SUBJECT : In the Matter of the Adopted Rule Relating to Importing Feeding Cattle.

The above-referenced rule has been approved as to its legality by the Attorney General on August 25, 1987.

Enclosed is the agency's copy of the approved rule. This office has already filed two copies with the Secretary of State, who will forward one copy to the Revisor of Statutes. The fourth is being retained by this division of the Attorney General's Office for its records.

Also enclosed are any petitions, requests, submission or comments received by the agency and any extra copies of documents which the agency submitted to the Attorney General.

In order for a permanent rule without a hearing to become effective, your agency must publish a notice of adoption in the State Register in accordance with Minn. Stat. § 14.27. An emergency rule becomes effective five working days after approval by the Attorney General; however, the agency must publish a notice in the State Register in accordance with Minn. Stat. § 14.34.

Adopted Permanent Rules Relating to Importing Feeding Cattle

Rules as Adopted

1700.1500 IMPORTING FEEDING CATTLE.

Feeding cattle may be imported as follows: steers, spayed heifers, and calves under six months of age must be listed on a health certificate but need not be identified or tested; heifers of beef type and breed under 18 months of age must be listed on a health certificate but need not be identified or tested provided a permit is secured from the board. Cattle of this class imported from states classified with "B" or "C" status by Veterinary Services, United States Department of Agriculture, must be branded on the jaw with a hot iron with the letter "F" at least two inches high. The cattle must be segregated from all other cattle except steers, spayed heifers, like quarantined cattle, or cattle purchased in accordance with a feeder affidavit quarantine as provided in parts 1705.0060 to 1705.0540. Segregation shall consist of a drylot with no pasturing and grazing and double fencing to prevent access to drainage and other cattle. The cattle may be: retained in a feedlot for a period not to exceed 12 months; sold for further feeding under feeder affidavit quarantine as provided in parts 1705.0060 to 1705.0540; sold for slaughter; or moved to another state providing the movement is in compliance with state and federal regulations.

Upon application by the owner of quarantined cattle that originated in states classified "A" or "Free" by Veterinary Services, United States Department of Agriculture, the board at its discretion may grant permission to the owner to make the necessary tests at the owner's expense to relieve the quarantine. In no case shall the requirements for tests be less than the tests required for breeding cattle.

STATE OF MINNESOTA BOARD OF ANIMAL HEALTH

Board of Animal Health Proposed
Rules Governing the Importation
of Feeding Cattle.

NOTICE OF INTENT TO AMEND RULES WITHOUT A PUBLIC HEARING

Notice is hereby given that the State Board of Animal Health proposes to adopt the above entitled rules without a public hearing. The Board has determined that the proposed adoption of these rules will be noncontroversial in nature and has elected to follow the procedures set forth in Minneosta Statutes section 14.21 through 14.28 (1982).

Persons interested in these rules shall have 30 days to submit comments in support of or in opposition to the proposed rules and such comments are encouraged. Any person requesting a public hearing should state his or her name and address and each comment should identify the portion of the rule addressed, the reason for the comment and any change proposed. The proposed rules may be modified if modifications are supported by data and views submitted to the agency and do not result in substantial change in the proposed language.

Unless 25 or more persons submit a written request for a public hearing on the proposed rule within the 30 day comment period, a public hearing will not be held. In the event a public hearing is required, the agency will proceed according to the provisions of Minnesota Statutes section 14.13 through 14.20.

Persons who wish to submit comments or a written request for a public hearing should submit such comments or requests to:

Robert G. Pyle
State Board of Animal Health
90 West Plato Blvd.
160 Agriculture Building
St. Paul, MN 55107

Telephone: (612) 296-2941

Authority for adoption of these rules is contained in Minnesota Statutes section 35.03 (1982). A Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rules and identifies the data and information supporting the proposed rules has been prepared and is available from Robert G. Pyle upon request.

Upon adoption of the final rules without a public hearing, the proposed rules, this notice, the Statement of Need and Reasonableness, all written comments received, and Rules as Adopted will be delivered to the Attorney General for review as to form and legality, including the issue of substantial change. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the final rules as adopted should submit a written statement of such request to Robert G. Pyle.

The rules proposed for adoption relate to the following matters; The importiation of cattle and bison into Minnesota.

A copy of the proposed rule is attached to this notice.

STATE OF MINNESOTA BOARD OF ANIMAL HEALTH

In the Matter of the Proposed Amendment to Rules
of the Board of Animal Health
Governing Part 1700.1500
The Importation of Feeding Cattle

STATEMENT OF NEED
AND REASONABLENESS

The Minnesota Board of Animal Health has authority under MS §35.03 to make rules to protect the health of domestic animals of the state.

The purpose of this amendment is to prevent the introduction of brucellosis into Minnesota when feeding heifers are imported. States are classified under the National Brucellosis Eradication Program as Class Free A, B, or C. Minnesota is class Free with no brucellosis infected herds. Eighty-five percent of the reactor herds last year were in the seven class B or class C states. This amendment will require that female feeder cattle that originate in class B and C states shall be marked in a way that will prevent movement out of feedlots to breeding herds.

