PROPOSED RULES

Pursuant to Minn. Stat. of 1980, §§ 14.21, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless seven or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules;

and

4. that the rule may be modified if modifications are supported by the data and views submitted.

If, during the 30-day comment period, seven or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.13-14.20 which state that if an agency decides to hold a public hearing, it must publish in the *State Register* a notice of its intent to do so. This notice must appear at least 30 days prior to the date set for the hearing, along with the full text of the proposed rules. (If the agency has followed the provisions of subd. 4h and has already published the proposed rules, a citation to the prior publication may be substituted for republication.)

Pursuant to Minn. Stat. § 14.29, when a statute, federal law or court order to adopt, suspend or repeal a rule does not allow time for the usual rulemaking process, temporary rules may be proposed. Proposed temporary rules are published in the *State Register*, and for at least 20 days thereafter, interested persons may submit data and views in writing to the proposing agency.

Minnesota Public Utilities Commission

Notice of Termination of Rulemaking Concerning Proposed Rules of the Minnesota Public Utilities Commission Governing Intrastate Telephone Access Charges for Intrastate Toll Telecommunications

On February 28, 1983, the Minnesota Public Utilities Commission (the Commission) published a Notice of Intent to Solicit Outside Opinion in the above-captioned matter in the *State Register* at 7 S.R. 1242. That Notice alerted interested parties that the Commission was seeking information and comments from sources outside the Commission in preparing to promulgate rules governing the appropriate methods to determine the rates interexchange carriers and end users will pay for access to local telephone company facilities used to complete intrastate service offerings within the State of Minnesota.

On May 5, 1983, the Commission issued its Order Terminating Rulemaking in this proceeding.

The Commission hereby provides notice that it has terminated this proposed rulemaking.

PROPOSED RULES

Pursuant to Minn. Stat. of 1980, §§ 14.21, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless seven or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules;

and

4. that the rule may be modified if modifications are supported by the data and views submitted.

If, during the 30-day comment period, seven or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.13-14.20 which state that if an agency decides to hold a public hearing, it must publish in the *State Register* a notice of its intent to do so. This notice must appear at least 30 days prior to the date set for the hearing, along with the full text of the proposed rules. (If the agency has followed the provisions of subd. 4h and has already published the proposed rules, a citation to the prior publication may be substituted for republication.)

Pursuant to Minn. Stat. § 14.29, when a statute, federal law or court order to adopt, suspend or repeal a rule does not allow time for the usual rulemaking process, temporary rules may be proposed. Proposed temporary rules are published in the *State Register*, and for at least 20 days thereafter, interested persons may submit data and views in writing to the proposing agency.

STATE OF MINNESOTA

WASTE MANAGEMENT BOARD

In the Matter of the Proposed
Amendments to Rules of the
State Waste Management Board
Governing Operating Procedures

STATEMENT OF NEED
AND REASONABLENESS

I. INTRODUCTION

The subject of this rulemaking proceeding is the amendment of the operating procedures of the Waste Management Board (hereinafter "Board"). The procedural rules for the Board, 6 MCAR §§ 8.001 - 8.016, were adopted to provide an orderly and predictable method to conduct the business of the Board. It was particularly important that the Board have procedural rules because the Board will be making a number of difficult decisions on several controversial subjects and these decisions will be made in a forum which encourages participation by the public.

The present operating rules were drafted to extend the procedures in Robert's Rules of Order to accommodate the particular situations that the Board may face. Application of the rules has indicated that several changes are necessary. These amendments to the operating rules have been drafted to make the necessary changes.

These rules will follow the procedure for non-controversial rule making.

II. NEED FOR THE PROPOSED AMENDMENTS

The Board is required by Minnesota Statutes, Section 115A.06, subd. 2 to promulate rules to govern its activities. Application

of the Board's operating rules indicates that amendments to the rules will clarify and specify several of the Board's operating procedures. These amendments are necessary to make the needed clarifications in the operating procedures of the Board.

III. REASONABLENESS OF THE PROPOSED AMENDMENTS

6 MCAR § 8.003 Board meetings and officers

A Board meetings

(6) Vice chairperson

This Section specifies the manner of selecting the vice chairperson. Minnesota Statutes Section 115A.05, subd. 2 provides that the chairperson "shall appoint all board offiers. Change in 6 MCAR § 8.006A(6) is needed to conform the rule to statute.

(7) Conduct of meetings

(e) Voting

This section clarifies the voting requirements of the Board by specifying the different voting requirements on procedural and substantive issues. Requiring a majority vote of the members present on procedural questions only is reasonable since a majority vote of the entire Board is required on substantive issues.

6 MCAR § 8.006 Temporary board members

(c) Voting

This section specifies the voting requirements of the Board. This section also clarifies the different voting requirements on procedural and substantive issues. Requiring a majority vote of the members present on procedural questions only is reasonable since a majority vote of the entire Board is required on substantive issues.

6 MCAR § 8.012 Reimbursement for travel

This section specifies the manner for reimbursement from Board funds to any Board member or staff member for travel expenses. Removing the differentiation between authorization for in state and out of state travel is a reasonable way in which to simplify and clarify the chairperson's duties pertaining to travel reimbursements.
