance with subdiv. 7?

The Commission is also seeking comment on a recommendation it has received for determining the capacity to be credited to hydroelectirc facilities. The recommendation is that the capacity for which the facility is paid be the sum of that capacity available 85% of the time (presumably 85% of the hours in the year), plus ½ the difference between capacity available 70% of the time and that available 85% of the time, plus ¼ the difference between capacity available 50% of the time and that available 70% of the time (Capacity Credit = $C_{85} + ½ (C_{70} - C_{85}) + ¼ (C_{50} - C_{70})$.

1. Should such a provision be part of the rule?

2. Is this an appropriate calculation?

3. Should a similar provision apply to other types of qualifying facilities?

All interested or affected parties are invited to submit written statements or comments addressed to:

Please reference the Commission's Docket No. E-999/R-80-560 on submitted materials. Responses received by August 31, 1981 will become part of the record of any rules hearing held on this subject.

(State Teacher Employment Bureau)
5 MCAR §§ 1.0460-1.0461 and
Repeal of EDU 462

FINDINGS OF FACT AND
CONCLUSIONS

FINDINGS OF FACT

1. At its meeting of June 9, 1981, the State Board of Education (hereinafter the "Board") proposed that the above-entitled amendments to rules and repeal be adopted after compliance with the procedure which authorizes an agency to propose and adopt rules without a public hearing.

2. Pursuant thereto, the Notice of Intent to Adopt Rules Without a Public Hearing was published in the State Register on June 29, 1981, together with a copy of the proposed rules.

3. The Board's authority to promulgate the proposed rules and repeal is contained in Minn. Stat. §§ 121.25-121.28.

4. The Statement of Need and Reasonableness for proposed rules 5 MCAR §§ 1.0460-1.0461 sets forth the need for and reasonableness of the rules to be adopted herein and the rule to be repealed.

5. The Statement of Need and Reasonableness is incorporated into these findings and becomes a part hereof as though fully set forth herein.

6. Copies of the Notice of Intent to Adopt 5 MCAR §§ 1.0460-1.0461 and Repeal of EDU 462 Without Public Hearing and of the proposed rules were mailed on June 23, 1981, to names appearing on the Department of Education rule-making mailing list.

7. No one requested a public hearing within the 30 day comment period.

8. No correspondence was received pertaining to this topic.

CONCLUSIONS

1. The Board gave due, timely, and adequate legal notice of its intent to adopt and repeal rules without a public hearing.

2. No one requested a public hearing during the 30 day comment period.

3. The Board has the statutory authority to promulgate the proposed amendments and repeal of rules.

4. The Board has fulfilled all relevant, substantive, and procedural requirements of law or rule.

5. The Board has demonstrated the need for and the reasonableness of the proposed amendments and repeal of rules by an affirmative presentation of facts.

Dated this 13th day of October, 1981.

Statement of Need and Reasonableness
for Proposed Amendment of Rules 5 MCAR §§ 1.0460-1.0461
(EDU 460 and EDU 461) and Repeal of EDU 462

Concerning: The proposed amendment and repeal of rules governing the State Education Placement Bureau.

The proposed amendment of rules 5 MCAR §§ 1.0460-1.0461 (EDU 460 and EDU 461) is necessary to operate the State Education Placement Bureau as authorized by Minn. Stat. §§ 121.25-121.28 which establish authority for the State Board of Education to operate a teacher employment bureau, establish an enrollment fee, collect information relative to establishment of credentials, and appoint a teacher employment bureau director.

Amendment of the State Education Placement Bureau rules is necessary in order that the Bureau may operate more effectively and efficiently by providing service to potential candidates for employment as educational personnel in Minnesota school districts. The amendments are primarily housekeeping amendments which will result in streamlining of Bureau operations to reflect current law and administrative practice.

5 MCAR § 1.0460 (EDU 460) Enrollment.

Subdivision A. attempts to standardize the language so that enrollment is used consistently when referring to the payment of fees and the completion of forms.

Subdivision B. clarifies the fact that an enrollment fee for placement bureau service that has been received is nonrefundable.

Subdivision C. adds clarifying language by substituting the word enrollment for registration and referring to an applicant rather than a teacher inasmuch as individuals other than teachers, i.e., school administrators, also use the State Education Placement Bureau.

Subdivision D. places in rule enrollment practices that have been followed during the past several years. Specifically, clarification is added to indicate that reenrollment does require a new completed enrollment form as well as the required fee. Language does not change any of the practices that the Bureau has conducted but only attempts to add clarifying language.

Subdivision E. reaffirms the Bureau prohibition against requiring any photographs to be on file in the Bureau and adds clarifying language with regard to insertion of the words applicant and applicants.

5 MCAR § 1.0461 (EDU 461) Credentials.

Subdivision A. indicates that only recommendations within a five-year period shall be used for employment purposes. Employing school officials generally desire recent recommendations when looking at an applicant's credentials; therefore, this subdivision indicates that recommendations from references no

longer named by the applicant on the most recent enrollment form shall be destroyed. However, if the applicant desires to maintain the same references for a five-year period, these shall be maintained by the Bureau. This subdivision merely places in rule a practice widely used by employment bureaus to only use current references when securing employment.

