CONSTABLE'S TABLE OF FEES

Fees of Constables.—For serving a warrant or other writ, not herein provided for, 25 cents for each person named therein and served.

2. For a copy of every summons delivered on request, or left at the residence of defendant, 25 cents.
3. Serving a subpoena or summons, 50 cents for each person named therein served. Provided, that any such summons or subpoena may be served by any person not a party to the action, but served by any person other than an officer no fees or mileage shall be allowed therefor, and service shall be proved by affidavit.
4. Serving an attachment, 50 cents.
5. Each copy of an attachment, 15 cents.
6. Each copy of inventory or property seized on attachment, 15 cents.
7. Serving summons on garnishee, 50 cents.
8. Copy of any affidavit or other paper not herein provided for, 10 cents per folio.
9. Posting each notice, 15 cents.
10. Attending on justice's court, when required by the justice, $1 per day.
11. For travel to and from the place of service, when necessary in serving any process or paper authorized to be served by them, 10 cents per mile.
12. Committing to prison, 50 cents.
13. Summoning a jury, $1.
14. Writing a list of jurors, 15 cents.
15. Attending on a jury, 50 cents.
16. On all sums collected on execution and paid over, charged upon the judgment debtor, 5 per cent.
17. Serving a writ of replevin, 50 cents.
18. Summoning and swearing appraisers and taking appraisements, 50 cents.
19. Taking and approving security in any case, 25 cents.
20. A constable shall be allowed all reasonable and necessary expenses actually paid out for food and lodging furnished by him for any prisoner not to exceed one dollar per day while having such prisoner in custody pending trial and while conducting such prisoner to jail, together with the transportation charges for said prisoner paid to a common carrier. Provided, that where adjournment is for longer than three days, the prisoner shall be committed to the county jail.—General Statutes 1913, § 5765, as amended, General Laws 1917, Chap. 170.

Justice's Fees.—The compensation of justices for other official acts, not here specifically mentioned, may be inferred from the foregoing table. Thus, drawing a garnishee affidavit, or taking the examination of a garnishee, is to be computed at fifteen cents per folio. A "folio" means one hundred words, counting every figure necessarily used as a word. Thus "1917" has four figures and counts as four words. A fraction of a folio at the end of a draft is to be computed as a full folio. Thus three hundred and twenty words counts as four folios. For drafting a deed, contract, or any other paper to be used in business, the justice is entitled to such sum as the parties agree upon, or what is fair and reasonable; usually from fifty cents to one dollar.

Fees in Justice Courts—Costs and Disbursements.—1. In all civil actions, unless otherwise provided, the winning party shall recover costs.

2. On entering a judgment for costs, the justice may tax the same without notice.

3. The justice shall not allow travel fees to witnesses unless proved by the oath of some person qualified to testify in the action.

4. No travel for serving a subpoena shall be allowed unless charged by a constable or sheriff, or provided by the oath of the person serving it.

5. No costs shall be taxed by the attendance of more than two witnesses to each particular fact.

6. No fees for copies of exemplification of documents or papers, or for depositions, shall be allowed unless the same were used upon the trial.

7. No disbursements shall be allowed except to officers unless the items are particularly specified and proved, and the justice shall determine that the same are necessary and reasonable in amount.

8. The justice shall hear evidence to prove that any charge is unreasonable, in amount, or that the service has not been rendered.—General Statutes 1913, § 5768.

In Criminal Proceedings.—In all criminal actions, upon conviction of defendant, in addition to the punishment prescribed and as a part of the sentence, the court may adjudge that defendant shall pay the whole or any part of the disbursements of the prosecution; and payment thereof may be enforced in the same manner as the sentence, or by execution against property. When collected, such disbursements shall be paid into the treasury of the county where conviction was had, but this shall not interfere with the payment of officers', witnesses', or jurors' fees.—General Statutes 1913, § 7988.

Fees of Witnesses.—1. For attending in any action or proceeding in any court of record, in any justice court, or before any officer, person or board authorized to take the examination of witnesses, $1 for each day.

2. For travel in going and returning from the place of attendance, to be estimated from his residence if within the state, or from the boundary line of the state where he crossed the same if within the state, 6 cents per mile.

But no person is obliged to attend as a witness in any civil case unless one day's attendance and travel fees are paid or tendered him in advance; and no officer or employee of any county, village, or city, shall receive any witness fees in any case in which the state or any county or city therein, of which he is an officer or an employee is a party, if the case be tried in the village or city of which he is a resident.—General Statutes 1913, § 5774.

