Mr W. Latham
Dear Sir

I just recd your
card of Aug 24. And for
the day I am afraid
it is going to cause you
great inconvenience
and I dont know but
you have gotten the
grapes elsewhere by this
time and could send
them in any way
but my grapes are
very bad this year.
Though I could send

the best I have

I shall be in City Friday
Wed with a load of fruit
and will call at your office
then and if it is not too
late then will pick and
send in on Saturday but
not so you will have
time to arrange them
before Monday

My grapes are
so good this year
I had concluded
not to make an exhibit
and now it is
too late to enter

Very truly

Dear Sir. I was at Mr
Luedloffs on Sat. last, and while he
has a good crop of Apples generally the
plum crop is not near so good. I think
he would make an exhibit of this fruit if
he was sure there would be some return for
time and work. I think if the strap cards were
sent him, and probably Express charges paid
he and his son would send the fruit down
Coming home. I found 3 plums of the Japan
abundance. These 3 are all that are on the tree

Dear Sir:--In completing my file of your reports, I find the following volumes missing:

We are fortunate in having a complete file from the organization of your society up to '90 ~~and back~~ ^{to 186} and are very anxious to obtain the remaining volumes. Will you be good enough to let me know how these volumes can be secured. They are for educational purposes to be used by myself and students in this department as works of reference. If I can send you anything by way of exchange I shall be very pleased to do so.

A reply to this letter will be very much appreciated.

Mr A. W. Latham

Dear Sir and Friend

I have been trying to comply with your wish. to make out a list of the Hort reports in Pillsbury Hall. but time at my disposal is so limited the day time is all occupied and lantern light is but an aggravation. we have been putting in a floor in part of the Atic and things are stored up if they have to stay here I will try and get the floor finished. and put them in order. but the best thing is to move them to some place where day light can be had.

Hoping you will have good & pleasant meetings

Believe me your respectful

Dear Sir + Friend

Thank R. M. Dault

enclosed a file of back report
for the years 1881 to 1898. I hope
you may be successful in your
effort to get a place for the storage
of the report in the Herb. Building.
I will do what I can in the
way of making a report, but it
is very awkward for me coming
as it does just before the Christmas
holidays I have no time in the
day and to work by lantern
light in a Bee is not very
encouraging & in the winter it
is not warm by any means.

I will do all I can

respectfully

Dear Sir

I think I have sent
out all I have orders for except
that Mr Hawbert from Lake
Wood sent in for bound vol
if possible, as I did not know
what vol was meant I did not
send any. The Ates is now
being floaded over and will be
in use and things are somewhat
mixed up it would be a good
thing if they could be got out