Subdivision B. is deleted in its entirety because of federal and state open file legislation which permits placement bureau enrollees to review their file, including letters of recommendation.

Subdivision C. is deleted in its entirety because it has already been included in revisions included under subdivision A.

New subdivision B. establishes an applicant's right to reactivate a file during a particular enrollment year for which the applicant has paid the required fee.

New subdivision C. establishes a five-year time lapse following the expiration of the applicant's last enrollment period. After a time lapse of five years, the Bureau shall destroy the inactive file. This is made necessary by the inability of the state archives division to house placement bureau records for extended periods of time. Previous practice required the Placement Bureau to maintain file for a twenty-year period.

Experience has shown that files maintained for a period of time longer than five years are seldom reactivated or used. The effectiveness of letters of recommendation and files maintained for a longer period of time is questionable. Employing officials require letters of recommendation generally from an applicant's most recent employer. It is seldom that an employing official or school district will request recommendations dating back twenty years. This, together with the fact that the state archives and the Department of Education are unable to store materials for this period of time, necessitates a change in this portion of the employment bureau rules.

Persons registered with the bureau are permitted to request a copy of their credentials. Therefore, a person could retain a personal copy of the file after the five-year period expires.

New subdivision D. adds clarifying language to inform applicants that they should only apply for positions for which the applicant holds or is eligible to hold Minnesota licensure as required by Minn. Stat. ch. 125.

New subdivisions E. and F. use the word applicant in place of the words registrant and candidate in order to maintain consistency with other portions of the rules.

New subdivision G. contains no changes and maintains a reciprocity arrangement that has been operational for several years.

EDU 462 Bureau Operation.

The repeal of EDU 462 is necessary because it contains strictly office practices which do not impact upon a candidate's file and recommendations. This repeal is made since office practices should not be delineated in rule.

Rules as Adopted

Chapter Twenty-Four: State Teacher Employment Bureau (State Education Placement Bureau)

5 MCAR § 1.0460 Enrollment.

A. Application. Enrollment with the State Teacher Placement Bureau shall be conditioned upon completion of the enrollment form by a qualified applicant and the payment of the enrollment fee. A qualified applicant is one who meets the standards stated in Minn. Stat. § 121.26.

B. Fee. Within the limits of the law, the Commissioner of Education shall recommend to the State Board of Education the amount of the nonrefundable enrollment fee to be paid by the applicant.

C. Time duration. Upon payment of the enrollment fee, the applicant shall be entitled to the services of the bureau from the time of fee payment until the next October 1st. The enrollment period covered by the fee may be less than one year, but shall not exceed one year.

D. Re-enrollment. Following the October 1st expiration of enrollment each year, applicants' papers will be held for nine months, until July 1st. If the applicant re-enrolls during the period between October 1st and July 1st of the following year, the applicant shall do so by completing a new enrollment form and by paying the required fee. Re-enrollment after July 1st shall require a new completed enrollment form, the accompaniment of the required fee, and a list of references.

E. Photograph. The bureau shall not require the applicant to submit a photograph nor shall the bureau show or send the applicant's photograph to any school official.

5 MCAR § 1.0461 Credentials.

A. Recommendations. The bureau shall secure written recommendations relating to the preparation, experience, and character of the applicant from three persons who have been listed on the enrollment form. If the applicant re-enrolls within a five-year period wherein recommendations are maintained in the files, those recommendations already on file shall be used for references. Only recommendations from the three persons named by the applicant on the most recent enrollment form shall be maintained for the five-year period. Recommendations from references no longer named by the applicant on the most recent enrollment form shall be destroyed.

B. Applicant's file. When an applicant accepts a position, the credentials shall be placed in the inactive file; the file shall be reactivated upon the request of the applicant at any time during the remainder of the enrollment year for which the applicant has paid the required fee.

C. Transfer and destruction of files. After a time lapse of five years following the expiration of the applicant's last enrollment and in compliance with appropriate Minnesota Statutes, the bureau shall destroy the inactive file. During the intervening time, the applicant may request, in writing, transfer of papers to any placement agency or re-enroll in the bureau.

D. Notice of vacancies. Applicants shall be furnished information relative to vacancies received by the bureau but should apply only for those positions for which the applicant holds or is eligible to hold Minnesota licensure.

E. Providing credentials. The bureau shall make credentials of an applicant available to employing officials of school districts upon their request or upon the request of the applicant.

F. Recommendation of applicants. The bureau shall not recommend applicants for positions but shall present papers of applicants which are on file to employing officials.

G. Reciprocity. The bureau may establish reciprocal relations with members of the Association for School, College, and University Staffing, and other noncommercial teacher placement agencies in Minnesota and other states. Papers from other agencies will no longer be maintained in bureau files.

Repealer. EDU 462 is repealed.
