Board of Animal Health

Adopted Rules Governing Official Identification Tags and Brands (3 MCAR S 2.062)

Rules as Adopted

3 MCAR S 2.062 Official identification tags and brands.

A. Definition. For the purposes of this rule, "official identification tag" means a metal identification eartag conforming to the nine-character alpha-numeric National Uniform Eartagging System, contained in chapter 1, part I, paragraph M, of the Brucellosis Eradication Uniform Methods and Rules, May 1, 1982 edition, issued by the United States Department of Agriculture. It provides unique identification for each individual animal.

B. Sale and application. Official identification tags may be sold only to veterinarians accredited under Code of Federal Regulations, title 9, section 160.1(d.), and may be applied only by or under the direct supervision of an accredited veterinarian. This requirement does not apply to official identification tags issued to artificial insemination technicians, identified as 41XAA through 41XZZ, or issued to the Dairy Herd Improvement Association, identified as 41WAA through 41WZZ.

C. Other tags prohibited. Every person applying eartags to cattle for purposes of compliance with rules of the Board of Animal Health shall use official identification tags.

D. Animals with existing tags. When an animal is already identified by an official identification tag, that tag number must be recorded for official records and another official identification tag may not be applied, except when the owner of an animal already identified by an official identification tag wants the animal identified by an official vaccination identification tag at the time of the animal's vaccination against brucellosis.

E. Removal prohibited; exception. No person may remove

official identification tags, market cattle testing tags, or leg bands, or efface brands approved and registered by the Board of Animal Health under Minn. Stat. S 35.822, except that market cattle testing tags may be removed by a veterinarian securing a blood sample for a brucellosis test.

Repealer. Rule LSB 62 of the Board of Animal Health is repealed.

BOARD OF ANIMAL HEALTH

In the Matter of the Proposed Amendment of Rules of the State Board of Animal Health Governing 3 MCAR § 2.062 Official Identification Tags and Brands

FINDINGS OF FACT AND CONCLUSIONS

The following facts relate to amendment of 3 MCAR § 2.062 Official Identification Tags and Brands:

The agency determined that the amendment was non-controversial and elected to adopt the amendment without a public hearing pursuant to Minnesota Statute 15.0412, Subdivision 4h.

The Board of Animal Health authorized by resolution signed July 9, 1982, Notice of Intent to Amend 3 MCAR § 2.062 without hearing.

Notice of Intent to Amend 3 MCAR § 2.062 without hearing was mailed to all persons on the agency list on July 12, 1982.

Notice of Intent to Amend 3 MCAR § 2.062 without hearing was published in State Register Volume 7, Number 4, July 26, 1982, Pages 115 and 116.

One comment concerning the proposed amendment to 3 MCAR § 2.062 was received. This comment supported the proposed amendment. No adverse comments were received.

No requests for hearing on the proposed amendment to 3 MCAR § 2.062 were received during the 30 day period following publication in the State Register.

The Board of Animal Health on October 15, 1982, adopted the amendment as published in the State Register with no changes.

No persons requested notice of the date upon which the adopted rules were submitted to the Attorney General for review.

Therefore, the Board of Animal Health concludes that:

All procedural requirements of Minnesota Statutes 15.0412 have been met.

The amendment is in the best interest of the livestock industry, the public and the State of Minnesota.

Attest by one other Board member

STATE OF MINNESOTA

BOARD OF ANIMAL HEALTH

In the Matter of Proposed
Amendment to 3 MCAR § 2.062
Official Identification Tags and Brands

STATEMENT OF NEED AND REASONABLENESS

The rule needs to be amended to bring it up to date, the last amendment having been made in 1970. An official tag is defined the same as in the federal brucellosis regulations and will include official tags from any and all states. The rule provides that official tags shall be sold only to accredited veterinarians and shall be applied only by or under the direct supervision of an accredited veterinarian which will prohibit misuse of official tags by unauthorized persons. The rule prohibits the removal of official tags so that herd of origin may be determined when necessary in the control and/or eradication of disease. The provisions of the rule pertaining to sale and application of official tags do not apply to official tags issued to the Dairy Herd Improvement Association or to artificial breeding associations.

The proposed amendment increases the disease control capability of the rule. It will not increase the cost to the livestock industry.

Adoption and need for the amendment falls within the authority of M.S. § 35.03 (1980).
