Dear Secretary.

Well after

a hard winter so hard
that some of our noted
Horticulturnists of Minn
Claimed that I had some
tender varieties planted last
I will report out of 440^{Spring}
apple trees I don't think I
have lost one tree.

150 Blum trees, I have not
lost one All I can see that
is killed is 4 Flemish Beauty Pear
trees and one German Pear.
The Mookan No 9 Pear trees
are O.K. I have lost quite

New Ulm Minn. Nov. 29th 1898

Mr. A. W. Latham

Dear Sir. Municipal Minn.

I will ask you to be so kind and name a date when we can get about two or three good Horticulturists to come to New Ulm any date after the State gathering 6th of Dec. If you remember my speaking to you at the State Fair about the Local Society, which we intend to Organize we will publish in the papers here for two weeks and I can not see why we should not get 25 to 40 Members. Then we will join the State Society in a Body. Hoping to hear by return mail

I Remain yours

John Zeller

P.S. Write Mr. Carth. he partly promised
me in Oct. when I was at his place. I
think he is a Ratter and will do much
good toward apple growing in the
Northwest. I am satisfied in my
mind that it is not all talk.
his method in quidding is worth well
trying and I shall follow his example
I spend one day with him at the
station and I was surprised at his
work. There is some talk of him not
giving satisfaction. But I must say as
for myself he has done all I can be ask
of him. He suits me to a T.
And what I have learned will with
him will be beneficial to me.
