### 3. Antitrust Statement

---

## **Administrative Uniformity Committee (AUC) ANTITRUST STATEMENT:**

The mission of the AUC is to develop agreement among Minnesota health care payers and providers regarding standardized administrative processes, which will reduce administrative costs, and thereby increase the efficiency of health care delivery (Minnesota Statutes, sections. 62J.50 to 62J.61). The AUC Strategic Steering Committee, Operations Committee, Executive Committee, all Technical Advisory Groups, and Work Groups will comply with all applicable antitrust laws during the course of their activities.

The AUC wishes to prevent any situation from which even the appearance of collusion or anti-competitive activity, can be fairly inferred. Therefore, all AUC members are reminded that any action taken to eliminate, restrict, or govern competition among members may be a violation of antitrust laws. Accordingly, at AUC meetings discussion of prices of products, supplies or services is prohibited. Similarly, there must be no discussion of member company or organization operations that might influence pricing, such as, allowances, discounts, terms of sale, margins, operations costs or marketing strategies, that might lead to agreements on customer, geographic or product market allocations; or that might be seen as encouraging a boycott of any person.

Each AUC member is expected to conduct business independently and free from any understandings or agreements or other conduct which may restrain competition. Further, each participant is obligated to speak up immediately to stop any discussion falling outside these bounds.

If you have any questions or antitrust concerns related to the AUC, consult with your legal counsel.

## 4. “Ground Rules”

### Ground Rules for AUC Planning Meeting

#### General Session

- Please participate. We want to hear from you.
- Please mute phones (press \*6) unless you would like to be heard. (This includes muting phones if typing.)
- **Please do not put your phone on hold.**
- If practical, please introduce yourself when speaking so that listeners on the phone will know who is talking.
- Please help yourself to snacks, etc. as you would like.
- Be present. Be creative. Be thoughtful. Ask questions. Make suggestions.

#### Break-out Sessions

- Select a leader, scribe, and timekeeper.
- Be mindful of the Anti-trust statement.
- Do not discuss individual compliance issues.
- Encourage everyone to participate in the discussion.
- Embrace diverse opinions and ideas. Be respectful of all suggestions and solutions presented.
- Keep comments brief and to the point, allow everyone a chance to speak.
- Unless you’re expecting an emergency call, please turn cell phones off.
- Focus on one topic at a time. Use the parking lot as a reminder of the next topic.
- Park ideas and challenges that are off task and don’t revisit them again during the breakout session.

## 5. Minnesota Administrative Uniformity Committee 2012 Highlights -- Key activities, accomplishments, and milestones

- **Governor Dayton declared February 21, 2012 as “Administrative Uniformity Committee” day.**

The proclamation recognized the AUC’s “major role” in the “adoption and implementation of first-in-the-nation rules for the standard, electronic exchange of millions of routine health care business transactions each year;” its contributions of “thousands of hours” of participation and expertise; and its impacts in helping reduce health care administrative costs throughout the health care system.

- **Updates and revisions to the Minnesota Uniform Companion Guide (MUCG) rules**

The MUCG rules were revised and updated as part of ongoing “annual maintenance” for the following transactions: Claims (Institutional, Professional, and Dental); Eligibility Inquiry and Response; Remittance Advice; and Claim Acknowledgment. The revisions reflected: the adoption of federal operating rules; coding changes; and extensive reformatting and reorganization to streamline the guides to be shorter and more user-friendly.

- **Best practices for “Creating compliant companion guides” and “Acknowledgments”**

A best practice was developed with instructions to aid in creating companion guides to be compliant with both Minnesota’s requirements in statute and rule, and federal operating rules. Another best practice was developed to provide substantial instructions and examples for the exchange of acknowledgments.

- **Comments to ASCX12** regarding v6020 transaction implementation guides

The AUC responded to an ASCX12 comment period regarding proposed v6020 transaction implementation guides with detailed questions and recommendations.

- **Comments to CMS** regarding proposed Health Plan Identifier (HPID)

The AUC responded to CMS's notice of proposed rulemaking for the creation of HPID. In the response, the AUC noted a number of key issues and questions to be addressed.

- **Coding clarification grid updates and successful requests to NUBC for codes**

The AUC's coding clarification grid was expanded and revised. The AUC also successfully requested new codes from the National Uniform Billing Committee (NUBC) for an Alternative Care Site (ACS) patient discharge status code and a combined revenue code for chemical dependency (for both drug and alcohol dependency).

