My dear Sir: I have just looked over the  
House Journal & find that Messrs Snyder  
& Smith are recorded as voting to repeal  
the fire warden law, Tuesday April 20, '97  
the day the bill to repeal passed the House.

I wish you would take an early oppor-  
tunit to see them & learn the grounds  
of their so voting. Yours truly

Mr A. W. Latham -

Dear Sir - Enclosed please find  
Sec. Randall's letter - Last year I talked  
with Mr Randall & made entries just as  
he advised - This year I did the same  
as last. for anything I can see - I do  
not know when this Board meets but  
it seems awkward to wait much  
longer - Please return Mr. Randall's  
letter to me - Respectfully -  
Mrs George B. Aiton.

A large decorative emblem for "Rice County Nursery". It features a central circular design with a spiral and a banner above it that reads "Hardest Fruit &amp; Ornamental Trees, Shrubs, Vines, Evergreens, Etc.". To the right, the name "J. P. ANDREWS" is printed. Below the central design, "ESTABLISHED 1872." is printed. At the bottom, "RELIABLE SALESMEN WANTED." is printed.

Faribault, Minn., 10 - 24 - 1898

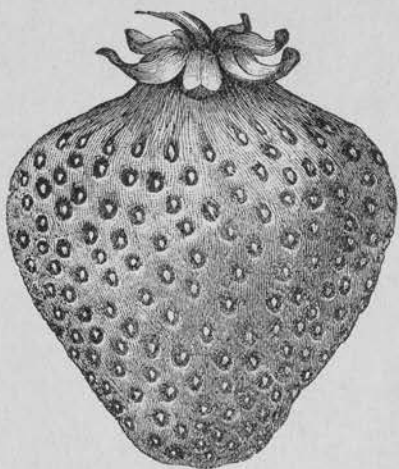

Friend Latham

Yours containing list of books read. The fact is I don't know what you have members of the society who live at a distance will seldom have time when they call on the society do any reading still of course we should have a good library for the use of those who can use it and think you have some excellent books in this list - as I know so little about what you have I will leave it for you to select.

Enclosed find M.O. for my ad in Horticulturalist 13<sup>00</sup>

Brand stands about as good chance of going to the senate as he does of going to Heaven

*Dear Sir,*

*Yours mentioning the paper on "The cost of bringing in to bearing an acre of black cap raspberries," which you wished me to prepare for the meeting is to hand.*

*I am very sorry to refuse this request, as I feel, that I have already refused you so many times; but it will be impossible for me to comply.*

*I have decided to leave the state about the middle of the month for a few months, so I will not be here, and I am so busy with fall work, that it is impossible to write upon the subject.*

*The matter had slipped my mind,*

RELIABLE SALESMEN WANTED

Faribault, Minn., 1 + 7 - 1898

Friend Latham

Your favor recd  
Excelsior is all right for me if the others  
are in favor of it - It is so near  
Minneapolis it is likely all the excelsior  
people would come anyway who are  
interested wouldn't they? Would we  
get some new members who  
would stick.

We would miss Prof. Green's  
evening with the pupils from the  
Farm & most everyone has  
something to go to Minneapolis or  
St. Paul for. anyway & can do  
the whole up above trip.

We would be ready for the meeting  
here on the same conditions if the members  
could get here & a number of new  
members could be added - I  
presume that is the case to some  
extent any where all things considered

my choice would be Minnesota still  
I am not particular - if you understand the  
advantages & disadvantages  
better than I do as you think best.  
The paper I was going to prepare is  
on Fall planting of the orchard.

Yours truly  
J. W. Andrews

Friend Latham Think your program covers the ground in good shape - am glad the seedlings are going to have more attention, and Mr Choate's subject is very appropriate.

Mr Brown doesn't go to St Paul this winter to "purify our laws" that isn't on the program - yours as ever J. P.
