Dear Friend Latham,

I arrived at home Monday evening all O.K. The weather this week has not been good for killing weeds so I am doing considerable resting. I have written to Arkans for one or two cuts to illustrate my "gushing" paper. If they come they will be sent direct to you. Do you want a mid summer report of my Station? Every thing continues to look well here.

For the dollar I handed in at the meeting you may send B. H. Deters, Eitzen, Houston Co Minn, a certificate of membership Magazine Sec. He will make a good member if we can get him fast.

All well down this way Strawberries doing and Raspberry pushing on deck. Crop promises to be extra good.

With kind regards to Mrs L. and Miss Anna & What I remain

Yours of 14th duly recd, I have been badly
pressed for time and could not. well reply sooner
In regard to Sears card, for Sweepstakes I am
thinking of making an exhibit for it and do
not think I ought to make the Sears card on
rules governing it, I expect to be at the meet
Saturday and if possible will come a day or
two sooner. I am willing to give a 5 or 10
minutes talk at the meet for if I get time will
prepare a paper.

I have written L. Arkansas for
a good sized photograph do not know whether it
will come. This week will wind up the
strawberry here. The yield has not been as
good as last year.

Dear Mr. & Mrs. Hoverstad and
 myself gladly accept your kind
 invitation to prepare papers for the
 next annual meeting of the Society.
 The subjects assigned suit us
 quite well. While we are not
 authorities on the subjects, we
 know probably as much on these
 as on any other horticultural subject.
 We hope to see you here
 later on in the season to spend
 some time here with me. I have
 been very busy this season. The
 spring has been very fine and
 everything starts to grow very
 nicely. The winter ^{has} ^{was} ^{had} the worst
 on record to kill out small fruit. So the
 all settles say.

Friend Latham, The proposed program
is in the main a good one. I
do not know how competent some
of the parties are to carry their parts
In Currents you had better substitute
some one to take the place of Kramer
He has not had any experience in
that line. - I do not see any use
for Dart's "Latest Thought," &c

I have been ever worked and in our
condition for literary pursuits.
Business has been fairly good this Spring
Am very sorry to learn of the loss of

Dear Sir:-

I have just returned from my trip of ten months through Europe, Russia, Siberia, Turkestan and Western China, and find your letter awaiting my arrival. I have forwarded your letter to the Secretary of Agriculture at Washington, D. C., and will reply further to your inquiry.

I have nothing whatever to say concerning the distribution of these new seeds and plants, as this is done at the Department in Washington. The new seeds as I understand it, will be sent only to people who will agree to take the best of care of them and report in due time to the Department as to their behavior. In case you fail to get any seeds at this late date from the Department, let me hear from you later and possibly I can aid you in some way, either this year or next.

Some of the choicest seeds will not be sent out, except to planters for the purpose of growing more seeds for next year's distribution.

Dear Sir;- I was quite astonished to receive a card of membership of the Horticulturist Society as I did not know that taking the magazine constituted a member. I was still more surprised to receive yesterday the bound copy of the Society's workings, and it seems to me this is getting a great deal for a little in tangible traffic besides the invaluable ideas that will be continually presented through indefinite time after carefully weighing the suggestions offered in the discussions. Thank you very much for all. Also will you tell Miss White that I received her beautiful little catalogue and shall certainly patronize her as soon as I can sell a part of my

fruit land and have time to put in and care for some decorations.

Yours sincerely,

Dear Friend Latham,

Enclosed find my check for \$1.00. It is to make H. P. Eberhard Mound Prairie Houston Co Minn a member of our Society for the year 1898. I have handed him a bound copy of the last report, so you will not need to send that, but send him the magazine beginning with the vol. Now if you are not running short I would like to have you mail one copy of Jan magazine to Miss W. P. Harris Seville Medina Co Ohio. I am in excellent health at the present time. The winter so far has been delightful except two or three days this week and they were nothing like old times. The sleighing is just grand, the snow is not more than 3 or 6 inches deep but it sticks well to the roads. If our vegetation is not all ready hurt I think it will come through all right. Do you read Farm Stock & Home, If you do not you had better do so. First read the article. Apples in Minnesota by W. C. Brower. Wind up the Hort Society and by yours

Then sit down in the shade of the "Jack Oak"
You on the next page, and learn a little
botany. Who is Walter C. Brower any way?
What a pity it is that our old fellows have been led
astray by false teachers,
I am very busy just at present doing some root
grafting. I did not go down to the W's meeting
this week as I could not get a trusty man to leave
at home. Hope this may find you and yours well
and prosperous. By the way I see by last Farmer
that Frizzel denies some of the statements made in his report
of our last meeting.

Dear Sir,-

The enclosed circular letter will explain fully the subject we desire to introduce to you.

The next meeting will be held at Lincoln, Nebraska, Jan., 15, 1898, in conjunction with the annual meeting of the Nebraska State Horticultural Society. And it is hoped we can have a delegate representative at this meeting, from each Trans-Mississippi state. The subject of Apple Carnival will be taken up at this meeting, and permanent arrangements made for the display. What can we expect of your state in this enterprise? An early reply is desired.

Yours very truly,

Dear Friend Latham

Yours of yesterday
at hand. I enclose that Arkansas track
I did think of re-writing it as it does not
fit the title very well. Photography coming
in time for Christmas and in your order -
I have taken the group to La Crosse to be
framed - I expect to come up to the Faculty
meeting - If I should not do so will send
a check for the \$3.00 due your
Health good. Weather fine but I
fear that there is not snow enough to
save the roots of our trees & plants
Wishing you and all yours a Happy
and prosperous New Year.
I am Yours Truly
