3. Welcome and Introductions: Please email attendance to Lisa Wichterman Lisa.Wichterman@state.mn.us		
4. Approve previous minutes.		Minutes approved as presented
5. Future MN 835 CG technical updates.	A. None B. Should the new workers compensation information on payments be added to the guide?	A link to the guide will be added to the guide to the work comp statute with a note to see the DLI website for more information.
6. MN ERA best practices, continuing outreach, technical assistance, and education to ensure understanding and proper use of the 835 and CARCs and RARCs.	PLB segment-TAG wants to revisit the need for a best practice. TR3 allows more than one way to use the PLB segment. TAG wants to start with the 72 and the WO. TAG want to verify issues with payers. Apparently there are more issues with the professional billings.	Educational information/article can be sent out in the AUC Newsletter. TAG members are to send information to Pete and Lisa. They will put the information together for the TAG so updated best practices can be drafted.

	TAG reviewed a best practice for the "72" refund and the WO in the TR3. Several scenarios were discussed.	
7. Add to 835 TR3 desired features list (post-v7030).	Nothing at this time	
8. Industry updates-	X12 ready to have guides available March of 2017 for 7030 version to HHS. Guides will be staggered in release. New Core combinations CARC/RARC/Group codes just released.	
9. Other Business	None