Fees in Criminal Cases.—Witnerses for the state in criminal cases shall receive the same fees for travel attendance as provided in the preceding section, and judges of the district court may, in their discretion, allow like fees to witnesses attending in behalf of any defendant. In courts of record said witness fees shall be certified and paid in the same manner as jurors, and in justice court such fees shall be a county charge, and paid in the same manner as other county charges.—General Statutes 1913, § 5776.

City, Village or County Officials Prohibited from receiving fees as witnesses.—No officer or employee of any city, village or county in this state shall hereafter receive or be paid any sum as witness fees in any case in which the State of Minnesota, the county, the city or the village, of which he is an officer or employee is a party, if the case be tried in the city or village of which he is a resident.—General Statutes 1913, § 5775.

Coroner and Justice Jurors.—Each juror sworn before a coroner at an inquest taken by him shall receive $1 for each day's attendance and 10 cents for each mile traveled in going to and returning from the place of holding the same, the distance to be computed by the usually traveled route, and paid out of the county treasury. The coroner shall deliver to each juror a certificate for the number of days' attendance and miles traveled for which he is entitled to compensation.

Each juror sworn in any action pending in a justice court, or before any sheriff on a writ of inquiry, shall receive $1 to be paid in the first instance in all civil actions by the party calling for such jurors.

The certificate of the coroner for services rendered as a juror before him shall be filed with the county auditor, who shall draw his warrant upon the county treasurer for the amount, and such certificate shall be sufficient voucher for the issuance of such warrant.—General Statutes 1913, § 5779.

Officers to Post List—Penalty.—Every officer whose fees are fixed by this chapter shall post in some conspicuous place in his office a printed list thereof for the inspection of the public. Failure so to do shall render him liable to a forfeiture of $2 for each day of such failure, to be recovered in a civil action in the name of any citizen, before a justice of the peace.—General Statutes 1913, § 5782.

Fees for Services Not Rendered—Illegal Fees—Penalty.—No judge, justice, sheriff or other officer, or any other person to whom any fees or compensation is allowed by law for any service, shall take or receive any other or greater fee or reward for such service than he is allowed by law, and no fee or compensation shall be demanded or received by any officer or person for any service unless the same was actually rendered, except in the case of prospective costs, as hereinafter specified. Any person violating either of the foregoing provisions shall be liable to the party aggrieved for treble the damages sustained by him.—General Statutes 1913, § 5783.

Taxation for Services Not Rendered—Prospective Costs—Attorney as Witness.—No fees shall be taxed for services not rendered, except when otherwise expressly provided, and upon entry of judgment or decree no prospective costs shall be taxed except for docketing the same, unless the party demanding judgment shall require the costs of an execution or transcript of judgment to be taxed, in which case it may be done. No attorney or counsel in any case shall be allowed witness fees therein.—General Statutes 1913, § 5784.

Fees for Copies—Itemized, when—Penalty—Same Service.—The legal fees paid for certified copies of the depositions of witnesses filed in any clerk's office, or any documents or papers filed or recorded in any public office, necessarily used on trial of a cause or on the assessment of damages, shall be allowed in the taxation of costs. Any officer receiving fees shall, on demand, furnish an itemized list and receipt the same on payment. On refusal to do so, he shall be liable to the party paying the same for three times the amount paid. Every officer shall be entitled to the same fees for performing the same service.—General Statutes 1913, § 5785.

Limitations.—No fees are allowed to any officer for traveling in order to serve process unless the service is actually made, nor for any service unless such services were actually rendered. Separate mileage for each party or witness is not allowed; it must be only the actual and necessary travel over the whole route traveled by the constable, from the office of the justice around in his office again. The same rule holds true in the service of all process.

Fees, etc., of Witness in Criminal Cases—When and How Paid.—Whenever it shall appear that any witness subpoenaed or required to appear on behalf of the state has come from another state or county or is poor, the court may, by order upon the minutes, direct the county treasurer to pay such witness a reasonable sum for expenses. Whenever a prosecution in the name of the state fails, or the defendant proves insolvent, escapes, or is unable to pay the fees when convicted, the same shall be paid out of the county treasury, unless otherwise ordered by the court. The Attorney General or county attorney in each county may issue subpoenas and compel the attendance of witnesses in behalf of the state or county without payment of fees in advance, and in criminal cases the witnesses for the defendant shall also be compelled to attend without payment of fees in advance, and failure to attend after being served with a subpoena shall subject any witness to be proceeded against in the same manner as provided by law in other cases where payment of fees is required to be paid in advance. The clerk of any court at which a witness has attended in behalf of the state in a civil action shall give such witness a certificate of attendance and travel, which shall entitle him to receive the amount from the county treasury.—General Statutes 1913, § 5786.
