STATEMENT OF NEED AND REASONABLENESS

SUBJECT: Adoption of a Rule related to a Special Group Daily Vehicle Permit for Groups using MN State Parks.

An amendment to Minnesota Statutes 85.05 enacted by the 1985 legislature has granted the Commissioner of Natural Resources the authority to establish by rule, a special daily vehicle permit fee for groups using State Park facilities.

The Division of Parks and Recreation sought the enabling legislation for this rule as a marketing tool to enhance use of State Park facilities during otherwise slow periods. The $1.50 per permit fee was selected because the Division's Senior Citizens and handicapped daily vehicle permit fees are $1.50 and it is our desire to keep the group fee in line with these other special fees. The Division chose to define a group as a party of composed of 10 or more vehicles because this would be large enough to be called a group (about 40 people) but small enough to accommodate smaller family gatherings. We also believe that such a definition of group size will discourage attempts at abuse of the fee.

The group permit will be limited to one day's use because the Division already offers a group camping fee for overnight use, and the particular functions that we hope to attract with the permit are generally day use functions. The park manager will be given the authority to decide when to issue the permit because he/she is best able to monitor use patterns and make maximum use of the permit.

PROPOSED RULES

Pursuant to Minn. Stat. of 1982, §§ 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless 25 or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules; and
4. that the rule may be modified if the modifications are supported by the data and views submitted.

If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Pursuant to Minn. Stat. §§ 14.29 and 14.30, agencies may propose emergency rules under certain circumstances. Proposed emergency rules are published in the *State Register* and, for at least 25 days thereafter, interested persons may submit data and views in writing to the proposing agency.

Department of Natural Resources

Parks and Recreation Division

Proposed Rule Relating to Special Daily Vehicle Permits for Groups

Notice of Intent to Adopt Rule without a Public Hearing

Notice is hereby given that the Minnesota Department of Natural Resources proposes to adopt the above-entitled rule without a public hearing. The Commissioner of Natural Resources has determined that the proposed rules will be noncontroversial in nature and has elected to follow the procedures set forth in Minnesota Statutes, Sections 14.22-14.28.

Persons interested in these rules are encouraged to submit comment in support of or in opposition to the proposed rule, and shall have 30 days to do so. Each comment should identify the portion of the proposed rule addressed, the reason for the comment, and any change proposed. The proposed rule may be modified if the modifications are supported by the data and views submitted to the department and do not result in a substantial change in the proposed language.

Unless 25 or more persons submit written requests for a public hearing on the proposed rule within the 30-day comment period, a public hearing will not be held. Persons requesting a public hearing should state their name and address, and are encouraged to identify the portion of the proposed rule addressed, the reason for the request, and any proposed change. In the event a public hearing is required, the department will proceed according to the provisions of Minnesota Statutes, Sections 14.11-14.20.

Persons who wish to submit comments or a written request for a public hearing should submit them to: Ron Nickerson, Minnesota Department of Natural Resources, Box 39-500 Lafayette Road, St. Paul, Minnesota 55146, (612) 296-2270.

Authority to adopt this rule is contained in Minnesota Statutes, 1985 Supplement, Section 85.05. Additionally, a Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rule and identifies the data and information relied upon to support the proposed rule has been prepared and is available upon request from Ron Nickerson.

Upon adoption of the final rule without a public hearing, the proposed rule, this Notice, the Statement of Need and Reasonableness, all written comments received, and the final Rule as Adopted will be delivered to the Attorney General for review as to form and legality, including the issue of substantial change. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the final rule as adopted, should submit a written statement of such request to Ron Nickerson.

The proposed rule will not impact small business as defined in Minnesota Statutes, Section 14.115, because this rule relates to local administration of a state program.

A copy of the proposed rule is attached to this Notice.

Copies of this Notice and the proposed rule are available and may be obtained by contacting Ron Nickerson.

The Division has adopted this without public hearing pursuant to M.S. 84.03. As the attached statement of need and reasonableness indicates the authority for the rule is found in MN Statute 85.05 as amended during the 1985 legislative session.

The attached excerpt from the State Register inviting public comment was published on May 5, 1986 and expressed the Division's desire to adopt the Rule without a hearing. The attached letter of July 9, 1986, was mailed to each person on the Department's list of citizens interested in being notified by pending rule changes. As of today's date we have received no comments pro or con relative to the proposed rule. A fee review approved by the Department of Finance indicating projected revenues from this rule is also attached for your information.

We would like to proceed with the required review of this rule as to form and legality that is conducted by your office as quickly as possible. The Division has sought the authority for this rule as a marketing tool to enhance use of state park facilities.