The letter "F" with a hot brand on the jaw will be required before shipment of untested female feeding cattle from B and C states. A number of other free states have the same requirement. The Board can find no conflict with federal interstate regulations. The Board estimates the cost to be less than $2.00 per heifer and the impact on Minnesota agriculture minimal. The benefit of maintaining a class Free status far outweighs the expense of "F" branding a small number of cattle.

For purposes of compliance with MS §14.11 the Board estimates that there will be no expenditure of money by local public bodies and there will not be any adverse impact on agricultural land in Minnesota.

With respect to Chapter 188, Section 1, Laws of Minnesota 1983, as it relates to the impact on small business, the Board has determined that this rule will not have any material effect on small business.

effort has been made to find it. The warehouse operator may require the depositor to post a bond in an amount not more than double the value at the time the bond is given of the grain represented by the missing or destroyed warehouse receipt. The bond must be conditioned to indemnify the warehouse operator against any loss which might be sustained because of the issuance of a duplicate receipt, must be in a form approved by the commissioner, and must be executed by a corporate surety licensed to operate in Minnesota. A valid duplicate or substitute warehouse receipt has all the rights of the document in lieu of which it was issued.

1562.2000 SHORTAGES OF GRAIN.

Whenever it appears that a warehouse operator does not have on hand grain of sufficient quality and quantity to cover the outstanding warehouse receipt obligations, notice must be given by the commissioner to the warehouse operator requiring that the shortage be corrected immediately. If the warehouse operator fails to comply with that order and the commissioner determines that the interests of depositors may be threatened, then the commissioner shall seal the warehouse to prevent any further removal of grain until the shortage is corrected.

If it appears that the warehouse operator is in default to warehouse receipt holders and unable to correct the default within a reasonable time the commissioner shall make arrangements to protect the warehouse receipt holders by either redelivering the grain, on a pro rata basis, to each warehouse receipt holder of record or liquidating the grain inventory, depositing the proceeds in an interest-bearing trust account, and distributing the proceeds, on a pro rata basis, to each warehouse receipt holder of record. The proceeds must remain in the trust account until the bond disbursement date, if applicable. Valid claims by warehouse receipt holders in excess of the amount in the trust account will be applied against the storage bond. The warehouse operator, the operator's surety, and each warehouse receipt holder of record must be notified of the shortage and the proposed action to be taken by the commissioner to protect warehouse receipt holders. Notice must be mailed to each warehouse receipt holder's last known address as evidenced by the records of the warehouse operator.

If any interested party files a written objection to the department's proposed action within ten days of receipt of the commissioner's notice, the commissioner shall apply to the district court for the appointment of a trustee or receiver to manage and supervise the operations of the grain warehouse operator in default.

An audit or other investigation of the affairs of the warehouse operator must be made by the commissioner for the purpose of determining the amount of the shortage and computing the loss sustained by each depositor.

1562.2100 MOVEMENT OF ENCUMBERED GRAIN.

Grain encumbered by a warehouse receipt may be moved to another public grain warehouse with the depositor's request, pursuant to Minnesota Statutes, section 232.23, subdivision 13. The original warehouse receipt must be canceled and the receiving public grain warehouse operator must issue a currently-dated warehouse receipt for the grain being moved and stored. All storage charges must be paid through the date of cancellation of the original warehouse receipt.

1562.2200 TERMINATION OF LICENSE; CHANGE OF OWNERSHIP.

When a license is terminated by reason of sale, discontinuance of business, failure to renew a license, or for any other reason, the grain buyer or warehouse operator must discontinue buying grain from producers or storing grain, and redeliver or purchase all grain belonging to others in the warehouse. If a licensee sells or leases a grain warehouse to another person, proper indemnity must be provided to all depositors. Agreement in writing by the warehouse operator's successor to assume liability for all warehouse receipts outstanding at the time of take-over and reissuance of warehouse receipts by the successor constitutes sufficient indemnity. The commissioner must be notified of a change in ownership so that a new license and bond may be issued.

STATE OF MINNESOTA

BOARD OF ANIMAL HEALTH

In the Matter of the Proposed Adoption of the rule of the Board of Animal Health Governing Part 1700.1500, Importing Feeding Cattle.

FINDINGS OF FACT, CONCLUSIONS, AND ORDER ADOPTING RULE WITHOUT PUBLIC HEARING

Notice of the Board's intent to adopt the above-entitled rule was published in the State Register on June 8, 1987 and was sent by United States mail to all persons on the list maintained by the agency pursuant to Minnesota Statutes, sections 14.14, subdivision 1a and 14.22 on May 22, 1987. The statement of need and reasonableness was prepared before the notice of intent to adopt a rule without a public hearing was mailed to all persons on the rulemaking list and published in the State Register and was available to the public.

All persons were given the opportunity to submit comment on the rule for 30 days after notice of proposed rulemaking. The agency received no requests for a public hearing.

No submissions or comments on the rule were received by the agency. No requests for notice of submission to the attorney general were received by the agency.

Based on the comments and evidence in the record before the agency, I find the following:

The above-captioned rule is needed and reasonable.

NOW, THEREFORE, IT IS ORDERED that the rule identified as 1700.1500 Importing Feeding Cattle is adopted this 7th day of August, 1987, pursuant to authority vested in the Board by Minnesota Statutes, section 35.02.