- **Streamlined AUC meeting process and activities**

In 2012 the AUC Operations Committee adopted a quarterly rather than monthly meeting schedule. Most AUC Technical Advisory Groups (TAGs) met via Webex and teleconference. Most voting was conducted via email.

- **AUC and ASA websites updated with new look, additional information available**

## 6. Brief highlights of January 22, 2013 planning webinar

An AUC webinar was held January 22, 2013 to provide information and context for AUC planning. The webinar noted:

### Three key areas for planning (see additional detail for each below)

1. Affordable Care Act (ACA) and other related federal laws/rules
2. State-specific reforms and activity
3. Current and ongoing AUC activities

#### 1. ACA and other related federal laws/rules

- Section 1104, Administrative Simplification
  - Adoption of operating rules for HIPAA standard transactions
  - Adoption of additional rules for: Health Plan Identifier; Standard for Electronic Funds Transfer (EFT); Claims Attachments
  - Requirements for health plan certification of compliance and provisions for fines and penalties for noncompliance
- Other ACA provisions
  - Payment methodologies
    - Accountable Care Organizations (ACOs); Medical Home; Bundled payments
  - Coverage and access
  - Health insurance exchanges, subsidies, Medicaid expansion
  - Other
- ICD-10
  - Compliance by October 15, 2014

2. State specific reforms and activity

- Maintenance, administration, and enforcement of MUCG
- Response to state legislation

3. Current and ongoing AUC activities

- SBARs and work requests
- MUCG “annual maintenance” and updates
- Best practices and coding clarifications
- Discussions and forums
- Comments and requests to X12, NCVHS, CMS, NUBC, NUCC, etc.
- Response to state legislation and rules
- Other current and ongoing AUC activities

## 7. Survey Questions

AUC Planning Survey

### AUC Planning

**1. Please list your organizations top priorities that may fit with the AUC's mission. List no more than three.**

**2. Is your organizaiaon impacted by any of the following initiatives? Please check all that apply.**

- ICD10
- Exchange
- Bundled Payments (billing or paying)
- HPID/OEID

**3. Are there pain points that you would like to discuss at the AUC direction setting meeting that you would like to have brought forward anonymously?**

**4. Please provide any other suggestions or comments here.**

**SurveyMonkey**

Check out our [sample surveys](#) and create your own now!

**This page left blank**

## 8. Survey Results

- 13 responses were received
- “Pain points” often related to particular provider-payer experiences, issues, or compliance
  - Important to address
  - Variety of potential individual, small group, or community-wide discussions and efforts may be needed
- Of the 13 responses
  - 12 indicated that they were impacted by ICD-10 and HPID
  - 10 indicated that they were impacted by the Health Insurance Exchange
  - 8 indicated that they were impacted by ACOs/bundled payment

**This page left blank**

## 9. Small group discussion questions

### Draft questions to help small group discussions

(Not all questions have to be asked or answered. These are intended only to help discussion.)

#### **Topic 1: Reaction to survey results:**

- Did you think the survey was useful?
- Are there questions that you wish would have been asked, but weren't?

#### **Topic 2: Thinking about AUC priorities in more detail**

- What are the AUC's top priorities?
  - For 2013?
  - Beyond 2013?
- Can all the top priorities that have been identified be addressed by the AUC this year?
  - If not, how should they be further prioritized?

#### **Topic 3: Thinking about getting the work done and having an impact**

- What needs to be done?
- Who is going to do it?
- When will it be completed?
- How will it be accomplished?

### C. Brief summary of rulemaking process

#### Timeline with Minimum Steps and Time Needed

The AUC advises MDH regarding rules for the standard, electronic exchange of health care administrative transactions. The rules are adopted following a process in Minnesota Statutes, section 62J.61. The rulemaking timeline below is provided to assist AUC planning. **It is important to remember that the steps shown below typically require a *minimum* of 4 months to complete, not including any time spent by the AUC and its TAGs in advance helping develop the rules.**

The diagram below illustrates the steps required to adopt into rule any recommendations approved by the AUC. It does not include the time spent by the TAGs and the AUC in developing any recommendations for rules to MDH.
