9555.3415 [Emergency] EXEMPTION FROM WORK REGISTRATION.

Subpart 1. Applicability. This part establishes the rights and responsibilities of the Department of Human Services, local agencies, and recipients of general assistance concerning an exemption from the registration and work requirements of part 9555.3403, and identifies the process for the annual redetermination of that exemption.

Subp. 2. The definitions in part 9555.3400 apply to this part.

Subp. 3. Exemption from registration and work requirements. A recipient of general assistance shall be exempt from the registration and work requirements of part 9555.3403, subparts 3 and 5 if the local agency determines that the recipient meets conditions in item A or B.

A. The recipient has one or more substantial barriers to employment. A substantial barrier to employment means that the recipient is unable to effectively participate in preparing for, searching for, obtaining, or retaining suitable employment due to:

(1) exhibiting severe symptoms of a mental or emotional disability or chemical dependency for which the recipient refuses evaluation or treatment; and for purposes of this subitem, a condition may be severe whether it is of short- or long-term duration; or

(2) exhibiting evidence of severely diminished functioning in areas of daily living such as social skills or personal relations; or

(3) living more than two hours round trip from all potential suitable employment, exclusive of time needed to transport his or her children to and from child care, or the recipient lacks and is unable to obtain needed public or private transportation to the employment site; or

(4) current involvement with protective or court-ordered services which prevent the recipient from working at least four hours per day; or

(5) circumstances, at the time of application for

general assistance, that indicate that the need for general assistance will not exceed 30 days because of impending employment, an impending move to another state, or anticipated receipt of income; or

(6) being in the last trimester of pregnancy; or

(7) the lack of available child care necessary for children in the recipient's assistance unit; or

(8) evaluation by a vocational specialist which finds the recipient unable to obtain or retain suitable employment; or

(9) an individual or family crisis.

B. The recipient has been certified by the commissioner of the Department of Economic Security as lacking work skills or training, or as being unable to obtain work skills or training necessary to secure employment.

Subp. 4. **Period of exemption.** A recipient exempt from the registration and work requirements in subpart 3, item A, subitems (1) to (8), is exempt for a period of 12 months, unless the local agency can establish prior to the expiration of the exemption period that the recipient no longer meets or will no longer meet the conditions of subpart 3, item A. A recipient exempt from the registration and work requirements pursuant to subpart 3, item A, subitem (9), is exempt for a period of 30 days. A recipient exempt from the registration and work requirements pursuant to subpart 3, item B, is exempt for a period of 12 months.

Subp. 5. **Annual reassessment.** A recipient's exemption from the general assistance registration and work requirements under subpart 3 shall be reassessed prior to the expiration of the exemption period specified in subpart 4.

The local agency shall reassess each recipient exempted under subpart 3 during the final month of exemption to determine if the recipient is exempt under subpart 3 or part 9555.3403, subpart 11. The reassessment must be completed by the end of the final month of exemption. If, at the time of the reassessment of exemption status, the local agency determines

that the recipient meets the provisions of subpart 3, item A, the recipient shall be exempt for the period specified in subpart 4. If the local agency determines that the recipient is exempt pursuant to part 9555.3403, subpart 11, the recipient shall be exempt for the period specified in that part. If the recipient does not meet the exemption provisions of subpart 3, item A or part 9555.3403, subpart 11, the recipient shall be subject to the registration and work requirements of part 9555.3403.

Subp. 6. **Referral to supportive service programs.** A recipient who is exempt from the registration and work requirements pursuant to subpart 3, item A, subitems (1), (2), (7), (8), and (9); or B, shall be offered referral to supportive service programs for assistance in overcoming the barrier to employment.

SUBJECT: EMERGENCY RULES GOVERNING REGISTRATION FOR EMPLOYMENT SERVICES UNDER GENERAL ASSISTANCE

The above-referenced rules have not been approved by this office for the following reasons:

1. Minn. Rules pt. 3320.0025, subp. A [Emergency] as adopted is substantially different from the rule as proposed in violation of Minn. Stat. § 14.05, subd. 2 (1982).

