Mr. A. W. Latham

Kasota Block, Minneapolis

Dear Sir

Will you kindly send
me two copies of the publication
in which is the story of
Prof. Shaw's garden?

I don't know how much I
should enclose as the price
of these pamphlets but if you

will be good enough to let
me know will see that you
receive the money promptly.

Very Sincerely,
Cornelia M. Barduan

Dear Sir

Yours of 13 inst rec'd
I did forget to enter my fruit
— was very busy at that time &
so forget it. But I am not
like Ben Dart to "have done with
the business". If I have good fruit
I'll try it again

I thank you very much for your
trouble. I had very fine Dutch
apples but I used them up as I
intended not to send any fruit to the
fair this year. We were to Winona
fair last week and were well pleased
with it. The apples that were there were
the largest — I think I ever saw. There was a
big crowd there Sincerely yours R. H. Bullman

Mr. How will take subscriptions

all other matters pertaining
to the work will have due
attention and a proportionate
part of the time.

Mr. Feary is something of a
"crank" on fruit for food.
He will push that subject
as well as freely from being and
others -

I think no special trouble will
be had in establishing the Peter

matter in shape and I will
push it in the legislation -
I will try and see you soon

I have concluded that it will not be wise for me to leave my Institute work to attend the Annual Meeting of our local Society regardless of my desire to be with you.

Supt. Gregg gave me no permission to leave the work and they depend on me to give instruction in potato growing a subject of most importance to the farmers in this section. I also give them a good sound talk on growing fruits etc. at each meeting.

I regret very much that I cannot be with you at this time.

Saturday morning the last day of
the fair just as I was starting
to go over some to the fair
since then ^{she} has been
better and worse from day
to day. If you know of any one
man or woman who could
take the chairmanship of our
flower committee and carry
on the work as it ought to be
carried on do let me know
I hate to see it all go to pieces
but I cannot look after it.
One thing I wanted to ask
you early in the autumn I
fear it is too late now but
perhaps not. Do you think
the Horticultural Society or
the Agricultural Society
would aid us in an effort
to exterminate sand bars etc.
~~and~~ I had thought that we
could offer some prize ~~either~~
either of plant trees or work
of art to all schools where the

children could show a
certain number of bushes
of the woods which could
be burned on ~~the school~~
or near the school
grounds. (This is about the
same place that the
league followed some
years ago.) I intended to
suggest it to the Super-
viser at the Sept. meet-
ing, but when I found
that there would be so
much money needed
for the other prizes I
did not. It has since

occurred to me that perhaps if we do the work the Horticultural Society and Agricultural Society might help about the prizes and if it was carried out - all over the state would clean out the noxious weeds in a few years. There is so much work for this flower committee to do it makes me dizzy to think of half of it. ~~But~~ We had a telephone number

Main 3171 J.1.

I did not intend to write so much. Only to tell you I feel greatly honored by your invitation but under the circumstances cannot promise so just had better ask some one else. Some times I can get away for a little while but can never tell when it will be possible but I can not think long enough on any subject to prepare ^{any thing}. Hoping you will find just the right one M. M. Barnard.
