STATE OF MINNESOTA
Office Memorandum

DEPARTMENT: Natural Resources

DATE: 11-24-92

TO: Attorney General's Office c/o Patty Nolte

FROM: Rodney W. Sando, Commissioner

PHONE: 6-2549

SUBJECT: Statement of Emergency Conditions: Deer Season Extension Zones 3 and 4

The attached rulemaking is being promulgated under authority of M.S. 14.29, Subd. 4(b). The emergency conditions that do not allow compliance with M.S. Sections 14.29 to 14.36 are:

-- Deer harvest in the Zones 3 and 4 extended area is substantially below last year's level due to large amounts of unpicked corn that provides refuge for deer.

-- The special extended season is necessary to meet deer harvest objectives to avoid widespread damage to agricultural crops and other problems related to high deer densities.

-- The boundary line for the extended seasons is based on where deer harvest was below objectives and where standing corn is most prevalent.

-- The extended season on December 12-15 is the latest allowed by statute (M.S. 97B.311) to provide the maximum opportunity for additional corn harvest. The season is four days in length to help reduce potential disruption by a winter storm.

-- Regular season rules will apply to maximize participation and to simplify the hunt for the public.