As proposed, Subpart A provided that a recipient will be exempt from registering for employment services if within the past 24 months he or she has not had at least six equivalent months of employment, military service, education, or vocational training. In the rule as adopted, this exemption was deleted in its entirety and replaced with an entirely different rule which provides an exemption when a qualified person determines that the recipient is unable to meet minimal employer requirements or exhibits certain physical or emotional symptoms.

Changing the exemption from a time-period qualification to a discretionary standard to be determined by a "qualified person" is clearly a fundamental change in the rule. Recipients regulated by this requirement have not been given notice that one exemption has been deleted and replaced with a totally and fundamentally different qualification and which may, in fact, be harsher.

To overcome this deficiency, the amendment must be deleted or amended so as to not constitute substantial change from the rule as proposed.

2. Minn. Rules pt. 3320.0015 [Emergency] has an incorrect rule citation. The reference to part 3300.4070 must be changed to part 3300.4065, which is the rule which defines employability development plan and requirements.

After consideration of the above comments and agency action, if any, these rules may be resubmitted for our review. Upon resubmission, please include a new or supplemental Order Adopting and four copies of the new Rules as Adopted. Also, please include a memorandum specifying that the rules are being resubmitted so that we may obtain our initial file in this matter.

If you have any questions concerning the issues raised in this memorandum, please do not hesitate to call me.

FINDINGS OF FACT AND CONCLUSIONS FOR EMERGENCY RULES

Notice of Intent to Adopt Emergency Rules in the above-entitled matter was published in the State Register on August 6, 1984, and was sent by United States mail to all persons on the mailing list maintained by the Department pursuant to Minnesota Statutes, section 14.14, subdivision 1a, on August 3, 1984.

After affording interested and affected persons an opportunity to submit comments for 30 days after notice, reviewing and considering the comments, and determining the need for and reasonableness of the above-captioned rules, I find the following:

Comments were received from the public which indicate changes should be made to these rules. These changes were made and an explanation of them follows.

Generally - The word Recipient was substituted for the words Applicant and Individual throughout the rules in the appropriate tense. This was necessary to ensure people reading these rules are not confused with the different terms. ✓

References to Minnesota Rules part 3300.4010 which were added make these rules more compatible to those rules then the language which was deleted. ✓p.1

3320.0015 [Emergency] - The change in the title from Registration Process to Registration For Work, better identifies the purpose of this rule. The language which was deleted on the top of page two became unnecessary with the reference to parts 3300.4010 to 3300.4120 in which the employability development plan and its requirements are defined. ✓p.1,2

The addition of the term suitable to job openings identifies those job openings that recipients can be referred to. The addition of the term should ensure program recipients are referred to employment which use their skills, knowledge, and abilities. ✓p.2

3320.0020 [Emergency] - The substitution of the phrase "whether or not" and the deletion of the phrase "and has completed the required application process", helps improve the readers understanding of the rule and assures 100% verification. ✓p.2

3320.0025 [Emergency] - The addition of the word "assessment" in the title more clearly identifies the rule. ✓p.2

The term "clause (1)" is added for the deleted language to better clarify the statutory citation. ✓p.2

The addition of the phrase "for a period of 12 months" identifies the limit established by law. ✓p.2

Other language changes in this part only improve the readability of the part and do not change its meaning or intent.

3320.0025 [Emergency] Section A. - This entire section was rewritten to acknowledge comments received from the public. We find that this change is not substantial but is only specific language which requires the department to more carefully screen recipients before determining they do not have sufficient work skills or training to secure employment. ✓ p. 3

3320.0030 [Emergency] - The change in the title was added by the revisor of statutes and better defines the purpose of the part. Subpart 2 was added to require the department to refer recipients who are exempt from registration and work requirements to supportive services. This was done to enable the department to assist recipients who do not have the skills or training to qualify for this program to have a chance to attain that training or skills.

Conclusions: These changes are not substantial. They only improve the department's ability to operate this program and safeguard the recipients rights under this program.
