Friend Latham

Your winter program
& these statement blanks are all right.
I should think you know what you
want better than I.

Would it be well to enquire as to the
extent of root-killing the past winter
There has been considerable in this part of
the state especially of yearling trees. Apple-
should think the winter greening program
was pretty full but perhaps it could be
railroaded through all right.

There is a good prospect for
apples & plums but everything needs
rain.

Yours truly

PUBLISHES A MONTHLY MAGAZINE
ENTITLED
"The Minnesota Horticulturist."
Subscription \$1.00 per annum,
including membership.

MINNEAPOLIS, MINN., March 1, 1900.

Dear Fellow Member:

We feel confident that you **intend to continue** your relation with us in our pleasant work of developing the horticulture of the state, but the matter of membership renewal for the current year has not been sufficiently impressed upon you.

As a member for the year 1900, you will receive:

- (1) The annual report of the society for 1899, 516 pages, bound in cloth, free by mail.

With its new title, "Trees, Fruits and Flowers of Minnesota;" this is a very handsome volume and will adorn any library.

- (2) Our forty page monthly magazine, "The Minnesota Horticulturist," for the year.

It will be found more attractive and valuable this year than ever.

- (3) Two plant premiums (select from the enclosed list), including two of the Gideon seedling apple trees, postpaid this spring.

It has been **decided to extend** the **time** within which members renewing may **receive** these **premiums to include** the **spring months**, until too late for further shipment. But don't put off writing till late in the season.

- (4) A handsome lithograph membership ticket and all the privileges of membership in the largest horticultural society in the United States.

ALL FOR ONE DOLLAR.

You can also secure a copy of Prof. S. B. Green's "Amateur Fruit Growing" by sending in a new member, who will be entitled to all the above also; or you can give him the book, too, if you wish, to get him into the ranks.

Help us reach the 1,000 mark we are aiming for this year in our membership!

Address and remit to

Yours fraternally,

A. W. Latham, Secy.

Friend Latham

Wish you would look up & see if how much I want to send you to bal acct. I dont know how it was at summer meeting but think I put in no bill for that. I was not up during fair week.

About 'ad' the coming year we want to make a change & that arrangement with nursery men to ~~send in names of~~ give memberships as premiums for orders has never been made known. I will enclose something that you might put in place of my 'ad'. As it would be more of an 'ad' for memberships than for profits in nursery stock I suppose you would not charge me for the space would you or if any thing very lightly. might try this for the coming year. If it had a little more space yours truly J. P. Andrews it would look better
