## TREASURY DEPARTMENT

St. Paul, Aug 16 1901

Mr. A. W. Latham  
Minneapolis  
Dear Sir:

I have 2 Otobride  
Oranges, <sup>two</sup> one of them has 2 ripe Oranges  
measuring 2 inches in circumference  
I like to exhibit them, or at least the  
bearing tree, at the Fair as a curiosity,  
not for the purpose of competing for any  
prize. Can I deliver it the Sunday  
preceding opening of the Fair. Mr. Randall  
told me to write to you about this matter  
Can I exhibit free of charge, since I do not  
seek any benefit for myself

Yours truly,

J. H. Ackermann

Thanks for tags. It looks now  
as though we would need about the  
same space we used last year

The apples have been falling  
during the dry weather and standing  
still so far as growth.

Mr Allen's health  
has not improved since I  
last wrote you

Has not been able to do any  
work in orchard, not even to  
walk over it

the ground well. Dont think  
I have any suggestions to offer  
State fair come just when we are so  
busy we can not leave, hope it will  
not always be thus. no frost yet

Friend Latham.

In answer to your favor of recent date will say you know best about that program. So far as I am concerned the place <sup>State Farms</sup> is the best & I presume others feel similarly as most always we have other crowds to attend to in that direction more than any other place. Nursery stock has come through the winter in fine shape.

Very truly

Friend Latham

I cant see anything to  
criticise about the program - should think  
it is O.K. and the other circular will give  
you lots of information that will be helpful to  
you. and is all right too

would it be worth while to add another line to  
the table & ask them to mention any other kind of  
fruits or nuts they are growing <sup>or species of being grown</sup> that are not  
mentioned in the table & that are really desirable for  
this climate - probably that is not right  
to the point of this circular but I was thinking  
there would occasionally be some reports of some  
thing that might be desirable I have heard

of a few Russian Mulberries that were fine  
and presume there may be many odds  
& ends looked up in that way & possibly  
might get something worthy of adding  
to our lists.

Yours very truly  
Geo P. Anderson

Mr. A. W. Latham,  
Minneapolis,  
Minn.

My Dear Sir:

Yours of the 11<sup>th</sup>,  
at hand, and have noted  
its contents. In reply will  
say that on the 21<sup>st</sup>  
day of Nov. 1900 I sent  
you my membership fee, as  
my cash book shows, but  
can not say if it was  
express, or Post Office money  
order that I used, but  
think it was the latter.  
I have looked for the  
receipt, but can not find  
it just now, but I know

that I have it, and will  
look it up, when I have  
more time. If convenient, then  
please investigate the matter  
and let me know, <sup>and</sup> if  
you find no record of same,  
or trace of its whereabouts,  
let me know, <sup>and</sup> I shall  
rem it another dollar, also  
send you both my receipts.  
The work of the Society is  
too valuable, <sup>and</sup> I do not  
want to be left out of it.  
I have been thinking of  
becoming a life member, as  
I am young, <sup>and</sup> very much  
interested in Horticulture.  
Is there any special rules

or regulations regarding  
the application of  
Life members. Thanking  
you most heartily for  
favors in the past,  
then I am most

Respectfully

Hans Geo. Anderson,  
Norseland.
