OFFICE OF  
HORTICULTURAL DEPARTMENT

AGRICULTURAL COLLEGE

Amherst, 1/25 1901

My Dear Sir

I have requested our Sec. C. A. Whitney  
Upton to send you all the back numbers of our  
reports, which I think he will do. We have  
never had any reports bound in cloth covers as  
it is not the State Horticultural Society but a Fruit  
growers Society. Our number is only about 25 numbers.

Very truly yours,

S. L. Hayward

Adrian, Minnesota, January 28, 1901.

A.W.Latham, Esq,  
Minneapolis, Minn.

Dear sir:-

I am in receipt of your favor of the 26th inst. and note what you say about not allowing "Green's Fruit Growing" as a premium to members whose names I sent in on the 25th inst. who paid only 50¢. I am sorry about this misunderstanding on my part. I took it from the small folder which you sent me and presumed that they would be entitled to all as therein stated. Mr. H. A. Lais the first of them paid \$1.00 which I remitted to you; all the rest only paid 50¢ and of course I promised them the premium of Green's Amateur Fruit Growing and it was my intention that the subscriber should have it all. On the 26th inst. I sent you another list of fourteen members. You will understand that I collected this money from these parties as they are no customers of mine for nursery stock so far, but I interviewed the farmers and the people here in town and succeeded in getting that money which of course was an easy matter to do at 50¢, and I am naturally anxious to get as many members as possible, knowing that every reader of the Horticulturist will become interested and in all probability will renew his membership for years to come. Of course I should dislike to go back on what I stated when I took the subscription for membership and if you cannot see your way clear to give each subscriber the premiums as stated, I should like to hear from you as to the additional cost for premiums and I would rather pay it out of my own pocket than to disappoint any of the subscribers.

Yours truly,

*Fred Mohl*

Dear sir:

Your favor of the 10th inst. enclosing folders of the Minnesota State Horticultural Society received and noted. The folder is certainly a good medium in advertising the Society and I do not know where a farmer could invest a dollar to better advantage than to become a member of this Society and when once a member he undoubtedly would always be a member as he could not afford to be without.

yes, I am willing to do all I can in the way of securing new subscribers on the liberal terms offered and should be pleased to have you send me as many as <sup>45</sup> five hundred of the folders if you can spare that many and as many of the magazines as you can spare. Also please send me the 1901 Report, as mentioned in the January number of the Horticulturist under head of "Secretary's Corner." Dear Friend Latham:-

Your kind letter received a few days ago. I thank you for your sympathy and kindness. Father thought a great deal of his being elected an honorary member. He spoke to me and to others a great many times <sup>about it.</sup> When I first spoke to him he asked about the meeting, who was elected president and if I got anything. He thought more of my being a V.P. than I did. I will send you a picture and sketch as you suggest. The elevator man thought it was too cold for you to get out this morning when I called.

Dear Sir:- Your letter of the 27th inst is received. It seems to me that the proposition to buy the Gideon farm as a memorial to him is the most appropriate <sup>pro</sup>position yet advanced. Such a farm managed under the regents of the University, advised it might be by the Executive Board of the Horticultural Society, would be a permanent monument far more appropriate than anything that has yet been suggested.

Dear Friend,

Your letter of the 20th inst is received. I expect to be in Minneapolis to attend the annual meeting on Dec 3rd. I will also make an effort to respond to the toast at the banquet although I look upon Horticulture as a rather serious business and ~~xxx~~ am unable so far to see very much humor in it.

I wish that Mr. Underwood could be at the meeting to speak during the memorial hour in regard to Miss Manning. Miss Manning was so near a friend of mine and I feel such a sense of personal bereavement that I would find it ~~xxxx~~ extremely difficult to speak in regard to her.

Mr. A. W. Latham -

Minneapolis.

Dear Sir: Do you suppose you could get a few varieties of grapes for our museum? We would like some of the common varieties as Brighton - Delaware - Concord - Warden - Agawan - Lady - etc.

We have a good many of these kinds fruiting but they are of small size and poor shaped bunches.

Yours very truly,

R. S. Mackintosh.
