Dear Sir: We have sent out all the premiums except the ones on this (enclosed) sheet that have a circle around the numbers 4 & 5. It might be a good plan for you to send postals to the ones to whom only part of the premiums were sent stating that the rest will be sent next fall or spring. You may hold this list until needed as we have a duplicate of it. Premiums were sent to Mr. A. J. Rykken who will send you his fee soon.

Dear sir and friend:--

Enclosed herewith we send you a copy of the article that Mrs. Gregg was to have read at the State Horticultural meeting. Both Mrs. Gregg and myself regret that owing to circumstances which we could not control, Mrs. Gregg could not be present at your meeting. Both of us had prepared the papers requested of us, and we send this of Mrs. Gregg's at this time, thinking that you might want to use it in your forthcoming record. Personally I am very much pleased with this article and if you have no objections, I would like to send a copy of it to the Northwestern Farmer, Mr. Webb, editor, as they would like to publish the same. I trust that you have had a very successful annual meeting. I am,

Very truly yours,

A. W. Latham, Esq.,
Minneapolis, Minn.

Dear friend:--

I am in receipt of yours of Dec. 11, in which you acknowledge receipt of Mrs. Gregg's paper sent you on the 10th inst. We deeply regretted not only my own personal absence, but the absence of Mrs. Gregg from this last meeting; but circumstances were such owing to the precipitate dissolving of a good part of our Institute corps that I was compelled to be elsewhere much against my will.

We write from the Institute field and report that we have had a good day yesterday, with one of our new force upon the platform, with an encouraging outlook as to his usefulness. I refer to Mr. Greely of South Dakota who will represent the sheep department upon the Institute platform. I am,

Very truly yours,

Dear Latham:

I have looked for your package of documents all along down the route from Prainerd here but have not found it yet. If it has been sent please drop us a line that Mr. Gress or some one of us can ^{get} at Monticello so that it can be traced. If not you better hold on to it till after New Year. The work is to ~~begin~~ be resumed January 10 or 11, but I do not know when. While sending it, drop a card of advice to Mr. Gress, as I do not know yet whether I am to resume or "drop my watermelon". Am going down to Illinois for the holidays, ~~and~~ expect to return

and start again with the corps,
however, for short or long.

The attendance was not as good as
I expected to find it at Brainerd
& Little Falls; but here we are
having a rouser - 225 in the
first forenoon. The interest has been
keen everywhere.

I find it hard work to strike
the right method for the Institute
platform, but am skirmishing up
to it. It is so different from a
horticultural meeting. Yet I should
say in justice to the audience that
a large proportion of the people who
attend are alert for information
on horticulture or they are
mightily polite to the platform.

Dear friend:-

I would like very much if you would send sample copies of the Horticulturist for the members of my class in fruit growing. Fifty copies will be a plenty. I do not quite understand whether you can spare me the copies of the annual report as well as the Horticulturist for Nov. but would like both. I think that you had perhaps better hold them for a time and I may have a chance to send for them and save express.

I tested I wish you would please say to Miss White that the violet seed which ~~is~~ for her was scalded Oct. 4th, sown Oct. 5th and was up Nov. 10th. I think none of the other seeds have started as yet.

The revised premium list I have in mind and nearly ready to submit to you but would like to delay it a little longer.

Yours very truly,

Samuel B. Green.

A. W. Latham:

My dear sir:

After careful investigation, and mature deliberation I find my stock of oratory so far exhausted that your draft of the 1st inst cannot be honored.

The fact is, I have no facts at hand to draw upon, neither real nor imaginary, what little capital there was at my disposal, has been expended in wild speculation with no immediate prospect of any returns. Still we think with proper indulgence the depositors in time will be paid in full, but at the present, we think it best to close ^{our} doors, and have a receiver appointed.

I see no way for you to cash that draft except to fall back on the original stockholders and enforce the double liability.

Yours fraternally,

Dear Friend:-

I wish you would send to the Mass. Agr'l Col., Amherst, Mass. bound copies of the 22d and 23d annual reports of the Minnesota Horticultural Society. Pres. Goodell writes me that he thinks they have never received them. I think that we ought to keep a full set of our annual reports in such institutions if they are interested enough in them to write for them.

Dear Friend:-

Yours of 9/27 at hand. I note that you have sent reports to Pres. Goodell. The photographs of the state fair we will have sent to you in a few days. They are printed but not yet toned.

I heard yesterday of the death of E. J. Cutts. I am very sorry and feel that he is quite a loss to the horticultural work of the farmers' institute of this state. I did not think of going to Montevideo as I have about sixteen men at work and they need considerable attention. We are getting ready for school which opens next week.

Harris is not sick, as you supposed, but is now in Arkansas and is having a good time, judging from what he writes me.

Yours very truly,

Samuel B. Green.

Dear sir and friend:--

Yours of the 5th is at hand. We had immediate word of the death of Mr. Cutts, from a friend of the family, and should have attended the funeral, but the word came too late for us to take a train that would permit us to be in attendance. Enclosed herewith I send you a short article on the work of Mr. Cutts in connection with the Farmers Institute. We hope this will meet your wish.

We have not forgotten the file for your office, of bound copies of our Annuals, but our numbers are broken so that I shall have to wait a little while so that I can replace by those newly bound. I am,

Very truly yours,

O. C. Gregg

Dear sir and friend:--

Mrs. Gregg and myself are in receipt of your circular letters dated Oct. 15. I shall prepare my article for the Annual Meeting, as agreed upon, upon the topic of "Location of Shelter Belts". I may not be able to be present personally, but I will try to arrange to have Mrs. Gregg there, to fill my place, if possible. Mrs. Gregg will also be in readiness. With much respect, we are,

Very truly yours,

Dear Friend:-

Yours of 9/14 with letter from F. J. Cowles duly received.
 In regard to what you said to me the other morning, I shall certainly look
 upon it as confidential.

In regard to Mr. Cowles' application for a trial station, it seems
 to me that we have enough stations of that character for the present, and
 that it is not desirable to increase them but I will leave the matter
 entirely in the hands of the executive board.

Herewith I enclose itemized bill receipted, as promised, also ^{per} a letter
 from Mr. Cowles.

Yours cordially,

Samuel B. Green.

Herewith receipted bill for \$8.68
& check for \$3.05 - In the bill
I gave you was included a loan
made to Widge so you see it
pays to require bills & the stan-
dardized. S.B.G.

Dear sir and friend:--

I am in receipt of your letter dated the 27th. I will see what I can do with the Printing Commission as requested in this letter. You may be assured I will do what I can, and I hope they will make such provision as is needed by our State Horticultural Society.

I wish you could be here on the farm for a while, and see what we are doing to extend horticulture here. Prof. Shaw spent a day with us here very recently, and was much pleased with the way things are looking. We have extended our fruit trees and berry planting quite extensively this spring, and everything looks exceedingly well. I am,

Very truly yours,
