A. W. Latham,

Minneapolis, Minn.,

Dear Fried:- I have been away from town so much since you sent the preliminary copy of the fall program, that I have not had time to look it over. I believe, however, it is all right. I would suggest holding the fall meeting in Minneapolis during the same week that the Park & Out Door Art holds their Association, there may be some parties who would like to attend both meetings.

I do not suppose you read the Northwestern Agriculturalist and probably did not see a mutilated private letter from me in that Journal

which mistates quite materially my position in regard to the election last year. I however, do not believe in the wisdom of fighting back. I believe it is not only good religion but good practical business also. That when your enemy smites you on one cheek that you turn the other to him and give him a chance at that also.

Yours truly,

Lycurgus R. Moyer.

Dear Friend Latham, —

Will you kindly send copies of your
Jan. Horticulturist to the following.

John S. Mackintosh, Canton, Ponkapoag, Mass.
Charles G. Mackintosh, Peabody "
Miss Emily A. Tuttle, Marlboro, "
W. L. G. Peirce, Lincoln "

and kindly mark the poetry that refers to
the "Mack's!"

I would like to have you write an article
for our Review this next month. I know
from experience that a busy man is the best one
to ask for a paper. You may select your own
subject — something about grapes or horticultural
societies etc.

Yours truly,
R. S. Mackintosh.

Dear sir

At your request I have written
a list of a few prospective mem-
bers of our Southern Minn
and State Hort. Societies

I have deferred devoting much
time to increasing our member-
ship as I have been waiting
for bound last year's reports
to deliver to the member at
the time they give me their
names. Those reports are a great
help to induce people to sub-
scribe. Our secretary lives some
15 miles from here and he has

Dear Sir: —

Wishing to become a life member of your society, will the one dollar be deducted, which I pay for this year, from the \$10⁰⁰, or not?

How do you sell "Amateur Fruit Growing" and "Vegetable Gardening", cloth bound, both of the books, to members?

Is there a Bee Journal published in this state? Would you, please, mention the best one you know of or some of the best!

Dear Sir:- If the finances of the Society can stand it, I think it would be well to let Mr. Bush offer Prof. Greene's Amateur Fruit Growing as a premium to new ~~members~~ members. Friend L,

I am glad to see, & much pleased with your reply in the Journal, on the Hort. Election question. It is unanswerable & mild & kindly almost to a fault, tho' doubtless that is much to be desired. Only trouble is that for no one can find any grounds for being offended with it. And withdrawal from the Society for the Society's good.

If about half dozen of our members would only be so kind as to do this, I think that their loss, — of membership, — would be our everlasting gain.
